INTRODUCTORY NOTE

The Committee on Transportation and Infrastructure is pleased to publish the latest version of the Compilation of Selected Aviation Laws. The compilation was first published in 1983 and has been revised periodically since then. The last revision was published in April 2001.

The laws included in this compilation reflect the variety of issues with which the Committee has dealt since receiving jurisdiction over civil aviation in 1975. While most of the economic aspects of the airline industry were deregulated in 1978, safety, security, and capacity enhancement continue to be important issues for the Committee and its Aviation Subcommittee. The United States has achieved a remarkably safe system. The laws contained in this compilation are designed to ensure that that safety record is maintained and that airport and airway capacity keeps pace with the increasing demand for air travel.

This compilation includes all the significant changes to aviation laws since the last one was published. It incorporates changes made in the 107th Congress ending in December 2002. It also includes changes to aviation laws made by the Omnibus Appropriations Act, which was actually not enacted until February 2003.

The pivotal event during this period was the terrorist attack of September 11, 2001. This led to passage of legislation to stabilize the airline industry, improve aviation security, and create a Department of Homeland Security. The relevant provisions of those laws are all encompassed by this compilation.

During the 107th Congress, the Aviation Subcommittee under the leadership of Chairman John L. Mica and ranking Democratic member William O. Lipinski held 26 hearings on the following topics:

- The Federal Aviation Administration's Efforts to Modernize the Air Traffic Control System. March 14, 2001. Publication 107-5.
- FAA's Capacity Benchmarks. April 25, 2001. Publication 107-13.

- GAO Report on FAA Rulemaking. July 11, 2001. Publication 107-31.
- Air Traffic Congestion at LaGuardia Airport (field hearing held at the World Trade Center in New York, NY). July 16, 2001. Publication 107-33.

- Aviation and Transportation Security Act: 60 Day Deadline for Screening Checked Baggage. January 23, 2002. Publication 107-60.
- Aviation Security with a Focus on Passenger Profiling. Feb. 27, 2002. Publication 107-64.
- H.R. 3479, to Expand Aviation Capacity in the Chicago Area. March 6, 2002. Publication 107-66.
- Reauthorization of the National Transportation Safety Board (joint hearing with the Subcommittee on Railroads). March 14, 2002. Publication 107-69.
- Adequacy of FAA's Oversight of Passenger Aircraft Maintenance. April 11, 2002. Publication 107-74.

- Airport Security (field hearing held in Orlando, FL). Sept. 17, 2002. Publication 107-96.
- Financial Condition of the Airline Industry. Sept 24, 2002. Publication 107-98.

As a result of these hearings, action was taken on the following bills during the 107th Congress:

- ♦ H.R. 1407 (Young) to permit airlines to meet and discuss their schedules in order to reduce flight delays. The Subcommittee approved this bill on May 10, 2001 and the Committee approved it on May 16, 2001 (House Report 107-77). No further action was by the Judiciary Committee.
- ♦ H.R. 1979 (Wicker) to allow small airports to use Airport Improvement Program (AIP) funds to construct contract air traffic control towers. The Subcommittee approved this bill on April 18, 2002 and the Committee ap-

proved it on April 24, 2002 (House Report 107-496). On June 20, 2002, the House approved the bill by a vote of 284 to 143. The legislation was enacted by section 370 of the Consolidated Appropriations Resolution, 2003.

- ◆ H.R. 2926/S. 1450, the Air Transportation Safety and System Stabilization Act. This bill passed the House by a vote of 356 to 54 on September 21, 2001 and was signed by the President the next day (Public Law 107-42, 115 Stat. 230)
- ◆ H.R. 3150/S. 1447 to improve aviation security. This bill passed the House on November 1, 2001 by a vote of 286 to 139. The Conference Report (House Report 107-296) passed the House on November 16, 2001 by a vote of 410 to 9. This bill created the Transportation Security Administration within the Department of Transportation and federalized security at airports. The Aviation and Transportation Security Act was signed by the President on November 19, 2001 (Public Law 107-71, 115 Stat. 597)
- ◆ H.R. 3447 (Mica) to provide economic relief to the general aviation industry. The Subcommittee approved this bill on December 13, 2001 and the Committee approved it on February 27, 2002 (House Report 107-406). No further action was taken.
- ◆ H.R. 3479 (Lipinski) to expand capacity at Chicago's O'Hare airport. The Committee approved this bill on June 26, 2002 (House Report 107-568). On July 15, 2002, the bill failed to pass the House under the suspension of the rules procedure, where a two-thirds vote is required, by a vote of 247 to 143. Subsequently, on July 23, 2002, the bill did pass the House by a vote of 343 to 87. No action was taken in the Senate.
- ◆ H.R. 4466 (Young) to reauthorize the National Transportation Safety Board. The Subcommittee approved this bill on April 18, 2002 and the Committee approved it on April 24, 2002 (House Report 107-470). The bill passed the House by voice vote on June 4, 2002. Action in the Senate came too late to resolve differences between the two versions before the Congressional session ended.
- ◆ H.R. 4481 (Young) to streamline airport construction projects. The Committee approved the bill on April 24, 2002 (House Report 107-531). The bill passed the House on July 9, 2002 by voice vote and passed the House again as Title II of H.R. 3479 described above. No action on it was taken in the Senate.
- ◆ H.R. 4635 (Young) to allow pilots to carry guns in the cockpit. The Subcommittee approved the bill on June 19, 2002 and the Committee approved it on June 26, 2002 (House Report 107-555). The bill passed the House on July 10, 2002 by a vote of 310 to 113 after adopting a DeFazio amendment to remove the 2% cap on the number of pilots who could be armed. The legislation was enacted by Title 14 of The Homeland Security Act (Public Law 107-296, November 25, 2002, 116 Stat. 2300).

- ♦ H.R. 5506 (Mica) to provide relief to the airline industry, freeform FAA, and make technical corrections in the security act was approved by the Subcommittee on October 2, 2002 but no further action was taken before Congress adjourned. However, the war risk insurance provision in the bill and some of the technical corrections were incorporated into the Homeland Security Act (Public Law 107-296, November 25, 2002, 116 Stat. 2286 and 2312).
- ♦ H. Con. Res. 232 expressing the sense of Congress honoring the crew and passengers of United Airlines flight 93, who resisted the 9/11 hijackers and crashed in Pennsylvania, passed the House on December 5, 2001 by a vote of 415 to 0.
- ♦ H. Con. Res. 272 expressing the sense of Congress regarding the crash of American Airlines flight 587 which crashed in New York passed the House by unanimous consent on November 16, 2001.
- ♦ H. Con. Res. 401 recognizing the heroism and courage displayed by airline flight attendants passed the House on September 9, 2002 by a vote of 351 to 0. A companion Senate measure (S. Con. Res. 110) passed the House by voice vote on September 24, 2002.

As an aid to its users, this compilation once again includes a conversion table where the sections of pre-codified aviation laws are matched to the section numbers of the codified law in this compilation. In addition, there is an index of selected subjects that should help users of the compilation locate the provisions of law that are of interest to them.

As the aviation community faces future challenges in the areas of infrastructure improvements, competition, safety, security, and the environment, I am confident that the Aviation Subcommittee, under Chairman John L. Mica and new ranking Democratic member Peter DeFazio will continue the good work of the previous Congress.

Finally, I would like to recognize the valuable assistance of the Subcommittee staff during the 107th Congress including David E. Schaffer, Adam Tsao, Sharon Barkeloo, Holly Woodruff Lyons, Sharon Pinkerton, Cheryl McCullough, Stacie Soumbeniotis, Amy Denicore, Giles Giovinazzi, and Michael Herren. I would also like to thank David Mendelsohn and Curt Haensel of the office of the Legislative Counsel for their tireless assistance in assembling this compilation and in drafting the aviation legislation that has come before this Committee.

(a) ORGANIZATION.—The National Transportation Safety Board is an independent establishment of the United States Government.

(b) APPOINTMENT OF MEMBERS.—The Board is composed of 5 members appointed by the President, by and with the advice and consent of the Senate. Not more than 3 members may be appointed from the same political party. At least 3 members shall be appointed on the basis of technical qualification, professional standing, and demonstrated knowledge in accident reconstruction, safety engineering, human factors, transportation safety, or transportation regulation.

(c) TERMS OF OFFICE AND REMOVAL.—The term of office of each member is 5 years. An individual appointed to fill a vacancy occurring before the expiration of the term for which the predecessor of that individual was appointed, is appointed for the remainder of that term. When the term of office of a member ends, the member may continue to serve until a successor is appointed and qualified. The President may remove a member for inefficiency, neglect of duty, or malfeasance in office.

(d) CHAIRMAN AND VICE CHAIRMAN.—The President shall designate, by and with the advice and consent of the Senate, a Chairman of the Board. The President also shall designate a Vice Chairman of the Board. The terms of office of both the Chairman and Vice Chairman are 2 years. When the Chairman is absent or unable to serve or when the position of Chairman is vacant, the Vice Chairman acts as Chairman.

(e) DUTIES AND POWERS OF CHAIRMAN.—The Chairman is the chief executive and administrative officer of the Board. Subject to the general policies and decisions of the Board, the Chairman shall—

(1) appoint, supervise, and fix the pay of officers and employees necessary to carry out this chapter;

(1) report directly to the Chairman on financial management and budget execution;

(2) direct, manage, and provide policy guidance and oversight on financial management and property and inventory control; and

(3) review the fees, rents, and other charges imposed by the Board for services and things of value it provides, and suggest appropriate revisions to those charges to reflect costs in-

curred by the Board in providing those services and things of value.

(i) SEAL.—The Board shall have a seal that shall be judicially recognized.

§ 1112. Special boards of inquiry on air transportation safety

(a) ESTABLISHMENT.—If an accident involves a substantial question about public safety in air transportation, the National Transportation Safety Board may establish a special board of inquiry composed of—

(1) one member of the Board acting as chairman; and

(2) 2 members representing the public, appointed by the President on notification of the establishment of the special board of inquiry.

(b) QUALIFICATIONS AND CONFLICTS OF INTEREST.—The public members of a special board of inquiry must be qualified by training and experience to participate in the inquiry and may not have a pecuniary interest in an aviation enterprise involved in the accident to be investigated.

(c) AUTHORITY.—A special board of inquiry has the same authority that the Board has under this chapter.

§ 1113. Administrative

(a) GENERAL AUTHORITY.—(1) The National Transportation Safety Board, and when authorized by it, a member of the Board, an administrative law judge employed by or assigned to the Board, or an officer or employee designated by the Chairman of the Board, may conduct hearings to carry out this chapter, administer oaths, and require, by subpoena or otherwise, necessary witnesses and evidence.

(2) A witness or evidence in a hearing under paragraph (1) of this subsection may be summoned or required to be produced from any place in the United States to the designated place of the hearing. A witness summoned under this subsection is entitled to the same fee and mileage the witness would have been paid in a court of the United States.

(3) A subpoena shall be issued under the signature of the Chairman or the Chairman's delegate but may be served by any person designated by the Chairman.

(4) If a person disobeys a subpoena, order, or inspection notice of the Board, the Board may bring a civil action in a district court of the United States to enforce the subpoena, order, or notice. An action under this paragraph may be brought in the judicial district in which the person against whom the action is brought resides, is found, or does business. The court may punish a failure to obey an order of the court to comply with the subpoena, order, or notice as a contempt of court.

(c) SUBMISSION OF CERTAIN COPIES TO CONGRESS.—When the Board submits to the President or the Director of the Office of Management and Budget a budget estimate, budget request, supplemental budget estimate, other budget information, a legislative recommendation, prepared testimony for congressional hearings, or comments on legislation, the Board must submit a copy to Congress at the same time. An officer, department, agency, or instrumentality of the Government may not require the Board to submit the estimate, request, information, recommendation, testimony, or comments to another officer, department, agency, or instrumentality of the Government for approval, comment, or review before being submitted to Congress.

All of such amount shall be considered to be premium pay.

(2) LIMITATION ON OVERTIME PAY TO AN EMPLOYEE.—An employee of the Board may not receive overtime pay under paragraph (1), for work performed in a calendar year, in an amount that exceeds 15 percent of the annual rate of basic pay of the employee for such calendar year.

(c) COCKPIT RECORDINGS AND TRANSCRIPTS.—(1) The Board may not disclose publicly any part of a cockpit voice or video recorder recording or transcript of oral communications by and between flight crew members and ground stations related to an accident or incident investigated by the Board. However, the Board shall make public any part of a transcript or any written depiction of visual information the Board decides is relevant to the accident or incident—

(A) if the Board holds a public hearing on the accident or incident, at the time of the hearing; or

(B) if the Board does not hold a public hearing, at the time a majority of the other factual reports on the accident or incident are placed in the public docket.

(2) This subsection does not prevent the Board from referring at any time to cockpit voice or video recorder information in making safety recommendations.

§ 1131. General authority

(a) **GENERAL.**—(1) The National Transportation Safety Board shall investigate or have investigated (in detail the Board prescribes) and establish the facts, circumstances, and cause or probable cause of—

(A) an aircraft accident the Board has authority to investigate under section 1132 of this title or an aircraft accident involving a public aircraft as defined by section 40102(a)(37) of this title other than an aircraft operated by the Armed Forces or by an intelligence agency of the United States;

(B) a highway accident, including a railroad grade crossing accident, the Board selects in cooperation with a State;

(C) a railroad accident in which there is a fatality or substantial property damage, or that involves a passenger train;

(D) a pipeline accident in which there is a fatality, substantial property damage, or significant injury to the environment;

(E) a major marine casualty (except a casualty involving only public vessels) occurring on the navigable waters or territorial sea of the United States, or involving a vessel of the United States, under regulations prescribed jointly by the Board and the head of the department in which the Coast Guard is operating; and

(F) any other accident related to the transportation of individuals or property when the Board decides—

(i) the accident is catastrophic;

(ii) the accident involves problems of a recurring character; or

(iii) the investigation of the accident would carry out this chapter.

(2)(A) Subject to the requirements of this paragraph, an investigation by the Board under paragraph (1)(A)–(D) or (F) of this subsection has priority over any investigation by another department, agency, or instrumentality of the United States Government. The Board shall provide for appropriate participation by other departments, agencies, or instrumentalities in the investigation. However, those departments, agencies, or instrumentalities may not participate in the decision of the Board about the probable cause of the accident.

(B)¹ If the Attorney General, in consultation with the Chairman of the Board, determines and notifies the Board that circumstances reasonably indicate that the accident may have been caused by an intentional criminal act, the Board shall relinquish investigative priority to the Federal Bureau of Investigation. The relinquishment of investigative priority by the Board shall not otherwise affect the authority of the Board to continue its investigation under this section.

(C)¹ If a Federal law enforcement agency suspects and notifies the Board that an accident being investigated by the Board under subparagraph (A), (B), (C), or (D) of paragraph (1) may have been caused by an intentional criminal act, the Board, in consultation with the law enforcement agency, shall take necessary actions to ensure that evidence of the criminal act is preserved.

(3) This section and sections 1113, 1116(b), 1133, and 1134(a) and (c)–(e) of this title do not affect the authority of another department, agency, or instrumentality of the Government to investigate an accident under applicable law or to obtain information directly from the parties involved in, and witnesses to, the accident. The Board and other departments, agencies, and instrumentalities shall ensure that appropriate information developed about the accident is exchanged in a timely manner.

¹ Margin so in law.

(b) ACCIDENTS INVOLVING PUBLIC VESSELS.—(1) The Board or the head of the department in which the Coast Guard is operating shall investigate and establish the facts, circumstances, and cause or probable cause of a marine accident involving a public vessel and any other vessel. The results of the investigation shall be made available to the public.

(2) Paragraph (1) of this subsection and subsection (a)(1)(E) of this section do not affect the responsibility, under another law of the United States, of the head of the department in which the Coast Guard is operating.

(c) ACCIDENTS NOT INVOLVING GOVERNMENT MISFEASANCE OR NONFEASANCE.—(1) When asked by the Board, the Secretary of Transportation may—

(A) investigate an accident described under subsection (a) or (b) of this section in which misfeasance or nonfeasance by the Government has not been alleged; and

(B) report the facts and circumstances of the accident to the Board.

(2) The Board shall use the report in establishing cause or probable cause of an accident described under subsection (a) or (b) of this section.

(d) ACCIDENTS INVOLVING PUBLIC AIRCRAFT.—The Board, in furtherance of its investigative duties with respect to public aircraft accidents under subsection (a)(1)(A) of this section, shall have the same duties and powers as are specified for civil aircraft accidents under sections 1132(a), 1132(b), and 1134 (a), (b), (d), and (f) of this title.

(e) ACCIDENT REPORTS.—The Board shall report on the facts and circumstances of each accident investigated by it under subsection (a) or (b) of this section. The Board shall make each report available to the public at reasonable cost.

§ 1132. Civil aircraft accident investigations

(a) GENERAL AUTHORITY.—(1) The National Transportation Safety Board shall investigate—

(A) each accident involving civil aircraft; and

(B) with the participation of appropriate military authorities, each accident involving both military and civil aircraft.

(2) A person employed under section 1113(b)(1) of this title that is conducting an investigation or hearing about an aircraft accident has the same authority to conduct the investigation or hearing as the Board.

(b) NOTIFICATION AND REPORTING.—The Board shall prescribe regulations governing the notification and reporting of accidents involving civil aircraft.

(c) PARTICIPATION OF SECRETARY.—The Board shall provide for the participation of the Secretary of Transportation in the investigation of an aircraft accident under this chapter when participation is necessary to carry out the duties and powers of the Secretary. However, the Secretary may not participate in establishing probable cause.

(d) ACCIDENTS INVOLVING ONLY MILITARY AIRCRAFT.—If an accident involves only military aircraft and a duty of the Secretary is or may be involved, the military authorities shall provide for the participation of the Secretary. In any other accident involving only

military aircraft, the military authorities shall give the Board or Secretary information the military authorities decide would contribute to the promotion of air safety.

§ 1133. Review of other agency action

The National Transportation Safety Board shall review on appeal—

(1) the denial, amendment, modification, suspension, or revocation of a certificate issued by the Secretary of Transportation under section 44703, 44709, or 44710 of this title;

(2) the revocation of a certificate of registration under section 44106 of this title;

(3) a decision of the head of the department in which the Coast Guard is operating on an appeal from the decision of an administrative law judge denying, revoking, or suspending a license, certificate, document, or register in a proceeding under section 6101, 6301, or 7503, chapter 77, or section 9303 of title 46; and

(1) on display of appropriate credentials and written notice of inspection authority, may enter property where a transportation accident has occurred or wreckage from the accident is located and do anything necessary to conduct an investigation; and

(2) during reasonable hours, may inspect any record, process, control, or facility related to an accident investigation under this chapter.

(b) INSPECTION, TESTING, PRESERVATION, AND MOVING OF AIRCRAFT AND PARTS.—(1) In investigating an aircraft accident under this chapter, the Board may inspect and test, to the extent necessary, any civil aircraft, aircraft engine, propeller, appliance, or property on an aircraft involved in an accident in air commerce.

(2) Any civil aircraft, aircraft engine, propeller, appliance, or property on an aircraft involved in an accident in air commerce shall be preserved, and may be moved, only as provided by regulations of the Board.

(c) AVOIDING UNNECESSARY INTERFERENCE AND PRESERVING EVIDENCE.—In carrying out subsection (a)(1) of this section, an officer or employee may examine or test any vehicle, vessel, rolling stock, track, or pipeline component. The examination or test shall be conducted in a way that—

(1) does not interfere unnecessarily with transportation services provided by the owner or operator of the vehicle, vessel, rolling stock, track, or pipeline component; and

(2) to the maximum extent feasible, preserves evidence related to the accident, consistent with the needs of the investigation and with the cooperation of that owner or operator.

(d) EXCLUSIVE AUTHORITY OF BOARD.—Only the Board has the authority to decide on the way in which testing under this section will be conducted, including decisions on the person that will con-

duct the test, the type of test that will be conducted, and any individual who will witness the test. Those decisions are committed to the discretion of the Board. The Board shall make any of those decisions based on the needs of the investigation being conducted and, when applicable, subsections (a), (c), and (e) of this section.

(e) **PROMPTNESS OF TESTS AND AVAILABILITY OF RESULTS.**—An inspection, examination, or test under subsection (a) or (c) of this section shall be started and completed promptly, and the results shall be made available.

(f) **AUTOPSIES.**—(1) The Board may order an autopsy to be performed and have other tests made when necessary to investigate an accident under this chapter. However, local law protecting religious beliefs related to autopsies shall be observed to the extent consistent with the needs of the accident investigation.

(2) With or without reimbursement, the Board may obtain a copy of an autopsy report performed by a State or local official on an individual who died because of a transportation accident investigated by the Board under this chapter.

§ 1135. Secretary of Transportation's responses to safety recommendations

(a) **GENERAL.**—When the National Transportation Safety Board submits a recommendation about transportation safety to the Secretary of Transportation, the Secretary shall give a formal written response to each recommendation not later than 90 days after receiving the recommendation. The response shall indicate whether the Secretary intends—

(1) to carry out procedures to adopt the complete recommendation;

(2) to carry out procedures to adopt a part of the recommendation; or

(3) to refuse to carry out procedures to adopt the recommendation.

(b) **TIMETABLE FOR COMPLETING PROCEDURES AND REASONS FOR REFUSALS.**—A response under subsection (a)(1) or (2) of this section shall include a copy of a proposed timetable for completing the procedures. A response under subsection (a)(2) of this section shall detail the reasons for the refusal to carry out procedures on the remainder of the recommendation. A response under subsection (a)(3) of this section shall detail the reasons for the refusal to carry out procedures.

(c) **PUBLIC AVAILABILITY.**—The Board shall make a copy of each recommendation and response available to the public at reasonable cost.

(d) **REPORTS TO CONGRESS.**—The Secretary shall submit to Congress on January 1 of each year a report containing each recommendation on transportation safety made by the Board to the Secretary during the prior year and a copy of the Secretary's response to each recommendation.

§ 1136. Assistance to families of passengers involved in aircraft accidents

(a) **IN GENERAL.**—As soon as practicable after being notified of an aircraft accident within the United States involving an air car-

rier or foreign air carrier and resulting in a major loss of life, the Chairman of the National Transportation Safety Board shall—

(1) designate and publicize the name and phone number of a director of family support services who shall be an employee of the Board and shall be responsible for acting as a point of contact within the Federal Government for the families of passengers involved in the accident and a liaison between the air carrier or foreign air carrier and the families; and

(2) designate an independent nonprofit organization, with experience in disasters and posttrauma communication with families, which shall have primary responsibility for coordinating the emotional care and support of the families of passengers involved in the accident.

(b) RESPONSIBILITIES OF THE BOARD.—The Board shall have primary Federal responsibility for facilitating the recovery and identification of fatally-injured passengers involved in an accident described in subsection (a).

(c) RESPONSIBILITIES OF DESIGNATED ORGANIZATION.—The organization designated for an accident under subsection (a)(2) shall have the following responsibilities with respect to the families of passengers involved in the accident:

(1) To provide mental health and counseling services, in coordination with the disaster response team of the air carrier or foreign air carrier involved.

(2) To take such actions as may be necessary to provide an environment in which the families may grieve in private.

(3) To meet with the families who have traveled to the location of the accident, to contact the families unable to travel to such location, and to contact all affected families periodically thereafter until such time as the organization, in consultation with the director of family support services designated for the accident under subsection (a)(1), determines that further assistance is no longer needed.

(4) To communicate with the families as to the roles of the organization, government agencies, and the air carrier or foreign air carrier involved with respect to the accident and the post-accident activities.

(5) To arrange a suitable memorial service, in consultation with the families.

(d) PASSENGER LISTS.—

(1) REQUESTS FOR PASSENGER LISTS.—

(A) REQUESTS BY DIRECTOR OF FAMILY SUPPORT SERVICES.—It shall be the responsibility of the director of family support services designated for an accident under subsection (a)(1) to request, as soon as practicable, from the air carrier or foreign air carrier involved in the accident a list, which is based on the best available information at the time of the request, of the names of the passengers that were aboard the aircraft involved in the accident.

(B) REQUESTS BY DESIGNATED ORGANIZATION.—The organization designated for an accident under subsection (a)(2) may request from the air carrier or foreign air carrier involved in the accident a list described in subparagraph (A).

(2) USE OF INFORMATION.—The director of family support services and the organization may not release to any person information on a list obtained under paragraph (1) but may provide information on the list about a passenger to the family of the passenger to the extent that the director of family support services or the organization considers appropriate.

(e) CONTINUING RESPONSIBILITIES OF THE BOARD.—In the course of its investigation of an accident described in subsection (a), the Board shall, to the maximum extent practicable, ensure that the families of passengers involved in the accident—

(1) are briefed, prior to any public briefing, about the accident, its causes, and any other findings from the investigation; and

(2) are individually informed of and allowed to attend any public hearings and meetings of the Board about the accident.

(f) USE OF AIR CARRIER RESOURCES.—To the extent practicable, the organization designated for an accident under subsection (a)(2) shall coordinate its activities with the air carrier or foreign air carrier involved in the accident so that the resources of the carrier can be used to the greatest extent possible to carry out the organization's responsibilities under this section.

(g) PROHIBITED ACTIONS.—

(1) ACTIONS TO IMPEDE THE BOARD.—No person (including a State or political subdivision) may impede the ability of the Board (including the director of family support services designated for an accident under subsection (a)(1)), or an organization designated for an accident under subsection (a)(2), to carry out its responsibilities under this section or the ability of the families of passengers involved in the accident to have contact with one another.

(2) UNSOLICITED COMMUNICATIONS.—In the event of an accident involving an air carrier providing interstate or foreign air transportation and in the event of an accident involving a foreign air carrier that occurs within the United States, no unsolicited communication concerning a potential action for personal injury or wrongful death may be made by an attorney (including any associate, agent, employee, or other representative of an attorney) or any potential party to the litigation to an individual injured in the accident, or to a relative of an individual involved in the accident, before the 45th day following the date of the accident.

(3) PROHIBITION ON ACTIONS TO PREVENT MENTAL HEALTH AND COUNSELING SERVICES.—No State or political subdivision thereof may prevent the employees, agents, or volunteers of an organization designated for an accident under subsection (a)(2) from providing mental health and counseling services under subsection (c)(1) in the 30-day period beginning on the date of the accident. The director of family support services designated for the accident under subsection (a)(1) may extend such period for not to exceed an additional 30 days if the director determines that the extension is necessary to meet the needs of the families and if State and local authorities are notified of the determination.

(h) DEFINITIONS.—In this section, the following definitions apply:

(1) AIRCRAFT ACCIDENT.—The term “aircraft accident” means any aviation disaster regardless of its cause or suspected cause.

(2) PASSENGER.—The term “passenger” includes—

(A) an employee of an air carrier or foreign air carrier aboard an aircraft; and

(B) any other person aboard the aircraft without regard to whether the person paid for the transportation, occupied a seat, or held a reservation for the flight.

(i) STATUTORY CONSTRUCTION.—Nothing in this section may be construed as limiting the actions that an air carrier may take, or the obligations that an air carrier may have, in providing assistance to the families of passengers involved in an aircraft accident.

§ 1137. Authority of the Inspector General

(a) IN GENERAL.—The Inspector General of the Department of Transportation, in accordance with the mission of the Inspector General to prevent and detect fraud and abuse, shall have authority to review only the financial management, property management, and business operations of the National Transportation Safety Board, including internal accounting and administrative control systems, to determine compliance with applicable Federal laws, rules, and regulations.

An action under this subsection may be brought in the judicial district in which the person does business or the violation occurred.

(b) CIVIL ACTIONS BY ATTORNEY GENERAL.—On request of the Board, the Attorney General may bring a civil action in an appropriate court—

(1) to enforce section 1132, 1134(b) or (f)(1)(related to an aircraft accident), 1136(g)(2), or 1155(a) of this title or a regulation prescribed or order issued under any of those sections; and

(2) to prosecute a person violating those sections or a regulation prescribed or order issued under any of those sections.

(c) PARTICIPATION OF BOARD.—On request of the Attorney General, the Board may participate in a civil action to enforce section 1132, 1134(b) or (f)(1)(related to an aircraft accident), 1136(g)(2), or 1155(a) of this title.

§ 1152. Joinder and intervention in aviation proceedings

A person interested in or affected by a matter under consideration in a proceeding or a civil action to enforce section 1132, 1134(b) or (f)(1)(related to an aircraft accident), or 1155(a) of this title, or a regulation prescribed or order issued under any of those sections, may be joined as a party or permitted to intervene in the proceeding or civil action.

§ 1153. Judicial review

(a) GENERAL.—The appropriate court of appeals of the United States or the United States Court of Appeals for the District of Columbia Circuit may review a final order of the National Transportation Safety Board under this chapter. A person disclosing a substantial interest in the order may apply for review by filing a petition not later than 60 days after the order of the Board is issued.

(b) PERSONS SEEKING JUDICIAL REVIEW OF AVIATION MATTERS.—(1) A person disclosing a substantial interest in an order related to an aviation matter issued by the Board under this chapter may apply for review of the order by filing a petition for review in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the person resides or has its principal place of business. The petition must be filed not later than 60 days after the order is issued. The court may allow the petition to be filed after the 60 days only if there was a reasonable ground for not filing within that 60-day period.

(2) When a petition is filed under paragraph (1) of this subsection, the clerk of the court immediately shall send a copy of the petition to the Board. The Board shall file with the court a record of the proceeding in which the order was issued.

(3) When the petition is sent to the Board, the court has exclusive jurisdiction to affirm, amend, modify, or set aside any part of the order and may order the Board to conduct further proceedings. After reasonable notice to the Board, the court may grant interim relief by staying the order or taking other appropriate action when cause for its action exists. Findings of fact by the Board, if supported by substantial evidence, are conclusive.

(4) In reviewing an order under this subsection, the court may consider an objection to an order of the Board only if the objection was made in the proceeding conducted by the Board or if there was a reasonable ground for not making the objection in the proceeding.

(5) A decision by a court under this subsection may be reviewed only by the Supreme Court under section 1254 of title 28.

(c) ADMINISTRATOR SEEKING JUDICIAL REVIEW OF AVIATION MATTERS.—When the Administrator of the Federal Aviation Administration decides that an order of the Board under section 44709 or 46301(d)(5) of this title will have a significant adverse impact on carrying out this chapter related to an aviation matter, the Administrator may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(B) a cockpit or surface vehicle recorder recording.

(2)(A) Except as provided in paragraph (4)(A) of this subsection, a court may allow discovery by a party of a cockpit or surface vehicle recorder transcript if, after an in camera review of the transcript, the court decides that—

(ii) discovery of additional parts of the transcript is necessary to provide the party with sufficient information for the party to receive a fair trial.

(B) A court may allow discovery, or require production for an in camera review, of a cockpit or surface vehicle recorder transcript that the Board has not made available under section 1114(c) or 1114(d) of this title only if the cockpit or surface vehicle recorder recording is not available.

(3) Except as provided in paragraph (4)(A) of this subsection, a court may allow discovery by a party of a cockpit or surface vehicle recorder recording if, after an in camera review of the recording, the court decides that—

(A) the parts of the transcript made available to the public under section 1114(c) or 1114(d) of this title and to the party through discovery under paragraph (2) of this subsection do not provide the party with sufficient information for the party to receive a fair trial; and

(B) discovery of the cockpit or surface vehicle recorder recording is necessary to provide the party with sufficient information for the party to receive a fair trial.

(4)(A) When a court allows discovery in a judicial proceeding of a part of a cockpit or surface vehicle recorder transcript not made available to the public under section 1114(c) or 1114(d) of this title or a cockpit or surface vehicle recorder recording, the court shall issue a protective order—

(a) CIVIL PENALTY.—(1) A person violating section 1132, section 1134(b), section 1134(f)(1), or section 1136(g) (related to an aircraft accident) of this title or a regulation prescribed or order issued under any of those sections is liable to the United States Government for a civil penalty of not more than \$1,000. A separate violation occurs for each day a violation continues.

(2) This subsection does not apply to a member of the armed forces of the United States or an employee of the Department of Defense subject to the Uniform Code of Military Justice when the member or employee is performing official duties. The appropriate military authorities are responsible for taking necessary disciplinary action and submitting to the National Transportation Safety Board a timely report on action taken.

(3) The Board may compromise the amount of a civil penalty imposed under this subsection.

(4) The Government may deduct the amount of a civil penalty imposed or compromised under this subsection from amounts it owes the person liable for the penalty.

(5) A civil penalty under this subsection may be collected by bringing a civil action against the person liable for the penalty. The action shall conform as nearly as practicable to a civil action in admiralty.

(b) CRIMINAL PENALTY.—A person that knowingly and without authority removes, conceals, or withholds a part of a civil aircraft involved in an accident, or property on the aircraft at the time of

¹This paragraph was added at the end of this section by section 5(c)(1)(D) of P.L. 106-424 (114 Stat. 1885). The paragraph is shown at the end of subsection (a) to reflect the probable intent of Congress. Margin so in law.

(a) PLANNING GRANTS.—(1) The Secretary of Transportation shall make grants to States and Indian tribes—

(A) to develop, improve, and carry out emergency plans under the Emergency Planning and Community Right-To-Know Act of 1986 (42 U.S.C. 11001 et seq.), including ascertaining flow patterns of hazardous material on lands under the jurisdiction of a State or Indian tribe, and between lands under the jurisdiction of a State or Indian tribe and lands of another State or Indian tribe; and

(B) to decide on the need for a regional hazardous material emergency response team.

(2) The Secretary of Transportation may make a grant to a State or Indian tribe under paragraph (1) of this subsection in a fiscal year only if—

(A) the State or Indian tribe certifies that the total amount the State or Indian tribe expends (except amounts of the United States Government) to develop, improve, and carry out emergency plans under the Act will at least equal the average level of expenditure for the last 2 fiscal years; and

(B) the State agrees to make available at least 75 percent of the amount of the grant under paragraph (1) of this subsection in the fiscal year to local emergency planning committees established under section 301(c) of the Act (42 U.S.C. 11001(c)) to develop emergency plans under the Act.

(3)¹ A State or Indian tribe receiving a grant under this subsection shall ensure that planning under the grant is coordinated with emergency planning conducted by adjacent States and Indian tribes.

(b) TRAINING GRANTS.—(1) The Secretary of Transportation shall make grants to States and Indian tribes to train public sector employees to respond to accidents and incidents involving hazardous material.

(2) The Secretary of Transportation may make a grant under paragraph (1) of this subsection in a fiscal year—

(A) to a State or Indian tribe only if the State or tribe certifies that the total amount the State or tribe expends (except amounts of the Government) to train public sector employees to respond to an accident or incident involving hazardous material will at least equal the average level of expenditure for the last 2 fiscal years;

(B) to a State or Indian tribe only if the State or tribe makes an agreement with the Secretary that the State or tribe will use in that fiscal year, for training public sector employees to respond to an accident or incident involving hazardous material—

(i) a course developed or identified under section 5115 of this title; or

(ii) another course the Secretary decides is consistent with the objectives of this section; and

(C) to a State only if the State agrees to make available at least 75 percent of the amount of the grant under paragraph (1) of this subsection in the fiscal year for training public sector employees a political subdivision of the State employs or uses.

(3) A grant under this subsection may be used—

(A) to pay—

(i) the tuition costs of public sector employees being trained;

(4) The Secretary of Transportation shall allocate amounts made available for grants under this subsection for a fiscal year

¹ Margin so in law.

among eligible States and Indian tribes based on the needs of the States and tribes for emergency response training. In making a decision about those needs, the Secretary shall consider—

(A) the number of hazardous material facilities in the State or on land under the jurisdiction of the tribe;

(B) the types and amounts of hazardous material transported in the State or on that land;

(C) whether the State or tribe imposes and collects a fee on transporting hazardous material;

(D) whether the fee is used only to carry out a purpose related to transporting hazardous material; and

(E) other factors the Secretary decides are appropriate to carry out this subsection.

(c) COMPLIANCE WITH CERTAIN LAW.—The Secretary of Transportation may make a grant to a State under this section in a fiscal year only if the State certifies that the State complies with sections 301 and 303 of the Emergency Planning and Community Right-To-Know Act of 1986 (42 U.S.C. 11001, 11003).

(d) APPLICATIONS.—A State or Indian tribe interested in receiving a grant under this section shall submit an application to the Secretary of Transportation. The application must be submitted at the time, and contain information, the Secretary requires by regulation to carry out the objectives of this section.

(e) GOVERNMENT'S SHARE OF COSTS.—A grant under this section is for 80 percent of the cost the State or Indian tribe incurs in the fiscal year to carry out the activity for which the grant is made. Amounts of the State or tribe under subsections (a)(2)(A) and (b)(2)(A) of this section are not part of the non-Government share under this subsection.

(f) MONITORING AND TECHNICAL ASSISTANCE.—In coordination with the Secretaries of Transportation and Energy, Administrator of the Environmental Protection Agency, and Director of the National Institute of Environmental Health Sciences, the Director of the Federal Emergency Management Agency shall monitor public sector emergency response planning and training for an accident or incident involving hazardous material. Considering the results of the monitoring, the Secretaries, Administrator, and Directors each shall provide technical assistance to a State, political subdivision of a State, or Indian tribe for carrying out emergency response training and planning for an accident or incident involving hazardous material and shall coordinate the assistance using the existing coordinating mechanisms of the national response team and, for radioactive material, the Federal Radiological Preparedness Coordinating Committee.

(g) DELEGATION OF AUTHORITY.—To minimize administrative costs and to coordinate Government grant programs for emergency response training and planning, the Secretary of Transportation may delegate to the Directors of the Federal Emergency Management Agency and National Institute of Environmental Health Sciences, Chairman of the Nuclear Regulatory Commission, Administrator of the Environmental Protection Agency, and Secretaries of Labor and Energy any of the following:

(1) authority to receive applications for grants under this section.

(i) ANNUAL REGISTRATION FEE ACCOUNT AND ITS USES.—The Secretary of the Treasury shall establish an account in the Treasury into which the Secretary of the Treasury shall deposit amounts the Secretary of Transportation collects under section 5108(g)(2)(A) of this title and transfers to the Secretary of the Treasury under section 5108(g)(2)(C) of this title. Without further appropriation, amounts in the account are available—

(1) to make grants under this section;

(2) to monitor and provide technical assistance under subsection (f) of this section; and

(3) to pay administrative costs of carrying out this section and sections 5108(g)(2) and 5115 of this title, except that not more than 10 percent of the amounts made available from the account in a fiscal year may be used to pay those costs.

(j) SUPPLEMENTAL TRAINING GRANTS.—

(1) In order to further the purposes of subsection (b), the Secretary shall, subject to the availability of funds, make grants to national nonprofit employee organizations engaged solely in fighting fires for the purpose of training instructors to conduct hazardous materials response training programs for individuals with statutory responsibility to respond to hazardous materials accidents and incidents.

(2) For the purposes of this subsection the Secretary, after consultation with interested organizations, shall—

(A) identify regions or locations in which fire departments or other organizations which provide emergency response to hazardous materials transportation accidents and incidents are in need of hazardous materials training; and

(B) prioritize such needs and develop a means for identifying additional specific training needs.

(3) Funds granted to an organization under this subsection shall only be used—

(A) to train instructors to conduct hazardous materials response training programs;

(B) to purchase training equipment used exclusively to train instructors to conduct such training programs; and

(C) to disseminate such information and materials as are necessary for the conduct of such training programs.

(4) The Secretary may only make a grant to an organization under this subsection in a fiscal year if the organization enters into an agreement with the Secretary to train instructors to conduct hazardous materials response training programs in such fiscal year that will use—

(A) a course or courses developed or identified under section 5115 of this title; or

(B) other courses which the Secretary determines are consistent with the objectives of this subsection; for training individuals with statutory responsibility to respond to accidents and incidents involving hazardous materials. Such agreement also shall provide that training courses shall be open to all such individuals on a nondiscriminatory basis.

(5) The Secretary may impose such additional terms and conditions on grants to be made under this subsection as the Secretary determines are necessary to protect the interests of the United States and to carry out the objectives of this subsection.

(k) REPORTS.—Not later than September 30, 1997, the Secretary shall submit to Congress a report on the allocation and uses of training grants authorized under subsection (b) for fiscal year 1993 through fiscal year 1996 and grants authorized under subsection (j) and section 5107 for fiscal years 1995 and 1996. Such report shall identify the ultimate recipients of training grants and include a detailed accounting of all grant expenditures by grant recipients, the number of persons trained under the grant programs, and an evaluation of the efficacy of training programs carried out.

§ 5117. Exemptions and exclusions

(a) AUTHORITY TO EXEMPT.—(1) As provided under procedures prescribed by regulation, the Secretary of Transportation may issue an exemption from this chapter or a regulation prescribed under section 5103(b), 5104, 5110, or 5112 of this title to a person transporting, or causing to be transported, hazardous material in a way that achieves a safety level—

(A) at least equal to the safety level required under this chapter; or

(B) consistent with the public interest and this chapter, if a required safety level does not exist.

(2) An exemption under this subsection is effective for not more than 2 years and may be renewed on application to the Secretary.

(b) APPLICATIONS.—When applying for an exemption or renewal of an exemption under this section, the person must provide a safety analysis prescribed by the Secretary that justifies the exemption. The Secretary shall publish in the Federal Register notice that an application for an exemption has been filed and shall give the public an opportunity to inspect the safety analysis and comment on the application. This subsection does not require the release of information protected by law from public disclosure.

(c) APPLICATIONS TO BE DEALT WITH PROMPTLY.—The Secretary shall issue or renew the exemption for which an application was filed or deny such issuance or renewal within 180 days after the first day of the month following the date of the filing of such

application, or the Secretary shall publish a statement in the Federal Register of the reason why the Secretary's decision on the exemption is delayed, along with an estimate of the additional time necessary before the decision is made.

(d) EXCLUSIONS.—(1) The Secretary shall exclude, in any part, from this chapter and regulations prescribed under this chapter—

(A) a public vessel (as defined in section 2101 of title 46);

(B) a vessel exempted under section 3702 of title 46 from chapter 37 of title 46; and

(C) a vessel to the extent it is regulated under the Ports and Waterways Safety Act of 1972 (33 U.S.C. 1221 et seq.).

(2) This chapter and regulations prescribed under this chapter do not prohibit—

(A) or regulate transportation of a firearm (as defined in section 232 of title 18), or ammunition for a firearm, by an individual for personal use; or

(B) transportation of a firearm or ammunition in commerce.

(e) LIMITATION ON AUTHORITY.—Unless the Secretary decides that an emergency exists, an exemption or renewal granted under this section is the only way a person subject to this chapter may be exempt from this chapter.

§ 5118. Inspectors

(a) GENERAL REQUIREMENT.—The Secretary of Transportation shall maintain the employment of 30 hazardous material safety inspectors more than the total number of safety inspectors authorized for the fiscal year that ended September 30, 1990, for the Federal Railroad Administration, the Federal Highway Administration, and the Research and Special Programs Administration.

(b) ALLOCATION TO PROMOTE SAFETY IN TRANSPORTING RADIOACTIVE MATERIAL.—(1) The Secretary shall ensure that 10 of the 30 additional inspectors focus on promoting safety in transporting radioactive material, as defined by the Secretary, including inspecting—

(A) at the place of origin, shipments of high-level radioactive waste or nuclear spent material (as those terms are defined in section 5105(a) of this title); and

(B) to the maximum extent practicable shipments of radioactive material that are not high-level radioactive waste or nuclear spent material.

(2) In carrying out their duties, those 10 additional inspectors shall cooperate to the greatest extent possible with safety inspectors of the Nuclear Regulatory Commission and appropriate State and local government officials.

(3) Those 10 additional inspectors shall be allocated as follows:

(A) one to the Research and Special Programs Administration.

(B) 3 to the Federal Railroad Administration.

(C) 3 to the Federal Highway Administration.

(D) the other 3 among the administrations referred to in clauses (A)–(C) of this paragraph as the Secretary decides.

(c) ALLOCATION OF OTHER INSPECTORS.—The Secretary shall allocate, as the Secretary decides, the 20 additional inspectors authorized under this section and not allocated under subsection (b)

of this section among the administrations referred to in subsection (b)(3)(A)–(C) of this section.

§ 5119. Uniform forms and procedures

(a) **WORKING GROUP.**—The Secretary of Transportation shall establish a working group of State and local government officials, including representatives of the National Governors' Association, the National Association of Counties, the National League of Cities, the United States Conference of Mayors, and the National Conference of State Legislatures. The purposes of the working group are—

- (1) to establish uniform forms and procedures for a State—
 - (A) to register persons that transport or cause to be transported hazardous material by motor vehicle in the State; and
 - (B) to allow the transportation of hazardous material in the State; and
- (2) to decide whether to limit the filing of any State registration and permit forms and collection of filing fees to the State in which the person resides or has its principal place of business.

(b) **CONSULTATION AND REPORTING.**—The working group—

- (1) shall consult with persons subject to registration and permit requirements described in subsection (a) of this section; and
- (2) not later than November 16, 1993, shall submit to the Secretary, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives a final report that contains—

- (A) a detailed statement of its findings and conclusions; and
- (B) its joint recommendations on the matters referred to in subsection (a) of this section.

(c) **REGULATIONS ON RECOMMENDATIONS.**—(1) The Secretary shall prescribe regulations to carry out the recommendations contained in the report submitted under subsection (b) of this section with which the Secretary agrees. The regulations shall be prescribed by the later of the last day of the 3-year period beginning on the date the working group submitted its report or the last day of the 90-day period beginning on the date on which at least 26 States adopt all of the recommendations of the report. A regulation prescribed under this subsection may not define or limit the amount of a fee a State may impose or collect.

(2) A regulation prescribed under this subsection takes effect one year after it is prescribed. The Secretary may extend the one-year period for an additional year for good cause. After a regulation is effective, a State may establish, maintain, or enforce a requirement related to the same subject matter only if the requirement is the same as the regulation.

(3) In consultation with the working group, the Secretary shall develop a procedure to eliminate differences in how States carry out a regulation prescribed under this subsection.

(d) RELATIONSHIP TO OTHER LAWS.—The Federal Advisory Committee Act (5 App. U.S.C.) does not apply to the working group.

§ 5120. International uniformity of standards and requirements

(a) PARTICIPATION IN INTERNATIONAL FORUMS.—Subject to guidance and direction from the Secretary of State, the Secretary of Transportation shall participate in international forums that establish or recommend mandatory standards and requirements for transporting hazardous material in international commerce.

(b) CONSULTATION.—The Secretary of Transportation may consult with interested authorities to ensure that, to the extent practicable, regulations the Secretary prescribes under sections 5103(b), 5104, 5110, and 5112 of this title are consistent with standards related to transporting hazardous material that international authorities adopt.

(c) DIFFERENCES WITH INTERNATIONAL STANDARDS AND REQUIREMENTS.—This section—

(1) does not require the Secretary of Transportation to prescribe a standard identical to a standard adopted by an international authority if the Secretary decides the standard is unnecessary or unsafe; and

(2) does not prohibit the Secretary from prescribing a safety requirement more stringent than a requirement included in a standard adopted by an international authority if the Secretary decides the requirement is necessary in the public interest.

§ 5121. Administrative

(a) GENERAL AUTHORITY.—To carry out this chapter, the Secretary of Transportation may investigate, make reports, issue subpoenas, conduct hearings, require the production of records and property, take depositions, and conduct research, development, demonstration, and training activities. After notice and an opportunity for a hearing, the Secretary may issue an order requiring compliance with this chapter or a regulation prescribed under this chapter.

(b) RECORDS, REPORTS, AND INFORMATION.—A person subject to this chapter shall—

(1) maintain records, make reports, and provide information the Secretary by regulation or order requires; and

(2) make the records, reports, and information available when the Secretary requests.

(c) INSPECTION.—(1) The Secretary may authorize an officer, employee, or agent to inspect, at a reasonable time and in a reasonable way, records and property related to—

(A) manufacturing, fabricating, marking, maintaining, reconditioning, repairing, testing, or distributing a packaging or a container for use by a person in transporting hazardous material in commerce; or

(B) the transportation of hazardous material in commerce.

(2) An officer, employee, or agent under this subsection shall display proper credentials when requested.

(d) FACILITY, STAFF, AND REPORTING SYSTEM ON RISKS, EMERGENCIES, AND ACTIONS.—(1) The Secretary shall—

(A) maintain a facility and technical staff sufficient to provide, within the United States Government, the capability of evaluating a risk related to the transportation of hazardous material and material alleged to be hazardous;

(B) maintain a central reporting system and information center capable of providing information and advice to law enforcement and firefighting personnel, other interested individuals, and officers and employees of the Government and State and local governments on meeting an emergency related to the transportation of hazardous material; and

(C) conduct a continuous review on all aspects of transporting hazardous material to decide on and take appropriate actions to ensure safe transportation of hazardous material.

(2) Paragraph (1) of this subsection does not prevent the Secretary from making a contract with a private entity for use of a supplemental reporting system and information center operated and maintained by the contractor.

(e) REPORT.—The Secretary shall, once every 2 years, prepare and submit to the President for transmittal to the Congress a comprehensive report on the transportation of hazardous materials during the preceding 2 calendar years. The report shall include—

(1) a statistical compilation of accidents and casualties related to the transportation of hazardous material;

(2) a list and summary of applicable Government regulations, criteria, orders, and exemptions;

(3) a summary of the basis for each exemption;

(4) an evaluation of the effectiveness of enforcement activities and the degree of voluntary compliance with regulations;

(5) a summary of outstanding problems in carrying out this chapter in order of priority; and

(6) recommendations for appropriate legislation.

§ 5122. Enforcement

(a) GENERAL.—At the request of the Secretary of Transportation, the Attorney General may bring a civil action in an appropriate district court of the United States to enforce this chapter or a regulation prescribed or order issued under this chapter. The court may award appropriate relief, including punitive damages.

(b) IMMINENT HAZARDS.—(1) If the Secretary has reason to believe that an imminent hazard exists, the Secretary may bring a civil action in an appropriate district court of the United States—

(A) to suspend or restrict the transportation of the hazardous material responsible for the hazard; or

(B) to eliminate or ameliorate the hazard.

(2) On request of the Secretary, the Attorney General shall bring an action under paragraph (1) of this subsection.

(c) WITHHOLDING OF CLEARANCE.—(1) If any owner, operator, or individual in charge of a vessel is liable for a civil penalty under section 5123 of this title or for a fine under section 5124 of this title, or if reasonable cause exists to believe that such owner, operator, or individual in charge may be subject to such a civil penalty or fine, the Secretary of the Treasury, upon the request of the Secretary, shall with respect to such vessel refuse or revoke any clear-

ance required by section 4197 of the Revised Statutes of the United States (46 App. U.S.C. 91).

(2) Clearance refused or revoked under this subsection may be granted upon the filing of a bond or other surety satisfactory to the Secretary.

§ 5123. Civil penalty

(a) PENALTY.—(1) A person that knowingly violates this chapter or a regulation prescribed or order issued under this chapter is liable to the United States Government for a civil penalty of at least \$250 but not more than \$25,000 for each violation. A person acts knowingly when—

(A) the person has actual knowledge of the facts giving rise to the violation; or

(B) a reasonable person acting in the circumstances and exercising reasonable care would have that knowledge.

(2) A separate violation occurs for each day the violation, committed by a person that transports or causes to be transported hazardous material, continues.

(b) HEARING REQUIREMENT.—The Secretary of Transportation may find that a person has violated this chapter or a regulation prescribed under this chapter only after notice and an opportunity for a hearing. The Secretary shall impose a penalty under this section by giving the person written notice of the amount of the penalty.

(c) PENALTY CONSIDERATIONS.—In determining the amount of a civil penalty under this section, the Secretary shall consider—

(1) the nature, circumstances, extent, and gravity of the violation;

(2) with respect to the violator, the degree of culpability, any history of prior violations, the ability to pay, and any effect on the ability to continue to do business; and

(3) other matters that justice requires.

(d) CIVIL ACTIONS TO COLLECT.—The Attorney General may bring a civil action in an appropriate district court of the United States to collect a civil penalty under this section.

(e) COMPROMISE.—The Secretary may compromise the amount of a civil penalty imposed under this section before referral to the Attorney General.

(f) SETOFF.—The Government may deduct the amount of a civil penalty imposed or compromised under this section from amounts it owes the person liable for the penalty.

(g) DEPOSITING AMOUNTS COLLECTED.—Amounts collected under this section shall be deposited in the Treasury as miscellaneous receipts.

§ 5124. Criminal penalty

A person knowingly violating section 5104(b) of this title or willfully violating this chapter or a regulation prescribed or order issued under this chapter shall be fined under title 18, imprisoned for not more than 5 years, or both.

§ 5125. Preemption

(a) GENERAL.—Except as provided in subsections (b), (c), and (e) of this section and unless authorized by another law of the

United States, a requirement of a State, political subdivision of a State, or Indian tribe is preempted if—

(1) complying with a requirement of the State, political subdivision, or tribe and a requirement of this chapter or a regulation prescribed under this chapter is not possible; or

(2) the requirement of the State, political subdivision, or tribe, as applied or enforced, is an obstacle to accomplishing and carrying out this chapter or a regulation prescribed under this chapter.

(b) SUBSTANTIVE DIFFERENCES.—(1) Except as provided in subsection (c) of this section and unless authorized by another law of the United States, a law, regulation, order, or other requirement of a State, political subdivision of a State, or Indian tribe about any of the following subjects, that is not substantively the same as a provision of this chapter or a regulation prescribed under this chapter, is preempted:

(A) the designation, description, and classification of hazardous material.

(B) the packing, repacking, handling, labeling, marking, and placarding of hazardous material.

(C) the preparation, execution, and use of shipping documents related to hazardous material and requirements related to the number, contents, and placement of those documents.

(D) the written notification, recording, and reporting of the unintentional release in transportation of hazardous material.

(E) the design, manufacturing, fabricating, marking, maintenance, reconditioning, repairing, or testing of a packaging or a container represented, marked, certified, or sold as qualified for use in transporting hazardous material.

(2) If the Secretary of Transportation prescribes or has prescribed under section 5103(b), 5104, 5110, or 5112 of this title or prior comparable provision of law a regulation or standard related to a subject referred to in paragraph (1) of this subsection, a State, political subdivision of a State, or Indian tribe may prescribe, issue, maintain, and enforce only a law, regulation, standard, or order about the subject that is substantively the same as a provision of this chapter or a regulation prescribed or order issued under this chapter. The Secretary shall decide on and publish in the Federal Register the effective date of section 5103(b) of this title for any regulation or standard about any of those subjects that the Secretary prescribes after November 16, 1990. However, the effective date may not be earlier than 90 days after the Secretary prescribes the regulation or standard nor later than the last day of the 2-year period beginning on the date the Secretary prescribes the regulation or standard.

(3) If a State, political subdivision of a State, or Indian tribe imposes a fine or penalty the Secretary decides is appropriate for a violation related to a subject referred to in paragraph (1) of this subsection, an additional fine or penalty may not be imposed by any other authority.

(c) COMPLIANCE WITH SECTION 5112(b) REGULATIONS.—(1) Except as provided in paragraph (2) of this subsection, after the last day of the 2-year period beginning on the date a regulation is prescribed under section 5112(b) of this title, a State or Indian tribe may establish, maintain, or enforce a highway routing designation

over which hazardous material may or may not be transported by motor vehicles, or a limitation or requirement related to highway routing, only if the designation, limitation, or requirement complies with section 5112(b).

(2)(A) A highway routing designation, limitation, or requirement established before the date a regulation is prescribed under section 5112(b) of this title does not have to comply with section 5112(b)(1)(B), (C), and (F).

(B) This subsection and section 5112 of this title do not require a State or Indian tribe to comply with section 5112(b)(1)(I) if the highway routing designation, limitation, or requirement was established before November 16, 1990.

(C) The Secretary may allow a highway routing designation, limitation, or requirement to continue in effect until a dispute related to the designation, limitation, or requirement is resolved under section 5112(d) of this title.

(d) DECISIONS ON PREEMPTION.—(1) A person (including a State, political subdivision of a State, or Indian tribe) directly affected by a requirement of a State, political subdivision, or tribe may apply to the Secretary, as provided by regulations prescribed by the Secretary, for a decision on whether the requirement is preempted by subsection (a), (b)(1), or (c) of this section. The Secretary shall publish notice of the application in the Federal Register. The Secretary shall issue a decision on an application for a determination within 180 days after the date of the publication of the notice of having received such application, or the Secretary shall publish a statement in the Federal Register of the reason why the Secretary's decision on the application is delayed, along with an estimate of the additional time necessary before the decision is made. After notice is published, an applicant may not seek judicial relief on the same or substantially the same issue until the Secretary takes final action on the application or until 180 days after the application is filed, whichever occurs first.

(2) After consulting with States, political subdivisions of States, and Indian tribes, the Secretary shall prescribe regulations for carrying out paragraph (1) of this subsection.

(3) Subsection (a) of this section does not prevent a State, political subdivision of a State, or Indian tribe, or another person directly affected by a requirement, from seeking a decision on preemption from a court of competent jurisdiction instead of applying to the Secretary under paragraph (1) of this subsection.

(e) WAIVER OF PREEMPTION.—A State, political subdivision of a State, or Indian tribe may apply to the Secretary for a waiver of preemption of a requirement the State, political subdivision, or tribe acknowledges is preempted by subsection (a), (b)(1), or (c) of this section. Under a procedure the Secretary prescribes by regulation, the Secretary may waive preemption on deciding the requirement—

(1) provides the public at least as much protection as do requirements of this chapter and regulations prescribed under this chapter; and

(2) is not an unreasonable burden on commerce.

(f) JUDICIAL REVIEW.—A party to a proceeding under subsection (d) or (e) of this section may bring a civil action in an appropriate district court of the United States for judicial review of

the decision of the Secretary not later than 60 days after the decision becomes final.

(g) FEES.—(1) A State, political subdivision of a State, or Indian tribe may impose a fee related to transporting hazardous material only if the fee is fair and used for a purpose related to transporting hazardous material, including enforcement and planning, developing, and maintaining a capability for emergency response.

(2)¹ A State or political subdivision thereof or Indian tribe that levies a fee in connection with the transportation of hazardous materials shall, upon the Secretary's request, report to the Secretary on—

(A) the basis on which the fee is levied upon persons involved in such transportation;

(B) the purposes for which the revenues from the fee are used;

(C) the annual total amount of the revenues collected from the fee; and

(D) such other matters as the Secretary requests.

§ 5126. Relationship to other laws

(a) CONTRACTS.—A person under contract with a department, agency, or instrumentality of the United States Government that transports or causes to be transported hazardous material, or manufactures, fabricates, marks, maintains, reconditions, repairs, or tests a package or container that the person represents, marks, certifies, or sells as qualified for use in transporting hazardous material must comply with this chapter, regulations prescribed and orders issued under this chapter, and all other requirements of the Government, State and local governments, and Indian tribes (except a requirement preempted by a law of the United States) in the same way and to the same extent that any person engaging in that transportation, manufacturing, fabricating, marking, maintenance, reconditioning, repairing, or testing that is in or affects commerce must comply with the provision, regulation, order, or requirement.

(b) NONAPPLICATION.—This chapter does not apply to—

(1) a pipeline subject to regulation under chapter 601 of this title; or

(2) any matter that is subject to the postal laws and regulations of the United States under this chapter or title 18 or 39.

§ 5127. Authorization of appropriations

(a) GENERAL.—Not more than \$18,000,000 may be appropriated to the Secretary of Transportation for fiscal year 1993, \$18,000,000 for fiscal year 1994, \$18,540,000 for fiscal year 1995, \$19,100,000 for fiscal year 1996, and \$19,670,000 for fiscal year 1997 to carry out this chapter (except sections 5107(e), 5108(g)(2), 5113, 5115, 5116, and 5119).

§ 40101. Policy

(a) ECONOMIC REGULATION.—In carrying out subpart II of this part and those provisions of subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others, as being in the public interest and consistent with public convenience and necessity:

(1) assigning and maintaining safety as the highest priority in air commerce.

(2) before authorizing new air transportation services, evaluating the safety implications of those services.

(3) preventing deterioration in established safety procedures, recognizing the clear intent, encouragement, and dedication of Congress to further the highest degree of safety in air transportation and air commerce, and to maintain the safety vigilance that has evolved in air transportation and air commerce and has come to be expected by the traveling and shipping public.

(4) the availability of a variety of adequate, economic, efficient, and low-priced services without unreasonable discrimination or unfair or deceptive practices.

(5) coordinating transportation by, and improving relations among, air carriers, and encouraging fair wages and working conditions.

(6) placing maximum reliance on competitive market forces and on actual and potential competition—

- (A) to provide the needed air transportation system;
- and
- (B) to encourage efficient and well-managed air carriers to earn adequate profits and attract capital, considering any material differences between interstate air transportation and foreign air transportation.
- (7) developing and maintaining a sound regulatory system that is responsive to the needs of the public and in which decisions are reached promptly to make it easier to adapt the air transportation system to the present and future needs of—
 - (A) the commerce of the United States;
 - (B) the United States Postal Service; and
 - (C) the national defense.
- (8) encouraging air transportation at major urban areas through secondary or satellite airports if consistent with regional airport plans of regional and local authorities, and if endorsed by appropriate State authorities—
 - (A) encouraging the transportation by air carriers that provide, in a specific market, transportation exclusively at those airports; and
 - (B) fostering an environment that allows those carriers to establish themselves and develop secondary or satellite airport services.
- (9) preventing unfair, deceptive, predatory, or anticompetitive practices in air transportation.
- (10) avoiding unreasonable industry concentration, excessive market domination, monopoly powers, and other conditions that would tend to allow at least one air carrier or foreign air carrier unreasonably to increase prices, reduce services, or exclude competition in air transportation.
- (11) maintaining a complete and convenient system of continuous scheduled interstate air transportation for small communities and isolated areas with direct financial assistance from the United States Government when appropriate.
- (12) encouraging, developing, and maintaining an air transportation system relying on actual and potential competition—
 - (A) to provide efficiency, innovation, and low prices;
 - and
 - (B) to decide on the variety and quality of, and determine prices for, air transportation services.
- (13) encouraging entry into air transportation markets by new and existing air carriers and the continued strengthening of small air carriers to ensure a more effective and competitive airline industry.
- (14) promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.
- (15) strengthening the competitive position of air carriers to at least ensure equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.
- (16) ensuring that consumers in all regions of the United States, including those in small communities and rural and re-

mote areas, have access to affordable, regularly scheduled air service.

(b) ALL-CARGO AIR TRANSPORTATION CONSIDERATIONS.—In carrying out subpart II of this part and those provisions of subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others and in addition to the matters referred to in subsection (a) of this section, as being in the public interest for all-cargo air transportation:

(1) encouraging and developing an expedited all-cargo air transportation system provided by private enterprise and responsive to—

- (A) the present and future needs of shippers;
- (B) the commerce of the United States; and
- (C) the national defense.

(2) encouraging and developing an integrated transportation system relying on competitive market forces to decide the extent, variety, quality, and price of services provided.

(3) providing services without unreasonable discrimination, unfair or deceptive practices, or predatory pricing.

(c) GENERAL SAFETY CONSIDERATIONS.—In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator of the Federal Aviation Administration shall consider the following matters:

(1) the requirements of national defense and commercial and general aviation.

(2) the public right of freedom of transit through the navigable airspace.

(d) SAFETY CONSIDERATIONS IN PUBLIC INTEREST.—In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator shall consider the following matters, among others, as being in the public interest:

(1) assigning, maintaining, and enhancing safety and security as the highest priorities in air commerce.

(2) regulating air commerce in a way that best promotes safety and fulfills national defense requirements.

(3) encouraging and developing civil aeronautics, including new aviation technology.

(4) controlling the use of the navigable airspace and regulating civil and military operations in that airspace in the interest of the safety and efficiency of both of those operations.

(5) consolidating research and development for air navigation facilities and the installation and operation of those facilities.

(6) developing and operating a common system of air traffic control and navigation for military and civil aircraft.

(7) providing assistance to law enforcement agencies in the enforcement of laws related to regulation of controlled substances, to the extent consistent with aviation safety.

(e) INTERNATIONAL AIR TRANSPORTATION.—In formulating United States international air transportation policy, the Secretaries of State and Transportation shall develop a negotiating policy emphasizing the greatest degree of competition compatible with a well-functioning international air transportation system, including the following:

(1) strengthening the competitive position of air carriers to ensure at least equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.

(2) freedom of air carriers and foreign air carriers to offer prices that correspond to consumer demand.

(3) the fewest possible restrictions on charter air transportation.

(4) the maximum degree of multiple and permissive international authority for air carriers so that they will be able to respond quickly to a shift in market demand.

(5) eliminating operational and marketing restrictions to the greatest extent possible.

(6) integrating domestic and international air transportation.

(7) increasing the number of nonstop United States gateway cities.

(8) opportunities for carriers of foreign countries to increase their access to places in the United States if exchanged for benefits of similar magnitude for air carriers or the traveling public with permanent linkage between rights granted and rights given away.

(9) eliminating discrimination and unfair competitive practices faced by United States airlines in foreign air transportation, including—

- (A) excessive landing and user fees;
- (B) unreasonable ground handling requirements;
- (C) unreasonable restrictions on operations;
- (D) prohibitions against change of gauge; and
- (E) similar restrictive practices.

(10) promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.

(f) STRENGTHENING COMPETITION.—In selecting an air carrier to provide foreign air transportation from among competing applicants, the Secretary of Transportation shall consider, in addition to the matters specified in subsections (a) and (b) of this section, the strengthening of competition among air carriers operating in the United States to prevent unreasonable concentration in the air carrier industry.

(d) CONGRESSIONAL OBSERVERS AT INTERNATIONAL AVIATION NEGOTIATIONS.—The President shall grant to at least one representative of each House of Congress the privilege of attending international aviation negotiations as an observer if the privilege is requested in advance in writing.

§ 40106. Emergency powers

(a) DEVIATIONS FROM REGULATIONS.—Appropriate military authority may authorize aircraft of the armed forces of the United States to deviate from air traffic regulations prescribed under section 40103(b)(1) and (2) of this title when the authority decides the deviation is essential to the national defense because of a military emergency or urgent military necessity. The authority shall—

- (1) give the Administrator of the Federal Aviation Administration prior notice of the deviation at the earliest practicable time; and
- (2) to the extent time and circumstances allow, make every reasonable effort to consult with the Administrator and arrange for the deviation in advance on a mutually agreeable basis.

(b) SUSPENSION OF AUTHORITY.—(1) When the President decides that the government of a foreign country is acting inconsistently with the Convention for the Suppression of Unlawful Seizure of Aircraft or that the government of a foreign country allows territory under its jurisdiction to be used as a base of operations or training of, or as a sanctuary for, or arms, aids, or abets, a terrorist organization that knowingly uses the unlawful seizure, or the threat of an unlawful seizure, of an aircraft as an instrument of policy, the President may suspend the authority of—

- (A) an air carrier or foreign air carrier to provide foreign air transportation to and from that foreign country;
- (B) a person to operate aircraft in foreign air commerce to and from that foreign country;
- (C) a foreign air carrier to provide foreign air transportation between the United States and another country that maintains air service with the foreign country; and
- (D) a foreign person to operate aircraft in foreign air commerce between the United States and another country that maintains air service with the foreign country.

(2) The President may act under this subsection without notice or a hearing. The suspension remains in effect for as long as the President decides is necessary to ensure the security of aircraft against unlawful seizure. Notwithstanding section 40105(b) of this title, the authority of the President to suspend rights under this subsection is a condition to a certificate of public convenience and necessity, air carrier operating certificate, foreign air carrier or foreign aircraft permit, or foreign air carrier operating specification issued by the Secretary of Transportation under this part.

(3) An air carrier or foreign air carrier may not provide foreign air transportation, and a person may not operate aircraft in foreign air commerce, in violation of a suspension of authority under this subsection.

§ 40107. Presidential transfers

(a) GENERAL AUTHORITY.—The President may transfer to the Administrator of the Federal Aviation Administration a duty, power, activity, or facility of a department, agency, or instrumentality of the executive branch of the United States Government, or an officer or unit of a department, agency, or instrumentality of the executive branch, related primarily to selecting, developing, testing, evaluating, establishing, operating, or maintaining a system, procedure, facility, or device for safe and efficient air navigation and air traffic control. In making a transfer, the President may transfer records and property and make officers and employees from the department, agency, instrumentality, or unit available to the Administrator.

(b) DURING WAR.—If war occurs, the President by executive order may transfer to the Secretary of Defense a duty, power, activity, or facility of the Administrator. In making the transfer, the President may transfer records, property, officers, and employees of the Administration to the Department of Defense.

§ 40108. Training schools

(a) AUTHORITY TO OPERATE.—The Administrator of the Federal Aviation Administration may operate schools to train officers and employees of the Administration to carry out duties, powers, and activities of the Administrator.

(b) ATTENDANCE.—The Administrator may authorize officers and employees of other departments, agencies, or instrumentalities of the United States Government, officers and employees of governments of foreign countries, and individuals from the aeronautics industry to attend those schools. However, if the attendance of any of those officers, employees, or individuals increases the cost of operating the schools, the Administrator may require the payment or transfer of amounts or other consideration to offset the additional cost. The amount received may be credited to the appropriation current when the expenditures are or were paid, the appropriation current when the amount is received, or both.

§ 40109. Authority to exempt

(a) AIR CARRIERS AND FOREIGN AIR CARRIERS NOT ENGAGED DIRECTLY IN OPERATING AIRCRAFT.—(1) The Secretary of Transportation may exempt from subpart II of this part—

(A) an air carrier not engaged directly in operating aircraft in air transportation; or

(B) a foreign air carrier not engaged directly in operating aircraft in foreign air transportation.

(2) The exemption is effective to the extent and for periods that the Secretary decides are in the public interest.

(b) SAFETY REGULATION.—The Administrator of the Federal Aviation Administration may grant an exemption from a regulation prescribed in carrying out sections 40103(b)(1) and (2), 40119, 44901, 44903, 44906, and 44935–44937 of this title when the Administrator decides the exemption is in the public interest.

(c) OTHER ECONOMIC REGULATION.—Except as provided in this section, the Secretary may exempt to the extent the Secretary considers necessary a person or class of persons from a provision of chapter 411, chapter 413 (except sections 41307 and 41310(b)–(f)), chapter 415 (except sections 41502, 41505, and 41507–41509), chapter 417 (except sections 41703, 41704, 41710, 41713, and 41714), chapter 419, subchapter II of chapter 421, and sections 44909 and 46301(b) of this title, or a regulation or term prescribed under any of those provisions, when the Secretary decides that the exemption is consistent with the public interest.

(d) LABOR REQUIREMENTS.—The Secretary may not exempt an air carrier from section 42112 of this title. However, the Secretary may exempt from section 42112(b)(1) and (2) an air carrier not providing scheduled air transportation, and the operations conducted during daylight hours by an air carrier providing scheduled air transportation, when the Secretary decides that—

(1) because of the limited extent of, or unusual circumstances affecting, the operation of the air carrier, the enforcement of section 42112(b)(1) and (2) of this title is or would be an unreasonable burden on the air carrier that would obstruct its development and prevent it from beginning or continuing operations; and

(2) the exemption would not affect adversely the public interest.

(e) MAXIMUM FLYING HOURS.—The Secretary may not exempt an air carrier under this section from a provision referred to in subsection (c) of this section, or a regulation or term prescribed under any of those provisions, that sets maximum flying hours for pilots or copilots.

(f) SMALLER AIRCRAFT.—(1) An air carrier is exempt from section 41101(a)(1) of this title, and the Secretary may exempt an air carrier from another provision of subpart II of this part, if the air carrier—

(A)(i) provides passenger transportation only with aircraft having a maximum capacity of 55 passengers; or

(ii) provides the transportation of cargo only with aircraft having a maximum payload of less than 18,000 pounds; and

(B) complies with liability insurance requirements and other regulations the Secretary prescribes.

(2) The Secretary may increase the passenger or payload capacities when the public interest requires.

(3)(A) An exemption under this subsection applies to an air carrier providing air transportation between 2 places in Alaska, or

between Alaska and Canada, only if the carrier is authorized by Alaska to provide the transportation.

(B) The Secretary may limit the number or location of places that may be served by an air carrier providing transportation only in Alaska under an exemption from section 41101(a)(1) of this title, or the frequency with which the transportation may be provided, only when the Secretary decides that providing the transportation substantially impairs the ability of an air carrier holding a certificate issued by the Secretary to provide its authorized transportation, including the minimum transportation requirement for Alaska specified under section 41732(b)(1)(B) of this title.

(g) EMERGENCY AIR TRANSPORTATION BY FOREIGN AIR CARRIERS.—(1) To the extent that the Secretary decides an exemption is in the public interest, the Secretary may exempt by order a foreign air carrier from the requirements and limitations of this part for not more than 30 days to allow the foreign air carrier to carry passengers or cargo in interstate air transportation in certain markets if the Secretary finds that—

(A) because of an emergency created by unusual circumstances not arising in the normal course of business, air carriers holding certificates under section 41102 of this title cannot accommodate traffic in those markets;

(B) all possible efforts have been made to accommodate the traffic by using the resources of the air carriers, including the use of—

(i) foreign aircraft, or sections of foreign aircraft, under lease or charter to the air carriers; and

(ii) the air carriers' reservations systems to the extent practicable;

(C) the exemption is necessary to avoid unreasonable hardship for the traffic in the markets that cannot be accommodated by the air carriers; and

(D) granting the exemption will not result in an unreasonable advantage to any party in a labor dispute where the inability to accommodate traffic in a market is a result of the dispute.

(2) When the Secretary grants an exemption to a foreign air carrier under this subsection, the Secretary shall—

(A) ensure that air transportation that the foreign air carrier provides under the exemption is made available on reasonable terms;

(B) monitor continuously the passenger load factor of air carriers in the market that hold certificates under section 41102 of this title; and

(C) review the exemption at least every 30 days to ensure that the unusual circumstances that established the need for the exemption still exist.

(3) The Secretary may renew an exemption (including renewals) under this subsection for not more than 30 days. An exemption may continue for not more than 5 days after the unusual circumstances that established the need for the exemption cease.

(h) NOTICE AND OPPORTUNITY FOR HEARING.—The Secretary may act under subsections (d) and (f)(3)(B) of this section only after giving the air carrier notice and an opportunity for a hearing.

§ 40110. General procurement authority

(a) GENERAL.—In carrying out this part, the Administrator of the Federal Aviation Administration—

(1) to the extent that amounts are available for obligation, may acquire services or, by condemnation or otherwise, an interest in property, including an interest in airspace immediately adjacent to and needed for airports and other air navigation facilities owned by the United States Government and operated by the Administrator;

(2) may dispose of an interest in property for adequate compensation; and

(3) may construct and improve laboratories and other test facilities.

(b) PURCHASE OF HOUSING UNITS.—

(1) AUTHORITY.—In carrying out this part, the Administrator may purchase a housing unit (including a condominium or a housing unit in a building owned by a cooperative) that is located outside the contiguous United States if the cost of the unit is \$300,000 or less.

(2) ADJUSTMENTS FOR INFLATION.—For fiscal years beginning after September 30, 1997, the Administrator may adjust the dollar amount specified in paragraph (1) to take into account increases in local housing costs.

(3) CONTINUING OBLIGATIONS.—Notwithstanding section 1341 of title 31, the Administrator may purchase a housing unit under paragraph (1) even if there is an obligation thereafter to pay necessary and reasonable fees duly assessed upon such unit, including fees related to operation, maintenance, taxes, and insurance.

(4) CERTIFICATION TO CONGRESS.—The Administrator may purchase a housing unit under paragraph (1) only if, at least 30 days before completing the purchase, the Administrator transmits to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(A) a description of the housing unit and its price;

(B) a certification that the price does not exceed the median price of housing units in the area; and

(C) a certification that purchasing the housing unit is the most cost-beneficial means of providing necessary accommodations in carrying out this part.

(5) PAYMENT OF FEES.—The Administrator may pay, when due, fees resulting from the purchase of a housing unit under this subsection from any amounts made available to the Administrator.

(c) DUTIES AND POWERS.—When carrying out subsection (a) of this section, the Administrator of the Federal Aviation Administration—

(1) is the senior procurement executive referred to in section 16(3) of the Office of Federal Procurement Policy Act (41 U.S.C. 414(3)) for approving the justification for using procedures other than competitive procedures, as required under

section 303(f)(1)(B)(iii) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(f)(1)(B)(iii)); and

(2) may—

(A) notwithstanding section 1341(a)(1) of title 31, lease an interest in property for not more than 20 years;

(B) consider the reasonable probable future use of the underlying land in making an award for a condemnation of an interest in airspace;

(C) construct, or acquire an interest in, a public building (as defined in section 3301(a) of title 40) only under a delegation of authority from the Administrator of General Services;

(D) use procedures other than competitive procedures, as provided under section 303(c) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(c));

(E) use procedures other than competitive procedures only when the property or services needed by the Administrator of the Federal Aviation Administration are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the Administrator; and

(F) dispose of property under subsection (a)(2) of this section, except for airport and airway property and technical equipment used for the special purposes of the Administration, only under sections 121, 123, and 126 and chapter 5 of title 40.

(d) ACQUISITION MANAGEMENT SYSTEM.—

(1) IN GENERAL.—In consultation with such non-governmental experts in acquisition management systems as the Administrator may employ, and notwithstanding provisions of Federal acquisition law, the Administrator shall develop and implement, not later than January 1, 1996, an acquisition management system for the Administration that addresses the unique needs of the agency and, at a minimum, provides for more timely and cost-effective acquisitions of equipment and materials.

(2) APPLICABILITY OF FEDERAL ACQUISITION LAW.—The following provisions of Federal acquisition law shall not apply to the new acquisition management system developed and implemented pursuant to paragraph (1):

(A) Title III of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 252–266).

(B) The Office of Federal Procurement Policy Act (41 U.S.C. 401 et seq.).

(C) The Federal Acquisition Streamlining Act of 1994 (Public Law 103–355).

(D) The Small Business Act (15 U.S.C. 631 et seq.), except that all reasonable opportunities to be awarded contracts shall be provided to small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals.

(E) The Competition in Contracting Act.¹

(F) Subchapter V of chapter 35 of title 31, relating to the procurement protest system.

(G) The Brooks Automatic Data Processing Act (40 U.S.C. 759).

(H) The Federal Acquisition Regulation and any laws not listed in subparagraphs (A) through (G) providing authority to promulgate regulations in the Federal Acquisition Regulation.

(3) CERTAIN PROVISIONS OF THE OFFICE OF FEDERAL PROCUREMENT POLICY ACT.—Notwithstanding paragraph (2)(B), section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) shall apply to the new acquisition management system developed and implemented under paragraph (1) with the following modifications:

(A) Subsections (f) and (g) shall not apply.

(B) Within 90 days after the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, the Administrator shall adopt definitions for the acquisition management system that are consistent with the purpose and intent of the Office of Federal Procurement Policy Act.

(C) After the adoption of those definitions, the criminal, civil, and administrative remedies provided under the Office of Federal Procurement Policy Act apply to the acquisition management system.

(D) In the administration of the acquisition management system, the Administrator may take adverse personnel action under section 27(e)(3)(A)(iv) of the Office of Federal Procurement Policy Act in accordance with the procedures contained in the Administration's personnel management system.

(4) EFFECTIVE DATE.—This subsection shall take effect on April 1, 1996.

(e) PROHIBITION ON RELEASE OF OFFEROR PROPOSALS.—

(1) GENERAL RULE.—Except as provided in paragraph (2), a proposal in the possession or control of the Administrator may not be made available to any person under section 552 of title 5.

(2) EXCEPTION.—Paragraph (1) shall not apply to any portion of a proposal of an offeror the disclosure of which is authorized by the Administrator pursuant to procedures published in the Federal Register. The Administrator shall provide an opportunity for public comment on the procedures for a period of not less than 30 days beginning on the date of such publication in order to receive and consider the views of all interested parties on the procedures. The procedures shall not take effect before the 60th day following the date of such publication.

(3) PROPOSAL DEFINED.—In this subsection, the term “proposal” means information contained in or originating from any proposal, including a technical, management, or cost proposal,

¹ So in law. Should read “Competition and Contracting Act of 1984”. The Competition in Contracting Act of 1984 was repealed by section 5101 of P.L. 104–106 (110 Stat. 680).

submitted by an offeror in response to the requirements of a solicitation for a competitive proposal.

§ 40111. Multiyear procurement contracts for services and related items

(a) GENERAL AUTHORITY.—Notwithstanding section 1341(a)(1)(B) of title 31, the Administrator of the Federal Aviation Administration may make a contract of not more than 5 years for the following types of services and items of supply related to those services for which amounts otherwise would be available for obligation only in the fiscal year for which appropriated:

(1) operation, maintenance, and support of facilities and installations.

(2) operation, maintenance, and modification of aircraft, vehicles, and other highly complex equipment.

(3) specialized training requiring high quality instructor skills, including training of pilots and aircrew members and foreign language training.

(4) base services, including ground maintenance, aircraft refueling, bus transportation, and refuse collection and disposal.

(b) REQUIRED FINDINGS.—The Administrator may make a contract under this section only if the Administrator finds that—

(1) there will be a continuing requirement for the service consistent with current plans for the proposed contract period;

(2) providing the service will require a substantial initial investment in plant or equipment, or will incur a substantial contingent liability for assembling, training, or transporting a specialized workforce; and

(3) the contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operation.

(c) CONSIDERATIONS.—When making a contract under this section, the Administrator shall be guided by the following:

(1) The part of the cost of a plant or equipment amortized as a cost of contract performance may not be more than the ratio between the period of contract performance and the anticipated useful commercial life (instead of physical life) of the plant or equipment, considering the location and specialized nature of the plant or equipment, obsolescence, and other similar factors.

(2) The Administrator shall consider the desirability of—

(A) obtaining an option to renew the contract for a reasonable period of not more than 3 years, at a price that does not include charges for nonrecurring costs already amortized; and

(B) reserving in the Administrator the right, on payment of the unamortized part of the cost of the plant or equipment, to take title to the plant or equipment under appropriate circumstances.

(d) ENDING CONTRACTS.—A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from—

- (1) an appropriation originally available for carrying out the contract;
- (2) an appropriation currently available for procuring the type of service concerned and not otherwise obligated; or
- (3) amounts appropriated for payments to end the contract.

§ 40112. Multiyear procurement contracts for property

(a) GENERAL AUTHORITY.—Notwithstanding section 1341(a)(1)(B) of title 31 and to the extent that amounts otherwise are available for obligation, the Administrator of the Federal Aviation Administration may make a contract of more than one but not more than 5 fiscal years to purchase property, except a contract to construct, alter, or make a major repair or improvement to real property.

(b) REQUIRED FINDINGS.—The Administrator may make a contract under this section if the Administrator finds that—

- (1) the contract will promote the safety or efficiency of the national airspace system and will result in reduced total contract costs;
- (2) the minimum need for the property to be purchased is expected to remain substantially unchanged during the proposed contract period in terms of production rate, procurement rate, and total quantities;
- (3) there is a reasonable expectation that throughout the proposed contract period the Administrator will request appropriations for the contract at the level required to avoid cancellation;
- (4) there is a stable design for the property to be acquired and the technical risks associated with the property are not excessive; and
- (5) the estimates of the contract costs and the anticipated savings from the contract are realistic.

(c) REGULATIONS.—The Administrator shall prescribe regulations for acquiring property under this section to promote the use of contracts under this section in a way that will allow the most efficient use of those contracts. The regulations may provide for a cancellation provision in the contract to the extent the provision is necessary and in the best interest of the United States. The provision may include consideration of recurring and nonrecurring costs of the contractor associated with producing the item to be delivered under the contract. The regulations shall provide that, to the extent practicable—

- (1) to broaden the aviation industrial base—
 - (A) a contract under this section shall be used to seek, retain, and promote the use under that contract of subcontractors, vendors, or suppliers; and
 - (B) on accrual of a payment or other benefit accruing on a contract under this section to a subcontractor, vendor, or supplier participating in the contract, the payment or benefit shall be delivered in the most expeditious way practicable; and
- (2) this section and regulations prescribed under this section may not be carried out in a way that precludes or curtails the existing ability of the Administrator to provide for—

- (A) competition in producing items to be delivered under a contract under this section; or
 - (B) ending a prime contract when performance is deficient with respect to cost, quality, or schedule.
- (d) CONTRACT PROVISIONS.—(1) A contract under this section may—
- (A) be used for the advance procurement of components, parts, and material necessary to manufacture equipment to be used in the national airspace system;
 - (B) provide that performance under the contract after the first year is subject to amounts being appropriated; and
 - (C) contain a negotiated priced option for varying the number of end items to be procured over the period of the contract.
- (2) If feasible and practicable, an advance procurement contract may be made to achieve economic-lot purchases and more efficient production rates.
- (e) CANCELLATION PAYMENT AND NOTICE OF CANCELLATION CEILING.—(1) If a contract under this section provides that performance is subject to an appropriation being made, it also may provide for a cancellation payment to be made to the contractor if the appropriation is not made.
- (2) Before awarding a contract under this section containing a cancellation ceiling of more than \$100,000,000, the Administrator shall give written notice of the proposed contract and cancellation ceiling to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives. The contract may not be awarded until the end of the 30-day period beginning on the date of the notice.
- (f) ENDING CONTRACTS.—A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from—
- (1) an appropriation originally available for carrying out the contract;
 - (2) an appropriation currently available for procuring the type of property concerned and not otherwise obligated; or
 - (3) amounts appropriated for payments to end the contract.

§ 40113. Administrative

(a) GENERAL AUTHORITY.—The Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may take action the Secretary, Under Secretary, or Administrator, as appropriate, considers necessary to carry out this part, including conducting investigations, prescribing regulations, standards, and procedures, and issuing orders.

(b) HAZARDOUS MATERIAL.—In carrying out this part, the Secretary has the same authority to regulate the transportation of hazardous material by air that the Secretary has under section 5103 of this title. However, this subsection does not prohibit or regulate the transportation of a firearm (as defined in section 232 of

title 18) or ammunition for a firearm, when transported by an individual for personal use.

(c) GOVERNMENTAL ASSISTANCE.—The Secretary (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may use the assistance of the Administrator of the National Aeronautics and Space Administration and any research or technical department, agency, or instrumentality of the United States Government on matters related to aircraft fuel and oil, and to the design, material, workmanship, construction, performance, maintenance, and operation of aircraft, aircraft engines, propellers, appliances, and air navigation facilities. Each department, agency, and instrumentality may conduct scientific and technical research, investigations, and tests necessary to assist the Secretary or Administrator of the Federal Aviation Administration in carrying out this part. This part does not authorize duplicating laboratory research activities of a department, agency, or instrumentality.

(d) INDEMNIFICATION.—The Under Secretary of Transportation for Security or the Administrator of the Federal Aviation Administration may indemnify an officer or employee of the Transportation Security Administration or Federal Aviation Administration, as the case may be, against a claim or judgment arising out of an act that the Under Secretary or Administrator, as the case may be, decides was committed within the scope of the official duties of the officer or employee.

(e) ASSISTANCE TO FOREIGN AVIATION AUTHORITIES.—

(1) SAFETY-RELATED TRAINING AND OPERATIONAL SERVICES.—The Administrator may provide safety-related training and operational services to foreign aviation authorities with or without reimbursement, if the Administrator determines that providing such services promotes aviation safety. To the extent practicable, air travel reimbursed under this subsection shall be conducted on United States air carriers.

(2) REIMBURSEMENT SOUGHT.—The Administrator shall actively seek reimbursement for services provided under this subsection from foreign aviation authorities capable of providing such reimbursement.

(3) CREDITING APPROPRIATIONS.—Funds received by the Administrator pursuant to this section shall be credited to the appropriation from which the expenses were incurred in providing such services.

(4) REPORTING.—Not later than December 31, 1995, and annually thereafter, the Administrator shall transmit to Congress a list of the foreign aviation authorities to which the Administrator provided services under this subsection in the preceding fiscal year. Such list shall specify the dollar value of such services and any reimbursement received for such services.

(f) APPLICATION OF CERTAIN REGULATIONS TO ALASKA.—In amending title 14, Code of Federal Regulations, in a manner affecting intrastate aviation in Alaska, the Administrator of the Federal Aviation Administration shall consider the extent to which Alaska is not served by transportation modes other than aviation, and

shall establish such regulatory distinctions as the Administrator considers appropriate.

§ 40114. Reports and records

(a) WRITTEN REPORTS.—(1) Except as provided in this part, the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall make a written report of each proceeding and investigation under this part in which a formal hearing was held and shall provide a copy to each party to the proceeding or investigation. The report shall include the decision, conclusions, order, and requirements of the Secretary or Administrator as appropriate.

(2) The Secretary (or the Administrator with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall have all reports, orders, decisions, and regulations the Secretary or Administrator, as appropriate, issues or prescribes published in the form and way best adapted for public use. A publication of the Secretary or Administrator is competent evidence of its contents.

(b) PUBLIC RECORDS.—Except as provided in subpart II of this part, copies of tariffs and arrangements filed with the Secretary under subpart II, and the statistics, tables, and figures contained in reports made to the Secretary under subpart II, are public records. The Secretary is the custodian of those records. A public record, or a copy or extract of it, certified by the Secretary under the seal of the Department of Transportation is competent evidence in an investigation by the Secretary and in a judicial proceeding.

§ 40115. Withholding information

(a) OBJECTIONS TO DISCLOSURE.—(1) A person may object to the public disclosure of information—

(A) in a record filed under this part; or

(B) obtained under this part by the Secretary of Transportation or State or the United States Postal Service.

(2) An objection must be in writing and must state the reasons for the objection. The Secretary of Transportation or State or the Postal Service shall order the information withheld from public disclosure when the appropriate Secretary or the Postal Service decides that disclosure of the information would—

(A) prejudice the United States Government in preparing and presenting its position in international negotiations; or

(B) have an adverse effect on the competitive position of an air carrier in foreign air transportation.

(b) WITHHOLDING INFORMATION FROM CONGRESS.—This section does not authorize information to be withheld from a committee of Congress authorized to have the information.

§ 40116. State taxation

(a) DEFINITION.—In this section, “State” includes the District of Columbia, a territory or possession of the United States, and a political authority of at least 2 States.

(b) PROHIBITIONS.—Except as provided in subsection (c) of this section and section 40117 of this title, a State, a political subdivision of a State, and any person that has purchased or leased an

airport under section 47134 of this title may not levy or collect a tax, fee, head charge, or other charge on—

- (1) an individual traveling in air commerce;
- (2) the transportation of an individual traveling in air commerce;
- (3) the sale of air transportation; or
- (4) the gross receipts from that air commerce or transportation.

(c) AIRCRAFT TAKING OFF OR LANDING IN STATE.—A State or political subdivision of a State may levy or collect a tax on or related to a flight of a commercial aircraft or an activity or service on the aircraft only if the aircraft takes off or lands in the State or political subdivision as part of the flight.

(d) UNREASONABLE BURDENS AND DISCRIMINATION AGAINST INTERSTATE COMMERCE.—(1) In this subsection—

(A) “air carrier transportation property” means property (as defined by the Secretary of Transportation) that an air carrier providing air transportation owns or uses.

(B) “assessment” means valuation for a property tax levied by a taxing district.

(C) “assessment jurisdiction” means a geographical area in a State used in determining the assessed value of property for ad valorem taxation.

(D) “commercial and industrial property” means property (except transportation property and land used primarily for agriculture or timber growing) devoted to a commercial or industrial use and subject to a property tax levy.

(2)(A) A State, political subdivision of a State, or authority acting for a State or political subdivision may not do any of the following acts because those acts unreasonably burden and discriminate against interstate commerce:

(i) assess air carrier transportation property at a value that has a higher ratio to the true market value of the property than the ratio that the assessed value of other commercial and industrial property of the same type in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(ii) levy or collect a tax on an assessment that may not be made under clause (i) of this subparagraph.

(iii) levy or collect an ad valorem property tax on air carrier transportation property at a tax rate greater than the tax rate applicable to commercial and industrial property in the same assessment jurisdiction.

(iv) levy or collect a tax, fee, or charge, first taking effect after August 23, 1994, exclusively upon any business located at a commercial service airport or operating as a permittee of such an airport other than a tax, fee, or charge wholly utilized for airport or aeronautical purposes.

(B) Subparagraph (A) of this paragraph does not apply to an in lieu tax completely used for airport and aeronautical purposes.

(e) OTHER ALLOWABLE TAXES AND CHARGES.—Except as provided in subsection (d) of this section, a State or political subdivision of a State may levy or collect—

- (1) taxes (except those taxes enumerated in subsection (b) of this section), including property taxes, net income taxes,

franchise taxes, and sales or use taxes on the sale of goods or services; and

(2) reasonable rental charges, landing fees, and other service charges from aircraft operators for using airport facilities of an airport owned or operated by that State or subdivision.

(f) PAY OF AIR CARRIER EMPLOYEES.—(1) In this subsection—

(A) “pay” means money received by an employee for services.

(B) “State” means a State of the United States, the District of Columbia, and a territory or possession of the United States.

(C) an employee is deemed to have earned 50 percent of the employee’s pay in a State or political subdivision of a State in which the scheduled flight time of the employee in the State or subdivision is more than 50 percent of the total scheduled flight time of the employee when employed during the calendar year.

(2) The pay of an employee of an air carrier having regularly assigned duties on aircraft in at least 2 States is subject to the income tax laws of only the following:

(A) the State or political subdivision of the State that is the residence of the employee.

(B) the State or political subdivision of the State in which the employee earns more than 50 percent of the pay received by the employee from the carrier.

(3) Compensation paid by an air carrier to an employee described in subsection (a) in connection with such employee’s authorized leave or other authorized absence from regular duties on the carrier’s aircraft in order to perform services on behalf of the employee’s airline union shall be subject to the income tax laws of only the following:

(A) The State or political subdivision of the State that is the residence of the employee.

(B) The State or political subdivision of the State in which the employee’s scheduled flight time would have been more than 50 percent of the employee’s total scheduled flight time for the calendar year had the employee been engaged full time in the performance of regularly assigned duties on the carrier’s aircraft.

§ 40117. Passenger facility fees

(a) DEFINITIONS.—In this section, the following definitions apply:

(1) AIRPORT, COMMERCIAL SERVICE AIRPORT, AND PUBLIC AGENCY.—The terms “airport”, “commercial service airport”, and “public agency” have the meaning those terms have under section 47102.

(2) ELIGIBLE AGENCY.—The term “eligible agency” means a public agency that controls a commercial service airport.

(3) ELIGIBLE AIRPORT-RELATED PROJECT.—The term “eligible airport-related project” means any of the following projects:

(A) A project for airport development or airport planning under subchapter I of chapter 471.

(B) A project for terminal development described in section 47110(d).

(C) for¹ costs of terminal development referred to in subparagraph (B) incurred after August 1, 1986, at an airport that did not have more than .25 percent of the total annual passenger boardings in the United States in the most recent calendar year for which data is available and at which total passenger boardings declined by at least 16 percent between calendar year 1989 and calendar year 1997;²

(D) A project for airport noise capability planning under section 47505.

(E) A project to carry out noise compatibility measures eligible for assistance under section 47504, whether or not a program for those measures has been approved under section 47504.

(F) A project for constructing gates and related areas at which passengers board or exit aircraft. In the case of a project required to enable additional air service by an air carrier with less than 50 percent of the annual passenger boardings at an airport, the project for constructing gates and related areas may include structural foundations and floor systems, exterior building walls and load-bearing interior columns or walls, windows, door and roof systems, building utilities (including heating, air conditioning, ventilation, plumbing, and electrical service), and aircraft fueling facilities adjacent to the gate.

(4) PASSENGER FACILITY FEE.—The term “passenger facility fee” means a fee imposed under this section.

(5) PASSENGER FACILITY REVENUE.—The term “passenger facility revenue” means revenue derived from a passenger facility fee.

(b) GENERAL AUTHORITY.—(1) The Secretary of Transportation may authorize under this section an eligible agency to impose a passenger facility fee of \$1, \$2, or \$3 on each paying passenger of an air carrier or foreign air carrier boarding an aircraft at an airport the agency controls to finance an eligible airport-related project, including making payments for debt service on indebtedness incurred to carry out the project, to be carried out in connection with the airport or any other airport the agency controls.

(2) A State, political subdivision of a State, or authority of a State or political subdivision that is not the eligible agency may not regulate or prohibit the imposition or collection of a passenger facility fee or the use of the passenger facility revenue.

(3) A passenger facility fee may be imposed on a passenger of an air carrier or foreign air carrier originating or connecting at the commercial service airport that the agency controls.

(4) In lieu of authorizing a fee under paragraph (1), the Secretary may authorize under this section an eligible agency to impose a passenger facility fee of \$4.00 or \$4.50 on each paying passenger of an air carrier or foreign air carrier boarding an aircraft at an airport the agency controls to finance an eligible airport-related project, including making payments for debt service on in-

debtedness incurred to carry out the project, if the Secretary finds—

(A) in the case of an airport that has more than .25 percent of the total number of annual boardings in the United States, that the project will make a significant contribution to improving air safety and security, increasing competition among air carriers, reducing current or anticipated congestion, or reducing the impact of aviation noise on people living near the airport; and

(B) that the project cannot be paid for from funds reasonably expected to be available for the programs referred to in section 48103.

(c) APPLICATIONS.—(1) An eligible agency must submit to the Secretary an application for authority to impose a passenger facility fee. The application shall contain information and be in the form that the Secretary may require by regulation.

(2) Before submitting an application, the eligible agency must provide reasonable notice to, and an opportunity for consultation with, air carriers and foreign air carriers operating at the airport. The Secretary shall prescribe regulations that define reasonable notice and contain at least the following requirements:

(A) The agency must provide written notice of individual projects being considered for financing by a passenger facility fee and the date and location of a meeting to present the projects to air carriers and foreign air carriers operating at the airport.

(B) Not later than 30 days after written notice is provided under subparagraph (A) of this paragraph, each air carrier and foreign air carrier operating at the airport must provide to the agency written notice of receipt of the notice. Failure of a carrier to provide the notice may be deemed certification of agreement with the project by the carrier under subparagraph (D) of this paragraph.

(C) Not later than 45 days after written notice is provided under subparagraph (A) of this paragraph, the agency must conduct a meeting to provide air carriers and foreign air carriers with descriptions of projects and justifications and a detailed financial plan for projects.

(D) Not later than 30 days after the meeting, each air carrier and foreign air carrier must provide to the agency certification of agreement or disagreement with projects (or total plan for the projects). Failure to provide the certification is deemed certification of agreement with the project by the carrier. A certification of disagreement is void if it does not contain the reasons for the disagreement.

(3) After receiving an application, the Secretary shall provide notice and an opportunity to air carriers, foreign air carriers, and other interested persons to comment on the application. The Secretary shall make a final decision on the application not later than 120 days after receiving it.

(d) LIMITATIONS ON APPROVING APPLICATIONS.—The Secretary may approve an application that an eligible agency has submitted under subsection (c) of this section to finance a specific project only if the Secretary finds, based on the application, that—

(1) the amount and duration of the proposed passenger facility fee will result in revenue (including interest and other returns on the revenue) that is not more than the amount necessary to finance the specific project;

(2) each project is an eligible airport-related project that will—

(A) preserve or enhance capacity, safety, or security of the national air transportation system;

(B) reduce noise resulting from an airport that is part of the system; or

(C) provide an opportunity for enhanced competition between or among air carriers and foreign air carriers;

(3) the application includes adequate justification for each of the specific projects; and

(4) in the case of an application to impose a fee of more than \$3.00 for an eligible surface transportation or terminal project, the agency has made adequate provision for financing the airside needs of the airport, including runways, taxiways, aprons, and aircraft gates.

(e) LIMITATIONS ON IMPOSING FEES.—(1) An eligible agency may impose a passenger facility fee only—

(A) if the Secretary approves an application that the agency has submitted under subsection (c) of this section; and

(B) subject to terms the Secretary may prescribe to carry out the objectives of this section.

(2) A passenger facility fee may not be collected from a passenger—

(A) for more than 2 boardings on a one-way trip or a trip in each direction of a round trip;

(B) for the boarding to an eligible place under subchapter II of chapter 417 of this title for which essential air service compensation is paid under subchapter II;

(C) enplaning at an airport if the passenger did not pay for the air transportation which resulted in such enplanement, including any case in which the passenger obtained the ticket for the air transportation with a frequent flier award coupon without monetary payment.¹

(D) on flights, including flight segments, between 2 or more points in Hawaii; and

(E) in Alaska aboard an aircraft having a seating capacity of less than 60 passengers.

(f) LIMITATIONS ON CONTRACTS, LEASES, AND USE AGREEMENTS.—(1) A contract between an air carrier or foreign air carrier and an eligible agency made at any time may not impair the authority of the agency to impose a passenger facility fee or to use the passenger facility revenue as provided in this section.

(2) A project financed with a passenger facility fee may not be subject to an exclusive long-term lease or use agreement of an air carrier or foreign air carrier, as defined by regulations of the Secretary.

(3) A lease or use agreement of an air carrier or foreign air carrier related to a project whose construction or expansion was fi-

nanced with a passenger facility fee may not restrict the eligible agency from financing, developing, or assigning new capacity at the airport with passenger facility revenue.

(g) TREATMENT OF REVENUE.—(1) Passenger facility revenue is not airport revenue for purposes of establishing a price under a contract between an eligible agency and an air carrier or foreign air carrier.

(2) An eligible agency may not include in its price base the part of the capital costs of a project paid for by using passenger facility revenue to establish a price under a contract between the agency and an air carrier or foreign air carrier.

(3) For a project for terminal development, gates and related areas, or a facility occupied or used by at least one air carrier or foreign air carrier on an exclusive or preferential basis, a price payable by an air carrier or foreign air carrier using the facilities must at least equal the price paid by an air carrier or foreign air carrier using a similar facility at the airport that was not financed with passenger facility revenue.

(4) Passenger facility revenues that are held by an air carrier or an agent of the carrier after collection of a passenger facility fee constitute a trust fund that is held by the air carrier or agent for the beneficial interest of the eligible agency imposing the fee. Such carrier or agent holds neither legal nor equitable interest in the passenger facility revenues except for any handling fee or retention of interest collected on unremitted proceeds as may be allowed by the Secretary.

(h) COMPLIANCE.—(1) As necessary to ensure compliance with this section, the Secretary shall prescribe regulations requiring recordkeeping and auditing of accounts maintained by an air carrier or foreign air carrier and its agent collecting a passenger facility fee and by the eligible agency imposing the fee.

(2) The Secretary periodically shall audit and review the use by an eligible agency of passenger facility revenue. After review and a public hearing, the Secretary may end any part of the authority of the agency to impose a passenger facility fee to the extent the Secretary decides that the revenue is not being used as provided in this section.

(3) The Secretary may set off amounts necessary to ensure compliance with this section against amounts otherwise payable to an eligible agency under subchapter I of chapter 471 of this title if the Secretary decides a passenger facility fee is excessive or that passenger facility revenue is not being used as provided in this section.

(i) REGULATIONS.—The Secretary shall prescribe regulations necessary to carry out this section. The regulations—

(1) may prescribe the time and form by which a passenger facility fee takes effect;

(2) shall—

(A) require an air carrier or foreign air carrier and its agent to collect a passenger facility fee that an eligible agency imposes under this section;

(B) establish procedures for handling and remitting money collected;

(C) ensure that the money, less a uniform amount the Secretary determines reflects the average necessary and

reasonable expenses (net of interest accruing to the carrier and agent after collection and before remittance) incurred in collecting and handling the fee, is paid promptly to the eligible agency for which they are collected; and

(D) require that the amount collected for any air transportation be noted on the ticket for that air transportation; and

(3) may permit an eligible agency to request that collection of a passenger facility fee be waived for—

(A) passengers enplaned by any class of air carrier or foreign air carrier if the number of passengers enplaned by the carriers in the class constitutes not more than one percent of the total number of passengers enplaned annually at the airport at which the fee is imposed; or

(B) passengers enplaned on a flight to an airport—

(i) that has fewer than 2,500 passenger boardings each year and receives scheduled passenger service; or

(ii) in a community which has a population of less than 10,000 and is not connected by a land highway or vehicular way to the land-connected National Highway System within a State.

(j) **LIMITATION ON CERTAIN ACTIONS.**—A State, political subdivision of a State, or authority of a State or political subdivision that is not the eligible agency may not tax, regulate, or prohibit or otherwise attempt to control in any manner, the imposition or collection of a passenger facility fee or the use of the revenue from the passenger facility fee.

(k) **COMPETITION PLANS.**—

(1) **IN GENERAL.**—Beginning in fiscal year 2001, no eligible agency may impose a passenger facility fee under this section with respect to a covered airport (as such term is defined in section 47106(f)) unless the agency has submitted to the Secretary a written competition plan in accordance with such section. This subsection does not apply to passenger facility fees in effect before the date of the enactment of this subsection.

(2) **SECRETARY SHALL ENSURE IMPLEMENTATION AND COMPLIANCE.**—The Secretary shall review any plan submitted under paragraph (1) to ensure that it meets the requirements of this section, and shall review its implementation from time-to-time to ensure that each covered airport successfully implements its plan.

§ 40118. Government-financed air transportation

(a) **TRANSPORTATION BY AIR CARRIERS HOLDING CERTIFICATES.**—A department, agency, or instrumentality of the United States Government shall take necessary steps to ensure that the transportation of passengers and property by air is provided by an air carrier holding a certificate under section 41102 of this title if—

(1) the department, agency, or instrumentality—

(A) obtains the transportation for itself or in carrying out an arrangement under which payment is made by the Government or payment is made from amounts provided for the use of the Government; or

- (B) provides the transportation to or for a foreign country or international or other organization without reimbursement;
- (2) the transportation is authorized by the certificate or by regulation or exemption of the Secretary of Transportation; and
- (3) the air carrier is—
- (A) available, if the transportation is between a place in the United States and a place outside the United States; or
- (B) reasonably available, if the transportation is between 2 places outside the United States.
- (b) TRANSPORTATION BY FOREIGN AIR CARRIERS.—This section does not preclude the transportation of passengers and property by a foreign air carrier if the transportation is provided under a bilateral or multilateral air transportation agreement to which the Government and the government of a foreign country are parties if the agreement—
- (1) is consistent with the goals for international aviation policy of section 40101(e) of this title; and
- (2) provides for the exchange of rights or benefits of similar magnitude.
- (c) PROOF.—The Administrator of General Services shall prescribe regulations under which agencies may allow the expenditure of an appropriation for transportation in violation of this section only when satisfactory proof is presented showing the necessity for the transportation.
- (d) CERTAIN TRANSPORTATION BY AIR OUTSIDE THE UNITED STATES.—Notwithstanding subsections (a) and (c) of this section, any amount appropriated to the Secretary of State or the Administrator of the Agency for International Development may be used to pay for the transportation of an officer or employee of the Department of State or one of those agencies, a dependent of the officer or employee, and accompanying baggage, by a foreign air carrier when the transportation is between 2 places outside the United States.
- (e) RELATIONSHIP TO OTHER LAWS.—This section does not affect the application of the antidiscrimination provisions of this part.
- (f) PROHIBITION OF CERTIFICATION OR CONTRACT CLAUSE.—(1) No certification by a contractor, and no contract clause, may be required in the case of a contract for the transportation of commercial items in order to implement a requirement in this section.
- (2) In paragraph (1), the term “commercial item” has the meaning given such term in section 4(12) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(12)).

§ 40119. Security and research and development activities

(a) GENERAL REQUIREMENTS.—The Under Secretary of Transportation for Security and the Administrator of the Federal Aviation Administration each shall conduct research (including behavioral research) and development activities appropriate to develop, modify, test, and evaluate a system, procedure, facility, or device to protect passengers and property against acts of criminal violence, aircraft piracy, and terrorism and to ensure security.

(b) DISCLOSURE.—(1) Notwithstanding section 552 of title 5 and the establishment of a Department of Homeland Security, the Secretary of Transportation shall prescribe regulations prohibiting disclosure of information obtained or developed in ensuring security under this title if the Secretary of Transportation decides disclosing the information would—

- (A) be an unwarranted invasion of personal privacy;
- (B) reveal a trade secret or privileged or confidential commercial or financial information; or
- (C) be detrimental to transportation safety.

(2) Paragraph (1) of this subsection does not authorize information to be withheld from a committee of Congress authorized to have the information.

(c) TRANSFERS OF DUTIES AND POWERS PROHIBITED.—Except as otherwise provided by law, the Under Secretary may not transfer a duty or power under this section to another department, agency, or instrumentality of the United States Government.

§ 40120. Relationship to other laws

(a) NONAPPLICATION.—Except as provided in the International Navigational Rules Act of 1977 (33 U.S.C. 1601 et seq.), the navigation and shipping laws of the United States and the rules for the prevention of collisions do not apply to aircraft or to the navigation of vessels related to those aircraft.

(b) EXTENDING APPLICATION OUTSIDE UNITED STATES.—The President may extend (in the way and for periods the President considers necessary) the application of this part to outside the United States when—

- (1) an international arrangement gives the United States Government authority to make the extension; and
- (2) the President decides the extension is in the national interest.

(c) ADDITIONAL REMEDIES.—A remedy under this part is in addition to any other remedies provided by law.

§ 40121. Air traffic control modernization reviews

(a) REQUIRED TERMINATIONS OF ACQUISITIONS.—The Administrator of the Federal Aviation Administration shall terminate any acquisition program initiated after the date of the enactment of the Air Traffic Management System Performance Improvement Act of 1996 and funded under the Facilities and Equipment account that—

- (1) is more than 50 percent over the cost goal established for the program;
- (2) fails to achieve at least 50 percent of the performance goals established for the program; or
- (3) is more than 50 percent behind schedule as determined in accordance with the schedule goal established for the program.

(b) AUTHORIZED TERMINATION OF ACQUISITION PROGRAMS.—The Administrator shall consider terminating, under the authority of subsection (a), any substantial acquisition program that—

- (1) is more than 10 percent over the cost goal established for the program;

(2) fails to achieve at least 90 percent of the performance goals established for the program; or

(3) is more than 10 percent behind schedule as determined in accordance with the schedule goal established for the program.

(c) EXCEPTIONS AND REPORT.—

(1) CONTINUANCE OF PROGRAM, ETC.—Notwithstanding subsection (a), the Administrator may continue an acquisitions program required to be terminated under subsection (a) if the Administrator determines that termination would be inconsistent with the development or operation of the national air transportation system in a safe and efficient manner.

(2) DEPARTMENT OF DEFENSE.—The Department of Defense shall have the same exemptions from acquisition laws as are waived by the Administrator under section 40110(d)(2) of this title when engaged in joint actions to improve or replenish the national air traffic control system. The Administration may acquire real property, goods, and services through the Department of Defense, or other appropriate agencies, but is bound by the acquisition laws and regulations governing those cases.

(3) REPORT.—If the Administrator makes a determination under paragraph (1), the Administrator shall transmit a copy of the determination, together with a statement of the basis for the determination, to the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives.

§ 40122. Federal Aviation Administration personnel management system

(a) IN GENERAL.—

(1) CONSULTATION AND NEGOTIATION.—In developing and making changes to the personnel management system initially implemented by the Administrator of the Federal Aviation Administration on April 1, 1996, the Administrator shall negotiate with the exclusive bargaining representatives of employees of the Administration certified under section 7111 of title 5 and consult with other employees of the Administration.

(2) MEDIATION.—If the Administrator does not reach an agreement under paragraph (1) with the exclusive bargaining representatives, the services of the Federal Mediation and Conciliation Service shall be used to attempt to reach such agreement. If the services of the Federal Mediation and Conciliation Service do not lead to an agreement, the Administrator's proposed change to the personnel management system shall not take effect until 60 days have elapsed after the Administrator has transmitted the proposed change, along with the objections of the exclusive bargaining representatives to the change, and the reasons for such objections, to Congress. The 60-day period shall not include any period during which Congress has adjourned sine die.

(3) COST SAVINGS AND PRODUCTIVITY GOALS.—The Administration and the exclusive bargaining representatives of the employees shall use every reasonable effort to find cost savings

and to increase productivity within each of the affected bargaining units.

(4) ANNUAL BUDGET DISCUSSIONS.—The Administration and the exclusive bargaining representatives of the employees shall meet annually for the purpose of finding additional cost savings within the Administration's annual budget as it applies to each of the affected bargaining units and throughout the agency.

(b) EXPERT EVALUATION.—On the date that is 3 years after the personnel management system is implemented, the Administration shall employ outside experts to provide an independent evaluation of the effectiveness of the system within 3 months after such date. For this purpose, the Administrator may utilize the services of experts and consultants under section 3109 of title 5 without regard to the limitation imposed by the last sentence of section 3109(b) of such title, and may contract on a sole source basis, notwithstanding any other provision of law to the contrary.

(c) PAY RESTRICTION.—No officer or employee of the Administration may receive an annual rate of basic pay in excess of the annual rate of basic pay payable to the Administrator.

(e) EMPLOYEE PROTECTIONS.—Until July 1, 1999, basic wages (including locality pay) and operational differential pay provided employees of the Administration shall not be involuntarily adversely affected by reason of the enactment of this section, except for unacceptable performance or by reason of a reduction in force or reorganization or by agreement between the Administration and the affected employees' exclusive bargaining representative.

(f) LABOR-MANAGEMENT AGREEMENTS.—Except as otherwise provided by this title, all labor-management agreements covering employees of the Administration that are in effect on the effective date of the Air Traffic Management System Performance Improvement Act of 1996 shall remain in effect until their normal expiration date, unless the Administrator and the exclusive bargaining representative agree to the contrary.

(g) PERSONNEL MANAGEMENT SYSTEM.—

(1) IN GENERAL.—In consultation with the employees of the Administration and such non-governmental experts in personnel management systems as he may employ, and notwithstanding the provisions of title 5 and other Federal personnel laws, the Administrator shall develop and implement, not later than January 1, 1996, a personnel management system for the Administration that addresses the unique demands on the agency's workforce. Such a new system shall, at a minimum, provide for greater flexibility in the hiring, training, compensation, and location of personnel.

(2) APPLICABILITY OF TITLE 5.—The provisions of title 5 shall not apply to the new personnel management system developed and implemented pursuant to paragraph (1), with the exception of—

(A) section 2302(b), relating to whistleblower protection, including the provisions for investigation and enforcement as provided in chapter 12 of title 5;

(B) sections 3308–3320, relating to veterans' preference;

(3) APPEALS TO MERIT SYSTEMS PROTECTION BOARD.—Under the new personnel management system developed and implemented under paragraph (1), an employee of the Administration may submit an appeal to the Merit Systems Protection Board and may seek judicial review of any resulting final orders or decisions of the Board from any action that was appealable to the Board under any law, rule, or regulation as of March 31, 1996.

(4) EFFECTIVE DATE.—This subsection shall take effect on April 1, 1996.

(h) RIGHT TO CONTEST ADVERSE PERSONNEL ACTIONS.—An employee of the Federal Aviation Administration who is the subject of a major adverse personnel action may contest the action either through any contractual grievance procedure that is applicable to the employee as a member of the collective bargaining unit or through the Administration's internal process relating to review of major adverse personnel actions of the Administration, known as Guaranteed Fair Treatment, or under section 40122(g)(3).

(i) ELECTION OF FORUM.—Where a major adverse personnel action may be contested through more than one of the indicated forums (such as the contractual grievance procedure, the Federal Aviation Administration's internal process, or that of the Merit Systems Protection Board), an employee must elect the forum through which the matter will be contested. Nothing in this section is intended to allow an employee to contest an action through more than one forum unless otherwise allowed by law.

(j) DEFINITION.—In this section, the term “major adverse personnel action” means a suspension of more than 14 days, a reduction in pay or grade, a removal for conduct or performance, a non-disciplinary removal, a furlough of 30 days or less (but not including placement in a nonpay status as the result of a lapse of appropriations or an enactment by Congress), or a reduction in force action.

§ 40123. Protection of voluntarily submitted information

(a) IN GENERAL.—Notwithstanding any other provision of law, neither the Administrator of the Federal Aviation Administration, nor any agency receiving information from the Administrator, shall

disclose voluntarily-provided safety or security related information if the Administrator finds that—

(1) the disclosure of the information would inhibit the voluntary provision of that type of information and that the receipt of that type of information aids in fulfilling the Administrator's safety and security responsibilities; and

(2) withholding such information from disclosure would be consistent with the Administrator's safety and security responsibilities.

(b) REGULATIONS.—The Administrator shall issue regulations to carry out this section.

§ 40124. Interstate agreements for airport facilities

Congress consents to a State making an agreement, not in conflict with a law of the United States, with another State to develop or operate an airport facility.

§ 40125. Qualifications for public aircraft status

(a) DEFINITIONS.—In this section, the following definitions apply:

(1) COMMERCIAL PURPOSES.—The term “commercial purposes” means the transportation of persons or property for compensation or hire, but does not include the operation of an aircraft by the armed forces for reimbursement when that reimbursement is required by any Federal statute, regulation, or directive, in effect on November 1, 1999, or by one government on behalf of another government under a cost reimbursement agreement if the government on whose behalf the operation is conducted certifies to the Administrator of the Federal Aviation Administration that the operation is necessary to respond to a significant and imminent threat to life or property (including natural resources) and that no service by a private operator is reasonably available to meet the threat.

(2) GOVERNMENTAL FUNCTION.—The term “governmental function” means an activity undertaken by a government, such as national defense, intelligence missions, firefighting, search and rescue, law enforcement (including transport of prisoners, detainees, and illegal aliens), aeronautical research, or biological or geological resource management.

(3) QUALIFIED NON-CREWMEMBER.—The term “qualified non-crewmember” means an individual, other than a member of the crew, aboard an aircraft—

(A) operated by the armed forces or an intelligence agency of the United States Government; or

(B) whose presence is required to perform, or is associated with the performance of, a governmental function.

(4) ARMED FORCES.—The term “armed forces” has the meaning given such term by section 101 of title 10.

(b) AIRCRAFT OWNED BY GOVERNMENTS.—An aircraft described in subparagraph (A), (B), (C), or (D) of section 40102(a)(37) does not qualify as a public aircraft under such section when the aircraft is used for commercial purposes or to carry an individual other than a crewmember or a qualified non-crewmember.

(c) AIRCRAFT OWNED OR OPERATED BY THE ARMED FORCES.—

(1) IN GENERAL.—Subject to paragraph (2), an aircraft described in section 40102(a)(37)(E) qualifies as a public aircraft if—

(A) the aircraft is operated in accordance with title 10;

(B) the aircraft is operated in the performance of a governmental function under title 14, 31, 32, or 50 and the aircraft is not used for commercial purposes; or

(C) the aircraft is chartered to provide transportation to the armed forces and the Secretary of Defense (or the Secretary of the department in which the Coast Guard is operating) designates the operation of the aircraft as being required in the national interest.

(2) LIMITATION.—An aircraft that meets the criteria set forth in paragraph (1) and that is owned or operated by the National Guard of a State, the District of Columbia, or any territory or possession of the United States, qualifies as a public aircraft only to the extent that it is operated under the direct control of the Department of Defense.

§ 40126. Severable services contracts for periods crossing fiscal years

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration may enter into a contract for procurement of severable services for a period that begins in 1 fiscal year and ends in the next fiscal year if (without regard to any option to extend the period of the contract) the contract period does not exceed 1 year.

(b) OBLIGATION OF FUNDS.—Funds made available for a fiscal year may be obligated for the total amount of a contract entered into under the authority of subsection (a).

§ 40127. Prohibitions on discrimination

(a) PERSONS IN AIR TRANSPORTATION.—An air carrier or foreign air carrier may not subject a person in air transportation to discrimination on the basis of race, color, national origin, religion, sex, or ancestry.

(b) USE OF PRIVATE AIRPORTS.—Notwithstanding any other provision of law, no State or local government may prohibit the use or full enjoyment of a private airport within its jurisdiction by any person on the basis of that person's race, color, national origin, religion, sex, or ancestry.

§ 40128. Overflights of national parks

(a) IN GENERAL.—

(1) GENERAL REQUIREMENTS.—A commercial air tour operator may not conduct commercial air tour operations over a national park or tribal lands except—

(A) in accordance with this section;

(B) in accordance with conditions and limitations prescribed for that operator by the Administrator; and

(C) in accordance with any applicable air tour management plan for the park or tribal lands.

(2) APPLICATION FOR OPERATING AUTHORITY.—

(A) APPLICATION REQUIRED.—Before commencing commercial air tour operations over a national park or tribal lands, a commercial air tour operator shall apply to the

Administrator for authority to conduct the operations over the park or tribal lands.

(B) COMPETITIVE BIDDING FOR LIMITED CAPACITY PARKS.—Whenever an air tour management plan limits the number of commercial air tour operations over a national park during a specified time frame, the Administrator, in cooperation with the Director, shall issue operation specifications to commercial air tour operators that conduct such operations. The operation specifications shall include such terms and conditions as the Administrator and the Director find necessary for management of commercial air tour operations over the park. The Administrator, in cooperation with the Director, shall develop an open competitive process for evaluating proposals from persons interested in providing commercial air tour operations over the park. In making a selection from among various proposals submitted, the Administrator, in cooperation with the Director, shall consider relevant factors, including—

- (i) the safety record of the person submitting the proposal or pilots employed by the person;
- (ii) any quiet aircraft technology proposed to be used by the person submitting the proposal;
- (iii) the experience of the person submitting the proposal with commercial air tour operations over other national parks or scenic areas;
- (iv) the financial capability of the person submitting the proposal;
- (v) any training programs for pilots provided by the person submitting the proposal; and
- (vi) responsiveness of the person submitting the proposal to any relevant criteria developed by the National Park Service for the affected park.

(C) NUMBER OF OPERATIONS AUTHORIZED.—In determining the number of authorizations to issue to provide commercial air tour operations over a national park, the Administrator, in cooperation with the Director, shall take into consideration the provisions of the air tour management plan, the number of existing commercial air tour operators and current level of service and equipment provided by any such operators, and the financial viability of each commercial air tour operation.

(D) COOPERATION WITH NPS.—Before granting an application under this paragraph, the Administrator, in cooperation with the Director, shall develop an air tour management plan in accordance with subsection (b) and implement such plan.

(E) TIME LIMIT ON RESPONSE TO ATMP APPLICATIONS.—The Administrator shall make every effort to act on any application under this paragraph and issue a decision on the application not later than 24 months after it is received or amended.

(F) PRIORITY.—In acting on applications under this paragraph to provide commercial air tour operations over a national park, the Administrator shall give priority to an application under this paragraph in any case in which a

new entrant commercial air tour operator is seeking operating authority with respect to that national park.

(3) EXCEPTION.—Notwithstanding paragraph (1), commercial air tour operators may conduct commercial air tour operations over a national park under part 91 of the title 14, Code of Federal Regulations if—

(A) such activity is permitted under part 119 of such title;

(B) the operator secures a letter of agreement from the Administrator and the national park superintendent for that national park describing the conditions under which the operations will be conducted; and

(C) the total number of operations under this exception is limited to not more than five flights in any 30-day period over a particular park.

(4) SPECIAL RULE FOR SAFETY REQUIREMENTS.—Notwithstanding subsection (c), an existing commercial air tour operator shall apply, not later than 90 days after the date of the enactment of this section, for operating authority under part 119, 121, or 135 of title 14, Code of Federal Regulations. A new entrant commercial air tour operator shall apply for such authority before conducting commercial air tour operations over a national park or tribal lands. The Administrator shall make every effort to act on any such application for a new entrant and issue a decision on the application not later than 24 months after it is received or amended.

(b) AIR TOUR MANAGEMENT PLANS.—

(1) ESTABLISHMENT.—

(A) IN GENERAL.—The Administrator, in cooperation with the Director, shall establish an air tour management plan for any national park or tribal land for which such a plan is not in effect whenever a person applies for authority to conduct a commercial air tour operation over the park. The air tour management plan shall be developed by means of a public process in accordance with paragraph (4).

(B) OBJECTIVE.—The objective of any air tour management plan shall be to develop acceptable and effective measures to mitigate or prevent the significant adverse impacts, if any, of commercial air tour operations upon the natural and cultural resources, visitor experiences, and tribal lands.

(2) ENVIRONMENTAL DETERMINATION.—In establishing an air tour management plan under this subsection, the Administrator and the Director shall each sign the environmental decision document required by section 102 of the National Environmental Policy Act of 1969 (42 U.S.C. 4332) which may include a finding of no significant impact, an environmental assessment, or an environmental impact statement and the record of decision for the air tour management plan.

(3) CONTENTS.—An air tour management plan for a national park—

(A) may prohibit commercial air tour operations in whole or in part;

(B) may establish conditions for the conduct of commercial air tour operations, including commercial air tour routes, maximum or minimum altitudes, time-of-day restrictions, restrictions for particular events, maximum number of flights per unit of time, intrusions on privacy on tribal lands, and mitigation of noise, visual, or other impacts;

(C) shall apply to all commercial air tour operations within $\frac{1}{2}$ mile outside the boundary of a national park;

(D) shall include incentives (such as preferred commercial air tour routes and altitudes, relief from caps and curfews) for the adoption of quiet aircraft technology by commercial air tour operators conducting commercial air tour operations at the park;

(E) shall provide for the initial allocation of opportunities to conduct commercial air tour operations if the plan includes a limitation on the number of commercial air tour operations for any time period; and

(F) shall justify and document the need for measures taken pursuant to subparagraphs (A) through (E) and include such justifications in the record of decision.

(4) PROCEDURE.—In establishing an air tour management plan for a national park or tribal lands, the Administrator and the Director shall—

(A) hold at least one public meeting with interested parties to develop the air tour management plan;

(B) publish the proposed plan in the Federal Register for notice and comment and make copies of the proposed plan available to the public;

(C) comply with the regulations set forth in sections 1501.3 and 1501.5 through 1501.8 of title 40, Code of Federal Regulations (for purposes of complying with the regulations, the Federal Aviation Administration shall be the lead agency and the National Park Service is a cooperating agency); and

(D) solicit the participation of any Indian tribe whose tribal lands are, or may be, overflown by aircraft involved in a commercial air tour operation over the park or tribal lands to which the plan applies, as a cooperating agency under the regulations referred to in subparagraph (C).

(5) JUDICIAL REVIEW.—An air tour management plan developed under this subsection shall be subject to judicial review.

(6) AMENDMENTS.—The Administrator, in cooperation with the Director, may make amendments to an air tour management plan. Any such amendments shall be published in the Federal Register for notice and comment. A request for amendment of an air tour management plan shall be made in such form and manner as the Administrator may prescribe.

(c) INTERIM OPERATING AUTHORITY.—

(1) IN GENERAL.—Upon application for operating authority, the Administrator shall grant interim operating authority under this subsection to a commercial air tour operator for commercial air tour operations over a national park or tribal

lands for which the operator is an existing commercial air tour operator.

(2) REQUIREMENTS AND LIMITATIONS.—Interim operating authority granted under this subsection—

(A) shall provide annual authorization only for the greater of—

(i) the number of flights used by the operator to provide the commercial air tour operations within the 12-month period prior to the date of the enactment of this section; or

(ii) the average number of flights per 12-month period used by the operator to provide such operations within the 36-month period prior to such date of enactment, and, for seasonal operations, the number of flights so used during the season or seasons covered by that 12-month period;

(B) may not provide for an increase in the number of commercial air tour operations conducted during any time period by the commercial air tour operator above the number that the air tour operator was originally granted unless such an increase is agreed to by the Administrator and the Director;

(C) shall be published in the Federal Register to provide notice and opportunity for comment;

(D) may be revoked by the Administrator for cause;

(E) shall terminate 180 days after the date on which an air tour management plan is established for the park or tribal lands;

(F) shall promote protection of national park resources, visitor experiences, and tribal lands;

(G) shall promote safe commercial air tour operations;

(H) shall promote the adoption of quiet technology, as appropriate; and

(I) shall allow for modifications of the interim operating authority based on experience if the modification improves protection of national park resources and values and of tribal lands.

(3) NEW ENTRANT AIR TOUR OPERATORS.—

(A) IN GENERAL.—The Administrator, in cooperation with the Director, may grant interim operating authority under this paragraph to an air tour operator for a national park or tribal lands for which that operator is a new entrant air tour operator if the Administrator determines the authority is necessary to ensure competition in the provision of commercial air tour operations over the park or tribal lands.

(B) SAFETY LIMITATION.—The Administrator may not grant interim operating authority under subparagraph (A) if the Administrator determines that it would create a safety problem at the park or on the tribal lands, or the Director determines that it would create a noise problem at the park or on the tribal lands.

(C) ATMP LIMITATION.—The Administrator may grant interim operating authority under subparagraph (A) of this paragraph only if the air tour management plan for the

park or tribal lands to which the application relates has not been developed within 24 months after the date of the enactment of this section.

(d) EXEMPTIONS.—This section shall not apply to—

- (1) the Grand Canyon National Park; or
- (2) tribal lands within or abutting the Grand Canyon National Park.

(e) LAKE MEAD.—This section shall not apply to any air tour operator while flying over or near the Lake Mead National Recreation Area, solely as a transportation route, to conduct an air tour over the Grand Canyon National Park.

(f) DEFINITIONS.—In this section, the following definitions apply:

(1) COMMERCIAL AIR TOUR OPERATOR.—The term “commercial air tour operator” means any person who conducts a commercial air tour operation.

(2) EXISTING COMMERCIAL AIR TOUR OPERATOR.—The term “existing commercial air tour operator” means a commercial air tour operator that was actively engaged in the business of providing commercial air tour operations over a national park at any time during the 12-month period ending on the date of the enactment of this section.

(4) COMMERCIAL AIR TOUR OPERATION.—

(A) IN GENERAL.—The term “commercial air tour operation” means any flight, conducted for compensation or hire in a powered aircraft where a purpose of the flight is sightseeing over a national park, within $\frac{1}{2}$ mile outside the boundary of any national park, or over tribal lands, during which the aircraft flies—

(i) below a minimum altitude, determined by the Administrator in cooperation with the Director, above ground level (except solely for purposes of takeoff or landing, or necessary for safe operation of an aircraft as determined under the rules and regulations of the Federal Aviation Administration requiring the pilot-in-command to take action to ensure the safe operation of the aircraft); or

(ii) less than 1 mile laterally from any geographic feature within the park (unless more than $\frac{1}{2}$ mile outside the boundary).

(B) FACTORS TO CONSIDER.—In making a determination of whether a flight is a commercial air tour operation for purposes of this section, the Administrator may consider—

(i) whether there was a holding out to the public of willingness to conduct a sightseeing flight for compensation or hire;

- (ii) whether a narrative that referred to areas or points of interest on the surface below the route of the flight was provided by the person offering the flight;
- (iii) the area of operation;
- (iv) the frequency of flights conducted by the person offering the flight;
- (v) the route of flight;
- (vi) the inclusion of sightseeing flights as part of any travel arrangement package offered by the person offering the flight;

- (viii) any other factors that the Administrator and the Director consider appropriate.

(5) NATIONAL PARK.—The term “national park” means any unit of the National Park System.

(6) TRIBAL LANDS.—The term “tribal lands” means Indian country (as that term is defined in section 1151 of title 18) that is within or abutting a national park.

(7) ADMINISTRATOR.—The term “Administrator” means the Administrator of the Federal Aviation Administration.

(8) DIRECTOR.—The term “Director” means the Director of the National Park Service.

(b) THROUGH SERVICE AND JOINT TRANSPORTATION.—A citizen of the United States providing transportation in a State of passengers or property as a common carrier for compensation with aircraft capable of carrying at least 30 passengers, under authority granted by the appropriate State authority—

(1) may provide transportation for passengers and property that includes through service by the citizen over its routes in the State and in air transportation by an air carrier or foreign air carrier; and

(2) subject to sections 41309 and 42111 of this title, may make an agreement with an air carrier or foreign air carrier to provide the joint transportation.

(c) PROPRIETARY OR EXCLUSIVE RIGHT NOT CONFERRED.—A certificate issued under this chapter does not confer a proprietary or exclusive right to use airspace, an airway of the United States, or an air navigation facility.

§ 41102. General, temporary, and charter air transportation certificates of air carriers

(a) ISSUANCE.—The Secretary of Transportation may issue a certificate of public convenience and necessity to a citizen of the United States authorizing the citizen to provide any part of the following air transportation the citizen has applied for under section 41108 of this title:

(1) air transportation as an air carrier.

(2) temporary air transportation as an air carrier for a limited period.

(3) charter air transportation as a charter air carrier.

(b) FINDINGS REQUIRED FOR ISSUANCE.—(1) Before issuing a certificate under subsection (a) of this section, the Secretary must find that the citizen is fit, willing, and able to provide the transportation to be authorized by the certificate and to comply with this part and regulations of the Secretary.

(2) In addition to the findings under paragraph (1) of this subsection, the Secretary, before issuing a certificate under subsection (a) of this section for foreign air transportation, must find that the transportation is consistent with the public convenience and necessity.

(c) TEMPORARY CERTIFICATES.—The Secretary may issue a certificate under subsection (a) of this section for interstate air transportation (except the transportation of passengers) or foreign air transportation for a temporary period of time (whether the application is for permanent or temporary authority) when the Secretary decides that a test period is desirable—

(1) to decide if the projected services, efficiencies, methods, and prices and the projected results will materialize and remain for a sustained period of time; or

(2) to evaluate the new transportation.

(d) FOREIGN AIR TRANSPORTATION.—The Secretary shall submit each decision authorizing the provision of foreign air transportation to the President under section 41307 of this title.

§ 41103. All-cargo air transportation certificates of air carriers

(a) APPLICATIONS.—A citizen of the United States may apply to the Secretary of Transportation for a certificate authorizing the citizen to provide all-cargo air transportation. The application must contain information and be in the form the Secretary by regulation requires.

(b) ISSUANCE.—Not later than 180 days after an application for a certificate is filed under this section, the Secretary shall issue the certificate to a citizen of the United States authorizing the citizen, as an air carrier, to provide any part of the all-cargo air transportation applied for unless the Secretary finds that the citizen is not fit, willing, and able to provide the all-cargo air transportation to be authorized by the certificate and to comply with regulations of the Secretary.

(c) TERMS.—The Secretary may impose terms the Secretary considers necessary when issuing a certificate under this section. However, the Secretary may not impose terms that restrict the places served or prices charged by the holder of the certificate.

(d) EXEMPTIONS AND STATUS.—A citizen issued a certificate under this section—

(1) is exempt in providing the transportation under the certificate from the requirements of—

(A) section 41101(a)(1) of this title and regulations or procedures prescribed under section 41101(a)(1); and

(B) other provisions of this part and regulations or procedures prescribed under those provisions when the Secretary finds under regulations of the Secretary that the exemption is appropriate; and

(2) is an air carrier under this part except to the extent the carrier is exempt under this section from a requirement of this part.

§ 41104. Additional limitations and requirements of charter air carriers

(a) RESTRICTIONS.—The Secretary of Transportation may prescribe a regulation or issue an order restricting the marketability, flexibility, accessibility, or variety of charter air transportation provided under a certificate issued under section 41102 of this title only to the extent required by the public interest. A regulation prescribed or order issued under this subsection may not be more restrictive than a regulation related to charter air transportation that was in effect on October 1, 1978.

(b) SCHEDULED OPERATIONS.—

(1) IN GENERAL.—Except as provided in paragraph (3), an air carrier, including an indirect air carrier, may not provide, in aircraft designed for more than 9 passenger seats, regularly scheduled charter air transportation for which the public is provided in advance a schedule containing the departure location, departure time, and arrival location of the flight unless such air transportation is to and from an airport that has an airport operating certificate issued under part 139 of title 14, Code of Federal Regulations (or any subsequent similar regulation).

(2) DEFINITION.—In this paragraph, the term “regularly scheduled charter air transportation” does not include operations for which the departure time, departure location, and arrival location are specifically negotiated with the customer or the customer’s representative.

(3) EXCEPTION.—This subsection does not apply to any airport in the State of Alaska or to any airport outside the United States.

(c) ALASKA.—An air carrier holding a certificate issued under section 41102 of this title may provide charter air transportation between places in Alaska only to the extent the Secretary decides the transportation is required by public convenience and necessity. The Secretary may make that decision when issuing, amending, or modifying the certificate. This subsection does not apply to a certificate issued under section 41102 to a citizen of the United States who, before July 1, 1977—

(1) maintained a principal place of business in Alaska; and

(2) conducted air transport operations between places in Alaska with aircraft with a certificate for gross takeoff weight of more than 40,000 pounds.

(d) SUSPENSIONS.—(1) The Secretary shall suspend for not more than 30 days any part of the certificate of a charter air carrier if the Secretary decides that the failure of the carrier to comply with the requirements described in sections 41110(e) and 41112 of this title, or a regulation or order of the Secretary under section 41110(e) or 41112, requires immediate suspension in the interest of the rights, welfare, or safety of the public. The Secretary may act under this paragraph without notice or a hearing.

(2) The Secretary shall begin immediately a hearing to decide if the certificate referred to in paragraph (1) of this subsection should be amended, modified, suspended, or revoked. Until the hearing is completed, the Secretary may suspend the certificate for additional periods totaling not more than 60 days. If the Secretary decides that the carrier is complying with the requirements described in sections 41110(e) and 41112 of this title and regulations and orders under sections 41110(e) and 41112, the Secretary immediately may end the suspension period and proceeding begun under this subsection. However, the Secretary is not prevented from imposing a civil penalty on the carrier for violating the requirements described in section 41110(e) or 41112 or a regulation or order under section 41110(e) or 41112.

§ 41105. Transfers of certificates

(a) GENERAL.—A certificate issued under section 41102 of this title may be transferred only when the Secretary of Transportation approves the transfer as being consistent with the public interest.

(b) CERTIFICATION TO CONGRESS.—When a certificate is transferred, the Secretary shall certify to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives that the transfer is consistent with the public interest. The Secretary shall include with the certification a report analyzing the effects of the transfer on—

- (1) the viability of each carrier involved in the transfer;
- (2) competition in the domestic airline industry; and

(3) the trade position of the United States in the international air transportation market.

§ 41106. Airlift service

(a) INTERSTATE TRANSPORTATION.—(1) Except as provided in subsection (d) of this section, the transportation of passengers or property by transport category aircraft in interstate air transportation obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service in the United States may be provided only by an air carrier that—

(A) has aircraft in the civil reserve air fleet or offers to place the aircraft in that fleet; and

(B) holds a certificate issued under section 41102 of this title.

(2) The Secretary of Transportation shall act as expeditiously as possible on an application for a certificate under section 41102 of this title to provide airlift service.

(b) TRANSPORTATION BETWEEN THE UNITED STATES AND FOREIGN LOCATIONS.—Except as provided in subsection (d), the transportation of passengers or property by transport category aircraft between a place in the United States and a place outside the United States obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service shall be provided by an air carrier referred to in subsection (a).

(c) TRANSPORTATION BETWEEN FOREIGN LOCATIONS.—The transportation of passengers or property by transport category aircraft between two places outside the United States obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service shall be provided by an air carrier that has aircraft in the civil reserve air fleet whenever transportation by such an air carrier is reasonably available.

(d) EXCEPTION.—When the Secretary of Defense decides that no air carrier holding a certificate under section 41102 is capable of providing, and willing to provide, the airlift service, the Secretary of Defense may make a contract to provide the service with an air carrier not having a certificate.

§ 41107. Transportation of mail

When the United States Postal Service finds that the needs of the Postal Service require the transportation of mail by aircraft in foreign air transportation or between places in Alaska, in addition to the transportation of mail authorized under certificates in effect, the Postal Service shall certify that finding to the Secretary of Transportation with a statement about the additional transportation and facilities necessary to provide the additional transportation. A copy of each certification and statement shall be posted for at least 20 days in the office of the Secretary. After notice and an opportunity for a hearing, the Secretary shall issue a new certificate under section 41102 of this title, or amend or modify an existing certificate under section 41110(a)(2)(A) of this title, to provide the additional transportation and facilities if the Secretary finds the additional transportation is required by the public convenience and necessity.

§ 41108. Applications for certificates

(a) **FORM, CONTENTS, AND PROOF OF SERVICE.**—To be issued a certificate of public convenience and necessity under section 41102 of this title, a citizen of the United States must apply to the Secretary of Transportation. The application must—

(1) be in the form and contain information required by regulations of the Secretary; and

(2) be accompanied by proof of service on interested persons as required by regulations of the Secretary and on each community that may be affected by the issuance of the certificate.

(b) **NOTICE, RESPONSE, AND ACTIONS ON APPLICATIONS.**—(1) When an application is filed, the Secretary shall post a notice of the application in the office of the Secretary and give notice of the application to other persons as required by regulations of the Secretary. An interested person may file a response with the Secretary opposing or supporting the issuance of the certificate. Not later than 90 days after the application is filed, the Secretary shall—

(A) provide an opportunity for a public hearing on the application;

(B) begin the procedure under section 41111 of this title; or

(C) dismiss the application on its merits.

(2) An order of dismissal issued by the Secretary under paragraph (1)(C) of this subsection is a final order and may be reviewed judicially under section 46110 of this title.

(3) If the Secretary provides an opportunity for a hearing under paragraph (1)(A) of this subsection, an initial or recommended decision shall be issued not later than 150 days after the date the Secretary provides the opportunity. The Secretary shall issue a final order on the application not later than 90 days after the decision is issued. However, if the Secretary does not act within the 90-day period, the initial or recommended decision on an application to provide—

(A) interstate air transportation is a final order and may be reviewed judicially under section 46110 of this title; and

(B) foreign air transportation shall be submitted to the President under section 41307 of this title.

(4) If the Secretary acts under paragraph (1)(B) of this subsection, the Secretary shall issue a final order on the application not later than 180 days after beginning the procedure on the application.

(5) If a citizen applying for a certificate does not meet the procedural schedule adopted by the Secretary in a proceeding, the Secretary may extend the period for acting under paragraphs (3) and (4) of this subsection by a period equal to the period of delay caused by the citizen. In addition to an extension under this paragraph, an initial or recommended decision under paragraph (3) of this subsection may be delayed for not more than 30 days in extraordinary circumstances.

(c) **PROOF REQUIREMENTS.**—(1) A citizen applying for a certificate must prove that the citizen is fit, willing, and able to provide the transportation referred to in section 41102 of this title and to comply with this part.

(2) A person opposing a citizen applying for a certificate must prove that the transportation referred to in section 41102(b)(2) of this title is not consistent with the public convenience and necessity. The transportation is deemed to be consistent with the public convenience and necessity unless the Secretary finds, by a preponderance of the evidence, that the transportation is not consistent with the public convenience and necessity.

§ 41109. Terms of certificates

(a) GENERAL.—(1) Each certificate issued under section 41102 of this title shall specify the type of transportation to be provided.

(2) The Secretary of Transportation—

(A) may prescribe terms for providing air transportation under the certificate that the Secretary finds may be required in the public interest; but

(B) may not prescribe a term preventing an air carrier from adding or changing schedules, equipment, accommodations, and facilities for providing the authorized transportation to satisfy business development and public demand.

(3) A certificate issued under section 41102 of this title to provide foreign air transportation shall specify the places between which the air carrier is authorized to provide the transportation only to the extent the Secretary considers practicable and otherwise only shall specify each general route to be followed. The Secretary shall authorize an air carrier holding a certificate to provide foreign air transportation to handle and transport mail of countries other than the United States.

(4) A certificate issued under section 41102 of this title to provide foreign charter air transportation shall specify the places between which the air carrier is authorized to provide the transportation only to the extent the Secretary considers practicable and otherwise only shall specify each geographical area in which, or between which, the transportation may be provided.

(5) As prescribed by regulation by the Secretary, an air carrier other than a charter air carrier may provide charter trips or other special services without regard to the places named or type of transportation specified in its certificate.

(b) MODIFYING TERMS.—(1) An air carrier may file with the Secretary an application to modify any term of its certificate issued under section 41102 of this title to provide interstate or foreign air transportation. Not later than 60 days after an application is filed, the Secretary shall—

(A) provide the carrier an opportunity for an oral evidentiary hearing on the record; or

(B) begin to consider the application under section 41111 of this title.

(2) The Secretary shall modify each term the Secretary finds to be inconsistent with the criteria under section 40101(a) and (b) of this title.

(3) An application under this subsection may not be dismissed under section 41108(b)(1)(C) of this title.

§ 41110. Effective periods and amendments, modifications, suspensions, and revocations of certificates

(a) GENERAL.—(1) Each certificate issued under section 41102 of this title is effective from the date specified in it and remains in effect until—

(A) the Secretary of Transportation suspends or revokes the certificate under this section;

(B) the end of the period the Secretary specifies for an air carrier having a certificate of temporary authority issued under section 41102(a)(2) of this title; or

(C) the Secretary certifies that transportation is no longer being provided under a certificate.

(2) On application or on the initiative of the Secretary and after notice and an opportunity for a hearing or, except as provided in paragraph (4) of this subsection, under section 41111 of this title, the Secretary may—

(A) amend, modify, or suspend any part of a certificate if the Secretary finds the public convenience and necessity require amendment, modification, or suspension; and

(B) revoke any part of a certificate if the Secretary finds that the holder of the certificate intentionally does not comply with this chapter, sections 41308–41310(a), 41501, 41503, 41504, 41506, 41510, 41511, 41701, 41702, 41705–41709, 41711, 41712, and 41731–41742, chapter 419, subchapter II of chapter 421, and section 46301(b) of this title, a regulation or order of the Secretary under any of those provisions, or a term of its certificate.

(3) The Secretary may revoke a certificate under paragraph (2)(B) of this subsection only if the holder of the certificate does not comply, within a reasonable time the Secretary specifies, with an order to the holder requiring compliance.

(4) A certificate to provide foreign air transportation may not be amended, modified, suspended, or revoked under section 41111 of this title if the holder of the certificate requests an oral evidentiary hearing or the Secretary finds, under all the facts and circumstances, that the hearing is required in the public interest.

(b) ALL-CARGO AIR TRANSPORTATION.—The Secretary may order that a certificate issued under section 41103 of this title authorizing all-cargo air transportation is ineffective if, after notice and an opportunity for a hearing, the Secretary finds that the transportation is not provided to the minimum extent specified by the Secretary.

(c) FOREIGN AIR TRANSPORTATION.—(1) Notwithstanding subsection (a)(2)–(4) of this section, after notice and a reasonable opportunity for the affected air carrier to present its views, but without a hearing, the Secretary may suspend or revoke the authority of an air carrier to provide foreign air transportation to a place under a certificate issued under section 41102 of this title if the carrier—

(A) notifies the Secretary, under section 41734(a) of this title or a regulation of the Secretary, that it intends to suspend all transportation to that place; or

(B) does not provide regularly scheduled transportation to the place for 90 days immediately before the date the Secretary notifies the carrier of the action the Secretary proposes.

(2) Paragraph (1)(B) of this subsection does not apply to a place provided seasonal transportation comparable to the transportation provided during the prior year.

(d) TEMPORARY CERTIFICATES.—On application or on the initiative of the Secretary, the Secretary may—

(1) review the performance of an air carrier issued a certificate under section 41102(c) of this title on the basis that the air carrier will provide innovative or low-priced air transportation under the certificate; and

(2) amend, modify, suspend, or revoke the certificate or authority under subsection (a)(2) or (c) of this section if the air carrier has not provided, or is not providing, the transportation.

(e) CONTINUING REQUIREMENTS.—(1) To hold a certificate issued under section 41102 of this title, an air carrier must continue to be fit, willing, and able to provide the transportation authorized by the certificate and to comply with this part and regulations of the Secretary.

(2) After notice and an opportunity for a hearing, the Secretary shall amend, modify, suspend, or revoke any part of a certificate issued under section 41102 of this title if the Secretary finds that the air carrier—

(A) is not fit, willing, and able to provide the transportation authorized by the certificate and to comply with this part and regulations of the Secretary; or

(B) does not file reports necessary for the Secretary to decide if the carrier is complying with the requirements of clause (A) of this paragraph.

(f) ILLEGAL IMPORTATION OF CONTROLLED SUBSTANCES.—The Secretary—

(1) in consultation with appropriate departments, agencies, and instrumentalities of the United States Government, shall reexamine immediately the fitness of an air carrier that—

(A) violates the laws and regulations of the United States related to the illegal importation of a controlled substance; or

(B) does not adopt available measures to prevent the illegal importation of a controlled substance into the United States on its aircraft; and

(2) when appropriate, shall amend, modify, suspend, or revoke the certificate of the carrier issued under this chapter.

(g) RESPONSES.—An interested person may file a response with the Secretary opposing or supporting the amendment, modification, suspension, or revocation of a certificate under subsection (a) of this section.

§41111. Simplified procedure to apply for, amend, modify, suspend, and transfer certificates

(a) GENERAL REQUIREMENTS.—(1) The Secretary of Transportation shall prescribe regulations that simplify the procedure for—

(A) acting on an application for a certificate to provide air transportation under section 41102 of this title; and

(B) amending, modifying, suspending, or transferring any part of that certificate under section 41105 or 41110(a) or (c) of this title.

(2) Regulations under this section shall provide for notice and an opportunity for each interested person to file appropriate written evidence and argument. An oral evidentiary hearing is not required to be provided under this section.

(b) WHEN SIMPLIFIED PROCEDURE USED.—The Secretary may use the simplified procedure to act on an application for a certificate to provide air transportation under section 41102 of this title, or to amend, modify, suspend, or transfer any part of that certificate under section 41105 or 41110(a) or (c) of this title, when the Secretary decides the use of the procedure is in the public interest.

(c) CONTENTS.—(1) To the extent the Secretary finds practicable, regulations under this section shall include each standard the Secretary will apply when—

(A) deciding whether to use the simplified procedure; and

(B) making a decision on an action in which the procedure is used.

(2) The regulations may provide that written evidence and argument may be filed under section 41108(b) of this title as a part of a response opposing or supporting the issuance of a certificate.

§ 41112. Liability insurance and financial responsibility

(a) LIABILITY INSURANCE.—The Secretary of Transportation may issue a certificate to a citizen of the United States to provide air transportation as an air carrier under section 41102 of this title only if the citizen complies with regulations and orders of the Secretary governing the filing of an insurance policy or self-insurance plan approved by the Secretary. The policy or plan must be sufficient to pay, not more than the amount of the insurance, for bodily injury to, or death of, an individual or for loss of, or damage to, property of others, resulting from the operation or maintenance of the aircraft under the certificate. A certificate does not remain in effect unless the carrier complies with this subsection.

(b) FINANCIAL RESPONSIBILITY.—To protect passengers and shippers using an aircraft operated by an air carrier issued a certificate under section 41102 of this title, the Secretary may require the carrier to file a performance bond or equivalent security in the amount and on terms the Secretary prescribes. The bond or security must be sufficient to ensure the carrier adequately will pay the passengers and shippers when the transportation the carrier agrees to provide is not provided. The Secretary shall prescribe the amounts to be paid under this subsection.

§ 41113. Plans to address needs of families of passengers involved in aircraft accidents

(a) SUBMISSION OF PLANS.—Each air carrier holding a certificate of public convenience and necessity under section 41102 of this title shall submit to the Secretary and the Chairman of the National Transportation Safety Board a plan for addressing the needs of the families of passengers involved in any aircraft accident involving an aircraft of the air carrier and resulting in a major loss of life.

(b) CONTENTS OF PLANS.—A plan to be submitted by an air carrier under subsection (a) shall include, at a minimum, the following:

(1) A plan for publicizing a reliable, toll-free telephone number, and for providing staff, to handle calls from the families of the passengers.

(2) A process for notifying the families of the passengers, before providing any public notice of the names of the passengers, either by utilizing the services of the organization designated for the accident under section 1136(a)(2) of this title or the services of other suitably trained individuals.

(3) An assurance that the notice described in paragraph (2) will be provided to the family of a passenger as soon as the air carrier has verified that the passenger was aboard the aircraft (whether or not the names of all of the passengers have been verified) and, to the extent practicable, in person.

(4) An assurance that the air carrier will provide to the director of family support services designated for the accident under section 1136(a)(1) of this title, and to the organization designated for the accident under section 1136(a)(2) of this title, immediately upon request, a list (which is based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), and will periodically update the list.

(5) An assurance that the family of each passenger will be consulted about the disposition of all remains and personal effects of the passenger within the control of the air carrier.

(6) An assurance that if requested by the family of a passenger, any possession of the passenger within the control of the air carrier (regardless of its condition) will be returned to the family unless the possession is needed for the accident investigation or any criminal investigation.

(7) An assurance that any unclaimed possession of a passenger within the control of the air carrier will be retained by the air carrier for at least 18 months.

(8) An assurance that the family of each passenger will be consulted about construction by the air carrier of any monument to the passengers, including any inscription on the monument.

(9) An assurance that the treatment of the families of non-revenue passengers (and any other victim of the accident) will be the same as the treatment of the families of revenue passengers.

(10) An assurance that the air carrier will work with any organization designated under section 1136(a)(2) of this title on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following each accident.

(11) An assurance that the air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) of this title for services provided by the organization.

(12) An assurance that the air carrier will assist the family of a passenger in traveling to the location of the accident and

provide for the physical care of the family while the family is staying at such location.

(13) An assurance that the air carrier will commit sufficient resources to carry out the plan.

(14) An assurance that, upon request of the family of a passenger, the air carrier will inform the family of whether the passenger's name appeared on a preliminary passenger manifest for the flight involved in the accident.

(15) An assurance that the air carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.

(16) An assurance that the air carrier, in the event that the air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving major loss of life, the air carrier¹ will consult with the Board and the Department of State on the provision of the assistance.

(c) **CERTIFICATE REQUIREMENT.**—The Secretary may not approve an application for a certificate of public convenience and necessity under section 41102 of this title unless the applicant has included as part of such application a plan that meets the requirements of subsection (b).

(d) **LIMITATION ON LIABILITY.**—An air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the air carrier in preparing or providing a passenger list, or in providing information concerning a preliminary passenger manifest, pursuant to a plan submitted by the air carrier under subsection (b), unless such liability was caused by conduct of the air carrier which was grossly negligent or which constituted intentional misconduct.

(e) **AIRCRAFT ACCIDENT AND PASSENGER DEFINED.**—In this section, the terms “aircraft accident” and “passenger” have the meanings such terms have in section 1136 of this title.

(f) **STATUTORY CONSTRUCTION.**—Nothing in this section may be construed as limiting the actions that an air carrier may take, or the obligations that an air carrier may have, in providing assistance to the families of passengers involved in an aircraft accident.

§ 41301. Requirement for a permit

A foreign air carrier may provide foreign air transportation only if the foreign air carrier holds a permit issued under this chapter authorizing the foreign air transportation.

§ 41302. Permits of foreign air carriers

The Secretary of Transportation may issue a permit to a person (except a citizen of the United States) authorizing the person to provide foreign air transportation as a foreign air carrier if the Secretary finds that—

(1) the person is fit, willing, and able to provide the foreign air transportation to be authorized by the permit and to comply with this part and regulations of the Secretary; and

(2)(A) the person is qualified, and has been designated by the government of its country, to provide the foreign air transportation under an agreement with the United States Government; or

(B) the foreign air transportation to be provided under the permit will be in the public interest.

§ 41303. Transfers of permits

A permit issued under section 41302 of this title may be transferred only when the Secretary of Transportation approves the transfer because the transfer is in the public interest.

§ 41304. Effective periods and amendments, modifications, suspensions, and revocations of permits

(a) GENERAL.—The Secretary of Transportation may prescribe the period during which a permit issued under section 41302 of this title is in effect. After notice and an opportunity for a hearing, the Secretary may amend, modify, suspend, or revoke the permit if the Secretary finds that action to be in the public interest.

(b) SUSPENSIONS AND RESTRICTIONS.—Without a hearing, but subject to the approval of the President, the Secretary—

(1) may suspend summarily the permits of foreign air carriers of a foreign country, or amend, modify, or limit the operations of the foreign air carriers under the permits, when the Secretary finds—

(A) the action is in the public interest; and

(B) the government, an aeronautical authority, or a foreign air carrier of the foreign country, over the objection of the United States Government, has—

(i) limited or denied the operating rights of an air carrier; or

(ii) engaged in unfair, discriminatory, or restrictive practices that have a substantial adverse competitive impact on an air carrier related to air transportation to, from, through, or over the territory of the foreign country; and

(2) to make this subsection effective, may restrict operations between the United States and the foreign country by a foreign air carrier of a third country.

(c) ILLEGAL IMPORTATION OF CONTROLLED SUBSTANCES.—The Secretary—

(1) in consultation with appropriate departments, agencies, and instrumentalities of the Government, shall reexamine immediately the fitness of a foreign air carrier that—

(A) violates the laws and regulations of the United States related to the illegal importation of a controlled substance; or

(B) does not adopt available measures to prevent the illegal importation of a controlled substance into the United States on its aircraft; and

(2) when appropriate, shall amend, modify, suspend, or revoke the permit of the carrier issued under this chapter.

(d) RESPONSES.—An interested person may file a response with the Secretary opposing or supporting the amendment, modification, suspension, or revocation of a permit under subsection (a) of this section.

§ 41305. Applications for permits

(a) FORM, CONTENTS, NOTICE, RESPONSE, AND ACTIONS ON APPLICATIONS.—(1) A person must apply in writing to the Secretary of Transportation to be issued a permit under section 41302 of this title. The Secretary shall prescribe regulations to require that the application be—

(A) verified;

(B) in a certain form and contain certain information;

(C) served on interested persons; and

(D) accompanied by proof of service on those persons.

(2) When an application is filed, the Secretary shall post a notice of the application in the office of the Secretary and give notice of the application to other persons as required by regulations of the Secretary. An interested person may file a response with the Secretary opposing or supporting the issuance of the permit. The Secretary shall act on an application as expeditiously as possible.

(b) TERMS.—The Secretary may impose terms for providing foreign air transportation under the permit that the Secretary finds may be required in the public interest.

§ 41306. Simplified procedure to apply for, amend, modify, and suspend permits

(a) REGULATIONS.—The Secretary of Transportation shall prescribe regulations that simplify the procedure for—

(1) acting on an application for a permit to provide foreign air transportation under section 41302 of this title; and

(2) amending, modifying, or suspending any part of that permit under section 41304(a) or (b) of this title.

(b) NOTICE AND OPPORTUNITY TO RESPOND.—Regulations under this section shall provide for notice and an opportunity for each interested person to file appropriate written evidence and argument. An oral evidentiary hearing is not required to be provided under this section.

§ 41307. Presidential review of actions about foreign air transportation

The Secretary of Transportation shall submit to the President for review each decision of the Secretary to issue, deny, amend, modify, suspend, revoke, or transfer a certificate issued under sec-

tion 41102 of this title authorizing an air carrier, or a permit issued under section 41302 of this title authorizing a foreign air carrier, to provide foreign air transportation. The President may disapprove the decision of the Secretary only if the reason for disapproval is based on foreign relations or national defense considerations that are under the jurisdiction of the President. The President may not disapprove a decision of the Secretary if the reason is economic or related to carrier selection. A decision of the Secretary—

(1) is void if the President disapproves the decision and publishes the reasons (to the extent allowed by national security) for disapproval not later than 60 days after it is submitted to the President; or

(2)(A) takes effect as a decision of the Secretary if the President does not disapprove the decision not later than 60 days after the decision is submitted to the President; and

(B) when effective, may be reviewed judicially under section 46110 of this title.

§ 41308. Exemption from the antitrust laws

(a) DEFINITION.—In this section, “antitrust laws” has the same meaning given that term in the first section of the Clayton Act (15 U.S.C. 12).

(b) EXEMPTION AUTHORIZED.—When the Secretary of Transportation decides it is required by the public interest, the Secretary, as part of an order under section 41309 or 42111 of this title, may exempt a person affected by the order from the antitrust laws to the extent necessary to allow the person to proceed with the transaction specifically approved by the order and with any transaction necessarily contemplated by the order.

(c) EXEMPTION REQUIRED.—In an order under section 41309 of this title approving an agreement, request, modification, or cancellation, the Secretary, on the basis of the findings required under section 41309(b)(1), shall exempt a person affected by the order from the antitrust laws to the extent necessary to allow the person to proceed with the transaction specifically approved by the order and with any transaction necessarily contemplated by the order.

§ 41309. Cooperative agreements and requests

(a) FILING.—An air carrier or foreign air carrier may file with the Secretary of Transportation a true copy of or, if oral, a true and complete memorandum of, an agreement (except an agreement related to interstate air transportation), or a request for authority to discuss cooperative arrangements (except arrangements related to interstate air transportation), and any modification or cancellation of an agreement, between the air carrier or foreign air carrier and another air carrier, a foreign carrier, or another carrier.

(b) APPROVAL.—The Secretary of Transportation shall approve an agreement, request, modification, or cancellation referred to in subsection (a) of this section when the Secretary finds it is not adverse to the public interest and is not in violation of this part. However, the Secretary shall disapprove—

(1) or, after periodic review, end approval of, an agreement, request, modification, or cancellation, that substantially

reduces or eliminates competition unless the Secretary finds that—

(A) the agreement, request, modification, or cancellation is necessary to meet a serious transportation need or to achieve important public benefits (including international comity and foreign policy considerations); and

(B) the transportation need cannot be met or those benefits cannot be achieved by reasonably available alternatives that are materially less anticompetitive; or

(2) an agreement that—

(A) is between an air carrier not directly operating aircraft in foreign air transportation and a carrier subject to subtitle IV of this title; and

(B) governs the compensation the carrier may receive for the transportation.

(c) NOTICE AND OPPORTUNITY TO RESPOND OR FOR HEARING.—

(1) When an agreement, request, modification, or cancellation is filed, the Secretary of Transportation shall give the Attorney General and the Secretary of State written notice of, and an opportunity to submit written comments about, the filing. On the initiative of the Secretary of Transportation or on request of the Attorney General or Secretary of State, the Secretary of Transportation may conduct a hearing to decide whether an agreement, request, modification, or cancellation is consistent with this part whether or not it was approved previously.

(2) In a proceeding before the Secretary of Transportation applying standards under subsection (b)(1) of this section, a party opposing an agreement, request, modification, or cancellation has the burden of proving that it substantially reduces or eliminates competition and that less anticompetitive alternatives are available. The party defending the agreement, request, modification, or cancellation has the burden of proving the transportation need or public benefits.

(3) The Secretary of Transportation shall include the findings required by subsection (b)(1) of this section in an order of the Secretary approving or disapproving an agreement, request, modification, or cancellation.

§ 41310. Discriminatory practices

(a) PROHIBITION.—An air carrier or foreign air carrier may not subject a person, place, port, or type of traffic in foreign air transportation to unreasonable discrimination.

(b) REVIEW AND NEGOTIATION OF DISCRIMINATORY FOREIGN CHARGES.—(1) The Secretary of Transportation shall survey charges imposed on an air carrier by the government of a foreign country or another foreign entity for the use of airport property or airway property in foreign air transportation. If the Secretary of Transportation decides that a charge is discriminatory, the Secretary promptly shall report the decision to the Secretary of State. The Secretaries of State and Transportation promptly shall begin negotiations with the appropriate government to end the discrimination. If the discrimination is not ended in a reasonable time through negotiation, the Secretary of Transportation shall establish a compensating charge equal to the discriminatory charge. With the approval of the Secretary of State, the Secretary of the Treas-

ury shall impose the compensating charge on a foreign air carrier of that country as a condition to accepting the general declaration of the aircraft of the foreign air carrier when it lands or takes off.

(2) The Secretary of the Treasury shall maintain an account to credit money collected under paragraph (1) of this subsection. An air carrier shall be paid from the account an amount certified by the Secretary of Transportation to compensate the air carrier for the discriminatory charge paid to the government.

(c) ACTIONS AGAINST DISCRIMINATORY ACTIVITY.—(1) The Secretary of Transportation may take actions the Secretary considers are in the public interest to eliminate an activity of a government of a foreign country or another foreign entity, including a foreign air carrier, when the Secretary, on the initiative of the Secretary or on complaint, decides that the activity—

(A) is an unjustifiable or unreasonable discriminatory, predatory, or anticompetitive practice against an air carrier; or

(B) imposes an unjustifiable or unreasonable restriction on access of an air carrier to a foreign market.

(2) The Secretary of Transportation may deny, amend, modify, suspend, revoke, or transfer under paragraph (1) of this subsection a foreign air carrier permit or tariff under section 41302, 41303, 41304(a), 41504(c), 41507, or 41509 of this title.

(d) FILING OF, AND ACTING ON, COMPLAINTS.—(1) An air carrier, computer reservations system firm, or a department, agency, or instrumentality of the United States Government may file a complaint under subsection (c) or (g) of this section with the Secretary of Transportation. The Secretary shall approve, deny, or dismiss the complaint, set the complaint for a hearing or investigation, or begin another proceeding proposing remedial action not later than 60 days after receiving the complaint. The Secretary may extend the period for acting for additional periods totaling not more than 30 days if the Secretary decides that with additional time it is likely that a complaint can be resolved satisfactorily through negotiations with the government of the foreign country or foreign entity. The Secretary must act not later than 90 days after receiving the complaint. However, the Secretary may extend this 90-day period for not more than an additional 90 days if, on the last day of the initial 90-day period, the Secretary finds that—

(A) negotiations with the government have progressed to a point that a satisfactory resolution of the complaint appears imminent;

(B) an air carrier or computer reservations system firm has not been subjected to economic injury by the government or entity as a result of filing the complaint; and

(C) the public interest requires additional time before the Secretary acts on the complaint.

(2) In carrying out paragraph (1) of this subsection and subsection (c) of this section, the Secretary of Transportation shall—

(A) solicit the views of the Secretaries of Commerce and State and the United States Trade Representative;

(B) give an affected air carrier or foreign air carrier reasonable notice and an opportunity to submit written evidence and arguments within the time limits of this subsection; and

(C) submit to the President under section 41307 or 41509(f) of this title actions proposed by the Secretary of Transportation.

(e) REVIEW.—(1) The Secretaries of State, the Treasury, and Transportation and the heads of other departments, agencies, and instrumentalities of the Government shall keep under review, to the extent of each of their jurisdictions, each form of discrimination or unfair competitive practice to which an air carrier is subject when providing foreign air transportation or a computer reservations system firm is subject when providing services with respect to airline service. Each Secretary and head shall—

(A) take appropriate action to eliminate any discrimination or unfair competitive practice found to exist; and

(B) request Congress to enact legislation when the authority to eliminate the discrimination or unfair practice is inadequate.

(2) The Secretary of Transportation shall report to Congress annually on each action taken under paragraph (1) of this subsection and on the continuing program to eliminate discrimination and unfair competitive practices. The Secretaries of State and the Treasury each shall give the Secretary of Transportation information necessary to prepare the report.

(f) REPORTS.—Not later than 30 days after acting on a complaint under this section, the Secretary of Transportation shall report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on action taken under this section on the complaint.

(g) ACTIONS AGAINST DISCRIMINATORY ACTIVITY BY FOREIGN CRS SYSTEMS.—The Secretary of Transportation may take such actions as the Secretary considers are in the public interest to eliminate an activity of a foreign air carrier that owns or markets a computer reservations system, or of a computer reservations system firm whose principal offices are located outside the United States, when the Secretary, on the initiative of the Secretary or on complaint, decides that the activity, with respect to airline service—

(1) is an unjustifiable or unreasonable discriminatory, predatory, or anticompetitive practice against a computer reservations system firm whose principal offices are located inside the United States; or

(2) imposes an unjustifiable or unreasonable restriction on access of such a computer reservations system to a foreign market.

§ 41311. Gambling restrictions

(a) IN GENERAL.—An air carrier or foreign air carrier may not install, transport, or operate, or permit the use of, any gambling device on board an aircraft in foreign air transportation.

(b) DEFINITION.—In this section, the term “gambling device” means any machine or mechanical device (including gambling applications on electronic interactive video systems installed on board aircraft for passenger use)—

(1) which when operated may deliver, as the result of the application of an element of chance, any money or property; or

(2) by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

§ 41312. Ending or suspending foreign air transportation

(a) GENERAL.—An air carrier holding a certificate issued under section 41102 of this title to provide foreign air transportation—

(1) may end or suspend the transportation to a place under the certificate only when the carrier gives at least 90 days notice of its intention to end or suspend the transportation to the Secretary of Transportation, any community affected by that decision, and the State authority of the State in which a community is located; and

(2) if it is the only air carrier holding a certificate to provide non-stop or single-plane foreign air transportation between 2 places, may end or suspend the transportation between those places only when the carrier gives at least 60 days notice of its intention to end or suspend the transportation to the Secretary and each community directly affected by that decision.

(b) TEMPORARY SUSPENSION.—The Secretary may authorize the temporary suspension of foreign air transportation under subsection (a) of this section when the Secretary finds the suspension is in the public interest.

such passengers. Such notice shall be provided by using the services of—

(A) the organization designated for the accident under section 1136(a)(2); or

(B) other suitably trained individuals.

(3) NOTICE PROVIDED AS SOON AS POSSIBLE.—An assurance that the notice required by paragraph (2) shall be provided as soon as practicable after the foreign air carrier has verified the identity of a passenger on the foreign aircraft, whether or not the names of all of the passengers have been verified.

(4) LIST OF PASSENGERS.—An assurance that the foreign air carrier shall provide, immediately upon request, and update a list (based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), to—

(7) UNCLAIMED POSSESSIONS RETAINED.—An assurance that any unclaimed possession of a passenger within the control of the foreign air carrier will be retained by the foreign air carrier for not less than 18 months after the date of the accident.

(8) MONUMENTS.—An assurance that the family of each passenger will be consulted about construction by the foreign air carrier of any monument to the passengers built in the United States, including any inscription on the monument.

(9) EQUAL TREATMENT OF PASSENGERS.—An assurance that the treatment of the families of nonrevenue passengers will be the same as the treatment of the families of revenue passengers.

(10) SERVICE AND ASSISTANCE TO FAMILIES OF PASSENGERS.—An assurance that the foreign air carrier will work with any organization designated under section 1136(a)(2) on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following an accident.

(11) COMPENSATION TO SERVICE ORGANIZATIONS.—An assurance that the foreign air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) for services and assistance provided by the organization.

Subject to sections 41309 and 42111 of this title, a citizen of the United States providing transportation under section 41101(b) of this title may make an agreement with an air carrier or foreign air carrier for joint prices for that transportation. The joint prices agreed to must be the lowest of—

- (1) the sum of the applicable prices for—
 - (A) the part of the transportation provided in the State and approved by the appropriate State authority; and
 - (B) the part of the transportation provided by the air carrier or foreign air carrier;
- (2) a joint price established and filed under section 41504 of this title; or
- (3) a joint price prescribed by the Secretary of Transportation under section 41507 of this title.

§ 41504. Tariffs for foreign air transportation

(a) FILING AND CONTENTS.—In the way prescribed by regulation by the Secretary of Transportation, every air carrier and foreign air carrier shall file with the Secretary, publish, and keep open to public inspection, tariffs showing the prices for the foreign air transportation provided between places served by the carrier and provided between places served by the carrier and places served by another air carrier or foreign air carrier with which through service and joint prices have been established. A tariff—

(1) shall contain—

(A) to the extent the Secretary requires by regulation, a description of the classifications, rules, and practices related to the foreign air transportation;

(B) a statement of the prices in money of the United States; and

(C) other information the Secretary requires by regulation; and

(2) may contain—

(A) a statement of the prices in money that is not money of the United States; and

(B) information that is required under the laws of a foreign country in or to which the air carrier or foreign air carrier is authorized to operate.

(b) CHANGES.—(1) Except as provided in paragraph (2) of this subsection, an air carrier or foreign air carrier may change a price or a classification, rule, or practice affecting that price or the value of the transportation provided under that price, specified in a tariff of the carrier for foreign air transportation only after 30 days after the carrier has filed, published, and posted notice of the proposed change in the same way as required for a tariff under subsection (a) of this section. However, the Secretary may prescribe an alternative notice requirement, of at least 25 days, to allow an air carrier or foreign air carrier to match a proposed change in a passenger fare or a charge of another air carrier or foreign air carrier. A notice under this paragraph must state plainly the change proposed and when the change will take effect.

(2) If the effect of a proposed change would be to begin a passenger fare that is outside of, or not covered by, the range of passenger fares specified under section 41509(e)(2) and (3) of this title, the proposed change may be put into effect only on the expiration of 60 days after the notice is filed under regulations prescribed by the Secretary.

(c) REJECTION OF CHANGES.—The Secretary may reject a tariff or tariff change that is not consistent with this section and regulations prescribed by the Secretary. A tariff or change that is rejected is void.

§ 41505. Uniform methods for establishing joint prices, and divisions of joint prices, applicable to commuter air carriers

(a) DEFINITION.—In this section, “commuter air carrier” means an air carrier providing transportation under section 40109(f) of this title that provides at least 5 scheduled roundtrips a week between the same 2 places.

(b) GENERAL.—Except as provided in subsection (c) of this section, when the Secretary of Transportation prescribes under section 41508 or 41509 of this title a uniform method generally applicable to establishing joint prices and divisions of joint prices for and between air carriers holding certificates issued under section 41102 of this title, the Secretary shall make that uniform method apply to establishing joint prices and divisions of joint prices for and between air carriers and commuter air carriers.

(c) NOTICE REQUIRED BEFORE MODIFYING, SUSPENDING, OR ENDING TRANSPORTATION.—A commuter air carrier that has an agreement with an air carrier to provide transportation for passengers and property that includes through service by the commuter air carrier over the commuter air carrier's routes and air transportation provided by the air carrier shall give the air carrier and the Secretary at least 90 days' notice before modifying, suspending, or ending the transportation. If the commuter air carrier does not give that notice, the uniform method of establishing joint prices and divisions of joint prices referred to in subsection (b) of this section does not apply to the commuter air carrier.

§ 41506. Price division filing requirements for foreign air transportation

Every air carrier and foreign air carrier shall keep currently on file with the Secretary of Transportation, if the Secretary requires, the established divisions of all joint prices for foreign air transportation in which the carrier participates.

§ 41507. Authority of the Secretary of Transportation to change prices, classifications, rules, and practices for foreign air transportation

(a) GENERAL.—When the Secretary of Transportation decides that a price charged or received by an air carrier or foreign air carrier for foreign air transportation, or a classification, rule, or practice affecting that price or the value of the transportation provided under that price, is or will be unreasonably discriminatory, the Secretary may—

(1) change the price, classification, rule, or practice as necessary to correct the discrimination; and

(2) order the air carrier or foreign air carrier to stop charging or collecting the discriminatory price or carrying out the discriminatory classification, rule, or practice.

(b) WHEN SECRETARY MAY ACT.—The Secretary may act under this section on the Secretary's own initiative or on a complaint filed with the Secretary and only after notice and an opportunity for a hearing.

§ 41508. Authority of the Secretary of Transportation to adjust divisions of joint prices for foreign air transportation

(a) GENERAL.—When the Secretary of Transportation decides that a division between air carriers, foreign air carriers, or both, of a joint price for foreign air transportation is or will be unreasonable or unreasonably discriminatory against any of those carriers, the Secretary shall prescribe a reasonable division of the joint price among those carriers. The Secretary may order the adjustment in

the division of the joint price to be made retroactively to the date the complaint was filed, the date the order for an investigation was made, or a later date the Secretary decides is reasonable.

(b) **WHEN SECRETARY MAY ACT.**—The Secretary may act under this section on the Secretary's own initiative or on a complaint filed with the Secretary and only after notice and an opportunity for a hearing.

§ 41509. Authority of the Secretary of Transportation to suspend, cancel, and reject tariffs for foreign air transportation

(a) **CANCELLATION AND REJECTION.**—(1) On the initiative of the Secretary of Transportation or on a complaint filed with the Secretary, the Secretary may conduct a hearing to decide whether a price for foreign air transportation contained in an existing or newly filed tariff of an air carrier or foreign air carrier, a classification, rule, or practice affecting that price, or the value of the transportation provided under that price, is lawful. The Secretary may begin the hearing at once and without an answer or another formal pleading by the air carrier or foreign air carrier, but only after reasonable notice. If, after the hearing, the Secretary decides that the price, classification, rule, or practice is or will be unreasonable or unreasonably discriminatory, the Secretary may cancel or reject the tariff and prevent the use of the price, classification, rule, or practice.

(2) With or without a hearing, the Secretary may cancel or reject an existing or newly filed tariff of a foreign air carrier and prevent the use of a price, classification, rule, or practice when the Secretary decides that the cancellation or rejection is in the public interest.

(3) In deciding whether to cancel or reject a tariff of an air carrier or foreign air carrier under this subsection, the Secretary shall consider—

- (A) the effect of the price on the movement of traffic;
- (B) the need in the public interest of adequate and efficient transportation by air carriers and foreign air carriers at the lowest cost consistent with providing the transportation;
- (C) the standards prescribed under law related to the character and quality of transportation to be provided by air carriers and foreign air carriers;
- (D) the inherent advantages of transportation by aircraft;
- (E) the need of the air carrier and foreign air carrier for revenue sufficient to enable the air carrier and foreign air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier and foreign air carrier transportation;
- (F) whether the price will be predatory or tend to monopolize competition among air carriers and foreign air carriers in foreign air transportation;
- (G) reasonably estimated or foreseeable future costs and revenues for the air carrier or foreign air carrier for a reasonably limited future period during which the price would be in effect; and
- (H) other factors.

(b) SUSPENSION.—(1)(A) Pending a decision under subsection (a)(1) of this section, the Secretary may suspend a tariff and the use of a price contained in the tariff or a classification, rule, or practice affecting that price.

(B) The Secretary may suspend a tariff of a foreign air carrier and the use of a price, classification, rule, or practice when the suspension is in the public interest.

(2) A suspension becomes effective when the Secretary files with the tariff and delivers to the air carrier or foreign air carrier affected by the suspension a written statement of the reasons for the suspension. To suspend a tariff, reasonable notice of the suspension must be given to the affected carrier.

(3) The suspension of a newly filed tariff may be for periods totaling not more than 365 days after the date the tariff otherwise would go into effect. The suspension of an existing tariff may be for periods totaling not more than 365 days after the effective date of the suspension. The Secretary may rescind at any time the suspension of a newly filed tariff and allow the price, classification, rule, or practice to go into effect.

(c) EFFECTIVE TARIFFS AND PRICES WHEN TARIFF IS SUSPENDED, CANCELED, OR REJECTED.—(1) If a tariff is suspended pending the outcome of a proceeding under subsection (a) of this section and the Secretary does not take final action in the proceeding during the suspension period, the tariff goes into effect at the end of that period subject to cancellation when the proceeding is concluded.

(2)(A) During the period of suspension, or after the cancellation or rejection, of a newly filed tariff (including a tariff that has gone into effect provisionally), the affected air carrier or foreign air carrier shall maintain in effect and use—

(i) the corresponding seasonal prices, or the classifications, rules, and practices affecting those prices or the value of transportation provided under those prices, that were in effect for the carrier immediately before the new tariff was filed; or

(ii) another price provided for under an applicable inter-governmental agreement or understanding.

(B) If the suspended, canceled, or rejected tariff is the first tariff of the carrier for the covered transportation, the carrier, for the purpose of operations during the period of suspension or pending effectiveness of a new tariff, may file another tariff containing a price or another classification, rule, or practice affecting the price, or the value of the transportation provided under the price, that is in effect (and not subject to a suspension order) for any air carrier providing the same transportation.

(3) If an existing tariff is suspended or canceled, the affected air carrier or foreign air carrier, for the purpose of operations during the period of suspension or pending effectiveness of a new tariff, may file another tariff containing a price or another classification, rule, or practice affecting the price, or the value of the transportation provided under the price, that is in effect (and not subject to a suspension order) for any air carrier providing the same transportation.

(d) RESPONSE TO REFUSAL OF FOREIGN COUNTRY TO ALLOW AIR CARRIER TO CHARGE A PRICE.—When the Secretary finds that the government or an aeronautical authority of a foreign country has

refused to allow an air carrier to charge a price contained in a tariff filed and published under section 41504 of this title for foreign air transportation to the foreign country—

(1) the Secretary, without a hearing—

(A) may suspend any existing tariff of a foreign air carrier providing transportation between the United States and the foreign country for periods totaling not more than 365 days after the date of the suspension; and

(B) may order the foreign air carrier to charge, during the suspension periods, prices that are the same as those contained in a tariff (designated by the Secretary) of an air carrier filed and published under section 41504 of this title for foreign air transportation to the foreign country; and

(2) a foreign air carrier may continue to provide foreign air transportation to the foreign country only if the government or aeronautical authority of the foreign country allows an air carrier to start or continue foreign air transportation to the foreign country at the prices designated by the Secretary.

(e) STANDARD FOREIGN FARE LEVEL.—(1)(A) In this subsection, “standard foreign fare level” means—

(i) for a class of fares existing on October 1, 1979, the fare between 2 places (as adjusted under subparagraph (B) of this paragraph) filed for and allowed by the Civil Aeronautics Board to go into effect after September 30, 1979, and before August 13, 1980 (with seasonal fares adjusted by the percentage difference that prevailed between seasons in 1978), or the fare established under section 1002(j)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 24(a) of the International Air Transportation Competition Act of 1979 (Public Law 96–192, 94 Stat. 46); or

(ii) for a class of fares established after October 1, 1979, the fare between 2 places in effect on the effective date of the establishment of the new class.

(B) At least once every 60 days for fuel costs, and at least once every 180 days for other costs, the Secretary shall adjust the standard foreign fare level for the particular foreign air transportation to which the standard foreign fare level applies by increasing or decreasing that level by the percentage change from the last previous period in the actual operating cost for each available seat-mile. In adjusting a standard foreign fare level, the Secretary may not make an adjustment to costs actually incurred. In establishing a standard foreign fare level and making adjustments in the level under this paragraph, the Secretary may use all relevant or appropriate information reasonably available to the Secretary.

(2) The Secretary may not decide that a proposed fare for foreign air transportation is unreasonable on the basis that the fare is too low or too high if the proposed fare is neither more than 5 percent higher nor 50 percent lower than the standard foreign fare level for the same or essentially similar class of transportation. The Secretary by regulation may increase the 50 percent specified in this paragraph.

(3) Paragraph (2) of this subsection does not apply to a proposed fare that is not more than—

(A) 5 percent higher than the standard foreign fare level when the Secretary decides that the proposed fare may be un-

reasonably discriminatory or that suspension of the fare is in the public interest because of an unreasonable regulatory action by the government of a foreign country that is related to a fare proposal of an air carrier; or

(B) 50 percent lower than the standard foreign fare level when the Secretary decides that the proposed fare may be predatory or discriminatory or that suspension of the fare is required because of an unreasonable regulatory action by the government of a foreign country that is related to a fare proposal of an air carrier.

(f) SUBMISSION OF ORDERS TO PRESIDENT.—The Secretary shall submit to the President an order made under this section suspending, canceling, or rejecting a price for foreign air transportation, and an order rescinding the effectiveness of such an order, before publishing the order. Not later than 10 days after its submission, the President may disapprove the order on finding disapproval is necessary for United States foreign policy or national defense reasons.

(g) COMPLIANCE AS CONDITION OF CERTIFICATE OR PERMIT.—This section and compliance with an order of the Secretary under this section are conditions to any certificate or permit held by an air carrier or foreign air carrier. An air carrier or foreign air carrier may provide foreign air transportation only as long as the carrier maintains prices for that transportation that comply with this section and orders of the Secretary under this section.

§ 41510. Required adherence to foreign air transportation tariffs

(a) PROHIBITED ACTIONS BY AIR CARRIERS, FOREIGN AIR CARRIERS, AND TICKET AGENTS.—An air carrier, foreign air carrier, or ticket agent may not—

(1) charge or receive compensation for foreign air transportation that is different from the price specified in the tariff of the carrier that is in effect for that transportation;

(2) refund or remit any part of the price specified in the tariff; or

(3) extend to any person a privilege or facility, related to a matter required by the Secretary of Transportation to be specified in a tariff for foreign air transportation, except as specified in the tariff.

(b) PROHIBITED ACTIONS BY ANY PERSON.—A person may not knowingly—

(1) pay compensation for foreign air transportation of property that is different from the price specified in the tariff in effect for that transportation; or

(2) solicit, accept, or receive—

(A) a refund or remittance of any part of the price specified in the tariff; or

(B) a privilege or facility, related to a matter required by the Secretary to be specified in a tariff for foreign air transportation of property, except as specified in the tariff.

§ 41511. Special prices for foreign air transportation

(a) FREE AND REDUCED PRICING.—This chapter does not prohibit an air carrier or foreign air carrier, under terms the Secretary

of Transportation prescribes, from issuing or interchanging tickets or passes for free or reduced-price foreign air transportation to or for the following:

(1) a director, officer, or employee of the carrier (including a retired director, officer, or employee who is receiving retirement benefits from an air carrier or foreign air carrier).

(2) a parent or the immediate family of such an officer or employee or the immediate family of such a director.

(3) a widow, widower, or minor child of an employee of the carrier who died as a direct result of a personal injury sustained when performing a duty in the service of the carrier.

(4) a witness or attorney attending a legal investigation in which the air carrier is interested.

(5) an individual injured in an aircraft accident and a physician or nurse attending the individual.

(6) a parent or the immediate family of an individual injured or killed in an aircraft accident when the transportation is related to the accident.

(7) an individual or property to provide relief in a general epidemic, pestilence, or other emergency.

(8) other individuals under other circumstances the Secretary prescribes by regulation.

(b) SPACE-AVAILABLE BASIS.—Under terms the Secretary prescribes, an air carrier or foreign air carrier may grant reduced-price foreign air transportation on a space-available basis to the following:

(1) a minister of religion.

(2) an individual who is at least 60 years of age and no longer gainfully employed.

(3) an individual who is at least 65 years of age.

(4) an individual who has severely impaired vision or hearing or another physical or mental handicap and an accompanying attendant needed by that individual.

SUBCHAPTER I—REQUIREMENTS

§ 41701. Classification of air carriers

The Secretary of Transportation may establish—

- (1) reasonable classifications for air carriers when required because of the nature of the transportation provided by them; and
- (2) reasonable requirements for each class when the Secretary decides those requirements are necessary in the public interest.

§ 41702. Interstate air transportation

An air carrier shall provide safe and adequate interstate air transportation.

§ 41703. Navigation of foreign civil aircraft

(a) PERMITTED NAVIGATION.—A foreign aircraft, not part of the armed forces of a foreign country, may be navigated in the United States only—

- (1) if the country of registry grants a similar privilege to aircraft of the United States;
- (2) by an airman holding a certificate or license issued or made valid by the United States Government or the country of registry;
- (3) if the Secretary of Transportation authorizes the navigation; and

¹ So in law. Should read “air transport”.

(4) if the navigation is consistent with terms the Secretary may prescribe.

(b) REQUIREMENTS FOR AUTHORIZING NAVIGATION.—The Secretary may authorize navigation under this section only if the Secretary decides the authorization is—

- (1) in the public interest; and
- (2) consistent with any agreement between the Government and the government of a foreign country.

(c) PROVIDING AIR COMMERCE.—The Secretary may authorize an aircraft permitted to navigate in the United States under this section to provide air commerce in the United States. However, the aircraft may take on for compensation, at a place in the United States, passengers or cargo destined for another place in the United States only if—

- (1) specifically authorized under section 40109(g) of this title; or
- (2) under regulations the Secretary prescribes authorizing air carriers to provide otherwise authorized air transportation with foreign registered aircraft under lease or charter to them without crew.

(d) PERMIT REQUIREMENTS NOT AFFECTED.—This section does not affect section 41301 or 41302 of this title. However, a foreign air carrier holding a permit under section 41302 does not need to obtain additional authorization under this section for an operation authorized by the permit.

§ 41704. Transporting property not to be transported in aircraft cabins

Under regulations or orders of the Secretary of Transportation, an air carrier shall transport as baggage the property of a passenger traveling in air transportation that may not be carried in an aircraft cabin because of a law or regulation of the United States. The carrier is liable to pay an amount not more than the amount declared to the carrier by that passenger for actual loss of, or damage to, the property caused by the carrier. The carrier may impose reasonable charges and conditions for its liability.

§ 41705. Discrimination against handicapped individuals

(a) IN GENERAL.—In providing air transportation, an air carrier, including (subject to section 40105(b)) any foreign air carrier, may not discriminate against an otherwise qualified individual on the following grounds:

- (1) the individual has a physical or mental impairment that substantially limits one or more major life activities.
- (2) the individual has a record of such an impairment.
- (3) the individual is regarded as having such an impairment.

(b) EACH ACT CONSTITUTES SEPARATE OFFENSE.—For purposes of section 46301(a)(3)(E), a separate violation occurs under this section for each individual act of discrimination prohibited by subsection (a).

(c) INVESTIGATION OF COMPLAINTS.—

- (1) IN GENERAL.—The Secretary shall investigate each complaint of a violation of subsection (a).

(2) PUBLICATION OF DATA.—The Secretary shall publish disability-related complaint data in a manner comparable to other consumer complaint data.

(3) REVIEW AND REPORT.—The Secretary shall regularly review all complaints received by air carriers alleging discrimination on the basis of disability and shall report annually to Congress on the results of such review.

(4) TECHNICAL ASSISTANCE.—Not later than 180 days after the date of the enactment of this subsection, the Secretary shall—

(A) implement a plan, in consultation with the Department of Justice, the United States Architectural and Transportation Barriers Compliance Board, and the National Council on Disability, to provide technical assistance to air carriers and individuals with disabilities in understanding the rights and responsibilities set forth in this section; and

(B) ensure the availability and provision of appropriate technical assistance manuals to individuals and entities with rights or responsibilities under this section.

§ 41706. Prohibitions against smoking on scheduled flights

(a) SMOKING PROHIBITION IN INTRASTATE AND INTERSTATE AIR TRANSPORTATION.—An individual may not smoke in an aircraft in scheduled passenger interstate air transportation or scheduled passenger intrastate air transportation.

(b) SMOKING PROHIBITION IN FOREIGN AIR TRANSPORTATION.—The Secretary of Transportation shall require all air carriers and foreign air carriers to prohibit smoking in any aircraft in scheduled passenger foreign air transportation.

(c) LIMITATION ON APPLICABILITY.—

(1) IN GENERAL.—If a foreign government objects to the application of subsection (b) on the basis that subsection (b) provides for an extraterritorial application of the laws of the United States, the Secretary shall waive the application of subsection (b) to a foreign air carrier licensed by that foreign government at such time as an alternative prohibition negotiated under paragraph (2) becomes effective and is enforced by the Secretary.

(2) ALTERNATIVE PROHIBITION.—If, pursuant to paragraph (1), a foreign government objects to the prohibition under subsection (b), the Secretary shall enter into bilateral negotiations with the objecting foreign government to provide for an alternative smoking prohibition.

(d) REGULATIONS.—The Secretary shall prescribe such regulations as are necessary to carry out this section.

§ 41707. Incorporating contract terms into written instrument

To the extent the Secretary of Transportation prescribes by regulation, an air carrier may incorporate by reference in a ticket or written instrument any term of the contract for providing interstate air transportation.

§ 41708. Reports

(a) APPLICATION.—To the extent the Secretary of Transportation finds necessary to carry out this subpart, this section and section 41709 of this title apply to a person controlling an air carrier or affiliated (within the meaning of section 11343(c) of this title) with a carrier.

(b) REQUIREMENTS.—The Secretary may require an air carrier or foreign air carrier—

(1)(A) to file annual, monthly, periodical, and special reports with the Secretary in the form and way prescribed by the Secretary; and

(B) to file the reports under oath;

(2) to provide specific answers to questions on which the Secretary considers information to be necessary; and

(3) to file with the Secretary a copy of each agreement, arrangement, contract, or understanding between the carrier and another carrier or person related to transportation affected by this subpart.

§ 41709. Records of air carriers

(a) REQUIREMENTS.—The Secretary of Transportation shall prescribe the form of records to be kept by an air carrier, including records on the movement of traffic, receipts and expenditures of money, and the time period during which the records shall be kept. A carrier may keep only records prescribed or approved by the Secretary. However, a carrier may keep additional records if the additional records do not impair the integrity of the records prescribed or approved by the Secretary and are not an unreasonable financial burden on the carrier.

(b) INSPECTION.—(1) The Secretary at any time may—

(A) inspect the land, buildings, and equipment of an air carrier or foreign air carrier when necessary to decide under subchapter II of this chapter or section 41102, 41103, or 41302 of this title whether a carrier is fit, willing, and able; and

(B) inspect records kept or required to be kept by an air carrier, foreign air carrier, or ticket agent.

(2) The Secretary may employ special agents or auditors to carry out this subsection.

§ 41710. Time requirements

When a matter requiring action of the Secretary of Transportation is submitted under section 40109(a) or (c)–(h), 41309, or 42111 of this title and an evidentiary hearing—

(1) is ordered, the Secretary shall make a final decision on the matter not later than the last day of the 12th month that begins after the date the matter is submitted; or

(2) is not ordered, the Secretary shall make a final decision on the matter not later than the last day of the 6th month that begins after the date the matter is submitted.

§ 41711. Air carrier management inquiry and cooperation with other authorities

In carrying out this subpart, the Secretary of Transportation may—

(1) inquire into the management of the business of an air carrier and obtain from the air carrier, and a person controlling, controlled by, or under common control with the carrier, information the Secretary decides reasonably is necessary to carry out the inquiry;

(2) confer and hold a joint hearing with a State authority; and

(3) exchange information related to aeronautics with a government of a foreign country through appropriate departments, agencies, and instrumentalities of the United States Government.

§ 41712. Unfair and deceptive practices and unfair methods of competition

(a) IN GENERAL.—On the initiative of the Secretary of Transportation or the complaint of an air carrier, foreign air carrier, or ticket agent, and if the Secretary considers it is in the public interest, the Secretary may investigate and decide whether an air carrier, foreign air carrier, or ticket agent has been or is engaged in an unfair or deceptive practice or an unfair method of competition in air transportation or the sale of air transportation. If the Secretary, after notice and an opportunity for a hearing, finds that an air carrier, foreign air carrier, or ticket agent is engaged in an unfair or deceptive practice or unfair method of competition, the Secretary shall order the air carrier, foreign air carrier, or ticket agent to stop the practice or method.

(b) E-TICKET EXPIRATION NOTICE.—It shall be an unfair or deceptive practice under subsection (a) for any air carrier, foreign air carrier, or ticket agent utilizing electronically transmitted tickets for air transportation to fail to notify the purchaser of such a ticket of its expiration date, if any.

§ 41713. Preemption of authority over prices, routes, and service

(a) DEFINITION.—In this section, “State” means a State, the District of Columbia, and a territory or possession of the United States.

(b) PREEMPTION.—(1) Except as provided in this subsection, a State, political subdivision of a State, or political authority of at least 2 States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier that may provide air transportation under this subpart.

(2) Paragraphs (1) and (4) of this subsection do not apply to air transportation provided entirely in Alaska unless the transportation is air transportation (except charter air transportation) provided under a certificate issued under section 41102 of this title.

(3) This subsection does not limit a State, political subdivision of a State, or political authority of at least 2 States that owns or operates an airport served by an air carrier holding a certificate issued by the Secretary of Transportation from carrying out its proprietary powers and rights.

(4)¹ TRANSPORTATION BY AIR CARRIER OR CARRIER AFFILIATED WITH A DIRECT AIR CARRIER.—

(A) GENERAL RULE.—Except as provided in subparagraph (B), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier or carrier affiliated with a direct air carrier through common controlling ownership when such carrier is transporting property by aircraft or by motor vehicle (whether or not such property has had or will have a prior or subsequent air movement).

(B) MATTERS NOT COVERED.—Subparagraph (A)—

(i) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization; and

(ii) does not apply to the transportation of household goods, as defined in section 13102 of this title.

(C) APPLICABILITY OF PARAGRAPH (1).—This paragraph shall not limit the applicability of paragraph (1).

§ 41714. Availability of slots

(a) MAKING SLOTS AVAILABLE FOR ESSENTIAL AIR SERVICE.—

(1) OPERATIONAL AUTHORITY.—If basic essential air service under subchapter II of this chapter is to be provided from an eligible point to a high density airport (other than Ronald Reagan Washington National Airport), the Secretary of Transportation shall ensure that the air carrier providing or selected to provide such service has sufficient operational authority at the high density airport to provide such service. The operational authority shall allow flights at reasonable times taking into account the needs of passengers with connecting flights.

(2) EXEMPTIONS.—If necessary to carry out the objectives of paragraph (1), the Secretary shall by order grant exemptions from the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to air carriers using Stage 3 aircraft or to commuter air carriers, unless such an exemption would significantly increase operational delays.

(3) ASSURANCE OF ACCESS.—If the Secretary finds that an exemption under paragraph (2) would significantly increase operational delays, the Secretary shall take such action as may be necessary to ensure that an air carrier providing or selected to provide basic essential air service is able to obtain access to a high density airport.

(4) ACTION BY THE SECRETARY.—The Secretary shall issue a final order under this subsection on or before the 60th day

¹ Margin so in law.

after receiving a request from an air carrier for operational authority under this subsection.

(b) SLOTS FOR FOREIGN AIR TRANSPORTATION.—

(1) EXEMPTIONS.—If the Secretary finds it to be in the public interest at a high density airport (other than Ronald Reagan Washington National Airport), the Secretary may grant by order exemptions from the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to enable air carriers and foreign air carriers to provide foreign air transportation using Stage 3 aircraft.

(2) SLOT WITHDRAWALS.—The Secretary may not withdraw a slot at Chicago O'Hare International Airport from an air carrier in order to allocate that slot to a carrier to provide foreign air transportation.

(3) EQUIVALENT RIGHTS OF ACCESS.—The Secretary shall not take a slot at a high density airport from an air carrier and award such slot to a foreign air carrier if the Secretary determines that air carriers are not provided equivalent rights of access to airports in the country of which such foreign air carrier is a citizen.

(4) CONVERSIONS OF SLOTS.—Effective May 1, 2000, slots at Chicago O'Hare International Airport allocated to an air carrier as of November 1, 1999, to provide foreign air transportation shall be made available to such carrier to provide interstate or intrastate air transportation.

(c) SLOTS FOR NEW ENTRANTS.—If the Secretary finds it to be in the public interest, the Secretary may by order grant exemptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to enable new entrant air carriers to provide air transportation at high density airports (other than Ronald Reagan Washington National Airport).

(d) SPECIAL RULES FOR RONALD REAGAN WASHINGTON NATIONAL AIRPORT.—

(1) IN GENERAL.—Notwithstanding sections 49104(a)(5) and 49111(e) of this title, or any provision of this section, the Secretary may, only under circumstances determined by the Secretary to be exceptional, grant by order to an air carrier currently holding or operating a slot at Ronald Reagan Washington National Airport an exemption from requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at Washington National Airport), to enable that carrier to provide air transportation with Stage 3 aircraft at Ronald Reagan Washington National Airport; except that such exemption shall not—

(A) result in an increase in the total number of slots per day at Ronald Reagan Washington National Airport;

(B) result in an increase in the total number of slots at Ronald Reagan Washington National Airport from 7:00 ante meridiem to 9:59 post meridiem;

(C) increase the number of operations at Ronald Reagan Washington National Airport in any 1-hour period by more than 2 operations;

(D) result in the withdrawal or reduction of slots operated by an air carrier;

(E) result in a net increase in noise impact on surrounding communities resulting from changes in timing of operations permitted under this subsection; and

(F) continue in effect on or after the date on which the final rules issued under subsection (f) become effective.

(2) LIMITATION ON APPLICABILITY.—Nothing in this subsection shall adversely affect Exemption No. 5133, as from time-to-time amended and extended.

(e) STUDY.—

(1) MATTERS TO BE CONSIDERED.—The Secretary shall continue the Secretary's current examination of slot regulations and shall ensure that the examination includes consideration of—

(A) whether improvements in technology and procedures of the air traffic control system and the use of quieter aircraft make it possible to eliminate the limitations on hourly operations imposed by the high density rule contained in part 93 of title 14 of the Code of Federal Regulations or to increase the number of operations permitted under such rule;

(B) the effects of the elimination of limitations or an increase in the number of operations allowed on each of the following:

(i) congestion and delay in any part of the national aviation system;

(ii) the impact of noise on persons living near the airport;

(iii) competition in the air transportation system;

(iv) the profitability of operations of airlines serving the airport; and

(v) aviation safety;

(C) the impact of the current slot allocation process upon the ability of air carriers to provide essential air service under subchapter II of this chapter;

(D) the impact of such allocation process upon the ability of new entrant air carriers to obtain slots in time periods that enable them to provide service;

(E) the impact of such allocation process on the ability of foreign air carriers to obtain slots;

(F) the fairness of such process to air carriers and the extent to which air carriers are provided equivalent rights of access to the air transportation market in the countries of which foreign air carriers holding slots are citizens;

(G) the impact, on the ability of air carriers to provide domestic and international air service, of the withdrawal of slots from air carriers in order to provide slots for foreign air carriers; and

(H) the impact of the prohibition on slot withdrawals in subsections (b)(2) and (b)(3) of this section on the aviation relationship between the United States Government and foreign governments, including whether the prohibition in such subsections will require the withdrawal of slots from general and military aviation in order to meet

the needs of air carriers and foreign air carriers providing foreign air transportation (and the impact of such withdrawal on general aviation and military aviation) and whether slots will become available to meet the needs of air carriers and foreign air carriers to provide foreign air transportation as a result of the planned relocation of Air Force Reserve units and the Air National Guard at O'Hare International Airport.

(2) REPORT.—Not later than January 31, 1995, the Secretary shall complete the current examination of slot regulations and shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report containing the results of such examination.

(f) RULEMAKING.—The Secretary shall conduct a rulemaking proceeding based on the results of the study described in subsection (e). In the course of such proceeding, the Secretary shall issue a notice of proposed rulemaking not later than August 1, 1995, and shall issue a final rule not later than 90 days after public comments are due on the notice of proposed rulemaking.

(g) WEEKEND OPERATIONS.—The Secretary shall consider the advisability of revising section 93.227 of title 14, Code of Federal Regulations, so as to eliminate weekend schedules from the determination of whether the 80 percent standard of subsection (a)(1) of that section has been met.

(h) DEFINITIONS.—In this section and sections 41715–41718 and 41734(h), the following definitions apply:

(c) FACTORS TO CONSIDER.—

(1) IN GENERAL.—Before the award of slot exemptions under sections 41714 and 41716–41718, the Secretary of Transportation may consider, among other determining factors, whether the petitioning air carrier's proposal provides the maximum benefit to the United States economy, including the number of United States jobs created by the air carrier, its suppliers, and related activities. The Secretary should give equal consideration to the consumer benefits associated with the award of such exemptions.

(2) APPLICABILITY.—Paragraph (1) does not apply in any case in which the air carrier requesting the slot exemption is proposing to use under the exemption a type of aircraft for which there is not a competing United States manufacturer.

§ 41716. Interim slot rules at New York airports

(2) after September 30, 1999, the air carrier submits an air service termination notice under section 41719 for that route and the Secretary determines that the carrier suffered excessive losses, including substantial losses on operations on that route during any three quarters of the year immediately preceding the date of submission of the notice.

§ 41717. Interim application of slot rules at Chicago O'Hare International Airport

(a) SLOT OPERATING WINDOW NARROWED.—Effective July 1, 2001, the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations, do not apply with respect to aircraft operating before 2:45 post meridiem and after 8:14 post meridiem at Chicago O'Hare International Airport.

(b) EXEMPTIONS FOR AIR SERVICE TO SMALL AND NONHUB AIRPORTS.—Effective May 1, 2000, subject to section 41714(i), the Secretary of Transportation shall grant, by order, exemptions from the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to any air carrier to provide nonstop air transportation, using an

aircraft with a certificated maximum seating capacity of less than 71, between Chicago O'Hare International Airport and a small hub or nonhub airport—

(1) before October 1, 1999, the Secretary received a written air service termination notice for that route; or

(2) after September 30, 1999, the air carrier submits an air service termination notice under section 41719 for that route and the Secretary determines that the carrier suffered excessive losses, including substantial losses on operations on that route during the calendar quarters immediately preceding submission of the notice.”.

(1) provide air transportation with domestic network benefits in areas beyond the perimeter described in that section;

(2) increase competition by new entrant air carriers or in multiple markets;

(3) not reduce travel options for communities served by small hub airports and medium hub airports within the perimeter described in section 49109; and

(b) WITHIN-PERIMETER EXEMPTIONS.—The Secretary shall grant, by order, 12 exemptions from the requirements of sections 49104(a)(5), 49111(e), and 41714 of this title and subparts K and S of part 93 of title 14, Code of Federal Regulations, to air carriers for providing air transportation to airports that were designated as medium hub or smaller airports within the perimeter established

for civil aircraft operations at Ronald Reagan Washington National Airport under section 49109. The Secretary shall develop criteria for distributing slot exemptions for flights within the perimeter to such airports under this paragraph in a manner that promotes air transportation—

(1) by new entrant air carriers and limited incumbent air carriers;

(2) to communities without existing nonstop air transportation to Ronald Reagan Washington National Airport;

(3) to small communities;

(4) that will provide competitive nonstop air transportation on a monopoly nonstop route to Ronald Reagan Washington National Airport; or

(5) that will produce the maximum competitive benefits, including low fares.

SEC. 332. Hereafter, notwithstanding 49 U.S.C. 41742, no essential air service subsidies shall be provided to communities in the 48 contiguous States that are located fewer than 70 highway miles from the nearest large or medium hub airport, or that require a rate of subsidy per passenger in excess of \$200 unless such point is greater than 210 miles from the nearest large or medium hub airport.

² Section 205 of P.L. 106–181 (114 Stat. 94; 49 U.S.C. 41731 note) reads as follows:

SEC. 205. DETERMINATION OF DISTANCE FROM HUB AIRPORT.

The Secretary may provide assistance under subchapter II of chapter 417 of title 49, United States Code, with respect to a place that is located within 70 highway miles of a hub airport (as defined by section 41731 of such title) if the most commonly used highway route between the place and the hub airport exceeds 70 miles.

(ii) received scheduled air transportation at any time after January 1, 1990; and

(iii) is not listed in Department of Transportation Orders 89–9–37 and 89–12–52 as a place ineligible for compensation under this subchapter; or

(B) determined,¹ on or after October 1, 1988, and before the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, under this subchapter by the Secretary to be eligible to receive subsidized small community air service under section 41736(a).

(2) “enhanced essential air service” means scheduled air transportation to an eligible place of a higher level or quality than basic essential air service described in section 41732 of this title.

(3) “hub airport” means an airport that each year has at least .25 percent of the total annual boardings in the United States.

(4) “nonhub airport” means an airport that each year has less than .05 percent of the total annual boardings in the United States.

(5) “small hub airport” means an airport that each year has at least .05 percent, but less than .25 percent, of the total annual boardings in the United States.

(b) LIMITATION ON AUTHORITY TO DECIDE A PLACE NOT AN ELIGIBLE PLACE.—The Secretary of Transportation may not decide that a place described in subsection (a)(1) of this section is not an eligible place on the basis of a passenger subsidy at that place or on another basis that is not specifically stated in this subchapter.

§ 41732. Basic essential air service

(a) GENERAL.—Basic essential air service provided under section 41733 of this title is scheduled air transportation of passengers and cargo—

(1) to a hub airport that has convenient connecting or single-plane air service to a substantial number of destinations beyond that airport; or

(2) to a small hub or nonhub airport, when in Alaska or when the nearest hub airport is more than 400 miles from an eligible place.

(b) MINIMUM REQUIREMENTS.—Basic essential air service shall include at least the following:

(1)(A) for a place not in Alaska, 2 daily round trips 6 days a week, with not more than one intermediate stop on each flight; or

(B) for a place in Alaska, a level of service at least equal to that provided in 1976 or 2 round trips a week, whichever is greater, except that the Secretary of Transportation and the appropriate State authority of Alaska may agree to a different level of service after consulting with the affected community.

(2) flights at reasonable times considering the needs of passengers with connecting flights at the airport and at prices that are not excessive compared to the generally prevailing

¹ So in law. Should read “(B) was determined.”

prices of other air carriers for like service between similar places.

(3) for a place not in Alaska, service provided in an aircraft with an effective capacity of at least 15 passengers if the average daily boardings at the place in any calendar year from 1976-1986 were more than 11 passengers unless—

(A) that level-of-service requirement would require paying compensation in a fiscal year under section 41733(d) or 41734(d) or (e) of this title for the place when compensation otherwise would not have been paid for that place in that year; or

(B) the affected community agrees with the Secretary in writing to the use of smaller aircraft to provide service to the place.

(4) service accommodating the estimated passenger and property traffic at an average load factor, for each class of traffic considering seasonal demands for the service, of not more than—

(A) 50 percent; or

(B) 60 percent when service is provided by aircraft with more than 14 passenger seats.

(5) service provided in aircraft with at least 2 engines and using 2 pilots, unless scheduled air transportation has not been provided to the place in aircraft with at least 2 engines and using 2 pilots for at least 60 consecutive operating days at any time since October 31, 1978.

(6) service provided by pressurized aircraft when the service is provided by aircraft that regularly fly above 8,000 feet in altitude.

§ 41733. Level of basic essential air service

(a) DECISIONS MADE BEFORE OCTOBER 1, 1988.—For each eligible place for which a decision was made before October 1, 1988, under section 419 of the Federal Aviation Act of 1958, establishing the level of essential air transportation, the level of basic essential air service for that place shall be the level established by the Secretary of Transportation for that place by not later than December 29, 1988.

(b) DECISIONS NOT MADE BEFORE OCTOBER 1, 1988.—(1) The Secretary shall decide on the level of basic essential air service for each eligible place for which a decision was not made before October 1, 1988, establishing the level of essential air transportation, when the Secretary receives notice that service to that place will be provided by only one air carrier. The Secretary shall make the decision by the last day of the 6-month period beginning on the date the Secretary receives the notice. The Secretary may impose notice requirements necessary to carry out this subsection. Before making a decision, the Secretary shall consider the views of any interested community and the appropriate State authority of the State in which the community is located.

(2) Until the Secretary has made a decision on a level of basic essential air service for an eligible place under this subsection, the Secretary, on petition by an appropriate representative of the place, shall prohibit an air carrier from ending, suspending, or reducing

air transportation to that place that appears to deprive the place of basic essential air service.

(c) AVAILABILITY OF COMPENSATION.—(1) If the Secretary decides that basic essential air service will not be provided to an eligible place without compensation, the Secretary shall provide notice that an air carrier may apply to provide basic essential air service to the place for compensation under this section. In selecting an applicant, the Secretary shall consider, among other factors—

(A) the demonstrated reliability of the applicant in providing scheduled air service;

(B) the contractual and marketing arrangements the applicant has made with a larger carrier to ensure service beyond the hub airport;

(C) the interline arrangements that the applicant has made with a larger carrier to allow passengers and cargo of the applicant at the hub airport to be transported by the larger carrier through one reservation, ticket, and baggage check-in;

(D) the preferences of the actual and potential users of air transportation at the eligible place, giving substantial weight to the views of the elected officials representing the users; and

(E) for an eligible place in Alaska, the experience of the applicant in providing, in Alaska, scheduled air service, or significant patterns of non-scheduled air service under an exemption granted under section 40109(a) and (c)–(h) of this title.

(2) Under guidelines prescribed under section 41737(a) of this title, the Secretary shall pay the rate of compensation for providing basic essential air service under this section and section 41734 of this title.

(d) COMPENSATION PAYMENTS.—The Secretary shall pay compensation under this section at times and in the way the Secretary decides is appropriate. The Secretary shall end payment of compensation to an air carrier for providing basic essential air service to an eligible place when the Secretary decides the compensation is no longer necessary to maintain basic essential air service to the place.

(e) REVIEW.—The Secretary shall review periodically the level of basic essential air service for each eligible place. Based on the review and consultations with an interested community and the appropriate State authority of the State in which the community is located, the Secretary may make appropriate adjustments in the level of service, to the extent such adjustments are to a level not less than the basic essential air service level established under subsection (a) for the airport that serves the community.

§41734. Ending, suspending, and reducing basic essential air service

(a) NOTICE REQUIRED.—An air carrier may end, suspend, or reduce air transportation to an eligible place below the level of basic essential air service established for that place under section 41733 of this title only after giving the Secretary of Transportation, the appropriate State authority, and the affected communities at least 90 days' notice before ending, suspending, or reducing that transportation.

(b) CONTINUATION OF SERVICE FOR 30 DAYS AFTER NOTICE PERIOD.—If at the end of the notice period under subsection (a) of this section the Secretary has not found another air carrier to provide basic essential air service to the eligible place, the Secretary shall require the carrier providing notice to continue to provide basic essential air service to the place for an additional 30-day period or until another carrier begins to provide basic essential air service to the place, whichever occurs first.

(c) CONTINUATION OF SERVICE FOR ADDITIONAL 30-DAY PERIODS.—If at the end of the 30-day period under subsection (b) of this section the Secretary decides another air carrier will not provide basic essential air service to the place on a continuing basis, the Secretary shall require the carrier providing service to continue to provide service for additional 30-day periods until another carrier begins providing service on a continuing basis. At the end of each 30-day period, the Secretary shall decide if another carrier will provide service on a continuing basis.

(d) CONTINUATION OF COMPENSATION AFTER NOTICE PERIOD.—If an air carrier receiving compensation under section 41733 of this title for providing basic essential air service to an eligible place is required to continue to provide service to the place under this section after the 90-day notice period under subsection (a) of this section, the Secretary shall continue to pay that compensation after the last day of that period. The Secretary shall pay the compensation until the Secretary finds another carrier to provide the service to the place or the 90th day after the end of that notice period, whichever is earlier. If, after the 90th day after the end of the 90-day notice period, the Secretary has not found another carrier to provide the service, the carrier required to continue to provide that service shall receive compensation sufficient—

(1) to pay for the fully allocated actual cost to the carrier of performing the basic essential air service that was being provided when the 90-day notice was given under subsection (a) of this section plus a reasonable return on investment that is at least 5 percent of operating costs; and

(2) to provide the carrier an additional return that recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that those lost profits increase as the period during which the carrier is required to provide the service continues.

(e) COMPENSATION TO AIR CARRIERS ORIGINALLY PROVIDING SERVICE WITHOUT COMPENSATION.—If the Secretary requires an air carrier providing basic essential air service to an eligible place without compensation under section 41733 of this title to continue providing that service after the 90-day notice period required by subsection (a) of this section, the Secretary shall provide the carrier with compensation after the end of the 90-day notice period that is sufficient—

(1) to pay for the fully allocated actual cost to the carrier of performing the basic essential air service that was being provided when the 90-day notice was given under subsection (a) of this section plus a reasonable return on investment that is at least 5 percent of operating costs; and

(2) to provide the carrier an additional return that recognizes the demonstrated additional lost profits from opportuni-

ties foregone and the likelihood that those lost profits increase as the period during which the carrier is required to provide the service continues.

(f) FINDING REPLACEMENT CARRIERS.—When the Secretary requires an air carrier to continue to provide basic essential air service to an eligible place, the Secretary shall continue to make every effort to find another carrier to provide at least that basic essential air service to the place on a continuing basis.

(g) TRANSFER OF AUTHORITY.—If an air carrier, providing basic essential air service under section 41733 of this title between an eligible place and an airport at which the Administrator of the Federal Aviation Administration limits the number of instrument flight rule takeoffs and landings of aircraft, provides notice under subsection (a) of this section of an intention to end, suspend, or reduce that service and another carrier is found to provide the service, the Secretary shall require the carrier providing notice to transfer any operational authority the carrier has to land or take off at that airport related to the service to the eligible place to the carrier that will provide the service, if—

(1) the carrier that will provide the service needs the authority; and

(2) the authority to be transferred is being used to provide air service to another eligible place.

(h) NONCONSIDERATION OF SLOT AVAILABILITY.—In determining what is basic essential air service and in selecting an air carrier to provide such service, the Secretary shall not consider as a factor whether slots at a high density airport are available for providing such service.

§ 41735. Enhanced essential air service

(a) PROPOSALS.—(1) A State or local government may submit a proposal to the Secretary of Transportation for enhanced essential air service to an eligible place for which basic essential air service is being provided under section 41733 of this title. The proposal shall—

(A) specify the level and type of enhanced essential air service the State or local government considers appropriate; and

(B) include an agreement related to compensation required for the proposed service.

(2) The agreement submitted under paragraph (1)(B) of this subsection shall provide that—

(A) the State or local government or a person pay 50 percent of the compensation required for the proposed service and the United States Government pay the remaining 50 percent; or

(B)(i) the Government pay 100 percent of the compensation; and

(ii) if the proposed service is not successful for at least a 2-year period under the criteria prescribed by the Secretary under paragraph (3) of this subsection, the eligible place is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(3) The Secretary shall prescribe by regulation objective criteria for deciding whether enhanced essential air service to an eligible place under this section is successful in terms of—

(A) increasing passenger usage of the airport facilities at the place; and

(B) reducing the amount of compensation provided by the Secretary under this subchapter for that service.

(b) DECISIONS.—Not later than 90 days after receiving a proposal under subsection (a) of this section, the Secretary shall—

(1) approve the proposal if the Secretary decides the proposal is reasonable; or

(2) if the Secretary decides the proposal is not reasonable, disapprove the proposal and notify the State or local government of the disapproval and the reasons for the disapproval.

(c) COMPENSATION PAYMENTS.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides is appropriate. Compensation for enhanced essential air service under this section may be paid only for the costs incurred in providing air service to an eligible place that are in addition to the costs incurred in providing basic essential air service to the place under section 41733 of this title. The Secretary shall continue to pay compensation under this section only as long as—

(A) the air carrier maintains the level of enhanced essential air service;

(B) the State or local government or person agreeing to pay compensation under this section continues to pay the compensation; and

(C) the Secretary decides the compensation is necessary to maintain the service to the place.

(2) The Secretary may require the State or local government or person agreeing to pay compensation under this section to make advance payments or provide other security to ensure that timely payments are made.

(d) REVIEW.—(1) The Secretary shall review periodically the enhanced essential air service provided to each eligible place under this section.

(2) For service for which the Government pays 50 percent of the compensation, based on the review and consultation with the affected community and the State or local government or person paying the remaining 50 percent of the compensation, the Secretary shall make appropriate adjustments in the type and level of service to the place.

(3) For service for which the Government pays 100 percent of the compensation, based on the review and consultation with the State or local government submitting the proposal, the Secretary shall decide whether the service has succeeded for at least a 2-year period under the criteria prescribed under subsection (a)(3) of this section. If unsuccessful, the place is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(e) ENDING, SUSPENDING, AND REDUCING AIR TRANSPORTATION.—An air carrier may end, suspend, or reduce air transportation to an eligible place below the level of enhanced essential air service established for that place by the Secretary under this section only after giving the Secretary, the affected community, and

the State or local government or person paying compensation for that service at least 30 days' notice before ending, suspending, or reducing the service. This subsection does not relieve the carrier of an obligation under section 41734 of this title.

§ 41736. Air transportation to noneligible places

(a) PROPOSALS AND DECISIONS.—(1) A State or local government may propose to the Secretary of Transportation that the Secretary provide compensation to an air carrier to provide air transportation to a place that is not an eligible place under this subchapter. Not later than 90 days after receiving a proposal under this section, the Secretary shall—

(A) decide whether to designate the place as eligible to receive compensation under this section; and

(B)(i) approve the proposal if the State or local government or a person is willing and able to pay 50 percent of the compensation for providing the transportation, and notify the State or local government of the approval; or

(ii) disapprove the proposal if the Secretary decides the proposal is not reasonable under paragraph (2) of this subsection, and notify the State or local government of the disapproval and the reasons for the disapproval.

(2) In deciding whether a proposal is reasonable, the Secretary shall consider, among other factors—

(A) the traffic-generating potential of the place;

(B) the cost to the United States Government of providing the proposed transportation; and

(C) the distance of the place from the closest hub airport.

(b) APPROVAL FOR CERTAIN AIR TRANSPORTATION.—Notwithstanding subsection (a)(1)(B) of this section, the Secretary shall approve a proposal under this section to compensate an air carrier for providing air transportation to a place in the 48 contiguous States or the District of Columbia and designate the place as eligible for compensation under this section if—

(1) at any time before October 23, 1978, the place was served by a carrier holding a certificate under section 401 of the Federal Aviation Act of 1958;

(2) the place is more than 50 miles from the nearest small hub airport or an eligible place;

(3) the place is more than 150 miles from the nearest hub airport; and

(4) the State or local government submitting the proposal or a person is willing and able to pay 25 percent of the cost of providing the compensated transportation.

Paragraph (4) does not apply to any community approved for service under this section during the period beginning October 1, 1991, and ending December 31, 1997.

(c) LEVEL OF AIR TRANSPORTATION.—(1) If the Secretary designates a place under subsection (a)(1) of this section as eligible for compensation under this section, the Secretary shall decide, not later than 6 months after the date of the designation, on the level of air transportation to be provided under this section. Before making a decision, the Secretary shall consider the views of any interested community, the appropriate State authority of the State in which the place is located, and the State or local government or

person agreeing to pay compensation for the transportation under subsection (b)(4) of this section.

(2) After making the decision under paragraph (1) of this subsection, the Secretary shall provide notice that any air carrier that is willing to provide the level of air transportation established under paragraph (1) for a place may submit an application to provide the transportation. In selecting an applicant, the Secretary shall consider, among other factors—

(A) the factors listed in section 41733(c)(1) of this title; and

(B) the views of the State or local government or person agreeing to pay compensation for the transportation.

(d) COMPENSATION PAYMENTS.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides is appropriate. The Secretary shall continue to pay compensation under this section only as long as—

(A) the air carrier maintains the level of air transportation established by the Secretary under subsection (c)(1) of this section;

(B) the State or local government or person agreeing to pay compensation for transportation under this section continues to pay that compensation; and

(C) the Secretary decides the compensation is necessary to maintain the transportation to the place.

(2) The Secretary may require the State or local government or person agreeing to pay compensation under this section to make advance payments or provide other security to ensure that timely payments are made.

(e) REVIEW.—The Secretary shall review periodically the level of air transportation provided under this section. Based on the review and consultation with any interested community, the appropriate State authority of the State in which the community is located, and the State or local government or person paying compensation under this section, the Secretary may make appropriate adjustments in the level of transportation.

(f) WITHDRAWAL OF ELIGIBILITY DESIGNATIONS.—After providing notice and an opportunity for interested persons to comment, the Secretary may withdraw the designation of a place under subsection (a)(1) of this section as eligible to receive compensation under this section if the place has received air transportation under this section for at least 2 years and the Secretary decides the withdrawal would be in the public interest. The Secretary by regulation shall prescribe standards for deciding whether the withdrawal of a designation under this subsection is in the public interest. The standards shall include the factors listed in subsection (a)(2) of this section.

(g) ENDING, SUSPENDING, AND REDUCING AIR TRANSPORTATION.—An air carrier providing air transportation for compensation under this section may end, suspend, or reduce that transportation below the level of transportation established by the Secretary under this section only after giving the Secretary, the affected community, and the State or local government or person paying compensation under this section at least 30 days' notice before ending, suspending, or reducing the transportation.

§ 41737. Compensation guidelines, limitations, and claims

(a) COMPENSATION GUIDELINES.—(1) The Secretary of Transportation shall prescribe guidelines governing the rate of compensation payable under this subchapter. The guidelines shall be used to determine the reasonable amount of compensation required to ensure the continuation of air service or air transportation under this subchapter. The guidelines shall—

(A) provide for a reduction in compensation when an air carrier does not provide service or transportation agreed to be provided;

(B) consider amounts needed by an air carrier to promote public use of the service or transportation for which compensation is being paid; and

(C) include expense elements based on representative costs of air carriers providing scheduled air transportation of passengers, property, and mail on aircraft of the type the Secretary decides is appropriate for providing the service or transportation for which compensation is being provided.

(2) Promotional amounts described in paragraph (1)(B) of this subsection shall be a special, segregated element of the compensation provided to a carrier under this subchapter.

(b) REQUIRED FINDING.—The Secretary may pay compensation to an air carrier for providing air service or air transportation under this subchapter only if the Secretary finds the carrier is able to provide the service or transportation in a reliable way.

(c) CLAIMS.—Not later than 15 days after receiving a written claim from an air carrier for compensation under this subchapter, the Secretary shall—

(1) pay or deny the United States Government's share of a claim; and

(2) if denying the claim, notify the carrier of the denial and the reasons for the denial.

(d) AUTHORITY TO MAKE AGREEMENTS AND INCUR OBLIGATIONS.—(1) The Secretary may make agreements and incur obligations from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to pay compensation under this subchapter. An agreement by the Secretary under this subsection is a contractual obligation of the Government to pay the Government's share of the compensation.

(2) Not more than \$38,600,000 is available to the Secretary out of the Fund for each of the fiscal years ending September 30, 1993–1998, to incur obligations under this section. Amounts made available under this section remain available until expended.

§ 41738. Fitness of air carriers

Notwithstanding section 40109(a) and (c)–(h) of this title, an air carrier may provide air service to an eligible place or air transportation to a place designated under section 41736 of this title only when the Secretary of Transportation decides that—

(1) the carrier is fit, willing, and able to perform the service or transportation; and

(2) aircraft used to provide the service or transportation, and operations related to the service or transportation, conform

to the safety standards prescribed by the Administrator of the Federal Aviation Administration.

§ 41739. Air carrier obligations

If at least 2 air carriers make an agreement to operate under or use a single carrier designator code to provide air transportation, the carrier whose code is being used shares responsibility with the other carriers for the quality of transportation provided the public under the code by the other carriers.

§ 41740. Joint proposals

The Secretary of Transportation shall encourage the submission of joint proposals by 2 or more air carriers for providing air service or air transportation under this subchapter through arrangements that maximize the service or transportation to and from major destinations beyond the hub.

§ 41741. Insurance

The Secretary of Transportation may pay an air carrier compensation under this subchapter only when the carrier files with the Secretary an insurance policy or self-insurance plan approved by the Secretary. The policy or plan must be sufficient to pay for bodily injury to, or death of, an individual, or for loss of or damage to property of others, resulting from the operation of aircraft, but not more than the amount of the policy or plan limits.

§ 41742. Essential air service authorization

(a) IN GENERAL.—

(1) AUTHORIZATION.—Out of the amounts received by the Federal Aviation Administration credited to the account established under section 45303 of this title or otherwise provided to the Administration, the sum of \$50,000,000 is authorized and shall be made available immediately for obligation and expenditure to carry out the essential air service program under this subchapter for each fiscal year.

(2) ADDITIONAL FUNDS.—In addition to amounts authorized under paragraph (1), there is authorized to be appropriated \$15,000,000 for each fiscal year to carry out the essential air service program under this subchapter.

(b) FUNDING FOR SMALL COMMUNITY AIR SERVICE.—Notwithstanding any other provision of law, moneys credited to the account established under section 45303(a) of this title, including the funds derived from fees imposed under the authority contained in section 45301(a) of this title, shall be used to carry out the essential air service program under this subchapter. Notwithstanding section 47114(g) of this title, any amounts from those fees that are not obligated or expended at the end of the fiscal year for the purpose of funding the essential air service program under this subchapter shall be made available to the Administration for use in improving rural air safety under subchapter I of chapter 471 of this title and shall be used exclusively for projects at rural airports under this subchapter.

(c) SPECIAL RULE FOR FISCAL YEAR 1997.—Notwithstanding subsections (a) and (b), in fiscal year 1997, amounts in excess of \$75,000,000 that are collected in fees pursuant to section

45301(a)(1) of this title shall be available for the essential air service program under this subchapter, in addition to amounts specifically provided for in appropriations Acts.

§ 41743. Airports not receiving sufficient service

(a) **SMALL COMMUNITY AIR SERVICE DEVELOPMENT PILOT PROGRAM.**—The Secretary of Transportation shall establish a pilot program that meets the requirements of this section for improving air carrier service to airports not receiving sufficient air carrier service.

(b) **APPLICATION REQUIRED.**—In order to participate in the program established under subsection (a), a community or consortium of communities shall submit an application to the Secretary in such form, at such time, and containing such information as the Secretary may require, including—

(1) an assessment of the need of the community or consortium for access, or improved access, to the national air transportation system; and

(2) an analysis of the application of the criteria in subsection (c) to that community or consortium.

(c) **CRITERIA FOR PARTICIPATION.**—In selecting communities, or consortia of communities, for participation in the program established under subsection (a), the Secretary shall apply the following criteria:

(1) **SIZE.**—For calendar year 1997, the airport serving the community or consortium was not larger than a small hub airport (as that term is defined in section 41731(a)(5)), and—

(A) had insufficient air carrier service; or

(B) had unreasonably high air fares.

(2) **CHARACTERISTICS.**—The airport presents characteristics, such as geographic diversity or unique circumstances, that will demonstrate the need for, and feasibility of, the program established under subsection (a).

(3) **STATE LIMIT.**—No more than four communities or consortia of communities, or a combination thereof, may be located in the same State.

(4) **OVERALL LIMIT.**—No more than 40 communities or consortia of communities, or a combination thereof, may be selected to participate in the program.

(5) **PRIORITIES.**—The Secretary shall give priority to communities or consortia of communities where—

(A) air fares are higher than the average air fares for all communities;

(B) the community or consortium will provide a portion of the cost of the activity to be assisted under the program from local sources other than airport revenues;

(C) the community or consortium has established, or will establish, a public-private partnership to facilitate air carrier service to the public; and

(D) the assistance will provide material benefits to a broad segment of the travelling public, including business, educational institutions, and other enterprises, whose access to the national air transportation system is limited.

(d) **TYPES OF ASSISTANCE.**—The Secretary may use amounts made available under this section—

(1) to provide assistance to an air carrier to subsidize service to and from an underserved airport for a period not to exceed 3 years;

(2) to provide assistance to an underserved airport to obtain service to and from the underserved airport; and

(3) to provide assistance to an underserved airport to implement such other measures as the Secretary, in consultation with such airport, considers appropriate to improve air service both in terms of the cost of such service to consumers and the availability of such service, including improving air service through marketing and promotion of air service and enhanced utilization of airport facilities.

(e) AUTHORITY TO MAKE AGREEMENTS.—

(1) IN GENERAL.—The Secretary may make agreements to provide assistance under this section.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary \$20,000,000 for fiscal year 2001 and \$27,500,000 for each of fiscal years 2002 and 2003 to carry out this section. Such sums shall remain available until expended.

(f) ADDITIONAL ACTION.—Under the pilot program established under subsection (a), the Secretary shall work with air carriers providing service to participating communities and major air carriers (as defined in section 41716(a)(2)) serving large hub airports (as defined in section 41731(a)(3)) to facilitate joint-fare arrangements consistent with normal industry practice.

(g) DESIGNATION OF RESPONSIBLE OFFICIAL.—The Secretary shall designate an employee of the Department of Transportation—

(1) to function as a facilitator between small communities and air carriers;

(2) to carry out this section;

(3) to ensure that the Bureau of Transportation Statistics collects data on passenger information to assess the service needs of small communities;

(4) to work with and coordinate efforts with other Federal, State, and local agencies to increase the viability of service to small communities and the creation of aviation development zones; and

(5) to provide policy recommendations to the Secretary and Congress that will ensure that small communities have access to quality, affordable air transportation services.

(h) AIR SERVICE DEVELOPMENT ZONE.—The Secretary shall designate an airport in the program as an Air Service Development Zone and work with the community or consortium on means to attract business to the area surrounding the airport, to develop land use options for the area, and provide data, working with the Department of Commerce and other agencies.

§ 41744. Preservation of basic essential air service at single carrier dominated hub airports

(a) IN GENERAL.—If the Secretary of Transportation determines that extraordinary circumstances jeopardize the reliable performance of essential air service under this subchapter from a subsidized essential air service community to and from an essential airport facility, the Secretary may require an air carrier that has

more than 60 percent of the total annual enplanements at the essential airport facility to take action to enable another air carrier to provide reliable essential air service to that community. Actions required by the Secretary under this subsection may include interline agreements, ground services, subleasing of gates, and the provision of any other service or facility necessary for the performance of satisfactory essential air service to that community.

(b) **ESSENTIAL AIRPORT FACILITY DEFINED.**—In this section, the term “essential airport facility” means a large hub airport (as defined in section 41731) in the contiguous 48 States at which one air carrier has more than 60 percent of the total annual enplanements at that airport.

SUBCHAPTER III—REGIONAL AIR SERVICE INCENTIVE PROGRAM

§ 41761. Purpose

The purpose of this subchapter is to improve service by jet aircraft to underserved markets by providing assistance, in the form of Federal credit instruments, to commuter air carriers that purchase regional jet aircraft for use in serving those markets.

§ 41762. Definitions

In this subchapter, the following definitions apply:

(2) the methods used, whether by aircraft-mile, pound-mile, weight, space, or a combination of those or other methods, to determine the prices for each air carrier or class of air carriers; and

(3) the effective date of the prices.

(c) OTHER TRANSPORTATION.—In prescribing prices under subsection (b) of this section, the Secretary may include transportation other than by aircraft that is incidental to transportation of mail by aircraft or necessary because of emergency conditions related to aircraft operations.

(d) AUTHORITY TO PRESCRIBE DIFFERENT PRICES.—Considering conditions peculiar to transportation by aircraft and to particular air carriers or classes of air carriers, the Secretary may prescribe different prices under this section for different air carriers or classes of air carriers and for different classes of service. In prescribing a price for a carrier under this section, the Secretary shall consider, among other factors, the following:

(1) the condition that the carrier may hold and operate under a certificate authorizing the transportation of mail only by providing necessary and adequate facilities and service for the transportation of mail.

(e) STATEMENTS ON PRICES.—A petition for prescribing a reasonable price under this section must include a statement of the price the petitioner believes is reasonable.

(b) STATEMENTS ON PLACES AND SCHEDULES.—Every air carrier shall file with the Secretary of Transportation and the United States Postal Service a statement showing—

(1) the places between which the carrier is authorized to provide foreign air transportation;

(2) the places between which the carrier is authorized to transport mail in Alaska;

(3) every schedule of aircraft regularly operated by the carrier between places described in clauses (1) and (2) of this subsection and every change in each schedule; and

(4) for each schedule, the places served by the carrier and the time of arrival at, and departure from, each place.

(c) DESIGNATING AND ADDITIONAL SCHEDULES.—The Postal Service may—

(1) designate any schedule of an air carrier filed under subsection (b)(3) of this section for the transportation of mail between the places between which the carrier is authorized by its certificate to transport mail; and

(2) require the carrier to establish additional schedules for the transportation of mail between those places.

(d) CHANGING SCHEDULES.—A schedule designated or required to be established for the transportation of mail under subsection (c) of this section may be changed only after 10 days' notice of the change is filed as provided in subsection (b)(3) of this section. The Postal Service may disapprove a proposed change in a schedule or amend or modify the schedule or proposed change.

(e) ORDERS.—An order of the Postal Service under this section may become effective only after 10 days after the order is issued. A person adversely affected by the order may appeal the order to the Secretary before the end of the 10-day period under regulations the Secretary prescribes. If the public convenience and necessity require, the Secretary may amend, modify, suspend, or cancel the order. Pending a decision about the order, the Secretary may postpone the effective date of the order.

(f) PROCEEDINGS PREFERENCES.—The Secretary shall give preference to a proceeding under this section over all other proceedings before the Secretary under this subpart.

§ 41903. Duty to provide certain transportation of mail

(a) AIR CARRIERS.—Subject to subsection (b) of this section, an air carrier authorized by its certificate to transport mail by aircraft in foreign air transportation or between places in Alaska shall—

(1) provide facilities and services necessary and adequate to provide that transportation; and

(2) transport mail between the places authorized in the certificate for transportation of mail when required, and under regulations prescribed, by the United States Postal Service.

(b) MAXIMUM MAIL LOAD.—The Secretary of Transportation may prescribe the maximum mail load for a schedule or for an aircraft or type of aircraft for the transportation of mail by aircraft in foreign air transportation or between places in Alaska. If the Postal Service tenders to an air carrier mail exceeding the maximum load for transportation by the carrier under a schedule designated or required to be established for the transportation of mail under section 41902(c) of this title, the carrier, as nearly in accordance with the schedule as the Secretary decides is possible, shall—

(1) provide facilities sufficient to transport the mail to the extent the Secretary decides the carrier reasonably is able to do so; and

(2) transport that mail.

§ 41904. Noncitizens transporting mail to or in foreign countries

United States Postal Service decides that it may be necessary to have a person not a citizen of the United States transport mail by aircraft to or in a foreign country, the Postal Service may make an arrangement with the person, without advertising, to provide the transportation.

§ 41905. Regulating air carrier transportation of foreign mail

An air carrier holding a certificate that authorizes foreign air transportation and transporting mail of a foreign country shall transport that mail under the control of, and subject to regulation by, the United States Government.

§ 41906. Emergency mail transportation

(a) **CONTRACT AUTHORITY.**—In an emergency caused by a flood, fire, or other disaster, the United States Postal Service may make a contract without advertising to transport mail by aircraft to or from a locality affected by the emergency when the available facilities of persons authorized to transport mail to or from the locality are inadequate to meet the requirements of the Postal Service during the emergency. The contract may be only for periods necessary to maintain mail service because of the inadequacy of the facilities. Payment for transportation provided under the contract shall be made at prices provided in the contract.

(b) **TRANSPORTATION NOT AIR TRANSPORTATION.**—Transportation provided under a contract made under subsection (a) of this section is not air transportation within the meaning of this part.

§ 41907. Prices for foreign transportation of mail

(a) **LIMITATIONS.**—When air transportation is provided between the United States and a foreign country both by aircraft owned or operated by an air carrier holding a certificate under chapter 411 of this title and by aircraft owned or operated by a foreign air carrier, the United States Postal Service may not pay to or for the account of the foreign air carrier a price for transporting mail by aircraft between the United States and the foreign country that the Postal Service believes will result (over a reasonable period determined by the Postal Service considering exchange fluctuations and other factors) in the foreign air carrier receiving a price for transporting the mail that is higher than the price—

(1) the government of a foreign country or foreign postal administration pays to air carriers for transporting mail of the foreign country by aircraft between the foreign country and the United States; or

(2) determined by the Postal Service to be comparable to the price the government of a foreign country or foreign postal administration pays to air carriers for transporting mail of the foreign country by aircraft between the foreign country and an intermediate country on the route of the air carrier between the foreign country and the United States.

(b) **CHANGES.**—The Secretary of Transportation shall act expeditiously on proposed changes in prices for transporting mail by aircraft in foreign air transportation. When prescribing those prices, the Secretary shall consider—

(1) the prices paid for transportation of mail under the Universal Postal Union Convention as ratified by the United States Government;

(2) the price-making elements used by the Universal Postal Union in prescribing its airmail prices; and

(3) the competitive disadvantage to United States flag air carriers resulting from foreign air carriers receiving Universal Postal Union prices for transporting United States mail and national origin mail of their own countries.

§ 41908. Prices for transporting mail of foreign countries

(a) PRICE DETERMINATIONS.—The United States Postal Service shall determine the prices that an air carrier holding a certificate that authorizes foreign air transportation must charge a government of a foreign country or foreign postal administration for transporting mail of the foreign country. The Postal Service shall put those prices into effect under the postal convention regulating postal relations between the United States and the foreign country or as provided under this section.

(b) CHANGES.—The Postal Service may authorize an air carrier holding a certificate that authorizes foreign air transportation, under limitations the Postal Service prescribes, to change the prices the carrier charges a government of a foreign country or foreign postal administration for transporting mail of the foreign country in the foreign country or between the foreign country and another foreign country.

(c) COLLECTING COMPENSATION.—(1) When an air carrier holding a certificate that authorizes foreign air transportation transports mail of a foreign country—

(A) under an arrangement with a government of a foreign country or foreign postal administration made or approved under this section, the carrier must collect its compensation for the transportation from the foreign country under the arrangement; and

(B) without having an arrangement with a government of a foreign country or foreign postal administration consistent with this section, the compensation collected by the United States Government for the transportation shall be for the account of the air carrier.

(2) An air carrier holding a certificate that authorizes foreign air transportation is not entitled to receive compensation from both a government of a foreign country or foreign postal administration and the United States Government for transporting the same mail of the foreign country.

§ 41909. Duty to oppose unreasonable prices under the Universal Postal Union Convention

The Secretary of State and the United States Postal Service shall—

(1) take appropriate action to ensure that the prices paid for transporting mail under the Universal Postal Union Convention are not higher than reasonable prices for transporting mail; and

(2) oppose any existing or proposed Universal Postal Union price that is higher than a reasonable price for transporting mail.

§ 41910. Weighing mail

The United States Postal Service may weigh mail transported by aircraft and make statistical and administrative computations

necessary in the interest of mail service. When the Secretary of Transportation decides that additional or more frequent weighings of mail are advisable or necessary to carry out this part, the Postal Service shall provide the weighings, but it is not required to provide them for continuous periods of more than 30 days.

§ 41911. Evidence of providing mail service

When and in the form required by the United States Postal Service, an air carrier transporting or handling—

(1) United States mail shall submit evidence, signed by an authorized official, that the transportation or handling has been provided; and

(2) mail of a foreign country shall submit evidence, signed by an authorized official, of the amount of mail transported or handled and the compensation payable and received for that transportation or handling.

§ 41912. Effect on foreign postal arrangements

This part does not—

(1) affect an arrangement made by the United States Government with the postal administration of a foreign country related to the transportation of mail by aircraft; or

(2) impair the authority of the United States Postal Service to make such an arrangement.

(2) INVESTIGATION; PRELIMINARY ORDER.—

(A) IN GENERAL.—Not later than 60 days after the date of receipt of a complaint filed under paragraph (1) and after affording the person named in the complaint an opportunity to submit to the Secretary of Labor a written response to the complaint and an opportunity to meet with a representative of the Secretary to present statements from witnesses, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify, in writing, the complainant and the person alleged to have committed a violation of subsection (a) of the Secretary's findings. If the Secretary of Labor concludes that there is a reasonable cause to believe that a violation of subsection

(a) has occurred, the Secretary shall accompany the Secretary's findings with a preliminary order providing the relief prescribed by paragraph (3)(B). Not later than 30 days after the date of notification of findings under this paragraph, either the person alleged to have committed the violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 30-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(B) REQUIREMENTS.—

(i) REQUIRED SHOWING BY COMPLAINANT.—The Secretary of Labor shall dismiss a complaint filed under this subsection and shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(ii) SHOWING BY EMPLOYER.—Notwithstanding a finding by the Secretary that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(iii) CRITERIA FOR DETERMINATION BY SECRETARY.—The Secretary may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(iv) PROHIBITION.—Relief may not be ordered under subparagraph (A) if the employer demonstrates by clear and convincing evidence that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(3) FINAL ORDER.—

(A) DEADLINE FOR ISSUANCE; SETTLEMENT AGREEMENTS.—Not later than 120 days after the date of conclusion of a hearing under paragraph (2), the Secretary of Labor shall issue a final order providing the relief prescribed by this paragraph or denying the complaint. At any time before issuance of a final order, a proceeding under this subsection may be terminated on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(B) REMEDY.—If, in response to a complaint filed under paragraph (1), the Secretary of Labor determines

that a violation of subsection (a) has occurred, the Secretary of Labor shall order the person who committed such violation to—

- (i) take affirmative action to abate the violation;
- (ii) reinstate the complainant to his or her former position together with the compensation (including back pay) and restore the terms, conditions, and privileges associated with his or her employment; and
- (iii) provide compensatory damages to the complainant.

If such an order is issued under this paragraph, the Secretary of Labor, at the request of the complainant, shall assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorneys' and expert witness fees) reasonably incurred, as determined by the Secretary of Labor, by the complainant for, or in connection with, the bringing¹ the complaint upon which the order was issued.

(C) FRIVOLOUS COMPLAINTS.—If the Secretary of Labor finds that a complaint under paragraph (1) is frivolous or has been brought in bad faith, the Secretary of Labor may award to the prevailing employer a reasonable attorney's fee not exceeding \$1,000.

(4) REVIEW.—

(A) APPEAL TO COURT OF APPEALS.—Any person adversely affected or aggrieved by an order issued under paragraph (3) may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred or the circuit in which the complainant resided on the date of such violation. The petition for review must be filed not later than 60 days after the date of the issuance of the final order of the Secretary of Labor. Review shall conform to chapter 7 of title 5, United States Code. The commencement of proceedings under this subparagraph shall not, unless ordered by the court, operate as a stay of the order.

(B) LIMITATION ON COLLATERAL ATTACK.—An order of the Secretary of Labor with respect to which review could have been obtained under subparagraph (A) shall not be subject to judicial review in any criminal or other civil proceeding.

(5) ENFORCEMENT OF ORDER BY SECRETARY OF LABOR.—Whenever any person has failed to comply with an order issued under paragraph (3), the Secretary of Labor may file a civil action in the United States district court for the district in which the violation was found to occur to enforce such order. In actions brought under this paragraph, the district courts shall have jurisdiction to grant all appropriate relief including, but not limited to, injunctive relief and compensatory damages.

(6) ENFORCEMENT OF ORDER BY PARTIES.—

(A) COMMENCEMENT OF ACTION.—A person on whose behalf an order was issued under paragraph (3) may com-

mence a civil action against the person to whom such order was issued to require compliance with such order. The appropriate United States district court shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce such order.

(B) ATTORNEY FEES.—The court, in issuing any final order under this paragraph, may award costs of litigation (including reasonable attorney and expert witness fees) to any party whenever the court determines such award is appropriate.

(c) MANDAMUS.—Any nondiscretionary duty imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code.

(d) NONAPPLICABILITY TO DELIBERATE VIOLATIONS.—Subsection (a) shall not apply with respect to an employee of an air carrier, contractor, or subcontractor who, acting without direction from such air carrier, contractor, or subcontractor (or such person's agent), deliberately causes a violation of any requirement relating to air carrier safety under this subtitle or any other law of the United States.

(e) CONTRACTOR DEFINED.—In this section, the term “contractor” means a company that performs safety-sensitive functions by contract for an air carrier.

§ 44101. Operation of aircraft

(a) REGISTRATION REQUIREMENT.—Except as provided in subsection (b) of this section, a person may operate an aircraft only when the aircraft is registered under section 44103 of this title.

(b) EXCEPTIONS.—A person may operate an aircraft in the United States that is not registered—

- (1) when authorized under section 40103(d) or 41703 of this title;
- (2) when it is an aircraft of the national defense forces of the United States and is identified in a way satisfactory to the Administrator of the Federal Aviation Administration; and
- (3) for a reasonable period of time after a transfer of ownership, under regulations prescribed by the Administrator.

§ 44102. Registration requirements

(a) ELIGIBILITY.—An aircraft may be registered under section 44103 of this title only when the aircraft is—

(1) not registered under the laws of a foreign country and is owned by—

(A) a citizen of the United States;

(B) an individual citizen of a foreign country lawfully admitted for permanent residence in the United States; or

(C) a corporation not a citizen of the United States when the corporation is organized and doing business under the laws of the United States or a State, and the aircraft is based and primarily used in the United States;

or

(2) an aircraft of—

(A) the United States Government; or

(B) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of a State, territory, or possession.

(b) DUTY TO DEFINE CERTAIN TERM.—In carrying out subsection (a)(1)(C) of this section, the Secretary of Transportation shall define “based and primarily used in the United States”.

§ 44103. Registration of aircraft

(a) GENERAL.—(1) On application of the owner of an aircraft that meets the requirements of section 44102 of this title, the Administrator of the Federal Aviation Administration shall—

(A) register the aircraft; and

(B) issue a certificate of registration to its owner.

(2) The Administrator may prescribe the extent to which an aircraft owned by the holder of a dealer’s certificate of registration issued under section 44104(2) of this title also is registered under this section.

(b) CONTROLLED SUBSTANCE VIOLATIONS.—(1) The Administrator may not issue an owner’s certificate of registration under subsection (a)(1) of this section to a person whose certificate is revoked under section 44106 of this title during the 5-year period beginning on the date of the revocation, except—

(A) as provided in section 44106(e)(2) of this title; or

(B) that the Administrator may issue the certificate to the person after the one-year period beginning on the date of the revocation if the Administrator decides that the aircraft otherwise meets the requirements of section 44102 of this title and that denial of a certificate for the 5-year period—

(i) would be excessive considering the nature of the offense or the act committed and the burden the denial places on the person; or

(ii) would not be in the public interest.

(2) A decision of the Administrator under paragraph (1)(B)(i) or (ii) of this subsection is within the discretion of the Administrator. That decision or failure to make a decision is not subject to administrative or judicial review.

(c) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

(1) conclusive evidence of the nationality of an aircraft for international purposes, but not conclusive evidence in a proceeding under the laws of the United States; and

(2) not evidence of ownership of an aircraft in a proceeding in which ownership is or may be in issue.

(d) CERTIFICATES AVAILABLE FOR INSPECTION.—An operator of an aircraft shall make available for inspection a certificate of registration for the aircraft when requested by a United States Government, State, or local law enforcement officer.

§ 44104. Registration of aircraft components and dealers' certificates of registration

The Administrator of the Federal Aviation Administration may prescribe regulations—

(1) in the interest of safety for registering and identifying an aircraft engine, propeller, or appliance; and

(2) in the public interest for issuing, suspending, and revoking a dealer's certificate of registration under this chapter and for its use by a person manufacturing, distributing, or selling aircraft.

§ 44105. Suspension and revocation of aircraft certificates

The Administrator of the Federal Aviation Administration may suspend or revoke a certificate of registration issued under section 44103 of this title when the aircraft no longer meets the requirements of section 44102 of this title.

§ 44106. Revocation of aircraft certificates for controlled substance violations

(a) DEFINITION.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) REVOCATIONS.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking the certificate of registration for an aircraft issued to an owner under section 44103 of this title and any other certificate of registration that the owner of the aircraft holds under section 44103, if the Administrator finds that—

(A) the aircraft was used to carry out, or facilitate, an activity that is punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance); and

(B) the owner of the aircraft permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in clause (A) of this paragraph.

(2) An aircraft owner that is not an individual is deemed to have permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection only if a majority of the individuals who control the owner of the aircraft or who are involved in forming the major policy of the owner permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A).

(c) **ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.**—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator shall—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator bases the proposed action; and

(2) provide the holder of the certificate an opportunity to answer the charges and state why the certificate should not be revoked.

(d) **APPEALS.**—(1) A person whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and a hearing on the record. In conducting the hearing, the Board is not bound by the findings of fact of the Administrator.

(2) When a person files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall dispose of the appeal not later than 60 days after notification by the Administrator under this paragraph.

(3) A person substantially affected by an order of the Board under this subsection may seek judicial review of the order under section 46110 of this title. The Administrator shall be made a party to that judicial proceeding.

(e) **ACQUITTAL.**—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, a certificate of registration under this section on the basis of an activity described in subsection (b)(1)(A) of this section if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked a certificate of registration of a person under this section because of an activity described in subsection (b)(1)(A) of this section, the Administrator shall reissue a certificate to the person if the person—

(A) subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; and

(B) otherwise meets the requirements of section 44102 of this title.

§ 44107. Recordation of conveyances, leases, and security instruments

(a) **ESTABLISHMENT OF SYSTEM.**—The Administrator of the Federal Aviation Administration shall establish a system for recording—

(1) conveyances that affect an interest in civil aircraft of the United States;

(2) leases and instruments executed for security purposes, including conditional sales contracts, assignments, and amendments, that affect an interest in—

- (A) a specifically identified aircraft engine having at least 750 rated takeoff horsepower or its equivalent;
 - (B) a specifically identified aircraft propeller capable of absorbing at least 750 rated takeoff shaft horsepower;
 - (C) an aircraft engine, propeller, or appliance maintained for installation or use in an aircraft, aircraft engine, or propeller, by or for an air carrier holding a certificate issued under section 44705 of this title; and
 - (D) spare parts maintained by or for an air carrier holding a certificate issued under section 44705 of this title; and
- (3) releases, cancellations, discharges, and satisfactions related to a conveyance, lease, or instrument recorded under clause (1) or (2) of this subsection.
- (b) GENERAL DESCRIPTION REQUIRED.—A lease or instrument recorded under subsection (a)(2)(C) or (D) of this section only has to describe generally the engine, propeller, appliance, or spare part by type and designate its location.
- (c) ACKNOWLEDGMENT.—Except as the Administrator otherwise may provide, a conveyance, lease, or instrument may be recorded under subsection (a) of this section only after it has been acknowledged before—
- (1) a notary public; or
 - (2) another officer authorized under the laws of the United States, a State, the District of Columbia, or a territory or possession of the United States to acknowledge deeds.
- (d) RECORDS AND INDEXES.—The Administrator shall—
- (1) keep a record of the time and date that each conveyance, lease, and instrument is filed and recorded with the Administrator; and
 - (2) record each conveyance, lease, and instrument filed with the Administrator, in the order of their receipt, and index them by—
 - (A) the identifying description of the aircraft, aircraft engine, or propeller, or location specified in a lease or instrument recorded under subsection (a)(2)(C) or (D) of this section; and
 - (B) the names of the parties to each conveyance, lease, and instrument.

§ 44108. Validity of conveyances, leases, and security instruments

- (a) VALIDITY BEFORE FILING.—Until a conveyance, lease, or instrument executed for security purposes that may be recorded under section 44107(a)(1) or (2) of this title is filed for recording, the conveyance, lease, or instrument is valid only against—
- (1) the person making the conveyance, lease, or instrument;
 - (2) that person's heirs and devisees; and
 - (3) a person having actual notice of the conveyance, lease, or instrument.
- (b) PERIOD OF VALIDITY.—When a conveyance, lease, or instrument is recorded under section 44107 of this title, the conveyance, lease, or instrument is valid from the date of filing against all persons, without other recordation, except that—

(1) a lease or instrument recorded under section 44107(a)(2)(A) or (B) of this title is valid for a specifically identified engine or propeller without regard to a lease or instrument previously or subsequently recorded under section 44107(a)(2)(C) or (D); and

(2) a lease or instrument recorded under section 44107(a)(2)(C) or (D) of this title is valid only for items at the location designated in the lease or instrument.

(c) APPLICABLE LAWS.—(1) The validity of a conveyance, lease, or instrument that may be recorded under section 44107 of this title is subject to the laws of the State, the District of Columbia, or the territory or possession of the United States at which the conveyance, lease, or instrument is delivered, regardless of the place at which the subject of the conveyance, lease, or instrument is located or delivered. If the conveyance, lease, or instrument specifies the place at which delivery is intended, it is presumed that the conveyance, lease, or instrument was delivered at the specified place.

(2) This subsection does not take precedence over the Convention on the International Recognition of Rights in Aircraft (4 U.S.T. 1830).

(d) NONAPPLICATION.—This section does not apply to—

(1) a conveyance described in section 44107(a)(1) of this title that was made before August 22, 1938; or

(2) a lease or instrument described in section 44107(a)(2) of this title that was made before June 20, 1948.

§ 44109. Reporting transfer of ownership

(a) FILING NOTICES.—A person having an ownership interest in an aircraft for which a certificate of registration was issued under section 44103 of this title shall file a notice with the Secretary of the Treasury that the Secretary requires by regulation, not later than 15 days after a sale, conditional sale, transfer, or conveyance of the interest.

(b) EXEMPTIONS.—The Secretary—

(1) shall prescribe regulations that establish guidelines for exempting a person or class from subsection (a) of this section; and

(2) may exempt a person or class under the regulations.

§ 44110. Information about aircraft ownership and rights

The Administrator of the Federal Aviation Administration may provide by regulation for—

(1) endorsing information on each certificate of registration issued under section 44103 of this title and each certificate issued under section 44704 of this title about ownership of the aircraft for which each certificate is issued; and

(2) recording transactions affecting an interest in, and for other records, proceedings, and details necessary to decide the rights of a party related to, a civil aircraft of the United States, aircraft engine, propeller, appliance, or spare part.

§ 44111. Modifications in registration and recordation system for aircraft not providing air transportation

(a) APPLICATION.—This section applies only to aircraft not used to provide air transportation.

(b) **AUTHORITY TO MAKE MODIFICATIONS.**—The Administrator of the Federal Aviation Administration shall make modifications in the system for registering and recording aircraft necessary to make the system more effective in serving the needs of—

- (1) buyers and sellers of aircraft;
- (2) officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)); and
- (3) other users of the system.

(c) **NATURE OF MODIFICATIONS.**—Modifications made under subsection (b) of this section—

- (1) may include a system of titling aircraft or registering all aircraft, even aircraft not operated;
- (2) shall ensure positive, verifiable, and timely identification of the true owner; and
- (3) shall address at least each of the following deficiencies in and abuses of the existing system:

(A) the registration of aircraft to fictitious persons.

(B) the use of false or nonexistent addresses by persons registering aircraft.

(C) the use by a person registering an aircraft of a post office box or “mail drop” as a return address to evade identification of the person’s address.

(D) the registration of aircraft to entities established to facilitate unlawful activities.

(E) the submission of names of individuals on applications for registration of aircraft that are not identifiable.

(F) the ability to make frequent legal changes in the registration markings assigned to aircraft.

(G) the use of false registration markings on aircraft.

(H) the illegal use of “reserved” registration markings on aircraft.

(I) the large number of aircraft classified as being in “self-reported status”.

(J) the lack of a system to ensure timely and adequate notice of the transfer of ownership of aircraft.

(K) the practice of allowing temporary operation and navigation of aircraft without the issuance of a certificate of registration.

(d) **REGULATIONS.**—(1) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out this section and provide a written explanation of how the regulations address each of the deficiencies and abuses described in subsection (c) of this section. In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(2) Regulations prescribed under this subsection shall require that—

(A) each individual listed in an application for registration of an aircraft provide with the application the individual's driver's license number; and

(B) each person (not an individual) listed in an application for registration of an aircraft provide with the application the person's taxpayer identifying number.

(3) “secured party” means a person having a security interest in, or security title to, a civil aircraft, aircraft engine, or propeller under a conditional sales contract, equipment trust contract, chattel or corporate mortgage, or similar instrument.

(b) LIABILITY.—A lessor, owner, or secured party is liable for personal injury, death, or property loss or damage on land or water only when a civil aircraft, aircraft engine, or propeller is in the actual possession or control of the lessor, owner, or secured party, and the personal injury, death, or property loss or damage occurs because of—

(1) the aircraft, engine, or propeller; or

(2) the flight of, or an object falling from, the aircraft, engine, or propeller.

(B) an aircraft owned or chartered by, or made available to—

(i) the United States Government; or

(ii) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of the State, territory, or possession.

¹The first sentence of section 202 of Public Law 107-42 (115 Stat. 236) provides “[n]otwithstanding any other provision of this title, the Secretary may extend any provision of chapter 443 of title 49, United States Code, as amended by this title, and the provisions of this title, to vendors, agents, and subcontractors of air carriers.”

stock insurance company and a reciprocal insurance association.

§ 44302. General authority

(a) INSURANCE AND REINSURANCE.—(1) Subject to subsection (c) of this section and section 44305(a) of this title, the Secretary of Transportation may provide insurance and reinsurance against loss or damage arising out of any risk from the operation of an American aircraft or foreign-flag aircraft.

(2) An aircraft may be insured or reinsured for not more than its reasonable value as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. Insurance or reinsurance may be provided only when the Secretary decides that the insurance cannot be obtained on reasonable terms from an insurance carrier.

(b) REIMBURSEMENT OF INSURANCE COST INCREASES.—

(1) IN GENERAL.—The Secretary may reimburse an air carrier for the increase in the cost of insurance, with respect to a premium for coverage ending before October 1, 2002, against loss or damage arising out of any risk from the operation of an American aircraft over the insurance premium that was in effect for a comparable operation during the period beginning September 4, 2001, and ending September 10, 2001, as the Secretary may determine. Such reimbursement is subject to subsections (a)(2), (c), and (d) of this section and to section 44303.

(2) PAYMENT FROM REVOLVING FUND.—A reimbursement under this subsection shall be paid from the revolving fund established by section 44307.

(3) FURTHER CONDITIONS.—The Secretary may impose such further conditions on insurance for which the increase in premium is subject to reimbursement under this subsection as the Secretary may deem appropriate in the interest of air commerce.

(4) TERMINATION OF AUTHORITY.—The authority to reimburse air carriers under this subsection shall expire 180 days after the date of enactment of this paragraph.

(c) PRESIDENTIAL APPROVAL.—The Secretary may provide insurance or reinsurance under subsection (a) of this section, or reimburse an air carrier under subsection (b) of this section, only with the approval of the President. The President may approve the insurance or reinsurance or the reimbursement only after deciding that the continued operation of the American aircraft or foreign-flag aircraft to be insured or reinsured is necessary in the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) CONSULTATION.—The President may require the Secretary to consult with interested departments, agencies, and instrumentalities of the Government before providing insurance or reinsurance or reimbursing an air carrier under this chapter.

(e) ADDITIONAL INSURANCE.—With the approval of the Secretary, a person having an insurable interest in an aircraft may insure with other underwriters in an amount that is more than the amount insured with the Secretary. However, the Secretary may

not benefit from the additional insurance. This subsection does not prevent the Secretary from making contracts of coinsurance.

(f) EXTENSION OF POLICIES.—

(1) IN GENERAL.—The Secretary shall extend through August 31, 2003, and may extend through December 31, 2003, the termination date of any insurance policy that the Department of Transportation issued to an air carrier under subsection (a) and that is in effect on the date of enactment of this subsection on no less favorable terms to the air carrier than existed on June 19, 2002; except that the Secretary shall amend the insurance policy, subject to such terms and conditions as the Secretary may prescribe, to add coverage for losses or injuries to aircraft hulls, passengers, and crew at the limits carried by air carriers for such losses and injuries as of such date of enactment and at an additional premium comparable to the premium charged for third-party casualty coverage under such policy.

(2) SPECIAL RULES.—Notwithstanding paragraph (1)—

(A) in no event shall the total premium paid by the air carrier for the policy, as amended, be more than twice the premium that the air carrier was paying to the Department of Transportation for its third party policy as of June 19, 2002; and

(B) the coverage in such policy shall begin with the first dollar of any covered loss that is incurred.

§ 44303. Coverage

(a) IN GENERAL.—The¹ Secretary of Transportation may provide insurance and reinsurance, or reimburse insurance costs, as authorized under section 44302 of this title for the following:

(1) an American aircraft or foreign-flag aircraft engaged in aircraft operations the President decides are necessary in the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(A) shipments by express or registered mail;

(B) property owned by citizens or residents of the United States;

(C) property—

(ii) bought or sold by a citizen or resident of the United States under a contract putting the risk of loss or obligation to provide insurance against risk of loss on the citizen or resident; and

(D) property transported between—

(i) a place in a State or the District of Columbia and a place in a territory or possession of the United States;

(ii) a place in a territory or possession of the United States and a place in another territory or possession of the United States; or

¹ So in law. Probably should read “IN GENERAL.—The”.

(5) statutory or contractual obligations or other liabilities, customarily covered by insurance, of an aircraft referred to in clause (1) of this section or of the owner or operator of that aircraft.

(b) **AIR CARRIER LIABILITY FOR THIRD PARTY CLAIMS ARISING OUT OF ACTS OF TERRORISM.**—For acts of terrorism committed on or to an air carrier during the period beginning on September 22, 2001, and ending on December 31, 2003, the Secretary may certify that the air carrier was a victim of an act of terrorism and in the Secretary's judgment, based on the Secretary's analysis and conclusions regarding the facts and circumstances of each case, shall not be responsible for losses suffered by third parties (as referred to in section 205.5(b)(1) of title 14, Code of Federal Regulations) that exceed \$100,000,000, in the aggregate, for all claims by such parties arising out of such act. If the Secretary so certifies, the air carrier shall not be liable for an amount that exceeds \$100,000,000, in the aggregate, for all claims by such parties arising out of such act, and the Government shall be responsible for any liability above such amount. No punitive damages may be awarded against an air carrier (or the Government taking responsibility for an air carrier under this subsection) under a cause of action arising out of such act.

§ 44304. Reinsurance

To the extent the Secretary of Transportation is authorized to provide insurance under this chapter, the Secretary may reinsure any part of the insurance provided by an insurance carrier. The Secretary may reinsure with, transfer to, or transfer back to, the carrier any insurance or reinsurance provided by the Secretary under this chapter.

§ 44305. Insuring United States Government property

(a) **GENERAL.**—With the approval of the President, a department, agency, or instrumentality of the United States Government may obtain—

(1) insurance under this chapter, including insurance for risks from operating an aircraft in intrastate or interstate air commerce, but not including insurance on valuables subject to sections 17302 and 17303 of title 40; and

(2) insurance for risks arising from providing goods or services directly related to and necessary for operating an aircraft covered by insurance obtained under clause (1) of this subsection if the aircraft is operated—

(A) in carrying out a contract of the department, agency, or instrumentality; or

(B) to transport military forces or materiel on behalf of the United States under an agreement between the Government and the government of a foreign country.

(b) **PREMIUM WAIVERS AND INDEMNIFICATION.**—With the approval required under subsection (a) of this section, the Secretary of Transportation may provide the insurance without premium at the request of the Secretary of Defense or the head of a department, agency, or instrumentality designated by the President when the Secretary of Defense or the designated head agrees to indemnify the Secretary of Transportation against all losses covered by the insurance. The Secretary of Defense and any designated head may make indemnity agreements with the Secretary of Transportation under this section. If such an agreement is countersigned by the President or the President's designee, the agreement shall constitute, for purposes of section 44302(c), a determination that continuation of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.

§ 44306. Premiums and limitations on coverage and claims

(a) **PREMIUMS BASED ON RISK.**—To the extent practical, the premium charged for insurance or reinsurance under this chapter shall be based on consideration of the risk involved.

(b) **ALLOWANCES IN SETTING PREMIUM RATES FOR REINSURANCE.**—In setting premium rates for reinsurance, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business practices, except for payments by the air carrier for the stimulation or solicitation of insurance business.

(c) **TIME LIMITS.**—The Secretary of Transportation may provide insurance and reinsurance under this chapter for a period of not more than 1 year¹. The period may be extended for additional periods of not more than 1 year¹ each only if the President decides, before each additional period, that the continued operation of the aircraft to be insured or reinsured is necessary in the interest of air commerce or national security or to carry out the foreign policy² of the United States Government.

(d) **MAXIMUM INSURED AMOUNT.**—The insurance policy on an aircraft insured or reinsured under this chapter shall specify a stated amount that is not more than the value of the aircraft, as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. A claim under the policy may not be paid for more than that stated amount.

§ 44307. Revolving fund

(a) **EXISTENCE, DISBURSEMENTS, APPROPRIATIONS, AND DEPOSITS.**—(1) There is a revolving fund in the Treasury. The Secretary of the Treasury shall disburse from the fund payments to carry out this chapter.

¹Section 147 of P.L. 107–71 (115 Stat. 645) amended section 44306(b) by striking “60 days” and inserting “1 year”. The amendment was executed in subsection (c) to reflect the probable intent of Congress.

²The amendment made by section 124(b) of P.L. 107–71 (115 Stat. 631) inserting “in the interest of air commerce or national security or” before “to carry out foreign policy” was executed by inserting such language before “to carry out the foreign policy” to reflect the probable intent of Congress.

(2) Necessary amounts to carry out this chapter may be appropriated to the fund. The amounts appropriated and other amounts received in carrying out this chapter shall be deposited in the fund.

(b) INVESTMENT.—On request of the Secretary of Transportation, the Secretary of the Treasury may invest any part of the amounts in the revolving fund in interest-bearing securities of the United States Government. The interest on, and the proceeds from the sale or redemption of, the securities shall be deposited in the fund.

(c) EXCESS AMOUNTS.—The balance in the revolving fund in excess of an amount the Secretary of Transportation determines is necessary for the requirements of the fund and for reasonable reserves to maintain the solvency of the fund shall be deposited at least annually in the Treasury as miscellaneous receipts.

(d) EXPENSES.—The Secretary of Transportation shall deposit annually an amount in the Treasury as miscellaneous receipts to cover the expenses the Government incurs when the Secretary of Transportation uses appropriated amounts in carrying out this chapter. The deposited amount shall equal an amount determined by multiplying the average monthly balance of appropriated amounts retained in the revolving fund by a percentage that is at least the current average rate payable on marketable obligations of the Government. The Secretary of the Treasury shall determine annually in advance the percentage applied.

§ 44308. Administrative

(a) COMMERCIAL PRACTICES.—The Secretary of Transportation may carry out this chapter consistent with commercial practices of the aviation insurance business.

(b) ISSUANCE OF POLICIES AND DISPOSITION OF CLAIMS.—(1) The Secretary may issue insurance policies to carry out this chapter. The Secretary may prescribe the forms, amounts insured under the policies, and premiums charged. Any such policy may authorize the binding arbitration of claims made thereunder in such manner as may be agreed to by the Secretary and any commercial insurer that may be responsible for any part of a loss to which such policy relates. The Secretary may change an amount of insurance or a premium for an existing policy only with the consent of the insured.

(2) For a claim under insurance authorized by this chapter, the Secretary may—

(A) settle and pay the claim made for or against the United States Government;

(B) pay the amount of a binding arbitration award made under paragraph (1); and ¹

(C) pay the amount of a judgment entered against the Government.

(c) UNDERWRITING AGENT.—(1) The Secretary may, and when practical shall, employ an insurance carrier or group of insurance carriers to act as an underwriting agent. The Secretary may use the agent to adjust claims under this chapter, but claims may be paid only when approved by the Secretary.

¹ Margin so in original.

(2) The Secretary may pay reasonable compensation to an underwriting agent for servicing insurance the agent writes for the Secretary. Compensation may include payment for reasonable expenses incurred by the agent but may not include a payment by the agent for stimulation or solicitation of insurance business.

(3) Except as provided by this subsection, the Secretary may not pay an insurance broker or other person acting in a similar capacity any consideration for arranging insurance when the Secretary directly insures any part of the risk.

(d) BUDGET.—The Secretary shall submit annually a budget program for carrying out this chapter as provided for wholly owned Government corporations under chapter 91 of title 31.

(e) ACCOUNTS.—The Secretary shall maintain a set of accounts for audit under chapter 35 of title 31. Notwithstanding chapter 35, the Comptroller General shall allow credit for expenditures under this chapter made consistent with commercial practices in the aviation insurance business when shown to be necessary because of the business activities authorized by this chapter.

§ 44309. Civil actions

(a) LOSSES.—

(1) ACTIONS AGAINST UNITED STATES.—A person may bring a civil action in a district court of the United States or in the United States Court of Federal Claims against the United States Government when—

(A) a loss insured under this chapter is in dispute; or

(B)(i) the person is subrogated under a contract between the person and a party insured under this chapter (other than section 44305(b)) to the rights of the insured party against the United States Government; and

(ii) the person has paid to the insured party, with the approval of the Secretary of Transportation, an amount for a physical damage loss that the Secretary has determined is a loss covered by insurance issued under this chapter (other than section 44305(b)).

(2) LIMITATION.—A civil action involving the same matter (except the action authorized by this subsection) may not be brought against an agent, officer, or employee of the Government carrying out this chapter.

(3) PROCEDURE.—To the extent applicable, the procedure in an action brought under section 1346(a)(2) of title 28, United States Code, applies to an action under this subsection.

(b) VENUE AND JOINDER.—(1) A civil action under subsection (a) of this section may be brought in the judicial district for the District of Columbia or in the judicial district in which the plaintiff or the agent of the plaintiff resides if the plaintiff resides in the United States. If the plaintiff does not reside in the United States, the action may be brought in the judicial district for the District of Columbia or in the judicial district in which the Attorney General agrees to accept service.

(2) An interested person may be joined as a party to a civil action brought under subsection (a) of this section initially or on motion of either party to the action.

(c) TIME REQUIREMENTS.—When an insurance claim is made under this chapter, the period during which, under section 2401 of

title 28, a civil action must be brought under subsection (a) of this section is suspended until 60 days after the Secretary of Transportation denies the claim. The claim is deemed to be administratively denied if the Secretary does not act on the claim not later than 6 months after filing, unless the Secretary makes a different agreement with the claimant when there is good cause for an agreement.

(d) INTERPLEADER.—(1) If the Secretary admits the Government owes money under an insurance claim under this chapter and there is a dispute about the person that is entitled to payment, the Government may bring a civil action of interpleader in a district court of the United States against the persons that may be entitled to payment. The action may be brought in the judicial district for the District of Columbia or in the judicial district in which any party resides.

(2) The district court may order a party not residing or found in the judicial district in which the action is brought to appear in a civil action under this subsection. The order shall be served in a reasonable manner decided by the district court. If the court decides an unknown person might assert a claim under the insurance that is the subject of the action, the court may order service on that person by publication in the Federal Register.

(3) Judgment in a civil action under this subsection discharges the Government from further liability to the parties to the action and to all other persons served by publication under paragraph (2) of this subsection.

§ 44310. Ending effective date

The authority of the Secretary of Transportation to provide insurance and reinsurance under this chapter is not effective after December 31, 2003.

(B) AUTHORIZATION.—No less than \$30,000,000 of the amounts appropriated under section 48101(a) for each of fiscal years 2000 through 2002 shall be used for the purpose of carrying out this paragraph, including acquisition under new or existing contracts, site preparation work, installation, and related expenditures.

(5)¹ IMPROVEMENTS ON LEASED PROPERTIES.—The Administrator may make improvements to real property leased for no or nominal consideration for an air navigation facility, regardless of whether the cost of making the improvements exceeds the cost of leasing the real property, if—

(A) the improvements primarily benefit the Government;

(B) the improvements are essential for accomplishment of the mission of the Federal Aviation Administration; and

(C) the interest of the United States Government in the improvements is protected.

(b) CERTIFICATION OF NECESSITY.—Except for Government money expended under this part or for a military purpose, Government money may be expended to acquire, establish, construct, operate, repair, alter, or maintain an air navigation facility only if the Administrator of the Federal Aviation Administration certifies in writing that the facility is reasonably necessary for use in air commerce or for the national defense. An interested person may apply for a certificate for a facility to be acquired, established, constructed, operated, repaired, altered, or maintained by or for the person.

(c) ENSURING CONFORMITY WITH PLANS AND POLICIES.—(1) To ensure conformity with plans and policies for, and allocation of, airspace by the Administrator of the Federal Aviation Administration under section 40103(b)(1) of this title, a military airport, military landing area, or missile or rocket site may be acquired, established, or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator of the Federal Aviation Administration may advise the appropriate committees of Congress and interested departments, agencies, and instrumentalities of the Government on the effect of the acquisition, establishment, construction, or alteration on the use of airspace by aircraft. A disagreement between the Administrator of the Federal Aviation Administration and the Secretary of Defense or the Administrator of the National Aeronautics and Space Administration may be appealed to the President for a final decision.

(2) To ensure conformity, an airport or landing area not involving the expenditure of Government money may be established or

¹ Margin so in law.

The head of the department, agency, or instrumentality shall provide for the assistance and sale at the prevailing local fair market value as determined by the head of the department, agency, or instrumentality. An amount that the head decides is equal to the cost of the assistance provided and the fuel, oil, equipment, and supplies sold shall be credited to the appropriation from which the cost was paid. The balance shall be credited to miscellaneous receipts.

(e) TRANSFERS OF INSTRUMENT LANDING SYSTEMS.—An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration an instrument landing system (and associated approach lighting equipment and runway visual range equipment) that conforms to performance specifications of the Administrator if a Government airport aid program, airport development aid program, or airport improvement project grant was used to assist in purchasing the system. (3) CONDITIONS.—The Administrator may predicate, in the agreement, the transfer of functions and duties under this subsection on any conditions the Administrator deems necessary and prudent, except that the Administrator may not transfer responsibilities for United States registered aircraft described in paragraph (4)(A) to a country that the Administrator determines is not in compliance with its obligations under international law for the safety oversight of civil aviation.

(4) REGISTERED AIRCRAFT DEFINED.—In this subsection, the term “registered aircraft” means—

(A) aircraft registered in the United States and operated pursuant to an agreement for the lease, charter, or interchange of the aircraft or any similar arrangement by an operator that has its principal place of business or, if it has no such place of business, its permanent residence in another country; and

(B) aircraft registered in a foreign country and operated under an agreement for the lease, charter, or inter-

§ 44702. Issuance of certificates

(a) GENERAL AUTHORITY AND APPLICATIONS.—The Administrator of the Federal Aviation Administration may issue airman certificates, type certificates, production certificates, airworthiness certificates, air carrier operating certificates, airport operating certificates, air agency certificates, and air navigation facility certificates under this chapter. An application for a certificate must—

(1) be under oath when the Administrator requires; and

(2) be in the form, contain information, and be filed and served in the way the Administrator prescribes.

(b) CONSIDERATIONS.—When issuing a certificate under this chapter, the Administrator shall—

(1) consider—

(A) the duty of an air carrier to provide service with the highest possible degree of safety in the public interest; and

(B) differences between air transportation and other air commerce; and

(2) classify a certificate according to the differences between air transportation and other air commerce.

(c) PRIOR CERTIFICATION.—The Administrator may authorize an aircraft, aircraft engine, propeller, or appliance for which a certificate has been issued authorizing the use of the aircraft, aircraft engine, propeller, or appliance in air transportation to be used in air commerce without another certificate being issued.

(d) DELEGATION.—(1) Subject to regulations, supervision, and review the Administrator may prescribe, the Administrator may delegate to a qualified private person, or to an employee under the supervision of that person, a matter related to—

(A) the examination, testing, and inspection necessary to issue a certificate under this chapter; and

(B) issuing the certificate.

(2) The Administrator may rescind a delegation under this subsection at any time for any reason the Administrator considers appropriate.

(3) A person affected by an action of a private person under this subsection may apply for reconsideration of the action by the Administrator. On the Administrator's own initiative, the Administrator may reconsider the action of a private person at any time. If the Administrator decides on reconsideration that the action is unreasonable or unwarranted, the Administrator shall change, modify, or reverse the action. If the Administrator decides the action is warranted, the Administrator shall affirm the action.

§ 44703. Airman certificates¹

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airman certificate to an individual when the Administrator finds, after investigation, that the individual is qualified for, and physically able to perform the duties related to, the position to be authorized by the certificate.

(b) CONTENTS.—(1) An airman certificate shall—

(A) be numbered and recorded by the Administrator of the Federal Aviation Administration;

(B) contain the name, address, and description of the individual to whom the certificate is issued;

(E) designate the class the certificate covers.

(2) A certificate issued to a pilot serving in scheduled air transportation shall have the designation “airline transport pilot” of the appropriate class.

(c) PUBLIC INFORMATION.—

(1) IN GENERAL.—Subject to paragraph (2) and notwithstanding any other provision of law, the information contained in the records of contents of any airman certificate issued under this section that is limited to an airman’s name, address, and ratings held shall be made available to the public after the 120th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century.

(2) OPPORTUNITY TO WITHHOLD INFORMATION.—Before making any information concerning an airman available to the public under paragraph (1), the airman shall be given an opportunity to elect that the information not be made available to the public.

(3) DEVELOPMENT AND IMPLEMENTATION OF PROGRAM.—Not later than 60 days after the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, the Administrator shall develop and implement, in cooperation with representatives of the aviation industry, a one-time written notification to airmen to set forth the implications of making information concerning an airman available to the public under paragraph (1) and to carry out paragraph (2). The Administrator shall also provide such written notification to each individual who becomes an airman after such date of enactment.

¹ Section 14 of P.L. 106–424 (114 Stat. 1888; 49 U.S.C. 44703 note) reads as follows:

SEC. 14. CREDITING OF LAW ENFORCEMENT FLIGHT TIME.

In determining whether an individual meets the aeronautical experience requirements imposed under section 44703 of title 49, United States Code, for an airman certificate or rating, the Secretary of Transportation shall take into account any time spent by that individual operating a public aircraft as defined in section 40102 of title 49, United States Code, if that aircraft is—

- (1) identifiable by category and class; and
- (2) used in law enforcement activities.

(d) APPEALS.—(1) An individual whose application for the issuance or renewal of an airman certificate has been denied may appeal the denial to the National Transportation Safety Board, except if the individual holds a certificate that—

(A) is suspended at the time of denial; or

(B) was revoked within one year from the date of the denial.

(2) The Board shall conduct a hearing on the appeal at a place convenient to the place of residence or employment of the applicant. The Board is not bound by findings of fact of the Administrator of the Federal Aviation Administration but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law. At the end of the hearing, the Board shall decide whether the individual meets the applicable regulations and standards. The Administrator is bound by that decision.

(e) RESTRICTIONS AND PROHIBITIONS.—The Administrator of the Federal Aviation Administration may—

(1) restrict or prohibit issuing an airman certificate to an alien; or

(2) as provided in section 44710(e)(2) of this title.

(g) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for issuing airman certificates necessary to make the system more effective in serving the needs of airmen and officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)) and related to combating acts of terrorism. The modifications shall ensure positive and verifiable identification of each individual applying for or holding a certificate and shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the use of fictitious names and addresses by applicants for those certificates.

(B) the use of stolen or fraudulent identification in applying for those certificates.

(C) the use by an applicant of a post office box or “mail drop” as a return address to evade identification of the applicant’s address.

(D) the use of counterfeit and stolen airman certificates by pilots.

(E) the absence of information about physical characteristics of holders of those certificates.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this sub-

section and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(3) For purposes of this section, the term “acts of terrorism” means an activity that involves a violent act or an act dangerous to human life that is a violation of the criminal laws of the United States or of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or of any State, and appears to be intended to intimidate or coerce a civilian population to influence the policy of a government by intimidation or coercion or to affect the conduct of a government by assassination or kidnapping.

(4) The Administrator is authorized and directed to work with State and local authorities, and other Federal agencies, to assist in the identification of individuals applying for or holding airmen certificates.

A person who receives a request for records under this subsection shall furnish a copy of all of such requested records

maintained by the person not later than 30 days after receiving the request.

(6) RIGHT TO RECEIVE NOTICE AND COPY OF ANY RECORD FURNISHED.—A person who receives a request for records under paragraph (1) shall provide to the individual who is the subject of the records—

(B) in accordance with paragraph (10), a copy of such records, if requested by the individual.

(7) REASONABLE CHARGES FOR PROCESSING REQUESTS AND FURNISHING COPIES.—A person who receives a request under paragraph (1) or (6) may establish a reasonable charge for the cost of processing the request and furnishing copies of the requested records.

(8) STANDARD FORMS.—The Administrator shall promulgate—

(A) standard forms that may be used by an air carrier to request records under paragraph (1); and

(B) standard forms that may be used by an air carrier to—

(i) obtain the written consent of the individual who is the subject of a request under paragraph (1); and

(ii) inform the individual of—

(I) the request; and

(II) the individual right of that individual to receive a copy of any records furnished in response to the request.

(9) RIGHT TO CORRECT INACCURACIES.—An air carrier that maintains or requests and receives the records of an individual under paragraph (1) shall provide the individual with a reasonable opportunity to submit written comments to correct any inaccuracies contained in the records before making a final hiring decision with respect to the individual.

(10) RIGHT OF PILOT TO REVIEW CERTAIN RECORDS.—Notwithstanding any other provision of law or agreement, an air carrier shall, upon written request from a pilot who is or has been employed by such carrier, make available, within a reasonable time, but not later than 30 days after the date of the request, to the pilot for review, any and all employment records referred to in paragraph (1)(B) (i) or (ii) pertaining to the employment of the pilot.

(11) PRIVACY PROTECTIONS.—An air carrier that receives the records of an individual under paragraph (1) may use such records only to assess the qualifications of the individual in deciding whether or not to hire the individual as a pilot. The air carrier shall take such actions as may be necessary to protect the privacy of the pilot and the confidentiality of the records, including ensuring that information contained in the records is not divulged to any individual that is not directly involved in the hiring decision.

(12) PERIODIC REVIEW.—Not later than 18 months after the date of the enactment of the Pilot Records Improvement Act of

1996, and at least once every 3 years thereafter, the Administrator shall transmit to Congress a statement that contains, taking into account recent developments in the aviation industry—

Before the end of the 90-day period, the air carrier shall obtain and evaluate such information. The contract between the carrier and the individual shall contain a term that provides that the continuation of the individual's employment, after the last day of the 90-day period, depends on a satisfactory evaluation.

(B) GOOD FAITH EXCEPTION.—Notwithstanding paragraph (1), an air carrier, without obtaining information about an individual under paragraph (1)(B) from an air carrier or other person that no longer exists or from a foreign government or entity that employed the individual, may allow the individual to begin service as a pilot if the air carrier required to request the information has made a documented good faith attempt to obtain such information.

(15) ELECTRONIC ACCESS TO FAA RECORDS.—For the purpose of increasing timely and efficient access to Federal Aviation Administration records described in paragraph (1), the Administrator may allow, under terms established by the Administrator, an individual designated by the air carrier to have electronic access to a specified database containing information about such records. The terms shall limit such access to in-

stances in which information in the database is required by the designated individual in making a hiring decision concerning a pilot applicant and shall require that the designated individual provide assurances satisfactory to the Administrator that information obtained using such access will not be used for any purpose other than making the hiring decision.

(i) LIMITATION ON LIABILITY; PREEMPTION OF STATE LAW.—

(1) LIMITATION ON LIABILITY.—No action or proceeding may be brought by or on behalf of an individual who has applied for or is seeking a position with an air carrier as a pilot and who has signed a release from liability, as provided for under paragraph (2), against—

(B) a person who has complied with such request;

(C) a person who has entered information contained in the individual's records; or

(D) an agent or employee of a person described in subparagraph (A) or (B);

in the nature of an action for defamation, invasion of privacy, negligence, interference with contract, or otherwise, or under any Federal or State law with respect to the furnishing or use of such records in accordance with subsection (h).

(2) PREEMPTION.—No State or political subdivision thereof may enact, prescribe, issue, continue in effect, or enforce any law (including any regulation, standard, or other provision having the force and effect of law) that prohibits, penalizes, or imposes liability for furnishing or using records in accordance with subsection (h).

(3) PROVISION OF KNOWINGLY FALSE INFORMATION.—Paragraphs (1) and (2) shall not apply with respect to a person who furnishes information in response to a request made under subsection (h)(1), that—

(A) the person knows is false; and

(B) was maintained in violation of a criminal statute of the United States.

(j) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in subsection (h) shall be construed as precluding the availability of the records of a pilot in an investigation or other proceeding concerning an accident or incident conducted by the Administrator, the National Transportation Safety Board, or a court.

§ 44704. Type certificates, production certificates, and airworthiness certificates

(a) TYPE CERTIFICATES.—(1) The Administrator of the Federal Aviation Administration shall issue a type certificate for an aircraft, aircraft engine, or propeller, or for an appliance specified under paragraph (2)(A) of this subsection when the Administrator finds that the aircraft, aircraft engine, propeller, or appliance is properly designed and manufactured, performs properly, and meets the regulations and minimum standards prescribed under section 44701(a) of this title. On receiving an application for a type certificate, the Administrator shall investigate the application and may conduct a hearing. The Administrator shall make, or require the

applicant to make, tests the Administrator considers necessary in the interest of safety.

(2) The Administrator may—

(A) specify in regulations those appliances that reasonably require a type certificate in the interest of safety;

(B) include in a type certificate terms required in the interest of safety; and

(C) record on the certificate a numerical specification of the essential factors related to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

(b) SUPPLEMENTAL TYPE CERTIFICATES.—

(1) ISSUANCE.—The Administrator may issue a type certificate designated as a supplemental type certificate for a change to an aircraft, aircraft engine, propeller, or appliance.

(2) CONTENTS.—A supplemental type certificate issued under paragraph (1) shall consist of the change to the aircraft, aircraft engine, propeller, or appliance with respect to the previously issued type certificate for the aircraft, aircraft engine, propeller, or appliance.

(3) REQUIREMENT.—If the holder of a supplemental type certificate agrees to permit another person to use the certificate to modify an aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. A person may change an aircraft, aircraft engine, propeller, or appliance based on a supplemental type certificate only if the person requesting the change is the holder of the supplemental type certificate or has permission from the holder to make the change.

(c) PRODUCTION CERTIFICATES.—The Administrator shall issue a production certificate authorizing the production of a duplicate of an aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued when the Administrator finds the duplicate will conform to the certificate. On receiving an application, the Administrator shall inspect, and may require testing of, a duplicate to ensure that it conforms to the requirements of the certificate. The Administrator may include in a production certificate terms required in the interest of safety.

(d) AIRWORTHINESS CERTIFICATES.—(1) The registered owner of an aircraft may apply to the Administrator for an airworthiness certificate for the aircraft. The Administrator shall issue an airworthiness certificate when the Administrator finds that the aircraft conforms to its type certificate and, after inspection, is in condition for safe operation. The Administrator shall register each airworthiness certificate and may include appropriate information in the certificate. The certificate number or other individual designation the Administrator requires shall be displayed on the aircraft. The Administrator may include in an airworthiness certificate terms required in the interest of safety.

(2) A person applying for the issuance or renewal of an airworthiness certificate for an aircraft for which ownership has not been recorded under section 44107 or 44110 of this title must submit with the application information related to the ownership of the aircraft the Administrator decides is necessary to identify each

person having a property interest in the aircraft and the kind and extent of the interest.

§ 44705. Air carrier operating certificates

The Administrator of the Federal Aviation Administration shall issue an air carrier operating certificate to a person desiring to operate as an air carrier when the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part. An air carrier operating certificate shall—

(1) contain terms necessary to ensure safety in air transportation; and

(2) specify the places to and from which, and the airways of the United States over which, a person may operate as an air carrier.

§ 44706. Airport operating certificates

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airport operating certificate to a person desiring to operate an airport—

(1) that serves an air carrier operating aircraft designed for at least 31 passenger seats;

(2) that is not located in the State of Alaska and serves any scheduled passenger operation of an air carrier operating aircraft designed for more than 9 passenger seats but less than 31 passenger seats; and

(3) that the Administrator requires to have a certificate; if the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part.

(b) TERMS.—An airport operating certificate issued under this section shall contain terms necessary to ensure safety in air transportation. Unless the Administrator decides that it is not in the public interest, the terms shall include conditions related to—

(1) operating and maintaining adequate safety equipment, including firefighting and rescue equipment capable of rapid access to any part of the airport used for landing, takeoff, or surface maneuvering of an aircraft; and

(2) friction treatment for primary and secondary runways that the Secretary of Transportation decides is necessary.

(c) EXEMPTIONS.—The Administrator may exempt from the requirements of this section, related to firefighting and rescue equipment, an operator of an airport described in subsection (a) of this section having less than .25 percent of the total number of passenger boardings each year at all airports described in subsection (a) when the Administrator decides that the requirements are or would be unreasonably costly, burdensome, or impractical.

(d) COMMUTER AIRPORTS.—In developing the terms required by subsection (b) for airports covered by subsection (a)(2), the Administrator shall identify and consider a reasonable number of regulatory alternatives and select from such alternatives the least costly, most cost-effective or the least burdensome alternative that will provide comparable safety at airports described in subsections (a)(1) and (a)(2).

(e) **EFFECTIVE DATE.**—Any regulation establishing the terms required by subsection (b) for airports covered by subsection (a)(2) shall not take effect until such regulation, and a report on the economic impact of the regulation on air service to the airports covered by the rule, has been submitted to Congress and 120 days have elapsed following the date of such submission.

(f) **LIMITATION ON STATUTORY CONSTRUCTION.**—Nothing in this title may be construed as requiring a person to obtain an airport operating certificate if such person does not desire to operate an airport described in subsection (a).

§ 44707. Examining and rating air agencies

The Administrator of the Federal Aviation Administration may examine and rate the following air agencies:

(1) civilian schools giving instruction in flying or repairing, altering, and maintaining aircraft, aircraft engines, propellers, and appliances, on the adequacy of instruction, the suitability and airworthiness of equipment, and the competency of instructors.

(2) repair stations and shops that repair, alter, and maintain aircraft, aircraft engines, propellers, and appliances, on the adequacy and suitability of the equipment, facilities, and materials for, and methods of, repair and overhaul, and the competency of the individuals doing the work or giving instruction in the work.

(3) other air agencies the Administrator decides are necessary in the public interest.

§ 44708. Inspecting and rating air navigation facilities

The Administrator of the Federal Aviation Administration may inspect, classify, and rate an air navigation facility available for the use of civil aircraft on the suitability of the facility for that use.

§ 44709. Amendments, modifications, suspensions, and revocations of certificates

(a) **REINSPECTION AND REEXAMINATION.**—The Administrator of the Federal Aviation Administration may reinspect at any time a civil aircraft, aircraft engine, propeller, appliance, air navigation facility, or air agency, or reexamine an airman holding a certificate issued under section 44703 of this title.

(b) **ACTIONS OF THE ADMINISTRATOR.**—The Administrator may issue an order amending, modifying, suspending, or revoking—

(1) any part of a certificate issued under this chapter if—

(A) the Administrator decides after conducting a reinspection, reexamination, or other investigation that safety in air commerce or air transportation and the public interest require that action; or

(B) the holder of the certificate has violated an aircraft noise or sonic boom standard or regulation prescribed under section 44715(a) of this title; and

(2) an airman certificate when the holder of the certificate is convicted of violating section 13(a) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742j–1(a)).

(c) **ADVICE TO CERTIFICATE HOLDERS AND OPPORTUNITY TO ANSWER.**—Before acting under subsection (b) of this section, the Ad-

ministrator shall advise the holder of the certificate of the charges or other reasons on which the Administrator relies for the proposed action. Except in an emergency, the Administrator shall provide the holder an opportunity to answer the charges and be heard why the certificate should not be amended, modified, suspended, or revoked.

(d) APPEALS.—(1) A person adversely affected by an order of the Administrator under this section may appeal the order to the National Transportation Safety Board. After notice and an opportunity for a hearing, the Board may amend, modify, or reverse the order when the Board finds—

(A) if the order was issued under subsection (b)(1)(A) of this section, that safety in air commerce or air transportation and the public interest do not require affirmation of the order; or

(B) if the order was issued under subsection (b)(1)(B) of this section—

(i) that control or abatement of aircraft noise or sonic boom and the public health and welfare do not require affirmation of the order; or

(ii) the order, as it is related to a violation of aircraft noise or sonic boom standards and regulations, is not consistent with safety in air commerce or air transportation.

(2) The Board may modify a suspension or revocation of a certificate to imposition of a civil penalty.

(3) When conducting a hearing under this subsection, the Board is not bound by findings of fact of the Administrator but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(e) EFFECTIVENESS OF ORDERS PENDING APPEAL.—

(1) IN GENERAL.—When a person files an appeal with the Board under subsection (d), the order of the Administrator is stayed.

(2) EXCEPTION.—Notwithstanding paragraph (1), the order of the Administrator is effective immediately if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately.

(3) REVIEW OF EMERGENCY ORDER.—A person affected by the immediate effectiveness of the Administrator's order under paragraph (2) may petition for a review by the Board, under procedures promulgated by the Board, of the Administrator's determination that an emergency exists. Any such review shall be requested not later than 48 hours after the order is received by the person. If the Board finds that an emergency does not exist that requires the immediate application of the order in the interest of safety in air commerce or air transportation, the order shall be stayed, notwithstanding paragraph (2). The Board shall dispose of a review request under this paragraph not later than 5 days after the date on which the request is filed.

(4) FINAL DISPOSITION.—The Board shall make a final disposition of an appeal under subsection (d) not later than 60 days after the date on which the appeal is filed.

(f) JUDICIAL REVIEW.—A person substantially affected by an order of the Board under this section, or the Administrator when the Administrator decides that an order of the Board under this section will have a significant adverse impact on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

§ 44710. Revocations of airman certificates for controlled substance violations

(a) DEFINITION.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) REVOCATION.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking an airman certificate issued an individual under section 44703 of this title after the individual is convicted, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), of an offense punishable by death or imprisonment for more than one year if the Administrator finds that—

(A) an aircraft was used to commit, or facilitate the commission of, the offense; and

(B) the individual served as an airman, or was on the aircraft, in connection with committing, or facilitating the commission of, the offense.

(2) The Administrator shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the Administrator finds that—

(A) the individual knowingly carried out an activity punishable, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), by death or imprisonment for more than one year;

(B) an aircraft was used to carry out or facilitate the activity; and

(C) the individual served as an airman, or was on the aircraft, in connection with carrying out, or facilitating the carrying out of, the activity.

(3) The Administrator has no authority under paragraph (1) of this subsection to review whether an airman violated a law of the United States or a State related to a controlled substance.

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator must—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator relies for the proposed revocation; and

(2) provide the holder of the certificate an opportunity to answer the charges and be heard why the certificate should not be revoked.

(d) APPEALS.—(1) An individual whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and an opportunity for a hearing on the record. When conducting the hearing, the Board is not bound by findings of fact of the Administrator but shall be bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(2) When an individual files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.

(3) An individual substantially affected by an order of the Board under this subsection, or the Administrator when the Administrator decides that an order of the Board will have a significant adverse effect on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(e) ACQUITTAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, an airman certificate under subsection (b)(2) of this section on the basis of an activity described in subsection (b)(2)(A) if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked an airman certificate under this section because of an activity described in subsection (b)(2)(A) of this section, the Administrator shall reissue a certificate to the individual if—

(A) the individual otherwise satisfies the requirements for a certificate under section 44703 of this title; and

(B)(i) the individual subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; or

(ii) the conviction on which a revocation under subsection (b)(1) of this section is based is reversed.

(f) WAIVERS.—The Administrator may waive the requirement of subsection (b) of this section that an airman certificate of an individual be revoked if—

(1) a law enforcement official of the United States Government or of a State requests a waiver; and

(2) the Administrator decides that the waiver will facilitate law enforcement efforts.

§ 44711. Prohibitions and exemption

(a) PROHIBITIONS.—A person may not—

(1) operate a civil aircraft in air commerce without an airworthiness certificate in effect or in violation of a term of the certificate;

(2) serve in any capacity as an airman with respect to a civil aircraft, aircraft engine, propeller, or appliance used, or intended for use, in air commerce—

(A) without an airman certificate authorizing the airman to serve in the capacity for which the certificate was issued; or

(B) in violation of a term of the certificate or a regulation prescribed or order issued under section 44701(a) or

(b) or any of sections 44702–44716 of this title;

(3) employ for service related to civil aircraft used in air commerce an airman who does not have an airman certificate authorizing the airman to serve in the capacity for which the airman is employed;

(4) operate as an air carrier without an air carrier operating certificate or in violation of a term of the certificate;

(5) operate aircraft in air commerce in violation of a regulation prescribed or certificate issued under section 44701(a) or (b) or any of sections 44702–44716 of this title;

(6) operate a seaplane or other aircraft of United States registry on the high seas in violation of a regulation under section 3 of the International Navigational Rules Act of 1977 (33 U.S.C. 1602);

(7) violate a term of an air agency or production certificate or a regulation prescribed or order issued under section 44701(a) or (b) or any of sections 44702–44716 of this title related to the holder of the certificate;

(8) operate an airport without an airport operating certificate required under section 44706 of this title or in violation of a term of the certificate; or

(9) manufacture, deliver, sell, or offer for sale any aviation fuel or additive in violation of a regulation prescribed under section 44714 of this title.

(b) EXEMPTION.—On terms the Administrator of the Federal Aviation Administration prescribes as being in the public interest, the Administrator may exempt a foreign aircraft and airmen serving on the aircraft from subsection (a) of this section. However, an exemption from observing air traffic regulations may not be granted.

(c) PROHIBITION ON EMPLOYMENT OF CONVICTED COUNTERFEIT PART TRAFFICKERS.—No person subject to this chapter may knowingly employ anyone to perform a function related to the procurement, sale, production, or repair of a part or material, or the installation of a part into a civil aircraft, who has been convicted in a court of law of a violation of any Federal law relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material.

§ 44712. Emergency locator transmitters

(a) **INSTALLATION.**—An emergency locator transmitter must be installed on a fixed-wing powered civil aircraft for use in air commerce.

(b) **NONAPPLICATION.**—Prior to January 1, 2002, subsection (a) does not apply to—

- (1) turbojet-powered aircraft;
- (2) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;
- (3) aircraft when used in training operations conducted entirely within a 50 mile radius of the airport from which the training operations begin;
- (4) aircraft when used in flight operations related to design and testing, the manufacture, preparation, and delivery of the aircraft, or the aerial application of a substance for an agricultural purpose;
- (5) aircraft holding certificates from the Administrator of the Federal Aviation Administration for research and development;
- (6) aircraft when used for showing compliance with regulations, crew training, exhibition, air racing, or market surveys; and
- (7) aircraft equipped to carry only one individual.

(c) **NONAPPLICATION BEGINNING ON JANUARY 1, 2002.**—

(1) **IN GENERAL.**—Subject to paragraph (2), on and after January 1, 2002, subsection (a) does not apply to—

(A) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;

(B) aircraft when used in training operations conducted entirely within a 50-mile radius of the airport from which the training operations begin;

(C) aircraft when used in flight operations related to the design and testing, manufacture, preparation, and delivery of aircraft;

(D) aircraft when used in research and development if the aircraft holds a certificate from the Administrator of the Federal Aviation Administration to carry out such research and development;

(E) aircraft when used in showing compliance with regulations, crew training, exhibition, air racing, or market surveys;

(F) aircraft when used in the aerial application of a substance for an agricultural purpose;

(G) aircraft with a maximum payload capacity of more than 18,000 pounds when used in air transportation; or

(H) aircraft equipped to carry only one individual.

(2) **DELAY IN IMPLEMENTATION.**—The Administrator of the Federal Aviation Administration may continue to implement subsection (b) rather than subsection (c) for a period not to exceed 2 years after January 1, 2002, if the Administrator finds such action is necessary to promote—

(A) a safe and orderly transition to the operation of civil aircraft equipped with an emergency locator; or

(B) other safety objectives.

(d) COMPLIANCE.—An aircraft meets the requirement of subsection (a) if it is equipped with an emergency locator transmitter that transmits on the 121.5/243 megahertz frequency or the 406 megahertz frequency or with other equipment approved by the Secretary for meeting the requirement of subsection (a).

(e) REMOVAL.—The Administrator shall prescribe regulations specifying the conditions under which an aircraft subject to subsection (a) of this section may operate when its emergency locator transmitter has been removed for inspection, repair, alteration, or replacement.

§ 44713. Inspection and maintenance

(a) GENERAL EQUIPMENT REQUIREMENTS.—An air carrier shall make, or cause to be made, any inspection, repair, or maintenance of equipment used in air transportation as required by this part or regulations prescribed or orders issued by the Administrator of the Federal Aviation Administration under this part. A person operating, inspecting, repairing, or maintaining the equipment shall comply with those requirements, regulations, and orders.

(b) DUTIES OF INSPECTORS.—The Administrator of the Federal Aviation Administration shall employ inspectors who shall—

(1) inspect aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture and when in use by an air carrier in air transportation, to enable the Administrator to decide whether the aircraft, aircraft engines, propellers, or appliances are in safe condition and maintained properly; and

(2) advise and cooperate with the air carrier during that inspection and maintenance.

(c) UNSAFE AIRCRAFT, ENGINES, PROPELLERS, AND APPLIANCES.—When an inspector decides that an aircraft, aircraft engine, propeller, or appliance is not in condition for safe operation, the inspector shall notify the air carrier in the form and way prescribed by the Administrator of the Federal Aviation Administration. For 5 days after the carrier is notified, the aircraft, engine, propeller, or appliance may not be used in air transportation or in a way that endangers air transportation unless the Administrator or the inspector decides the aircraft, engine, propeller, or appliance is in condition for safe operation.

(d) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for processing forms for major repairs or alterations to fuel tanks and fuel systems of aircraft not used to provide air transportation that are necessary to make the system more effective in serving the needs of users of the system, including officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)). The modifications shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the lack of a special identification feature to allow the forms to be distinguished easily from other major repair and alteration forms.

(B) the excessive period of time required to receive the forms at the Airmen and Aircraft Registry of the Administration.

(C) the backlog of forms waiting for processing at the Registry.

(D) the lack of ready access by law enforcement officials to information contained on the forms.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(e) AUTOMATED SURVEILLANCE TARGETING SYSTEMS.—

(1) IN GENERAL.—The Administrator shall give high priority to developing and deploying a fully enhanced safety performance analysis system that includes automated surveillance to assist the Administrator in prioritizing and targeting surveillance and inspection activities of the Federal Aviation Administration.

(2) DEADLINES FOR DEPLOYMENT.—

(A) INITIAL PHASE.—The initial phase of the operational deployment of the system developed under this subsection shall begin not later than December 31, 1997.

(B) FINAL PHASE.—The final phase of field deployment of the system developed under this subsection shall begin not later than December 31, 1999. By that date, all principal operations and maintenance inspectors of the Administration, and appropriate supervisors and analysts of the Administration shall have been provided access to the necessary information and resources to carry out the system.

(3) INTEGRATION OF INFORMATION.—In developing the system under this section, the Administration shall consider the near-term integration of accident and incident data into the safety performance analysis system under this subsection.

§ 44714. Aviation fuel standards

The Administrator of the Federal Aviation Administration shall prescribe—

(1) standards for the composition or chemical or physical properties of an aircraft fuel or fuel additive to control or eliminate aircraft emissions the Administrator of the Environmental Protection Agency decides under section 231 of the Clean Air Act (42 U.S.C. 7571) endanger the public health or welfare; and

(2) regulations providing for carrying out and enforcing those standards.

§ 44715. Controlling aircraft noise and sonic boom

(a) STANDARDS AND REGULATIONS.—(1)(A) To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration, as he deems necessary, shall prescribe—

- (i) standards to measure aircraft noise and sonic boom; and
- (ii) regulations to control and abate aircraft noise and sonic boom.

(B) The Administrator, as the Administrator deems appropriate, shall provide for the participation of a representative of the Environmental Protection Agency on such advisory committees or associated working groups that advise the Administrator on matters related to the environmental effects of aircraft and aircraft engines.

(2) The Administrator of the Federal Aviation Administration may prescribe standards and regulations under this subsection only after consulting with the Administrator of the Environmental Protection Agency. The standards and regulations shall be applied when issuing, amending, modifying, suspending, or revoking a certificate authorized under this chapter.

(3) An original type certificate may be issued under section 44704(a) of this title for an aircraft for which substantial noise abatement can be achieved only after the Administrator of the Federal Aviation Administration prescribes standards and regulations under this section that apply to that aircraft.

(b) CONSIDERATIONS AND CONSULTATION.—When prescribing a standard or regulation under this section, the Administrator of the Federal Aviation Administration shall—

- (1) consider relevant information related to aircraft noise and sonic boom;
- (2) consult with appropriate departments, agencies, and instrumentalities of the United States Government and State and interstate authorities;
- (3) consider whether the standard or regulation is consistent with the highest degree of safety in air transportation or air commerce in the public interest;
- (4) consider whether the standard or regulation is economically reasonable, technologically practicable, and appropriate for the applicable aircraft, aircraft engine, appliance, or certificate; and
- (5) consider the extent to which the standard or regulation will carry out the purposes of this section.

(c) PROPOSED REGULATIONS OF ADMINISTRATOR OF ENVIRONMENTAL PROTECTION AGENCY.—The Administrator of the Environmental Protection Agency shall submit to the Administrator of the Federal Aviation Administration proposed regulations to control and abate aircraft noise and sonic boom (including control and abatement through the use of the authority of the Administrator of the Federal Aviation Administration) that the Administrator of the Environmental Protection Agency considers necessary to protect the public health and welfare. The Administrator of the Federal Aviation Administration shall consider those proposed regulations and shall publish them in a notice of proposed regulations not later

than 30 days after they are received. Not later than 60 days after publication, the Administrator of the Federal Aviation Administration shall begin a hearing at which interested persons are given an opportunity for oral and written presentations. Not later than 90 days after the hearing is completed and after consulting with the Administrator of the Environmental Protection Agency, the Administrator of the Federal Aviation Administration shall—

(1) prescribe regulations as provided by this section—

(A) substantially the same as the proposed regulations submitted by the Administrator of the Environmental Protection Agency; or

(B) that amend the proposed regulations; or

(2) publish in the Federal Register—

(A) a notice that no regulation is being prescribed in response to the proposed regulations of the Administrator of the Environmental Protection Agency;

(B) a detailed analysis of, and response to, all information the Administrator of the Environmental Protection Agency submitted with the proposed regulations; and

(C) a detailed explanation of why no regulation is being prescribed.

(d) CONSULTATION AND REPORTS.—(1) If the Administrator of the Environmental Protection Agency believes that the action of the Administrator of the Federal Aviation Administration under subsection (c)(1)(B) or (2) of this section does not protect the public health and welfare from aircraft noise or sonic boom, consistent with the considerations in subsection (b) of this section, the Administrator of the Environmental Protection Agency shall consult with the Administrator of the Federal Aviation Administration and may request a report on the advisability of prescribing the regulation as originally proposed. The request, including a detailed statement of the information on which the request is based, shall be published in the Federal Register.

(2) The Administrator of the Federal Aviation Administration shall report to the Administrator of the Environmental Protection Agency within the time, if any, specified in the request. However, the time specified must be at least 90 days after the date of the request. The report shall—

(A) be accompanied by a detailed statement of the findings of the Administrator of the Federal Aviation Administration and the reasons for the findings;

(B) identify any statement related to an action under subsection (c) of this section filed under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C));

(C) specify whether and where that statement is available for public inspection; and

(D) be published in the Federal Register unless the request proposes specific action by the Administrator of the Federal Aviation Administration and the report indicates that action will be taken.

(e) SUPPLEMENTAL REPORTS.—The Administrator of the Environmental Protection Agency may request the Administrator of the Federal Aviation Administration to file a supplemental report if the report under subsection (d) of this section indicates that the pro-

posed regulations under subsection (c) of this section, for which a statement under section 102(2)(C) of the Act (42 U.S.C. 4332(2)(C)) is not required, should not be prescribed. The supplemental report shall be published in the Federal Register within the time the Administrator of the Environmental Protection Agency specifies. However, the time specified must be at least 90 days after the date of the request. The supplemental report shall contain a comparison of the environmental effects, including those that cannot be avoided, of the action of the Administrator of the Federal Aviation Administration and the proposed regulations of the Administrator of the Environmental Protection Agency.

(f) EXEMPTIONS.—An exemption from a standard or regulation prescribed under this section may be granted only if, before granting the exemption, the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency. However, if the Administrator of the Federal Aviation Administration finds that safety in air transportation or air commerce requires an exemption before the Administrator of the Environmental Protection Agency can be consulted, the exemption may be granted. The Administrator of the Federal Aviation Administration shall consult with the Administrator of the Environmental Protection Agency as soon as practicable after the exemption is granted.

§ 44716. Collision avoidance systems

(a) DEVELOPMENT AND CERTIFICATION.—The Administrator of the Federal Aviation Administration shall—

(1) complete the development of the collision avoidance system known as TCAS–II so that TCAS–II can operate under visual and instrument flight rules and can be upgraded to the performance standards applicable to the collision avoidance system known as TCAS–III;

(2) develop and carry out a schedule for developing and certifying TCAS–II that will result in certification not later than June 30, 1989; and

(3) submit to Congress monthly reports on the progress being made in developing and certifying TCAS–II.

(b) INSTALLATION AND OPERATION.—The Administrator shall require by regulation that, not later than 30 months after the date certification is made under subsection (a)(2) of this section, TCAS–II be installed and operated on each civil aircraft that has a maximum passenger capacity of at least 31 seats and is used to provide air transportation of passengers, including intrastate air transportation of passengers. The Administrator may extend the deadline in this subsection for not more than 2 years if the Administrator finds the extension is necessary to promote—

(1) a safe and orderly transition to the operation of a fleet of civil aircraft described in this subsection equipped with TCAS–II; or

(2) other safety objectives.

(c) OPERATIONAL EVALUATION.—Not later than December 30, 1990, the Administrator shall establish a one-year program to collect and assess safety and operational information from civil aircraft equipped with TCAS–II for the operational evaluation of TCAS–II. The Administrator shall encourage foreign air carriers

that operate civil aircraft equipped with TCAS–II to participate in the program.

(d) AMENDING SCHEDULE FOR WINDSHEAR EQUIPMENT.—The Administrator shall consider the feasibility and desirability of amending the schedule for installing airborne low-altitude windshear equipment to make the schedule compatible with the schedule for installing TCAS–II.

(e) DEADLINE FOR DEVELOPMENT AND CERTIFICATION.—(1) The Administrator shall complete developing and certifying TCAS–III as soon as possible.

(2) Necessary amounts may be appropriated from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to carry out this subsection.

(f) INSTALLING AND USING TRANSPONDERS.—The Administrator shall prescribe regulations requiring that, not later than December 30, 1990, operating transponders with automatic altitude reporting capability be installed and used for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. The Administrator may provide for access to that airspace (except terminal control areas and airport radar service areas) by nonequipped aircraft if the Administrator finds the access will not interfere with the normal traffic flow.

(g) CARGO COLLISION AVOIDANCE SYSTEMS.—

(1) IN GENERAL.—The Administrator shall require by regulation that, no later than December 31, 2002, collision avoidance equipment be installed on each cargo aircraft with a maximum certificated takeoff weight in excess of 15,000 kilograms.

(2) EXTENSION OF DEADLINE.—The Administrator may extend the deadline established by paragraph (1) by not more than 2 years if the Administrator finds that the extension is needed to promote—

(A) a safe and orderly transition to the operation of a fleet of cargo aircraft equipped with collision avoidance equipment; or

(B) other safety or public interest objectives.

(3) COLLISION AVOIDANCE EQUIPMENT DEFINED.—In this subsection, the term “collision avoidance equipment” means equipment that provides protection from mid-air collisions using technology that provides—

(A) cockpit-based collision detection and conflict resolution guidance, including display of traffic; and

(B) a margin of safety of at least the same level as provided by the collision avoidance system known as TCAS–II.

§ 44717. Aging aircraft

(a) INSPECTIONS AND REVIEWS.—The Administrator of the Federal Aviation Administration shall prescribe regulations that ensure the continuing airworthiness of aging aircraft. The regulations prescribed under subsection (a) of this section—

(1) at least shall require the Administrator to make inspections, and review the maintenance and other records, of each aircraft an air carrier uses to provide air transportation that the Administrator decides may be necessary to enable the Ad-

ministrator to decide whether the aircraft is in safe condition and maintained properly for operation in air transportation;

(2) at least shall require an air carrier to demonstrate to the Administrator, as part of the inspection, that maintenance of the aircraft's age-sensitive parts and components has been adequate and timely enough to ensure the highest degree of safety;

(3) shall require the air carrier to make available to the Administrator the aircraft and any records about the aircraft that the Administrator requires to carry out a review; and

(4) shall establish procedures to be followed in carrying out an inspection.

(b) WHEN AND HOW INSPECTIONS AND REVIEWS SHALL BE CARRIED OUT.—(1) Inspections and reviews required under subsection (a)(1) of this section shall be carried out as part of each heavy maintenance check of the aircraft conducted after the 14th year in which the aircraft has been in service.

(2) Inspections under subsection (a)(1) of this section shall be carried out as provided under section 44701(a)(2)(B) and (C) of this title.

(c) AIRCRAFT MAINTENANCE SAFETY PROGRAMS.—The Administrator shall establish—

(1) a program to verify that air carriers are maintaining their aircraft according to maintenance programs approved by the Administrator;

(2) a program—

(A) to provide inspectors and engineers of the Administration with training necessary to conduct auditing inspections of aircraft operated by air carriers for corrosion and metal fatigue; and

(B) to enhance participation of those inspectors and engineers in those inspections; and

(3) a program to ensure that air carriers demonstrate to the Administrator their commitment and technical competence to ensure the airworthiness of aircraft that the carriers operate.

(d) FOREIGN AIR TRANSPORTATION.—(1) The Administrator shall take all possible steps to encourage governments of foreign countries and relevant international organizations to develop standards and requirements for inspections and reviews that—

(A) will ensure the continuing airworthiness of aging aircraft used by foreign air carriers to provide foreign air transportation to and from the United States; and

(B) will provide passengers of those foreign air carriers with the same level of safety that will be provided passengers of air carriers by carrying out this section.

(2) Not later than September 30, 1994, the Administrator shall report to Congress on carrying out this subsection.

§ 44718. Structures interfering with air commerce

(a) NOTICE.—By regulation or by order when necessary, the Secretary of Transportation shall require a person to give adequate public notice, in the form and way the Secretary prescribes, of the construction, alteration, establishment, or expansion, or the pro-

posed construction, alteration, establishment, or expansion, of a structure or sanitary landfill when the notice will promote—

(1) safety in air commerce; and

(2) the efficient use and preservation of the navigable airspace and of airport traffic capacity at public-use airports.

(b) STUDIES.—(1) Under regulations prescribed by the Secretary, if the Secretary decides that constructing or altering a structure may result in an obstruction of the navigable airspace or an interference with air navigation facilities and equipment or the navigable airspace, the Secretary shall conduct an aeronautical study to decide the extent of any adverse impact on the safe and efficient use of the airspace, facilities, or equipment. In conducting the study, the Secretary shall consider factors relevant to the efficient and effective use of the navigable airspace, including—

(A) the impact on arrival, departure, and en route procedures for aircraft operating under visual flight rules;

(B) the impact on arrival, departure, and en route procedures for aircraft operating under instrument flight rules;

(C) the impact on existing public-use airports and aeronautical facilities;

(D) the impact on planned public-use airports and aeronautical facilities; and

(E) the cumulative impact resulting from the proposed construction or alteration of a structure when combined with the impact of other existing or proposed structures.

(2) On completing the study, the Secretary shall issue a report disclosing completely the extent of the adverse impact on the safe and efficient use of the navigable airspace that the Secretary finds will result from constructing or altering the structure.

(c) BROADCAST APPLICATIONS AND TOWER STUDIES.—In carrying out laws related to a broadcast application and conducting an aeronautical study related to broadcast towers, the Administrator of the Federal Aviation Administration and the Federal Communications Commission shall take action necessary to coordinate efficiently—

(1) the receipt and consideration of, and action on, the application; and

(2) the completion of any associated aeronautical study.

(d) LIMITATION ON CONSTRUCTION OF LANDFILLS.—

(1) IN GENERAL.—No person shall construct or establish a municipal solid waste landfill (as defined in section 258.2 of title 40, Code of Federal Regulations, as in effect on the date of the enactment of this subsection¹) that receives putrescible waste (as defined in section 257.3–8 of such title) within 6 miles of a public airport that has received grants under chapter 471 and is primarily served by general aviation aircraft and regularly scheduled flights of aircraft designed for 60 passengers or less unless the State aviation agency of the State in which the airport is located requests that the Administrator of the Federal Aviation Administration exempt the landfill from the application of this subsection and the Administrator

¹Probably should read “date of enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century”. See section 503(b) of P.L. 106–181 (114 Stat. 133).

determines that such exemption would have no adverse impact on aviation safety.

(2) LIMITATION ON APPLICABILITY.—Paragraph (1) shall not apply in the State of Alaska and shall not apply to the construction, establishment, expansion, or modification of, or to any other activity undertaken with respect to, a municipal solid waste landfill if the construction or establishment of the landfill was commenced on or before the date of the enactment of this subsection¹.

§ 44719. Standards for navigational aids

The Secretary of Transportation shall prescribe regulations on standards for installing navigational aids, including airport control towers. For each type of facility, the regulations shall consider at a minimum traffic density (number of aircraft operations without consideration of aircraft size), terrain and other obstacles to navigation, weather characteristics, passengers served, and potential aircraft operating efficiencies.

§ 44720. Meteorological services

(a) RECOMMENDATIONS.—The Administrator of the Federal Aviation Administration shall make recommendations to the Secretary of Commerce on providing meteorological services necessary for the safe and efficient movement of aircraft in air commerce. In providing the services, the Secretary shall cooperate with the Administrator and give complete consideration to those recommendations.

(b) PROMOTING SAFETY AND EFFICIENCY.—To promote safety and efficiency in air navigation to the highest possible degree, the Secretary shall—

(1) observe, measure, investigate, and study atmospheric phenomena, and maintain meteorological stations and offices, that are necessary or best suited for finding out in advance information about probable weather conditions;

(2) provide reports to the Administrator to persons engaged in civil aeronautics that are designated by the Administrator and to other persons designated by the Secretary in a way and with a frequency that best will result in safety in, and facilitating, air navigation;

(3) cooperate with persons engaged in air commerce in meteorological services, maintain reciprocal arrangements with those persons in carrying out this clause, and collect and distribute weather reports available from aircraft in flight;

(4) maintain and coordinate international exchanges of meteorological information required for the safety and efficiency of air navigation;

(5) in cooperation with other departments, agencies, and instrumentalities of the United States Government, meteorological services of foreign countries, and persons engaged in air commerce, participate in developing an international basic meteorological reporting network, including the establishment, operation, and maintenance of reporting stations on the high seas, in polar regions, and in foreign countries;

(6) coordinate meteorological requirements in the United States to maintain standard observations, to promote efficient

use of facilities, and to avoid duplication of services unless the duplication tends to promote the safety and efficiency of air navigation; and

(7) promote and develop meteorological science and foster and support research projects in meteorology through the use of private and governmental research facilities and provide for publishing the results of the projects unless publication would not be in the public interest.

§ 44721. Aeronautical charts and related products and services

(a) PUBLICATION.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration may arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation, using the facilities and assistance of departments, agencies, and instrumentalities of the United States Government as far as practicable.

(2) NAVIGATION ROUTES.—In carrying out paragraph (1), the Administrator shall update and arrange for the publication of clearly defined routes for navigating through a complex terminal airspace area and to and from an airport located in such an area, if the Administrator decides that publication of the routes would promote safety in air navigation. The routes shall be developed in consultation with pilots and other users of affected airports and shall be for the optional use of pilots operating under visual flight rules.

(b) INDEMNIFICATION.—The Government shall make an agreement to indemnify any person that publishes a map or chart for use in aeronautics from any part of a claim arising out of the depiction by the person on the map or chart of a defective or deficient flight procedure or airway if the flight procedure or airway was—

- (1) prescribed by the Administrator;
- (2) depicted accurately on the map or chart; and
- (3) not obviously defective or deficient.

(c) AUTHORITY OF OFFICE OF AERONAUTICAL CHARTING AND CARTOGRAPHY.—Effective October 1, 2000, the Administrator is vested with and shall exercise the functions, powers, and duties of the Secretary of Commerce and other officers of the Department of Commerce that relate to the Office of Aeronautical Charting and Cartography to provide aeronautical charts and related products and services for the safe and efficient navigation of air commerce, under the following authorities:

(1) Sections 1 through 9 of the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947, (33 U.S.C. 883a–883h).

(2) Section 6082 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (33 U.S.C. 883j).

(d) AUTHORITY.—In order that full public benefit may be derived from the dissemination of data resulting from activities under this section and of related data from other sources, the Administrator may—

- (1) develop, process, disseminate and publish digital and analog data, information, compilations, and reports;

(2) compile, print, and disseminate aeronautical charts and related products and services of the United States and its territories and possessions;

(3) compile, print, and disseminate aeronautical charts and related products and services covering international airspace as are required primarily by United States civil aviation; and

(4) compile, print, and disseminate nonaeronautical navigational, transportation or public-safety-related products and services when in the best interests of the Government.

(e) **CONTRACTS, COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—**

(1) **CONTRACTS.**—The Administrator is authorized to contract with qualified organizations for the performance of any part of the authorized functions of the Office of Aeronautical Charting and Cartography when the Administrator deems such procedure to be in the public interest and will not compromise public safety.

(2) **COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.**—The Administrator is authorized to enter into cooperative agreements, grants, reimbursable agreements, memoranda of understanding and other agreements, with a State, subdivision of a State, Federal agency, public or private organization, or individual, to carry out the purposes of this section.

(f) **SPECIAL SERVICES AND PRODUCTS.—**

(1) **IN GENERAL.**—The Administrator is authorized, at the request of a State, subdivision of a State, Federal agency, public or private organization, or individual, to conduct special services, including making special studies, or developing special publications or products on matters relating to navigation, transportation, or public safety.

(2) **FEES.**—The Administrator shall assess a fee for any special service provided under paragraph (1). A fee shall be not more than the actual or estimated full cost of the service. A fee may be reduced or waived for research organizations, educational organizations, or non-profit organizations, when the Administrator determines that reduction or waiver of the fee is in the best interest of the Government by furthering public safety.

(g) **SALE AND DISSEMINATION OF AERONAUTICAL PRODUCTS.—**

(1) **IN GENERAL.**—Aeronautical products created or maintained under the authority of this section shall be sold at prices established annually by the Administrator consistent with the following:

(A) **MAXIMUM PRICE.**—Subject to subparagraph (B), the price of an aeronautical product sold to the public shall be not more than necessary to recover all costs attributable to: (i) data base management and processing; (ii) compilation; (iii) printing or other types of reproduction; and (iv) dissemination of the product.

(B) **ADJUSTMENT OF PRICE.**—The Administrator shall adjust the price of an aeronautical product and service sold to the public as necessary to avoid any adverse impact on aviation safety attributable to the price specified under this paragraph.

(C) COSTS ATTRIBUTABLE TO ACQUISITION OF AERONAUTICAL DATA.—A price established under this paragraph may not include costs attributable to the acquisition of aeronautical data.

(D) CONTINUATION OF PRICES.—The price of any product created under subsection (d) may correspond to the price of a comparable product produced by a department of the United States Government as that price was in effect on September 30, 2000, and may remain in effect until modified by regulation under section 9701 of title 31, United States Code.

(2) PUBLICATION OF PRICES.—The Administrator shall publish annually the prices at which aeronautical products are sold to the public.

(3) DISTRIBUTION.—The Administrator may distribute aeronautical products and provide aeronautical services—

(A) without charge to each foreign government or international organization with which the Administrator or a Federal department or agency has an agreement for exchange of these products or services without cost;

(B) at prices the Administrator establishes, to the departments and officers of the United States requiring them for official use; and

(C) at reduced or no charge where, in the judgment of the Administrator, furnishing the aeronautical product or service to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to the activities under this section.

(4) FEES.—The fees provided for in this subsection are for the purpose of reimbursing the Government for the costs of creating, printing and disseminating aeronautical products and services under this section. The collection of fees authorized by this section does not alter or expand any duty or liability of the Government under existing law for the performance of functions for which fees are collected, nor does the collection of fees constitute an express or implied undertaking by the Government to perform any activity in a certain manner.

(5) CREDITING AMOUNTS RECEIVED.—Notwithstanding any other provision of law, amounts received for the sale of products created and services performed under this section shall be fully credited to the account of the Federal Aviation Administration that funded the provision of the products or services and shall remain available until expended.

§ 44722. Aircraft operations in winter conditions

The Administrator of the Federal Aviation Administration shall prescribe regulations requiring procedures to improve safety of aircraft operations during winter conditions. In deciding on the procedures to be required, the Administrator shall consider at least aircraft and air traffic control modifications, the availability of different types of deicing fluids (considering their efficacy and environmental limitations), the types of deicing equipment available, and the feasibility and desirability of establishing timeframes within which deicing must occur under certain types of inclement weather.

§ 44723. Annual report

Not later than January 1 of each year, the Secretary of Transportation shall submit to Congress a comprehensive report on the safety enforcement activities of the Federal Aviation Administration during the fiscal year ending the prior September 30th. The report shall include—

(a) PROHIBITION.—No pilot in command of an aircraft may allow an individual who does not hold—

(1) a valid private pilots certificate issued by the Administrator of the Federal Aviation Administration under part 61 of title 14, Code of Federal Regulations; and

(2) the appropriate medical certificate issued by the Administrator under part 67 of such title, to manipulate the controls of an aircraft if the pilot knows or should have known that the individual is attempting to set a record or engage in an aeronautical competition or aeronautical feat, as defined by the Administrator.

(b) REVOCATION OF AIRMEN CERTIFICATES.—The Administrator shall issue an order revoking a certificate issued to an airman under section 44703 of this title if the Administrator finds that while acting as a pilot in command of an aircraft, the airman has permitted another individual to manipulate the controls of the aircraft in violation of subsection (a).

(c) PILOT IN COMMAND DEFINED.—In this section, the term “pilot in command” has the meaning given such term by section 1.1 of title 14, Code of Federal Regulations.

§ 44725. Life-limited aircraft parts

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require the safe disposition of life-limited parts removed from an aircraft. The rulemaking proceeding shall ensure that the disposition deter installation on an aircraft of a life-limited part that has reached or exceeded its life limits.

(b) SAFE DISPOSITION.—For the purposes of this section, safe disposition includes any of the following methods:

(1) The part may be segregated under circumstances that preclude its installation on an aircraft.

(2) The part may be permanently marked to indicate its used life status.

(3) The part may be destroyed in any manner calculated to prevent reinstallation in an aircraft.

(4) The part may be marked, if practicable, to include the recordation of hours, cycles, or other airworthiness information. If the parts are marked with cycles or hours of usage, that information must be updated every time the part is removed from service or when the part is retired from service.

(5) Any other method approved by the Administrator.

(c) DEADLINES.—In conducting the rulemaking proceeding under subsection (a), the Administrator shall—

(1) not later than 180 days after the date of the enactment of this section, issue a notice of proposed rulemaking; and

(2) not later than 180 days after the close of the comment period on the proposed rule, issue a final rule.

(d) PRIOR-REMOVED LIFE-LIMITED PARTS.—No rule issued under subsection (a) shall require the marking of parts removed from aircraft before the effective date of the rules issued under subsection (a), nor shall any such rule forbid the installation of an otherwise airworthy life-limited part.

§ 44726. Denial and revocation of certificate for counterfeit parts violations

(a) DENIAL OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in paragraph (2) of this subsection and subsection (e)(2), the Administrator of the Federal Aviation Administration may not issue a certificate under this chapter to any person—

(A) convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) subject to a controlling or ownership interest of an individual convicted of such a violation.

(2) EXCEPTION.—Notwithstanding paragraph (1), the Administrator may issue a certificate under this chapter to a person described in paragraph (1) if issuance of the certificate will facilitate law enforcement efforts.

(b) REVOCATION OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in subsections (f) and (g), the Administrator shall issue an order revoking a certificate issued under this chapter if the Administrator finds that the holder of the certificate or an individual who has a controlling or ownership interest in the holder—

(A) was convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) knowingly, and with the intent to defraud, carried out or facilitated an activity punishable under a law described in paragraph (1)(A).

(2) NO AUTHORITY TO REVIEW VIOLATION.—In carrying out paragraph (1), the Administrator may not review whether a person violated a law described in paragraph (1)(A).

(c) NOTICE REQUIREMENT.—Before the Administrator revokes a certificate under subsection (b), the Administrator shall—

(1) advise the holder of the certificate of the reason for the revocation; and

(2) provide the holder of the certificate an opportunity to be heard on why the certificate should not be revoked.

(d) APPEAL.—The provisions of section 44710(d) apply to the appeal of a revocation order under subsection (b). For the purpose of applying that section to the appeal, “person” shall be substituted for “individual” each place it appears.

(e) ACQUITTAL OR REVERSAL.—

(1) IN GENERAL.—The Administrator may not revoke, and the National Transportation Safety Board may not affirm a revocation of, a certificate under subsection (b)(1)(B) if the holder of the certificate or the individual referred to in subsection (b)(1) is acquitted of all charges directly related to the violation.

(2) REISSUANCE.—The Administrator may reissue a certificate revoked under subsection (b) of this section to the former holder if—

(A) the former holder otherwise satisfies the requirements of this chapter for the certificate; and

(B)(i) the former holder or the individual referred to in subsection (b)(1), is acquitted of all charges related to the violation on which the revocation was based; or

(ii) the conviction of the former holder or such individual of the violation on which the revocation was based is reversed.

(f) WAIVER.—The Administrator may waive revocation of a certificate under subsection (b) if—

(1) a law enforcement official of the United States Government requests a waiver; and

(2) the waiver will facilitate law enforcement efforts.

(g) AMENDMENT OF CERTIFICATE.—If the holder of a certificate issued under this chapter is other than an individual and the Administrator finds that—

(1) an individual who had a controlling or ownership interest in the holder committed a violation of a law for the violation of which a certificate may be revoked under this section or knowingly, and with intent to defraud, carried out or facilitated an activity punishable under such a law; and

(2) the holder satisfies the requirements for the certificate without regard to that individual,

then the Administrator may amend the certificate to impose a limitation that the certificate will not be valid if that individual has a controlling or ownership interest in the holder. A decision by the Administrator under this subsection is not reviewable by the Board.

SUBCHAPTER I—REQUIREMENTS

§ 44901. Screening passengers and property

(a) IN GENERAL.—The Under Secretary of Transportation for Security shall provide for the screening of all passengers and property, including United States mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation. In the case of flights and flight segments originating in the United States, the screening shall take place before boarding and shall be carried out by a Federal Government employee (as defined in section 2105 of title 5, United States Code), except as otherwise provided in section 44919 or 44920 and except for identifying passengers and baggage for screening under the CAPPS and known shipper programs and conducting positive bag-match programs.

(b) SUPERVISION OF SCREENING.—All screening of passengers and property at airports in the United States where screening is required under this section shall be supervised by uniformed Federal personnel of the Transportation Security Administration who shall have the power to order the dismissal of any individual performing such screening.

(c) CHECKED BAGGAGE.—A system must be in operation to screen all checked baggage at all airports in the United States as soon as practicable but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act.

(d) EXPLOSIVE DETECTION SYSTEMS.—

(1) IN GENERAL.—The Under Secretary of Transportation for Security shall take all necessary action to ensure that—

(A) explosive detection systems are deployed as soon as possible to ensure that all United States airports described in section 44903(c) have sufficient explosive detection systems to screen all checked baggage no later than December 31, 2002, and that as soon as such systems are

¹ Section 130 of P.L. 107–71 (115 Stat. 633) adds sections 44942 and 44943. There was no conforming amendment to the table of sections.

in place at an airport, all checked baggage at the airport is screened by those systems; and

(B) all systems deployed under subparagraph (A) are fully utilized; and

(C) if explosive detection equipment at an airport is unavailable, all checked baggage is screened by an alternative means.

(2) DEADLINE.—

(A) IN GENERAL.—If, in his discretion or at the request of an airport, the Under Secretary of Transportation for Security determines that the Transportation Security Administration is not able to deploy explosive detection systems required to be deployed under paragraph (1) at all airports where explosive detection systems are required by December 31, 2002, then with respect to each airport for which the Under Secretary makes that determination—

(i) the Under Secretary shall submit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure a detailed plan (which may be submitted in classified form) for the deployment of the number of explosive detection systems at that airport necessary to meet the requirements of paragraph (1) as soon as practicable at that airport but in no event later than December 31, 2003; and

(ii) the Under Secretary shall take all necessary action to ensure that alternative means of screening all checked baggage is implemented until the requirements of paragraph (1) have been met.

(B) CRITERIA FOR DETERMINATION.—In making a determination under subparagraph (A), the Under Secretary shall take into account—

(i) the nature and extent of the required modifications to the airport's terminal buildings, and the technical, engineering, design and construction issues;

(ii) the need to ensure that such installations and modifications are effective; and

(iii) the feasibility and cost-effectiveness of deploying explosive detection systems in the baggage sorting area or other non-public area rather than the lobby of an airport terminal building.

(C) RESPONSE.—The Under Secretary shall respond to the request of an airport under subparagraph (A) within 14 days of receiving the request. A denial of request shall create no right of appeal or judicial review.

(D) AIRPORT EFFORT REQUIRED.—Each airport with respect to which the Under Secretary makes a determination under subparagraph (A) shall—

(i) cooperate fully with the Transportation Security Administration with respect to screening checked baggage and changes to accommodate explosive detection systems; and

(ii) make security projects a priority for the obligation or expenditure of funds made available under chapter 417 or 471 until explosive detection systems

required to be deployed under paragraph (1) have been deployed at that airport.

(3) REPORTS.—Until the Transportation Security Administration has met the requirements of paragraph (1), the Under Secretary shall submit a classified report every 30 days after the date of enactment of this Act to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure describing the progress made toward meeting such requirements at each airport.

(e) MANDATORY SCREENING WHERE EDS NOT YET AVAILABLE.—As soon as practicable but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act and until the requirements of subsection (b)(1)(A) are met, the Under Secretary shall require alternative means for screening any piece of checked baggage that is not screened by an explosive detection system. Such alternative means may include 1 or more of the following:

(1) A bag-match program that ensures that no checked baggage is placed aboard an aircraft unless the passenger who checked the baggage is aboard the aircraft.

(2) Manual search.

(3) Search by canine explosive detection units in combination with other means.

(4) Other means or technology approved by the Under Secretary.

(f) CARGO DEADLINE.—A system must be in operation to screen, inspect, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft in air transportation and intrastate air transportation as soon as practicable after the date of enactment of the Aviation and Transportation Security Act.

(g) DEPLOYMENT OF ARMED PERSONNEL.—

(1) IN GENERAL.—The Under Secretary shall order the deployment of law enforcement personnel authorized to carry firearms at each airport security screening location to ensure passenger safety and national security.

(2) MINIMUM REQUIREMENTS.—Except at airports required to enter into agreements under subsection (c), the Under Secretary shall order the deployment of at least 1 law enforcement officer at each airport security screening location. At the 100 largest airports in the United States, in terms of annual passenger enplanements for the most recent calendar year for which data are available, the Under Secretary shall order the deployment of additional law enforcement personnel at airport security screening locations if the Under Secretary determines that the additional deployment is necessary to ensure passenger safety and national security.

(h) EXEMPTIONS AND ADVISING CONGRESS ON REGULATIONS.—The Under Secretary—

(1) may exempt from this section air transportation operations, except scheduled passenger operations of an air carrier providing air transportation under a certificate issued under section 41102 of this title or a permit issued under section 41302 of this title; and

(2) shall advise Congress of a regulation to be prescribed under this section at least 30 days before the effective date of the regulation, unless the Under Secretary decides an emergency exists requiring the regulation to become effective in fewer than 30 days and notifies Congress of that decision.

§ 44902. Refusal to transport passengers and property

(a) MANDATORY REFUSAL.—The Under Secretary of Transportation for Security shall prescribe regulations requiring an air carrier, intrastate air carrier, or foreign air carrier to refuse to transport—

(1) a passenger who does not consent to a search under section 44901(a) of this title establishing whether the passenger is carrying unlawfully a dangerous weapon, explosive, or other destructive substance; or

(2) property of a passenger who does not consent to a search of the property establishing whether the property unlawfully contains a dangerous weapon, explosive, or other destructive substance.

(b) PERMISSIVE REFUSAL.—Subject to regulations of the Under Secretary, an air carrier, intrastate air carrier, or foreign air carrier may refuse to transport a passenger or property the carrier decides is, or might be, inimical to safety.

(c) AGREEING TO CONSENT TO SEARCH.—An agreement to carry passengers or property in air transportation or intrastate air transportation by an air carrier, intrastate air carrier, or foreign air carrier is deemed to include an agreement that the passenger or property will not be carried if consent to search the passenger or property for a purpose referred to in this section is not given.

§ 44903. Air transportation security

(a) DEFINITION.—In this section, “law enforcement personnel” means individuals—

(1) authorized to carry and use firearms;

(2) vested with the degree of the police power of arrest the Under Secretary of Transportation for Security considers necessary to carry out this section; and

(3) identifiable by appropriate indicia of authority.

(b) PROTECTION AGAINST VIOLENCE AND PIRACY.—The Under Secretary shall prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy. When prescribing a regulation under this subsection, the Under Secretary shall—

(1) consult with the Secretary of Transportation, the Attorney General, the heads of other departments, agencies, and instrumentalities of the United States Government, and State and local authorities;

(2) consider whether a proposed regulation is consistent with—

(A) protecting passengers; and

(B) the public interest in promoting air transportation and intrastate air transportation;

(3) to the maximum extent practicable, require a uniform procedure for searching and detaining passengers and property to ensure—

(A) their safety; and

(B) courteous and efficient treatment by an air carrier, an agent or employee of an air carrier, and Government, State, and local law enforcement personnel carrying out this section; and

(4) consider the extent to which a proposed regulation will carry out this section.

(c) SECURITY PROGRAMS.—(1) The Under Secretary shall prescribe regulations under subsection (b) of this section that require each operator of an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation to establish an air transportation security program that provides a law enforcement presence and capability at each of those airports that is adequate to ensure the safety of passengers. The regulations shall authorize the operator to use the services of qualified State, local, and private law enforcement personnel. When the Under Secretary decides, after being notified by an operator in the form the Under Secretary prescribes, that not enough qualified State, local, and private law enforcement personnel are available to carry out subsection (b), the Under Secretary may authorize the operator to use, on a reimbursable basis, personnel employed by the Under Secretary, or by another department, agency, or instrumentality of the Government with the consent of the head of the department, agency, or instrumentality, to supplement State, local, and private law enforcement personnel. When deciding whether additional personnel are needed, the Under Secretary shall consider the number of passengers boarded at the airport, the extent of anticipated risk of criminal violence or aircraft piracy at the airport or to the air carrier aircraft operations at the airport, and the availability of qualified State or local law enforcement personnel at the airport.

(2)(A) The Under Secretary may approve a security program of an airport operator, or an amendment in an existing program, that incorporates a security program of an airport tenant (except an air carrier separately complying with part 108 or 129 of title 14, Code of Federal Regulations) having access to a secured area of the airport, if the program or amendment incorporates—

(i) the measures the tenant will use, within the tenant's leased areas or areas designated for the tenant's exclusive use under an agreement with the airport operator, to carry out the security requirements imposed by the Under Secretary on the airport operator under the access control system requirements of section 107.14 of title 14, Code of Federal Regulations, or under other requirements of part 107 of title 14; and

(ii) the methods the airport operator will use to monitor and audit the tenant's compliance with the security requirements and provides that the tenant will be required to pay monetary penalties to the airport operator if the tenant fails to carry out a security requirement under a contractual provision or requirement imposed by the airport operator.

(B) If the Under Secretary approves a program or amendment described in subparagraph (A) of this paragraph, the airport operator may not be found to be in violation of a requirement of this

subsection or subsection (b) of this section when the airport operator demonstrates that the tenant or an employee, permittee, or invitee of the tenant is responsible for the violation and that the airport operator has complied with all measures in its security program for securing compliance with its security program by the tenant.

(C)¹ MAXIMUM USE OF CHEMICAL AND BIOLOGICAL WEAPON DETECTION EQUIPMENT.—The Secretary of Transportation may require airports to maximize the use of technology and equipment that is designed to detect or neutralize potential chemical or biological weapons.

(3)¹ PILOT PROGRAMS.—The Administrator shall establish pilot programs in no fewer than 20 airports to test and evaluate new and emerging technology for providing access control and other security protections for closed or secure areas of the airports. Such technology may include biometric or other technology that ensures only authorized access to secure areas.

(d) AUTHORIZING INDIVIDUALS TO CARRY FIREARMS AND MAKE ARRESTS.—With the approval of the Attorney General and the Secretary of State, the Secretary of Transportation may authorize an individual who carries out air transportation security duties—

(1) to carry firearms; and

(2) to make arrests without warrant for an offense against the United States committed in the presence of the individual or for a felony under the laws of the United States, if the individual reasonably believes the individual to be arrested has committed or is committing a felony.

(e) EXCLUSIVE RESPONSIBILITY OVER PASSENGER SAFETY.—The Under Secretary has the exclusive responsibility to direct law enforcement activity related to the safety of passengers on an aircraft involved in an offense under section 46502 of this title from the moment all external doors of the aircraft are closed following boarding until those doors are opened to allow passengers to leave the aircraft. When requested by the Under Secretary, other departments, agencies, and instrumentalities of the Government shall provide assistance necessary to carry out this subsection.

(f) GOVERNMENT AND INDUSTRY CONSORTIA.—The Under Secretary may establish at airports such consortia of government and aviation industry representatives as the Under Secretary may designate to provide advice on matters related to aviation security and safety. Such consortia shall not be considered Federal advisory committees for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

(g) IMPROVEMENT OF SECURED-AREA ACCESS CONTROL.—

(1) ENFORCEMENT.—

(A) UNDER SECRETARY TO PUBLISH SANCTIONS.—The Under Secretary shall publish in the Federal Register a list of sanctions for use as guidelines in the discipline of employees for infractions of airport access control requirements. The guidelines shall incorporate a progressive disciplinary approach that relates proposed sanctions to the severity or recurring nature of the infraction and shall include measures such as remedial training, suspension from

¹ Margin so in law.

security-related duties, suspension from all duties without pay, and termination of employment.

(B) **USE OF SANCTIONS.**—Each airport operator, air carrier, and security screening company shall include the list of sanctions published by the Under Secretary in its security program. The security program shall include a process for taking prompt disciplinary action against an employee who commits an infraction of airport access control requirements.

(2) **IMPROVEMENTS.**—The Under Secretary shall—

(A) work with airport operators and air carriers to implement and strengthen existing controls to eliminate airport access control weaknesses;

(B) require airport operators and air carriers to develop and implement comprehensive and recurring training programs that teach employees their roles in airport security, the importance of their participation, how their performance will be evaluated, and what action will be taken if they fail to perform;

(C) require airport operators and air carriers to develop and implement programs that foster and reward compliance with airport access control requirements and discourage and penalize noncompliance in accordance with guidelines issued by the Under Secretary to measure employee compliance;

(D) on an ongoing basis, assess and test for compliance with access control requirements, report annually findings of the assessments, and assess the effectiveness of penalties in ensuring compliance with security procedures and take any other appropriate enforcement actions when noncompliance is found;

(E) improve and better administer the Under Secretary's security database to ensure its efficiency, reliability, and usefulness for identification of systemic problems and allocation of resources;

(F) improve the execution of the Under Secretary's quality control program; and

(G) work with airport operators to strengthen access control points in secured areas (including air traffic control operations areas, maintenance areas, crew lounges, baggage handling areas, concessions, and catering delivery areas) to ensure the security of passengers and aircraft and consider the deployment of biometric or similar technologies that identify individuals based on unique personal characteristics.

(h) **IMPROVED AIRPORT PERIMETER ACCESS SECURITY.**—

(1) **IN GENERAL.**—The Under Secretary, in consultation with the airport operator and law enforcement authorities, may order the deployment of such personnel at any secure area of the airport as necessary to counter the risk of criminal violence, the risk of aircraft piracy at the airport, the risk to air carrier aircraft operations at the airport, or to meet national security concerns.

(2) **SECURITY OF AIRCRAFT AND GROUND ACCESS TO SECURE AREAS.**—In determining where to deploy such personnel, the

Under Secretary shall consider the physical security needs of air traffic control facilities, parked aircraft, aircraft servicing equipment, aircraft supplies (including fuel), automobile parking facilities within airport perimeters or adjacent to secured facilities, and access and transition areas at airports served by other means of ground or water transportation.

(3) DEPLOYMENT OF FEDERAL LAW ENFORCEMENT PERSONNEL.—The Secretary may enter into a memorandum of understanding or other agreement with the Attorney General or the head of any other appropriate Federal law enforcement agency to deploy Federal law enforcement personnel at an airport in order to meet aviation safety and security concerns.

(4) AIRPORT PERIMETER SCREENING.—The Under Secretary—

(A) shall require, as soon as practicable after the date of enactment of this subsection, screening or inspection of all individuals, goods, property, vehicles, and other equipment before entry into a secured area of an airport in the United States described in section 44903(c);

(B) shall prescribe specific requirements for such screening and inspection that will assure at least the same level of protection as will result from screening of passengers and their baggage;

(C) shall establish procedures to ensure the safety and integrity of—

(i) all persons providing services with respect to aircraft providing passenger air transportation or intrastate air transportation and facilities of such persons at an airport in the United States described in section 44903(c);

(ii) all supplies, including catering and passenger amenities, placed aboard such aircraft, including the sealing of supplies to ensure easy visual detection of tampering; and

(iii) all persons providing such supplies and facilities of such persons;

(D) shall require vendors having direct access to the airfield and aircraft to develop security programs; and

(E) may provide for the use of biometric or other technology that positively verifies the identity of each employee and law enforcement officer who enters a secure area of an airport.

(i) AUTHORITY TO ARM FLIGHT DECK CREW WITH LESS-THAN-LETHAL WEAPONS.—

(1) IN GENERAL.—If the Under Secretary, after receiving the recommendations of the National Institute of Justice, determines, with the approval of the Attorney General and the Secretary of State, that it is appropriate and necessary and would effectively serve the public interest in avoiding air piracy, the Under Secretary may authorize members of the flight deck crew on any aircraft providing air transportation or intrastate air transportation to carry a less-than-lethal weapon while the aircraft is engaged in providing such transportation.

(2) USAGE.—If the Under Secretary grants authority under paragraph (1) for flight deck crew members to carry a less-

than-lethal weapon while engaged in providing air transportation or intrastate air transportation, the Under Secretary shall—

(A) prescribe rules requiring that any such crew member be trained in the proper use of the weapon; and

(B) prescribe guidelines setting forth the circumstances under which such weapons may be used.

(3) REQUEST OF AIR CARRIERS TO USE LESS-THAN-LETHAL WEAPONS.—If, after the date of enactment of this paragraph, the Under Secretary receives a request from an air carrier for authorization to allow pilots of the air carrier to carry less-than-lethal weapons, the Under Secretary shall respond to that request within 90 days.

(j) SHORT-TERM ASSESSMENT AND DEPLOYMENT OF EMERGING SECURITY TECHNOLOGIES AND PROCEDURES.—

(1) IN GENERAL.—The Under Secretary of Transportation for Security shall recommend to airport operators, within 6 months after the date of enactment of the Aviation and Transportation Security Act, commercially available measures or procedures to prevent access to secure airport areas by unauthorized persons. As part of the 6-month assessment, the Under Secretary for Transportation Security shall—

(A) review the effectiveness of biometrics systems currently in use at several United States airports, including San Francisco International;

(B) review the effectiveness of increased surveillance at access points;

(C) review the effectiveness of card- or keypad-based access systems;

(D) review the effectiveness of airport emergency exit systems and determine whether those that lead to secure areas of the airport should be monitored or how breaches can be swiftly responded to; and

(E) specifically target the elimination of the “piggy-backing” phenomenon, where another person follows an authorized person through the access point.

The 6-month assessment shall include a 12-month deployment strategy for currently available technology at all category X airports, as defined in the Federal Aviation Administration approved air carrier security programs required under part 108 of title 14, Code of Federal Regulations. Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall conduct a review of reductions in unauthorized access at these airports.

(2) COMPUTER-ASSISTED PASSENGER PRESCREENING SYSTEM.—

(A) IN GENERAL.—The Secretary of Transportation shall ensure that the Computer-Assisted Passenger Prescreening System, or any successor system—

(i) is used to evaluate all passengers before they board an aircraft; and

(ii) includes procedures to ensure that individuals selected by the system and their carry-on and checked baggage are adequately screened.

(B) MODIFICATIONS.—The Secretary of Transportation may modify any requirement under the Computer-Assisted Passenger Prescreening System for flights that originate and terminate within the same State, if the Secretary determines that—

(i) the State has extraordinary air transportation needs or concerns due to its isolation and dependence on air transportation; and

(ii) the routine characteristics of passengers, given the nature of the market, regularly triggers primary selectee status.

(k) LIMITATION ON LIABILITY FOR ACTS TO THWART CRIMINAL VIOLENCE OR AIRCRAFT PIRACY.—An individual shall not be liable for damages in any action brought in a Federal or State court arising out of the acts of the individual in attempting to thwart an act of criminal violence or piracy on an aircraft if that individual reasonably believed that such an act of criminal violence or piracy was occurring or was about to occur.

§ 44904. Domestic air transportation system security

(a) ASSESSING THREATS.—The Under Secretary of Transportation for Security and the Director of the Federal Bureau of Investigation jointly shall assess current and potential threats to the domestic air transportation system. The assessment shall include consideration of the extent to which there are individuals with the capability and intent to carry out terrorist or related unlawful acts against that system and the ways in which those individuals might carry out those acts. The Under Secretary and the Director jointly shall decide on and carry out the most effective method for continuous analysis and monitoring of security threats to that system.

(b) ASSESSING SECURITY.—In coordination with the Director, the Under Secretary shall carry out periodic threat and vulnerability assessments on security at each airport that is part of the domestic air transportation system. Each assessment shall include consideration of—

(1) the adequacy of security procedures related to the handling and transportation of checked baggage and cargo;

(2) space requirements for security personnel and equipment;

(3) separation of screened and unscreened passengers, baggage, and cargo;

(4) separation of the controlled and uncontrolled areas of airport facilities; and

(5) coordination of the activities of security personnel of the Transportation Security Administration, the United States Customs Service, the Immigration and Naturalization Service, and air carriers, and of other law enforcement personnel.

(c) IMPROVING SECURITY.—The Under Secretary shall take necessary actions to improve domestic air transportation security by correcting any deficiencies in that security discovered in the assessments, analyses, and monitoring carried out under this section.

§ 44905. Information about threats to civil aviation

(a) PROVIDING INFORMATION.—Under guidelines the Secretary of Transportation prescribes, an air carrier, airport operator, ticket

agent, or individual employed by an air carrier, airport operator, or ticket agent, receiving information (except a communication directed by the United States Government) about a threat to civil aviation shall provide the information promptly to the Secretary.

(b) FLIGHT CANCELLATION.—If a decision is made that a particular threat cannot be addressed in a way adequate to ensure, to the extent feasible, the safety of passengers and crew of a particular flight or series of flights, the Under Secretary of Transportation for Security shall cancel the flight or series of flights.

(c) GUIDELINES ON PUBLIC NOTICE.—(1) The President shall develop guidelines for ensuring that public notice is provided in appropriate cases about threats to civil aviation. The guidelines shall identify officials responsible for—

(A) deciding, on a case-by-case basis, if public notice of a threat is in the best interest of the United States and the traveling public;

(B) ensuring that public notice is provided in a timely and effective way, including the use of a toll-free telephone number; and

(C) canceling the departure of a flight or series of flights under subsection (b) of this section.

(2) The guidelines shall provide for consideration of—

(A) the specificity of the threat;

(B) the credibility of intelligence information related to the threat;

(C) the ability to counter the threat effectively;

(D) the protection of intelligence information sources and methods;

(E) cancellation, by an air carrier or the Under Secretary, of a flight or series of flights instead of public notice;

(F) the ability of passengers and crew to take steps to reduce the risk to their safety after receiving public notice of a threat; and

(G) other factors the Under Secretary considers appropriate.

(d) GUIDELINES ON NOTICE TO CREWS.—The Under Secretary shall develop guidelines for ensuring that notice in appropriate cases of threats to the security of an air carrier flight is provided to the flight crew and cabin crew of that flight.

(e) LIMITATION ON NOTICE TO SELECTIVE TRAVELERS.—Notice of a threat to civil aviation may be provided to selective potential travelers only if the threat applies only to those travelers.

(f) RESTRICTING ACCESS TO INFORMATION.—In cooperation with the departments, agencies, and instrumentalities of the Government that collect, receive, and analyze intelligence information related to aviation security, the Under Secretary shall develop procedures to minimize the number of individuals who have access to information about threats. However, a restriction on access to that information may be imposed only if the restriction does not diminish the ability of the Government to carry out its duties and powers related to aviation security effectively, including providing notice to the public and flight and cabin crews under this section.

(g) DISTRIBUTION OF GUIDELINES.—The guidelines developed under this section shall be distributed for use by appropriate offi-

cials of the Department of Transportation, the Department of State, the Department of Justice, and air carriers.

§ 44906. Foreign air carrier security programs

The Under Secretary of Transportation for Security shall continue in effect the requirement of section 129.25 of title 14, Code of Federal Regulations, that a foreign air carrier must adopt and use a security program approved by the Under Secretary. The Under Secretary shall not approve a security program of a foreign air carrier under section 129.25, or any successor regulation, unless the security program requires the foreign air carrier in its operations to and from airports in the United States to adhere to the identical security measures that the Under Secretary requires air carriers serving the same airports to adhere to. The foregoing requirement shall not be interpreted to limit the ability of the Under Secretary to impose additional security measures on a foreign air carrier or an air carrier when the Under Secretary determines that a specific threat warrants such additional measures. The Under Secretary shall prescribe regulations to carry out this section.

§ 44907. Security standards at foreign airports

(a) ASSESSMENT.—(1) At intervals the Secretary of Transportation considers necessary, the Secretary shall assess the effectiveness of the security measures maintained at—

(A) a foreign airport—

(i) served by an air carrier;

(ii) from which a foreign air carrier serves the United States; or

(iii) that poses a high risk of introducing danger to international air travel; and

(B) other foreign airports the Secretary considers appropriate.

(2) The Secretary of Transportation shall conduct an assessment under paragraph (1) of this subsection—

(A) in consultation with appropriate aeronautic authorities of the government of a foreign country concerned and each air carrier serving the foreign airport for which the Secretary is conducting the assessment;

(B) to establish the extent to which a foreign airport effectively maintains and carries out security measures; and

(C) by using a standard that will result in an analysis of the security measures at the airport based at least on the standards and appropriate recommended practices contained in Annex 17 to the Convention on International Civil Aviation in effect on the date of the assessment.

(3) Each report to Congress required under section 44938(b) of this title shall contain a summary of the assessments conducted under this subsection.

(b) CONSULTATION.—In carrying out subsection (a) of this section, the Secretary of Transportation shall consult with the Secretary of State—

(1) on the terrorist threat that exists in each country; and

(2) to establish which foreign airports are not under the de facto control of the government of the foreign country in which

they are located and pose a high risk of introducing danger to international air travel.

(c) NOTIFYING FOREIGN AUTHORITIES.—When the Secretary of Transportation, after conducting an assessment under subsection (a) of this section, decides that an airport does not maintain and carry out effective security measures, the Secretary of Transportation, after advising the Secretary of State, shall notify the appropriate authorities of the government of the foreign country of the decision and recommend the steps necessary to bring the security measures in use at the airport up to the standard used by the Secretary of Transportation in making the assessment.

(d) ACTIONS WHEN AIRPORTS NOT MAINTAINING AND CARRYING OUT EFFECTIVE SECURITY MEASURES.—(1) When the Secretary of Transportation decides under this section that an airport does not maintain and carry out effective security measures—

(A) the Secretary of Transportation shall—

(i) publish the identity of the airport in the Federal Register;

(ii) have the identity of the airport posted and displayed prominently at all United States airports at which scheduled air carrier operations are provided regularly; and

(iii) notify the news media of the identity of the airport;

(B) each air carrier and foreign air carrier providing transportation between the United States and the airport shall provide written notice of the decision, on or with the ticket, to each passenger buying a ticket for transportation between the United States and the airport;

(C) notwithstanding section 40105(b) of this title, the Secretary of Transportation, after consulting with the appropriate aeronautic authorities of the foreign country concerned and each air carrier serving the airport and with the approval of the Secretary of State, may withhold, revoke, or prescribe conditions on the operating authority of an air carrier or foreign air carrier that uses that airport to provide foreign air transportation; and

(D) the President may prohibit an air carrier or foreign air carrier from providing transportation between the United States and any other foreign airport that is served by aircraft flying to or from the airport with respect to which a decision is made under this section.

(2)(A) Paragraph (1) of this subsection becomes effective—

(i) 90 days after the government of a foreign country is notified under subsection (c) of this section if the Secretary of Transportation finds that the government has not brought the security measures at the airport up to the standard the Secretary used in making an assessment under subsection (a) of this section; or

(ii) immediately on the decision of the Secretary of Transportation under subsection (c) of this section if the Secretary of Transportation decides, after consulting with the Secretary of State, that a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from the airport.

(B) The Secretary of Transportation immediately shall notify the Secretary of State of a decision under subparagraph (A)(ii) of this paragraph so that the Secretary of State may issue a travel advisory required under section 44908(a) of this title.

(3) The Secretary of Transportation promptly shall submit to Congress a report (and classified annex if necessary) on action taken under paragraph (1) or (2) of this subsection, including information on attempts made to obtain the cooperation of the government of a foreign country in meeting the standard the Secretary used in assessing the airport under subsection (a) of this section.

(4) An action required under paragraph (1)(A) and (B) of this subsection is no longer required only if the Secretary of Transportation, in consultation with the Secretary of State, decides that effective security measures are maintained and carried out at the airport. The Secretary of Transportation shall notify Congress when the action is no longer required to be taken.

(e) **SUSPENSIONS.**—Notwithstanding sections 40105(b) and 40106(b) of this title, the Secretary of Transportation, with the approval of the Secretary of State and without notice or a hearing, shall suspend the right of an air carrier or foreign air carrier to provide foreign air transportation, and the right of a person to operate aircraft in foreign air commerce, to or from a foreign airport when the Secretary of Transportation decides that—

(1) a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from that airport; and

(2) the public interest requires an immediate suspension of transportation between the United States and that airport.

(f) **CONDITION OF CARRIER AUTHORITY.**—This section is a condition to authority the Secretary of Transportation grants under this part to an air carrier or foreign air carrier.

§ 44908. Travel advisory and suspension of foreign assistance

(a) **TRAVEL ADVISORIES.**—On being notified by the Secretary of Transportation that the Secretary of Transportation has decided under section 44907(d)(2)(A)(ii) of this title that a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from a foreign airport that the Secretary of Transportation has decided under section 44907 of this title does not maintain and carry out effective security measures, the Secretary of State—

(1) immediately shall issue a travel advisory for that airport; and

(2) shall publicize the advisory widely.

(b) **SUSPENDING ASSISTANCE.**—The President shall suspend assistance provided under the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) or the Arms Export Control Act (22 U.S.C. 2751 et seq.) to a country in which is located an airport with respect to which section 44907(d)(1) of this title becomes effective if the Secretary of State decides the country is a high terrorist threat country. The President may waive this subsection if the President decides, and reports to Congress, that the waiver is required because of national security interests or a humanitarian emergency.

(c) ACTIONS NO LONGER REQUIRED.—An action required under this section is no longer required only if the Secretary of Transportation has made a decision as provided under section 44907(d)(4) of this title. The Secretary shall notify Congress when the action is no longer required to be taken.

§ 44909. Passenger manifests

(a) AIR CARRIER REQUIREMENTS.—(1) Not later than March 16, 1991, the Secretary of Transportation shall require each air carrier to provide a passenger manifest for a flight to an appropriate representative of the Secretary of State—

(A) not later than one hour after that carrier is notified of an aviation disaster outside the United States involving that flight; or

(B) if it is not technologically feasible or reasonable to comply with clause (A) of this paragraph, then as expeditiously as possible, but not later than 3 hours after the carrier is so notified.

(2) The passenger manifest should include the following information:

(A) the full name of each passenger.

(B) the passport number of each passenger, if required for travel.

(C) the name and telephone number of a contact for each passenger.

(3) In carrying out this subsection, the Secretary of Transportation shall consider the necessity and feasibility of requiring air carriers to collect passenger manifest information as a condition for passengers boarding a flight of the carrier.

(b) FOREIGN AIR CARRIER REQUIREMENTS.—The Secretary of Transportation shall consider imposing a requirement on foreign air carriers comparable to that imposed on air carriers under subsection (a)(1) and (2) of this section.

(c) FLIGHTS IN FOREIGN AIR TRANSPORTATION TO THE UNITED STATES.—

(1) IN GENERAL.—Not later than 60 days after the date of enactment of the Aviation and Transportation Security Act, each air carrier and foreign air carrier operating a passenger flight in foreign air transportation to the United States shall provide to the Commissioner of Customs by electronic transmission a passenger and crew manifest containing the information specified in paragraph (2). Carriers may use the advanced passenger information system established under section 431 of the Tariff Act of 1930 (19 U.S.C. 1431) to provide the information required by the preceding sentence.

(2) INFORMATION.—A passenger and crew manifest for a flight required under paragraph (1) shall contain the following information:

(A) The full name of each passenger and crew member.

(B) The date of birth and citizenship of each passenger and crew member.

(C) The sex of each passenger and crew member.

(D) The passport number and country of issuance of each passenger and crew member if required for travel.

(E) The United States visa number or resident alien card number of each passenger and crew member, as applicable.

(F) Such other information as the Under Secretary, in consultation with the Commissioner of Customs, determines is reasonably necessary to ensure aviation safety.

(3) PASSENGER NAME RECORDS.—The carriers shall make passenger name record information available to the Customs Service upon request.

(4) TRANSMISSION OF MANIFEST.—Subject to paragraph (5), a passenger and crew manifest required for a flight under paragraph (1) shall be transmitted to the Customs Service in advance of the aircraft landing in the United States in such manner, time, and form as the Customs Service prescribes.

(5) TRANSMISSION OF MANIFESTS TO OTHER FEDERAL AGENCIES.—Upon request, information provided to the Under Secretary or the Customs Service under this subsection may be shared with other Federal agencies for the purpose of protecting national security.

§ 44910. Agreements on aircraft sabotage, aircraft hijacking, and airport security

The Secretary of State shall seek multilateral and bilateral agreement on strengthening enforcement measures and standards for compliance related to aircraft sabotage, aircraft hijacking, and airport security.

§ 44911. Intelligence

(a) DEFINITION.—In this section, “intelligence community” means the intelligence and intelligence-related activities of the following units of the United States Government:

- (1) the Department of State.
- (2) the Department of Defense.
- (3) the Department of the Treasury.
- (4) the Department of Energy.
- (5) the Departments of the Army, Navy, and Air Force.
- (6) the Central Intelligence Agency.
- (7) the National Security Agency.
- (8) the Defense Intelligence Agency.
- (9) the Federal Bureau of Investigation.

§ 44913. Explosive detection

(a) DEPLOYMENT AND PURCHASE OF EQUIPMENT.—(1) A deployment or purchase of explosive detection equipment under section 108.7(b)(8) or 108.20 of title 14, Code of Federal Regulations, or similar regulation is required only if the Under Secretary of Transportation for Security certifies that the equipment alone, or as part of an integrated system, can detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary shall base the certification on the results of tests conducted under protocols developed in consultation with expert scientists outside of the Transportation Security Administration. Those tests shall be completed not later than April 16, 1992.

(2) Before completion of the tests described in paragraph (1) of this subsection, but not later than April 16, 1992, the Under Secretary may require deployment of explosive detection equipment described in paragraph (1) if the Under Secretary decides that deployment will enhance aviation security significantly. In making that decision, the Under Secretary shall consider factors such as the ability of the equipment alone, or as part of an integrated system, to detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives of a deployment decision made under this paragraph.

(3) Until such time as the Under Secretary determines that equipment certified under paragraph (1) is commercially available and has successfully completed operational testing as provided in paragraph (1), the Under Secretary shall facilitate the deployment of such approved commercially available explosive detection devices as the Under Secretary determines will enhance aviation security significantly. The Under Secretary shall require that equipment de-

ployed under this paragraph be replaced by equipment certified under paragraph (1) when equipment certified under paragraph (1) becomes commercially available. The Under Secretary is authorized, based on operational considerations at individual airports, to waive the required installation of commercially available equipment under paragraph (1) in the interests of aviation security. The Under Secretary may permit the requirements of this paragraph to be met at airports by the deployment of dogs or other appropriate animals to supplement equipment for screening passengers, baggage, mail, or cargo for explosives or weapons.

(4) This subsection does not prohibit the Under Secretary from purchasing or deploying explosive detection equipment described in paragraph (1) of this subsection.

(b) GRANTS.—The Secretary of Transportation may provide grants to continue the Explosive Detection K-9 Team Training Program to detect explosives at airports and on aircraft.

§ 45101. Definition

In this chapter, “controlled substance” means any substance under section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802) specified by the Administrator of the Federal Aviation Administration.

§ 45102. Alcohol and controlled substances testing programs

(a) PROGRAM FOR EMPLOYEES OF AIR CARRIERS AND FOREIGN AIR CARRIERS.—(1) In the interest of aviation safety, the Administrator of the Federal Aviation Administration shall prescribe regulations that establish a program requiring air carriers and foreign air carriers to conduct preemployment, reasonable suspicion, random, and post-accident testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of a controlled substance in violation of law or a United States Government regulation; and to conduct reasonable suspicion, random, and post-accident testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of alcohol in violation of law or a United States Government regulation. The regulations shall permit air carriers and foreign air carriers to conduct preemployment testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of alcohol.

(2) When the Administrator considers it appropriate in the interest of safety, the Administrator may prescribe regulations for conducting periodic recurring testing of airmen, crewmembers, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(b) PROGRAM FOR EMPLOYEES OF THE FEDERAL AVIATION ADMINISTRATION.—(1) The Administrator shall establish a program of preemployment, reasonable suspicion, random, and post-accident testing for the use of a controlled substance in violation of law or a United States Government regulation for employees of the Administration whose duties include responsibility for safety-sensitive functions and shall establish a program of reasonable suspicion, random, and post-accident testing for the use of alcohol in violation of law or a United States Government regulation for such employees. The Administrator may establish a program of preemployment testing for the use of alcohol for such employees.

(2) When the Administrator considers it appropriate in the interest of safety, the Administrator may prescribe regulations for conducting periodic recurring testing of employees of the Administration responsible for safety-sensitive functions for use of alcohol or a controlled substance in violation of law or a Government regulation.

(c) SANCTIONS.—In prescribing regulations under the programs required by this section, the Administrator shall require, as the Administrator considers appropriate, the suspension or revocation of any certificate issued to an individual referred to in this section, or the disqualification or dismissal of the individual, under this chapter when a test conducted and confirmed under this chapter indicates the individual has used alcohol or a controlled substance in violation of law or a Government regulation.

§ 45103. Prohibited service

(a) USE OF ALCOHOL OR A CONTROLLED SUBSTANCE.—An individual may not use alcohol or a controlled substance after October 28, 1991, in violation of law or a United States Government regulation and serve as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions (as decided by the Administrator of the Federal Aviation Administration), or employee of the Administration with responsibility for safety-sensitive functions.

(b) REHABILITATION REQUIRED TO RESUME SERVICE.—Notwithstanding subsection (a) of this section, an individual found to have used alcohol or a controlled substance after October 28, 1991, in violation of law or a Government regulation may serve as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions (as decided by the Administrator), or employee of the Administration with responsibility for safety-sensitive functions only if the individual completes a rehabilitation program described in section 45105 of this title.

(c) PERFORMANCE OF PRIOR DUTIES PROHIBITED.—An individual who served as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions (as decided by the Administrator), or employee of the Administration with responsibility for safety-sensitive functions and who was found by the Administrator to have used alcohol or a controlled substance after October 28, 1991, in violation of law or a Government regulation may not carry out the duties related to air transportation that the individual carried out before the finding of the Administrator if the individual—

- (1) used the alcohol or controlled substance when on duty;
- (2) began or completed a rehabilitation program described in section 45105 of this title before using the alcohol or controlled substance; or
- (3) refuses to begin or complete a rehabilitation program described in section 45105 of this title after a finding by the Administrator under this section.

§ 45104. Testing and laboratory requirements

In carrying out section 45102 of this title, the Administrator of the Federal Aviation Administration shall develop requirements that—

(1) promote, to the maximum extent practicable, individual privacy in the collection of specimens;

(2) for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any amendments to those guidelines, including mandatory guidelines establishing—

(A) comprehensive standards for every aspect of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this chapter, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this chapter;

(4) provide that all tests indicating the use of alcohol or a controlled substance in violation of law or a United States Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;

(5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual's confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;

(7) provide for the confidentiality of test results and medical information (except information about alcohol or a controlled substance) of employees, except that this clause does not prevent the use of test results for the orderly imposition of appropriate sanctions under this chapter; and

(8) ensure that employees are selected for tests by non-discriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

§ 45105. Rehabilitation

(a) PROGRAM FOR EMPLOYEES OF AIR CARRIERS AND FOREIGN AIR CARRIERS.—The Administrator of the Federal Aviation Administration shall prescribe regulations establishing requirements for rehabilitation programs that at least provide for the identification and opportunity for treatment of employees of air carriers and foreign air carriers referred to in section 45102(a)(1) of this title who need assistance in resolving problems with the use of alcohol or a controlled substance in violation of law or a United States Government regulation. Each air carrier and foreign air carrier is encouraged to make such a program available to all its employees in addition to the employees referred to in section 45102(a)(1). The Administrator shall decide on the circumstances under which employees shall be required to participate in a program. This subsection does not prevent an air carrier or foreign air carrier from establishing a program under this subsection in cooperation with another air carrier or foreign air carrier.

(b) PROGRAM FOR EMPLOYEES OF THE FEDERAL AVIATION ADMINISTRATION.—The Administrator shall establish and maintain a rehabilitation program that at least provides for the identification and opportunity for treatment of employees of the Administration whose duties include responsibility for safety-sensitive functions who need assistance in resolving problems with the use of alcohol or a controlled substance.

§ 45106. Relationship to other laws, regulations, standards, and orders

(a) EFFECT ON STATE AND LOCAL GOVERNMENT LAWS, REGULATIONS, STANDARDS, OR ORDERS.—A State or local government may not prescribe, issue, or continue in effect a law, regulation, standard, or order that is inconsistent with regulations prescribed under this chapter. However, a regulation prescribed under this chapter does not preempt a State criminal law that imposes sanctions for reckless conduct leading to loss of life, injury, or damage to property.

(b) INTERNATIONAL OBLIGATIONS AND FOREIGN LAWS.—(1) In prescribing regulations under this chapter, the Administrator of the Federal Aviation Administration—

(A) shall establish only requirements applicable to foreign air carriers that are consistent with international obligations of the United States; and

(B) shall consider applicable laws and regulations of foreign countries.

(2) The Secretaries of State and Transportation jointly shall request the governments of foreign countries that are members of the International Civil Aviation Organization to strengthen and enforce existing standards to prohibit crewmembers in international civil aviation from using alcohol or a controlled substance in violation of law or a United States Government regulation.

(c) OTHER REGULATIONS ALLOWED.—This section does not prevent the Administrator from continuing in effect, amending, or further supplementing a regulation prescribed before October 28, 1991, governing the use of alcohol or a controlled substance by airmen, crewmembers, airport security screening employees, air carrier employees responsible for safety-sensitive functions (as decided by the Administrator), or employees of the Administration with responsibility for safety-sensitive functions.

§ 45107. Transportation Security Administration

(a) TRANSFER OF FUNCTIONS RELATING TO TESTING PROGRAMS WITH RESPECT TO AIRPORT SECURITY SCREENING PERSONNEL.—The authority of the Administrator of the Federal Aviation Administration under this chapter with respect to programs relating to testing of airport security screening personnel are transferred to the Under Secretary of Transportation for Security. Notwithstanding section 45102(a), the regulations prescribed under section 45102(a) shall require testing of such personnel by their employers instead of by air carriers and foreign air carriers.

(b) APPLICABILITY OF CHAPTER WITH RESPECT TO EMPLOYEES OF ADMINISTRATION.—The provisions of this chapter that apply with respect to employees of the Federal Aviation Administration whose duties include responsibility for safety-sensitive functions shall apply with respect to employees of the Transportation Security Administration whose duties include responsibility for security-sensitive functions. The Under Secretary of Transportation for Security, the Transportation Security Administration, and employees of the Transportation Security Administration whose duties include responsibility for security-sensitive functions shall be subject to and comply with such provisions in the same manner and to the same extent as the Administrator of the Federal Aviation Administration, the Federal Aviation Administration, and employees of the Federal Aviation Administration whose duties include responsibility for safety-sensitive functions, respectively.

Services for which costs may be recovered include the costs of air traffic control, navigation, weather services, training and emergency services which are available to facilitate safe transportation over the United States, and other services provided by the Administrator or by programs financed by the Administrator to flights that neither take off nor land in the United States. The Determination of such costs by the Administrator is not subject to judicial review.

(1) shall be credited to a separate account established in the Treasury and made available for Administration activities;

(2) shall be available immediately for expenditure but only for congressionally authorized and intended purposes; and

(3) shall remain available until expended.

SUBCHAPTER I—AIRPORT IMPROVEMENT

§ 47101. Policies

- (a) GENERAL.—It is the policy of the United States—
(1) that the safe operation of the airport and airway system is the highest aviation priority;

(2) that aviation facilities be constructed and operated to minimize current and projected noise impact on nearby communities;

(3) to give special emphasis to developing reliever airports;

(4) that appropriate provisions should be made to make the development and enhancement of cargo hub airports easier;

(5) to encourage the development of intermodal connections on airport property between aeronautical and other transportation modes and systems to serve air transportation passengers and cargo efficiently and effectively and promote economic development;

(6) that airport development projects under this subchapter provide for the protection and enhancement of natural resources and the quality of the environment of the United States;

(7) that airport construction and improvement projects that increase the capacity of facilities to accommodate passenger and cargo traffic be undertaken to the maximum feasible extent so that safety and efficiency increase and delays decrease;

(8) to ensure that nonaviation usage of the navigable airspace be accommodated but not allowed to decrease the safety and capacity of the airspace and airport system;

(9) that artificial restrictions on airport capacity—

(A) are not in the public interest;

(B) should be imposed to alleviate air traffic delays only after other reasonably available and less burdensome alternatives have been tried; and

(C) should not discriminate unjustly between categories and classes of aircraft;

(10) that special emphasis should be placed on converting appropriate former military air bases to civil use and identifying and improving additional joint-use facilities;

(11) that the airport improvement program should be administered to encourage projects that employ innovative technology (including integrated in-pavement lighting systems for runways and taxiways and other runway and taxiway incursion prevention devices), concepts, and approaches that will promote safety, capacity, and efficiency improvements in the construction of airports and in the air transportation system (including the development and use of innovative concrete and other materials in the construction of airport facilities to minimize initial laydown costs, minimize time out of service, and maximize lifecycle durability) and to encourage and solicit innovative technology proposals and activities in the expenditure of funding pursuant to this subchapter;

(12) that airport fees, rates, and charges must be reasonable and may only be used for purposes not prohibited by this subchapter; and

(13) that airports should be as self-sustaining as possible under the circumstances existing at each particular airport and in establishing new fees, rates, and charges, and generating revenues from all sources, airport owners and operators should not seek to create revenue surpluses that exceed the amounts

to be used for airport system purposes and for other purposes for which airport revenues may be spent under section 47107(b)(1) of this title, including reasonable reserves and other funds to facilitate financing and cover contingencies.

(b) NATIONAL TRANSPORTATION POLICY.—(1) It is a goal of the United States to develop a national intermodal transportation system that transports passengers and property in an efficient manner. The future economic direction of the United States depends on its ability to confront directly the enormous challenges of the global economy, declining productivity growth, energy vulnerability, air pollution, and the need to rebuild the infrastructure of the United States.

(2) United States leadership in the world economy, the expanding wealth of the United States, the competitiveness of the industry of the United States, the standard of living, and the quality of life are at stake.

(3) A national intermodal transportation system is a coordinated, flexible network of diverse but complementary forms of transportation that transports passengers and property in the most efficient manner. By reducing transportation costs, these intermodal systems will enhance the ability of the industry of the United States to compete in the global marketplace.

(4) All forms of transportation, including aviation and other transportation systems of the future, will be full partners in the effort to reduce energy consumption and air pollution while promoting economic development.

(5) An intermodal transportation system consists of transportation hubs that connect different forms of appropriate transportation and provides users with the most efficient means of transportation and with access to commercial centers, business locations, population centers, and the vast rural areas of the United States, as well as providing links to other forms of transportation and to intercity connections.

(6) Intermodality and flexibility are paramount issues in the process of developing an integrated system that will obtain the optimum yield of United States resources.

(7) The United States transportation infrastructure must be reshaped to provide the economic underpinnings for the United States to compete in the 21st century global economy. The United States can no longer rely on the sheer size of its economy to dominate international economic rivals and must recognize fully that its economy is no longer a separate entity but is part of the global marketplace. The future economic prosperity of the United States depends on its ability to compete in an international marketplace that is teeming with competitors but in which a full one-quarter of the economic activity of the United States takes place.

(8) The United States must make a national commitment to rebuild its infrastructure through development of a national intermodal transportation system. The United States must provide the foundation for its industries to improve productivity and their ability to compete in the global economy with a system that will transport passengers and property in an efficient manner.

(c) CAPACITY EXPANSION AND NOISE ABATEMENT.—It is in the public interest to recognize the effects of airport capacity expansion projects on aircraft noise. Efforts to increase capacity through any

means can have an impact on surrounding communities. Non-compatible land uses around airports must be reduced and efforts to mitigate noise must be given a high priority.

(d) **CONSISTENCY WITH AIR COMMERCE AND SAFETY POLICIES.**—Each airport and airway program should be carried out consistently with section 40101(a), (b), (d), and (f) of this title to foster competition, prevent unfair methods of competition in air transportation, maintain essential air transportation, and prevent unjust and discriminatory practices, including as the practices may be applied between categories and classes of aircraft.

(e) **ADEQUACY OF NAVIGATION AIDS AND AIRPORT FACILITIES.**—This subchapter should be carried out to provide adequate navigation aids and airport facilities for places at which scheduled commercial air service is provided. The facilities provided may include—

- (1) reliever airports; and
- (2) heliports designated by the Secretary of Transportation to relieve congestion at commercial service airports by diverting aircraft passengers from fixed-wing aircraft to helicopter carriers.

(f) **MAXIMUM USE OF SAFETY FACILITIES.**—This subchapter should be carried out consistently with a comprehensive airspace system plan, giving highest priority to commercial service airports, to maximize the use of safety facilities, including installing, operating, and maintaining, to the extent possible with available money and considering other safety needs—

- (1) electronic or visual vertical guidance on each runway;
- (2) grooving or friction treatment of each primary and secondary runway;
- (3) distance-to-go signs for each primary and secondary runway;
- (4) a precision approach system, a vertical visual guidance system, and a full approach light system for each primary runway;
- (5) a nonprecision instrument approach for each secondary runway;
- (6) runway end identifier lights on each runway that does not have an approach light system;
- (7) a surface movement radar system at each category III airport;
- (8) a taxiway lighting and sign system;
- (9) runway edge lighting and marking;
- (10) radar approach coverage for each airport terminal area; and
- (11) runway and taxiway incursion prevention devices, including integrated in-pavement lighting systems for runways and taxiways.

(g) **INTERMODAL PLANNING.**—To carry out the policy of subsection (a)(5) of this section, the Secretary of Transportation shall take each of the following actions:

- (1) **COORDINATION IN DEVELOPMENT OF AIRPORT PLANS AND PROGRAMS.**—Cooperate with State and local officials in developing airport plans and programs that are based on overall transportation needs. The airport plans and programs shall be developed in coordination with other transportation planning

and considering comprehensive long-range land-use plans and overall social, economic, environmental, system performance, and energy conservation objectives. The process of developing airport plans and programs shall be continuing, cooperative, and comprehensive to the degree appropriate to the complexity of the transportation problems.

(2) GOALS FOR AIRPORT MASTER AND SYSTEM PLANS.—Encourage airport sponsors and State and local officials to develop airport master plans and airport system plans that—

(A) foster effective coordination between aviation planning and metropolitan planning;

(B) include an evaluation of aviation needs within the context of multimodal planning; and

(C) are integrated with metropolitan plans to ensure that airport development proposals include adequate consideration of land use and ground transportation access.

(3) REPRESENTATION OF AIRPORT OPERATORS ON MPO'S.—Encourage metropolitan planning organizations, particularly in areas with populations greater than 200,000, to establish membership positions for airport operators.

(h) CONSULTATION.—To carry out the policy of subsection (a)(6) of this section, the Secretary of Transportation shall consult with the Secretary of the Interior and the Administrator of the Environmental Protection Agency about any project included in a project grant application involving the location of an airport or runway, or a major runway extension, that may have a significant effect on—

(1) natural resources, including fish and wildlife;

(2) natural, scenic, and recreation assets;

(3) water and air quality; or

(4) another factor affecting the environment.

§ 47102. Definitions

§ 47103. National plan of integrated airport systems

(a) GENERAL REQUIREMENTS AND CONSIDERATIONS.—The Secretary of Transportation shall maintain the plan for developing public-use airports in the United States, named “the national plan of integrated airport systems”. The plan shall include the kind and estimated cost of eligible airport development the Secretary of Transportation considers necessary to provide a safe, efficient, and integrated system of public-use airports adequate to anticipate and meet the needs of civil aeronautics, to meet the national defense requirements of the Secretary of Defense, and to meet identified

needs of the United States Postal Service. Airport development included in the plan may not be limited to meeting the needs of any particular classes or categories of public-use airports. In maintaining the plan, the Secretary of Transportation shall consider the needs of each segment of civil aviation and the relationship of each airport to—

- (1) the rest of the transportation system in the particular area;
- (2) forecasted technological developments in aeronautics; and
- (3) forecasted developments in other modes of intercity transportation.

(b) SPECIFIC REQUIREMENTS.—In maintaining the plan, the Secretary of Transportation shall—

- (1) to the extent possible and as appropriate, consult with departments, agencies, and instrumentalities of the United States Government, with public agencies, and with the aviation community;
- (2) consider tall structures that reduce safety or airport capacity; and
- (3) make every reasonable effort to address the needs of air cargo operations, Short Takeoff and Landing/Very Short Takeoff and Landing aircraft operations, and rotary wing aircraft operations.

(c) AVAILABILITY OF DOMESTIC MILITARY AIRPORTS AND AIRPORT FACILITIES.—To the extent possible, the Secretary of Defense shall make domestic military airports and airport facilities available for civil use. In advising the Secretary of Transportation under subsection (a) of this section, the Secretary of Defense shall indicate the extent to which domestic military airports and airport facilities are available for civil use.

(d) PUBLICATION.—The Secretary of Transportation shall publish the status of the plan every 2 years.

§ 47104. Project grant authority

(a) GENERAL AUTHORITY.—To maintain a safe and efficient nationwide system of public-use airports that meets the present and future needs of civil aeronautics, the Secretary of Transportation may make project grants under this subchapter from the Airport and Airway Trust Fund.

(b) INCURRING OBLIGATIONS.—The Secretary may incur obligations to make grants from amounts made available under section 48103 of this title as soon as the amounts are apportioned under section 47114(c) and (d)(2) of this title.

(c) EXPIRATION OF AUTHORITY.—After September 30, 2003, the Secretary may not incur obligations under subsection (b) of this section, except for obligations of amounts—

- (1) remaining available after that date under section 47117(b) of this title; or
- (2) recovered by the United States Government from grants made under this chapter if the amounts are obligated only for increases under section 47108(b)(2) and (3) of this title in the maximum amount of obligations of the Government for any other grant made under this title.

§ 47105. Project grant applications

(a) SUBMISSION AND CONSULTATION.—(1) An application for a project grant under this subchapter may be submitted to the Secretary of Transportation by—

(A) a sponsor; or

(B) a State, as the only sponsor, for an airport development project benefitting 1 or more airports in the State or for airport planning for projects for 1 or more airports in the State if—

(i) the sponsor of each airport gives written consent that the State be the applicant;

(ii) the Secretary is satisfied there is administrative merit and aeronautical benefit in the State being the sponsor; and

(iii) an acceptable agreement exists that ensures that the State will comply with appropriate grant conditions and other assurances the Secretary requires.

(2) Before deciding to undertake an airport development project at an airport under this subchapter, a sponsor shall consult with the airport users that will be affected by the project.

(3) This subsection does not authorize a public agency that is subject to the laws of a State to apply for a project grant in violation of a law of the State.

(b) CONTENTS AND FORM.—An application for a project grant under this subchapter—

(1) shall describe the project proposed to be undertaken;

(2) may propose a project only for a public-use airport included in the current national plan of integrated airport systems;

(3) may propose airport development only if the development complies with standards the Secretary prescribes or approves, including standards for site location, airport layout, site preparation, paving, lighting, and safety of approaches; and

(4) shall be in the form and contain other information the Secretary prescribes.

(c) STATE STANDARDS FOR AIRPORT DEVELOPMENT.—The Secretary may approve standards (except standards for safety of approaches) that a State prescribes for airport development at nonprimary public-use airports in the State. On approval under this subsection, a State's standards apply to the nonprimary public-use airports in the State instead of the comparable standards prescribed by the Secretary under subsection (b)(3) of this section. The Secretary, or the State with the approval of the Secretary, may revise standards approved under this subsection.

(d) CERTIFICATION OF COMPLIANCE.—The Secretary may require a sponsor to certify that the sponsor will comply with this subchapter in carrying out the project. The Secretary may rescind the acceptance of a certification at any time. This subsection does not affect an obligation or responsibility of the Secretary under another law of the United States.

(e) PREVENTIVE MAINTENANCE.—After January 1, 1995, the Secretary may approve an application under this subchapter for the replacement or reconstruction of pavement at an airport only

if the sponsor has provided such assurances or certifications as the Secretary may determine appropriate that such airport has implemented an effective airport pavement maintenance-management program. The Secretary may require such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

(f) NOTIFICATION.—The sponsor of an airport for which an amount is apportioned under section 47114(c) of this title shall notify the Secretary of the fiscal year in which the sponsor intends to submit a project grant application for the apportioned amount. The notification shall be given by the time and contain the information the Secretary prescribes.

§ 47106. Project grant application approval conditioned on satisfaction of project requirements

(a) PROJECT GRANT APPLICATION APPROVAL.—The Secretary of Transportation may approve an application under this subchapter for a project grant only if the Secretary is satisfied that—

(1) the project is consistent with plans (existing at the time the project is approved) of public agencies authorized by the State in which the airport is located to plan for the development of the area surrounding the airport;

(2) the project will contribute to carrying out this subchapter;

(3) enough money is available to pay the project costs that will not be paid by the United States Government under this subchapter;

(4) the project will be completed without unreasonable delay; and

(5) the sponsor has authority to carry out the project as proposed.

(b) AIRPORT DEVELOPMENT PROJECT GRANT APPLICATION APPROVAL.—The Secretary may approve an application under this subchapter for an airport development project grant for an airport only if the Secretary is satisfied that—

(1) the sponsor, a public agency, or the Government holds good title to the areas of the airport used or intended to be used for the landing, taking off, or surface maneuvering of aircraft, or that good title will be acquired;

(2) the interests of the community in or near which the project may be located have been given fair consideration; and

(3) the application provides touchdown zone and centerline runway lighting, high intensity runway lighting, or land necessary for installing approach light systems that the Secretary, considering the category of the airport and the kind and volume of traffic using it, decides is necessary for safe and efficient use of the airport by aircraft.

(c) ENVIRONMENTAL REQUIREMENTS.—(1) The Secretary may approve an application under this subchapter for an airport development project involving the location of an airport or runway or a major runway extension—

(A) only if the sponsor certifies to the Secretary that—

(i) an opportunity for a public hearing was given to consider the economic, social, and environmental effects of the location and the location's consistency with the objec-

tives of any planning that the community has carried out; and

(ii) the airport management board has voting representation from the communities in which the project is located or has advised the communities that they have the right to petition the Secretary about a proposed project;

(B) only if the chief executive officer of the State in which the project will be located certifies in writing to the Secretary that there is reasonable assurance that the project will be located, designed, constructed, and operated in compliance with applicable air and water quality standards, except that the Administrator of the Environmental Protection Agency shall make the certification instead of the chief executive officer if—

(i) the State has not approved any applicable State or local standards; and

(ii) the Administrator has prescribed applicable standards; and

(C) if the application is found to have a significant adverse effect on natural resources, including fish and wildlife, natural, scenic, and recreation assets, water and air quality, or another factor affecting the environment, only after finding that no possible and prudent alternative to the project exists and that every reasonable step has been taken to minimize the adverse effect.

(2) The Secretary may approve an application under this subchapter for an airport development project that does not involve the location of an airport or runway, or a major runway extension, at an existing airport without requiring an environmental impact statement related to noise for the project if—

(A) completing the project would allow operations at the airport involving aircraft complying with the noise standards prescribed for “stage 2” aircraft in section 36.1 of title 14, Code of Federal Regulations, to replace existing operations involving aircraft that do not comply with those standards; and

(B) the project meets the other requirements under this subchapter.

(3) At the Secretary’s request, the sponsor shall give the Secretary a copy of the transcript of any hearing held under paragraph (1)(A) of this subsection.

(4)(A) Notice of certification or of refusal to certify under paragraph (1)(B) of this subsection shall be provided to the Secretary not later than 60 days after the Secretary receives the application.

(B) The Secretary shall condition approval of the application on compliance with the applicable standards during construction and operation.

(5) The Secretary may make a finding under paragraph (1)(C) of this subsection only after completely reviewing the matter. The review and finding must be a matter of public record.

(d) WITHHOLDING APPROVAL.—(1) The Secretary may withhold approval of an application under this subchapter for amounts apportioned under section 47114(c) and (e) of this title for violating an assurance or requirement of this subchapter only if—

(A) the Secretary provides the sponsor an opportunity for a hearing; and

(B) not later than 180 days after the later of the date of the application or the date the Secretary discovers the non-compliance, the Secretary finds that a violation has occurred.

(2) The 180-day period may be extended by—

(A) agreement between the Secretary and the sponsor; or

(B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding approval may obtain review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the project is located. The action must be brought not later than 60 days after the order is served on the petitioner.

(e) **REPORTS RELATING TO CONSTRUCTION OF CERTAIN NEW HUB AIRPORTS.**—At least 90 days prior to the approval under this subchapter of a project grant application for construction of a new hub airport that is expected to have 0.25 percent or more of the total annual enplanements in the United States, the Secretary shall submit to Congress a report analyzing the anticipated impact of such proposed new airport on—

(1) the fees charged to air carriers (including landing fees), and other costs that will be incurred by air carriers, for using the proposed airport;

(2) air transportation that will be provided in the geographic region of the proposed airport; and

(3) the availability and cost of providing air transportation to rural areas in such geographic region.

(f) **COMPETITION PLANS.**—

(1) **PROHIBITION.**—Beginning in fiscal year 2001, no passenger facility fee may be approved for a covered airport under section 40117 and no grant may be made under this subchapter for a covered airport unless the airport has submitted to the Secretary a written competition plan in accordance with this subsection.

(2) **CONTENTS.**—A competition plan under this subsection shall include information on the availability of airport gates and related facilities, leasing and sub-leasing arrangements, gate-use requirements, patterns of air service, gate-assignment policy, financial constraints, airport controls over air- and ground-side capacity, whether the airport intends to build or acquire gates that would be used as common facilities, and airfare levels (as compiled by the Department of Transportation) compared to other large airports.

(3)¹ **SPECIAL RULE FOR FISCAL YEAR 2002.**—This subsection does not apply to any passenger facility fee approved, or grant

¹ Section 123(a) of P.L. 107-71 (115 Stat. 630) provides:

(a) **COMPETITION PLAN.**—Section 47106(f) is amended—

(1) by redesignating paragraph (3) as paragraph (4); and

(2) by inserting after paragraph (2) the following:

“(3) **SPECIAL RULE FOR FISCAL YEAR 2002.**—This subsection does not apply to any passenger facility fee approved, or grant made, in fiscal year 2002 if the fee or grant is to be used to improve security at a covered airport.”

The amendments were executed in section 47106(f) of title 49, United States Code in order to reflect the probable intent of Congress.

made, in fiscal year 2002 if the fee or grant is to be used to improve security at a covered airport.

(4)¹ COVERED AIRPORT DEFINED.—In this subsection, the term “covered airport” means a commercial service airport—

(A) that has more than .25 percent of the total number of passenger boardings each year at all such airports; and

(B) at which one or two air carriers control more than 50 percent of the passenger boardings.

(g) CONSULTATION WITH SECRETARY OF HOMELAND SECURITY.—The Secretary shall consult with the Secretary of Homeland Security before approving an application under this subchapter for an airport development project grant for activities described in section 47102(3)(B)(ii) only as they relate to security equipment or section 47102(3)(B)(x) only as they relate to installation of bulk explosive detection system.

§ 47107. Project grant application approval conditioned on assurances about airport operations

(a) GENERAL WRITTEN ASSURANCES.—The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that—

(1) the airport will be available for public use on reasonable conditions and without unjust discrimination;

(2) air carriers making similar use of the airport will be subject to substantially comparable charges—

(A) for facilities directly and substantially related to providing air transportation; and

(B) regulations and conditions, except for differences based on reasonable classifications, such as between—

(i) tenants and nontenants; and

(ii) signatory and nonsignatory carriers;

(3) the airport operator will not withhold unreasonably the classification or status of tenant or signatory from an air carrier that assumes obligations substantially similar to those already imposed on air carriers of that classification or status;

(4) a person providing, or intending to provide, aeronautical services to the public will not be given an exclusive right to use the airport, with a right given to only one fixed-base operator to provide services at an airport deemed not to be an exclusive right if—

(A) the right would be unreasonably costly, burdensome, or impractical for more than one fixed-base operator to provide the services; and

(B) allowing more than one fixed-base operator to provide the services would require reducing the space leased under an existing agreement between the one fixed-base operator and the airport owner or operator;

(5) fixed-base operators similarly using the airport will be subject to the same charges;

(6) an air carrier using the airport may service itself or use any fixed-base operator allowed by the airport operator to service any carrier at the airport;

(7) the airport and facilities on or connected with the airport will be operated and maintained suitably, with consideration given to climatic and flood conditions;

(8) a proposal to close the airport temporarily for a non-aeronautical purpose must first be approved by the Secretary;

(9) appropriate action will be taken to ensure that terminal airspace required to protect instrument and visual operations to the airport (including operations at established minimum flight altitudes) will be cleared and protected by mitigating existing, and preventing future, airport hazards;

(10) appropriate action, including the adoption of zoning laws, has been or will be taken to the extent reasonable to restrict the use of land next to or near the airport to uses that are compatible with normal airport operations;

(11) each of the airport's facilities developed with financial assistance from the United States Government and each of the airport's facilities usable for the landing and taking off of aircraft always will be available without charge for use by Government aircraft in common with other aircraft, except that if the use is substantial, the Government may be charged a reasonable share, proportionate to the use, of the cost of operating and maintaining the facility used;

(12) the airport owner or operator will provide, without charge to the Government, property interests of the sponsor in land or water areas or buildings that the Secretary decides are desirable for, and that will be used for, constructing at Government expense, facilities for carrying out activities related to air traffic control or navigation;

(13) the airport owner or operator will maintain a schedule of charges for use of facilities and services at the airport—

(A) that will make the airport as self-sustaining as possible under the circumstances existing at the airport, including volume of traffic and economy of collection; and

(B) without including in the rate base used for the charges the Government's share of costs for any project for which a grant is made under this subchapter or was made under the Federal Airport Act or the Airport and Airway Development Act of 1970;

(14) the project accounts and records will be kept using a standard system of accounting that the Secretary, after consulting with appropriate public agencies, prescribes;

(15) the airport owner or operator will submit any annual or special airport financial and operations reports to the Secretary that the Secretary reasonably requests and make such reports available to the public;

(16) the airport owner or operator will maintain a current layout plan of the airport that meets the following requirements:

(A) the plan will be in a form the Secretary prescribes;

(B) the Secretary will approve the plan and any revision or modification before the plan, revision, or modification takes effect;

(C) The owner or operator will not make or allow any alteration in the airport or any of its facilities if the alteration does not comply with the plan the Secretary ap-

proves, and the Secretary is of the opinion that the alteration may affect adversely the safety, utility, or efficiency of the airport; and

(D) when an alteration in the airport or its facility is made that does not conform to the approved plan and that the Secretary decides adversely affects the safety, utility, or efficiency of any property on or off the airport that is owned, leased, or financed by the Government, the owner or operator, if requested by the Secretary, will—

(i) eliminate the adverse effect in a way the Secretary approves; or

(ii) bear all cost of relocating the property or its replacement to a site acceptable to the Secretary and of restoring the property or its replacement to the level of safety, utility, efficiency, and cost of operation that existed before the alteration was made;

(17) each contract and subcontract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, and related services will be awarded in the same way that a contract for architectural and engineering services is negotiated under chapter 11 of title 40 or an equivalent qualifications-based requirement prescribed for or by the sponsor;

(18) the airport and each airport record will be available for inspection by the Secretary on reasonable request, and a report of the airport budget will be available to the public at reasonable times and places;

(19) the airport owner or operator will submit to the Secretary and make available to the public an annual report listing in detail—

(A) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

(B) all services and property provided to other units of government and the amount of compensation received for provision of each such service and property; and

(20) the airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport, but the sponsor does not have any obligation under this paragraph, or because of it, to fund special facilities for intercity bus service or for other modes of transportation.

(b) WRITTEN ASSURANCES ON USE OF REVENUE.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that local taxes on aviation fuel (except taxes in effect on December 30, 1987) and the revenues generated by a public airport will be expended for the capital or operating costs of—

(A) the airport;

(B) the local airport system; or

(C) other local facilities owned or operated by the airport owner or operator and directly and substantially related to the air transportation of passengers or property.

(2) Paragraph (1) of this subsection does not apply if a provision enacted not later than September 2, 1982, in a law controlling financing by the airport owner or operator, or a covenant or assurance in a debt obligation issued not later than September 2, 1982, by the owner or operator, provides that the revenues, including local taxes on aviation fuel at public airports, from any of the facilities of the owner or operator, including the airport, be used to support not only the airport but also the general debt obligations or other facilities of the owner or operator.

(3) This subsection does not prevent the use of a State tax on aviation fuel to support a State aviation program or the use of airport revenue on or off the airport for a noise mitigation purpose.

(c) WRITTEN ASSURANCES ON ACQUIRING LAND.—(1) In this subsection, land is needed for an airport purpose (except a noise compatibility purpose) if—

(A)(i) the land may be needed for an aeronautical purpose (including runway protection zone) or serves as noise buffer land; and

(ii) revenue from interim uses of the land contributes to the financial self-sufficiency of the airport; and

(B) for land purchased with a grant the owner or operator received not later than December 30, 1987, the Secretary of Transportation or the department, agency, or instrumentality of the Government that made the grant was notified by the owner or operator of the use of the land and did not object to the use and the land is still being used for that purpose.

(2) The Secretary of Transportation may approve an application under this subchapter for an airport development project grant only if the Secretary receives written assurances, satisfactory to the Secretary, that if an airport owner or operator has received or will receive a grant for acquiring land and—

(A) if the land was or will be acquired for a noise compatibility purpose—

(i) the owner or operator will dispose of the land at fair market value at the earliest practicable time after the land no longer is needed for a noise compatibility purpose;

(ii) the disposition will be subject to retaining or reserving an interest in the land necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government's share of the cost of acquiring the land will be paid to the Secretary for deposit in the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) or, as the Secretary prescribes, reinvested in an approved noise compatibility project; or

(B) if the land was or will be acquired for an airport purpose (except a noise compatibility purpose)—

(i) the owner or operator, when the land no longer is needed for an airport purpose, will dispose of the land at fair market value or make available to the Secretary an amount equal to the Government's proportional share of the fair market value;

(ii) the disposition will be subject to retaining or reserving an interest in the land necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government's share of the cost of acquiring the land will be reinvested, on application to the Secretary, in another eligible airport development project the Secretary approves under this subchapter or paid to the Secretary for deposit in the Fund if another eligible project does not exist.

(3) Proceeds referred to in paragraph (2)(A)(iii) and (B)(iii) of this subsection and deposited in the Airport and Airway Trust Fund are available as provided in subsection (f) of this section.

(d) ASSURANCES OF CONTINUATION AS PUBLIC-USE AIRPORT.—The Secretary of Transportation may approve an application under this subchapter for an airport development project grant for a privately owned public-use airport only if the Secretary receives appropriate assurances that the airport will continue to function as a public-use airport during the economic life (that must be at least 10 years) of any facility at the airport that was developed with Government financial assistance under this subchapter.

(e) WRITTEN ASSURANCES OF OPPORTUNITIES FOR SMALL BUSINESS CONCERNS.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that the airport owner or operator will take necessary action to ensure, to the maximum extent practicable, that at least 10 percent of all businesses at the airport selling consumer products or providing consumer services to the public are small business concerns (as defined by regulations of the Secretary) owned and controlled by a socially and economically disadvantaged individual (as defined in section 47113(a) of this title) or qualified HUBZone small business concerns (as defined in section 3(p) of the Small Business Act).

(2) An airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including any business operated through a management contract or subcontract. The dollar amount of a management contract or subcontract with a disadvantaged business enterprise shall be added to the total participation by disadvantaged business enterprises in airport concessions and to the base from which the airport's percentage goal is calculated. The dollar amount of a management contract or subcontract with a non-disadvantaged business enterprise and the gross revenue of business activities to which the management contract or subcontract pertains may not be added to this base.

(3) Except as provided in paragraph (4) of this subsection, an airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including the purchase from disadvantaged business enterprises of goods and services used in businesses conducted at the airport, but the owner or operator and the businesses conducted at the airport shall make good faith efforts to explore all available options to achieve, to the maximum extent practicable, compliance with the goal through direct ownership arrangements, including joint ventures and franchises.

(4)(A) In complying with paragraph (1) of this subsection, an airport owner or operator shall include the revenues of car rental firms at the airport in the base from which the percentage goal in paragraph (1) is calculated.

(B) An airport owner or operator may require a car rental firm to meet a requirement under paragraph (1) of this subsection by purchasing or leasing goods or services from a disadvantaged business enterprise. If an owner or operator requires such a purchase or lease, a car rental firm shall be permitted to meet the requirement by including purchases or leases of vehicles from any vendor that qualifies as a small business concern owned and controlled by a socially and economically disadvantaged individual or as a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act).

(C) This subsection does not require a car rental firm to change its corporate structure to provide for direct ownership arrangements to meet the requirements of this subsection.

(5) This subsection does not preempt—

(A) a State or local law, regulation, or policy enacted by the governing body of an airport owner or operator; or

(B) the authority of a State or local government or airport owner or operator to adopt or enforce a law, regulation, or policy related to disadvantaged business enterprises.

(6) An airport owner or operator may provide opportunities for a small business concern owned and controlled by a socially and economically disadvantaged individual or a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act) to participate through direct contractual agreement with that concern.

(7) An air carrier that provides passenger or property-carrying services or another business that conducts aeronautical activities at an airport may not be included in the percentage goal of paragraph (1) of this subsection for participation of small business concerns at the airport.

(8) Not later than April 29, 1993, the Secretary of Transportation shall prescribe regulations to carry out this subsection.

(f) AVAILABILITY OF AMOUNTS.—An amount deposited in the Airport and Airway Trust Fund under—

(1) subsection (c)(2)(A)(iii) of this section is available to the Secretary of Transportation to make a grant for airport development or airport planning under section 47104 of this title;

(2) subsection (c)(2)(B)(iii) of this section is available to the Secretary—

(A) to make a grant for a purpose described in section 47115(b) of this title; and

(B) for use under section 47114(d)(2) of this title at another airport in the State in which the land was disposed of under subsection (c)(2)(B)(ii) of this section; and

(3) subsection (c)(2)(B)(iii) of this section is in addition to an amount made available to the Secretary under section 48103 of this title and not subject to apportionment under section 47114 of this title.

(g) ENSURING COMPLIANCE.—(1) To ensure compliance with this section, the Secretary of Transportation—

(A) shall prescribe requirements for sponsors that the Secretary considers necessary; and

(B) may make a contract with a public agency.

(2) The Secretary of Transportation may approve an application for a project grant only if the Secretary is satisfied that the requirements prescribed under paragraph (1)(A) of this subsection have been or will be met.

(h) MODIFYING ASSURANCES AND REQUIRING COMPLIANCE WITH ADDITIONAL ASSURANCES.—

(1) IN GENERAL.—Subject to paragraph (2), before modifying an assurance required of a person receiving a grant under this subchapter and in effect after December 29, 1987, or to require compliance with an additional assurance from the person, the Secretary of Transportation must—

(A) publish notice of the proposed modification in the Federal Register; and

(B) provide an opportunity for comment on the proposal.

(2) PUBLIC NOTICE BEFORE WAIVER OF AERONAUTICAL LAND-USE ASSURANCE.—Before modifying an assurance under subsection (c)(2)(B) that requires any property to be used for an aeronautical purpose, the Secretary must provide notice to the public not less than 30 days before making such modification.

(i) RELIEF FROM OBLIGATION TO PROVIDE FREE SPACE.—When a sponsor provides a property interest in a land or water area or a building that the Secretary of Transportation uses to construct a facility at Government expense, the Secretary may relieve the sponsor from an obligation in a contract made under this chapter, the Airport and Airway Development Act of 1970, or the Federal Airport Act to provide free space to the Government in an airport building, to the extent the Secretary finds that the free space no longer is needed to carry out activities related to air traffic control or navigation.

(j) USE OF REVENUE IN HAWAII.—(1) In this subsection—

(A) “duty-free merchandise” and “duty-free sales enterprise” have the same meanings given those terms in section 555(b)(8) of the Tariff Act of 1930 (19 U.S.C. 1555(b)(8)).

(B) “highway” and “Federal-aid system” have the same meanings given those terms in section 101(a) of title 23.

(2) Notwithstanding subsection (b)(1) of this section, Hawaii may use, for a project for construction or reconstruction of a highway on a Federal-aid system that is not more than 10 miles by road from an airport and that will facilitate access to the airport, revenue from the sales at off-airport locations in Hawaii of duty-free merchandise under a contract between Hawaii and a duty-free sales enterprise. However, the revenue resulting during a Hawaiian fiscal year may be used only if the amount of the revenue, plus amounts Hawaii receives in the fiscal year from all other sources for costs Hawaii incurs for operating all airports it operates and for debt service related to capital projects for the airports (including interest and amortization of principal costs), is more than 150 percent of the projected costs for the fiscal year.

(3)(A) Revenue from sales referred to in paragraph (2) of this subsection in a Hawaiian fiscal year that Hawaii may use may not

be more than the amount that is greater than 150 percent as determined under paragraph (2).

(B) The maximum amount of revenue Hawaii may use under paragraph (2) of this subsection is \$250,000,000.

(4) If a fee imposed or collected for rent, landing, or service from an aircraft operator by an airport operated by Hawaii is increased during the period from May 4, 1990, through December 31, 1994, by more than the percentage change in the Consumer Price Index of All Urban Consumers for Honolulu, Hawaii, that the Secretary of Labor publishes during that period and if revenue derived from the fee increases because the fee increased, the amount under paragraph (3)(B) of this subsection shall be reduced by the amount of the projected revenue increase in the period less the part of the increase attributable to changes in the Index in the period.

(5) Hawaii shall determine costs, revenue, and projected revenue increases referred to in this subsection and shall submit the determinations to the Secretary of Transportation. A determination is approved unless the Secretary disapproves it not later than 30 days after it is submitted.

(6) Hawaii is not eligible for a grant under section 47115 of this title in a fiscal year in which Hawaii uses under paragraph (2) of this subsection revenue from sales referred to in paragraph (2). Hawaii shall repay amounts it receives in a fiscal year under a grant it is not eligible to receive because of this paragraph to the Secretary of Transportation for deposit in the discretionary fund established under section 47115.

(7)(A) This subsection applies only to revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, and to amounts in the Airport Revenue Fund of Hawaii that are attributable to revenue before May 4, 1990, on sales referred to in paragraph (2).

(B) Revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, may be used under paragraph (2) in any Hawaiian fiscal year, including a Hawaiian fiscal year beginning after December 31, 1994.

(k) ANNUAL SUMMARIES OF FINANCIAL REPORTS.—The Secretary shall provide to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an annual summary of the reports submitted to the Secretary under subsection (a)(19) of this section and under section 111(b) of the Federal Aviation Administration Authorization Act of 1994.

(l) POLICIES AND PROCEDURES TO ENSURE ENFORCEMENT AGAINST ILLEGAL DIVERSION OF AIRPORT REVENUE.—

(1) IN GENERAL.—Not later than 90 days after August 23, 1994, the Secretary of Transportation shall establish policies and procedures that will assure the prompt and effective enforcement of subsections (a)(13) and (b) of this section and grant assurances made under such subsections. Such policies and procedures shall recognize the exemption provision in subsection (b)(2) of this section and shall respond to the information contained in the reports of the Inspector General of the Department of Transportation on airport revenue diversion and such other relevant information as the Secretary may by law consider.

(2) REVENUE DIVERSION.—Policies and procedures to be established pursuant to paragraph (1) of this subsection shall prohibit, at a minimum, the diversion of airport revenues (except as authorized under subsection (b) of this section) through—

(A) direct payments or indirect payments, other than payments reflecting the value of services and facilities provided to the airport;

(B) use of airport revenues for general economic development, marketing, and promotional activities unrelated to airports or airport systems;

(C) payments in lieu of taxes or other assessments that exceed the value of services provided; or

(D) payments to compensate nonsponsoring governmental bodies for lost tax revenues exceeding stated tax rates.

(3) EFFORTS TO BE SELF-SUSTAINING.—With respect to subsection (a)(13) of this section, policies and procedures to be established pursuant to paragraph (1) of this subsection shall take into account, at a minimum, whether owners and operators of airports, when entering into new or revised agreements or otherwise establishing rates, charges, and fees, have undertaken reasonable efforts to make their particular airports as self-sustaining as possible under the circumstances existing at such airports.

(4) ADMINISTRATIVE SAFEGUARDS.—Policies and procedures to be established pursuant to paragraph (1) shall mandate internal controls, auditing requirements, and increased levels of Department of Transportation personnel sufficient to respond fully and promptly to complaints received regarding possible violations of subsections (a)(13) and (b) of this section and grant assurances made under such subsections and to alert the Secretary to such possible violations.

(5) STATUTE OF LIMITATIONS.—In addition to the statute of limitations specified in subsection (n)(7), with respect to project grants made under this chapter—

(A) any request by a sponsor to any airport for additional payments for services conducted off of the airport or for reimbursement for capital contributions or operating expenses shall be filed not later than 6 years after the date on which the expense is incurred; and

(B) any amount of airport funds that are used to make a payment or reimbursement as described in subparagraph (A) after the date specified in that subparagraph shall be considered to be an illegal diversion of airport revenues that is subject to subsection (n).

(m) AUDIT CERTIFICATION.—

(1) IN GENERAL.—The Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, shall promulgate regulations that require a recipient of a project grant (or any other recipient of Federal financial assistance that is provided for an airport) to include as part of an annual audit conducted under sections 7501 through 7505 of title 31, a review and opinion of the review concerning the funding activities with respect to an airport that is the subject

of the project grant (or other Federal financial assistance) and the sponsors, owners, or operators (or other recipients) involved.

(2) **CONTENT OF REVIEW.**—A review conducted under paragraph (1) shall provide reasonable assurances that funds paid or transferred to sponsors are paid or transferred in a manner consistent with the applicable requirements of this chapter and any other applicable provision of law (including regulations promulgated by the Secretary or the Administrator).

(3) **REQUIREMENTS FOR AUDIT REPORT.**—The report submitted to the Secretary under this subsection shall include a specific determination and opinion regarding the appropriateness of the disposition of airport funds paid or transferred to a sponsor.

(n) **RECOVERY OF ILLEGALLY DIVERTED FUNDS.**—

(1) **IN GENERAL.**—Not later than 180 days after the issuance of an audit or any other report that identifies an illegal diversion of airport revenues (as determined under subsections (b) and (l) and section 47133), the Secretary, acting through the Administrator, shall—

(A) review the audit or report;

(B) perform appropriate factfinding; and

(C) conduct a hearing and render a final determination concerning whether the illegal diversion of airport revenues asserted in the audit or report occurred.

(2) **NOTIFICATION.**—Upon making such a finding, the Secretary, acting through the Administrator, shall provide written notification to the sponsor and the airport of—

(A) the finding; and

(B) the obligations of the sponsor to reimburse the airport involved under this paragraph.

(3) **ADMINISTRATIVE ACTION.**—The Secretary may withhold any amount from funds that would otherwise be made available to the sponsor, including funds that would otherwise be made available to a State, municipality, or political subdivision thereof (including any multimodal transportation agency or transit authority of which the sponsor is a member entity) as part of an apportionment or grant made available pursuant to this title, if the sponsor—

(A) receives notification that the sponsor is required to reimburse an airport; and

(B) has had an opportunity to reimburse the airport, but has failed to do so.

(4) **CIVIL ACTION.**—If a sponsor fails to pay an amount specified under paragraph (3) during the 180-day period beginning on the date of notification and the Secretary is unable to withhold a sufficient amount under paragraph (3), the Secretary, acting through the Administrator, may initiate a civil action under which the sponsor shall be liable for civil penalty in an amount equal to the illegal diversion in question plus interest (as determined under subsection (o)).

(5) **DISPOSITION OF PENALTIES.**—

(A) **AMOUNTS WITHHELD.**—The Secretary or the Administrator shall transfer any amounts withheld under paragraph (3) to the Airport and Airway Trust Fund.

(B) CIVIL PENALTIES.—With respect to any amount collected by a court in a civil action under paragraph (4), the court shall cause to be transferred to the Airport and Airway Trust Fund any amount collected as a civil penalty under paragraph (4).

(6) REIMBURSEMENT.—The Secretary, acting through the Administrator, shall, as soon as practicable after any amount is collected from a sponsor under paragraph (4), cause to be transferred from the Airport and Airway Trust Fund to an airport affected by a diversion that is the subject of a civil action under paragraph (4), reimbursement in an amount equal to the amount that has been collected from the sponsor under paragraph (4) (including any amount of interest calculated under subsection (o)).

(7) STATUTE OF LIMITATIONS.—No person may bring an action for the recovery of funds illegally diverted in violation of this section (as determined under subsections (b) and (l)) or section 47133 after the date that is 6 years after the date on which the diversion occurred.

(o) INTEREST.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary, acting through the Administrator, shall charge a minimum annual rate of interest on the amount of any illegal diversion of revenues referred to in subsection (n) in an amount equal to the average investment interest rate for tax and loan accounts of the Department of the Treasury (as determined by the Secretary of the Treasury) for the applicable calendar year, rounded to the nearest whole percentage point.

(2) ADJUSTMENT OF INTEREST RATES.—If, with respect to a calendar quarter, the average investment interest rate for tax and loan accounts of the Department of the Treasury exceeds the average investment interest rate for the immediately preceding calendar quarter, rounded to the nearest whole percentage point, the Secretary of the Treasury may adjust the interest rate charged under this subsection in a manner that reflects that change.

(3) ACCRUAL.—Interest assessed under subsection (n) shall accrue from the date of the actual illegal diversion of revenues referred to in subsection (n).

(4) DETERMINATION OF APPLICABLE RATE.—The applicable rate of interest charged under paragraph (1) shall—

(A) be the rate in effect on the date on which interest begins to accrue under paragraph (3); and

(B) remain at a rate fixed under subparagraph (A) during the duration of the indebtedness.

(p) PAYMENT BY AIRPORT TO SPONSOR.—If, in the course of an audit or other review conducted under this section, the Secretary or the Administrator determines that an airport owes a sponsor funds as a result of activities conducted by the sponsor or expenditures by the sponsor for the benefit of the airport, interest on that amount shall be determined in the same manner as provided in paragraphs (1) through (4) of subsection (o), except that the amount of any interest assessed under this subsection shall be determined from the date on which the Secretary or the Administrator makes that determination.

(q) Notwithstanding any written assurances prescribed in subsections (a) through (p), a general aviation airport with more than 300,000 annual operations may be exempt from having to accept scheduled passenger air carrier service, provided that the following conditions are met:

(1) No scheduled passenger air carrier has provided service at the airport within 5 years prior to January 1, 2002.

(2) The airport is located within the Class B airspace of an airport that maintains an airport operating certificate pursuant to section 44706 of title 49.

(3) The certificated airport operating under section 44706 of title 49 has sufficient capacity and does not contribute to significant delays as defined by DOT/FAA in the "Airport Capacity Benchmark Report 2001".

(r) An airport that meets the conditions of subsections (q)(1) through (3) is not subject to section 47524 of title 49 with respect to a prohibition on all scheduled passenger service.

§ 47108. Project grant agreements

(a) OFFER AND ACCEPTANCE.—On approving a project grant application under this subchapter, the Secretary of Transportation shall offer the sponsor a grant to pay the United States Government's share of the project costs allowable under section 47110 of this title. The Secretary may impose terms on the offer that the Secretary considers necessary to carry out this subchapter and regulations prescribed under this subchapter. An offer shall state the obligations to be assumed by the sponsor and the maximum amount the Government will pay for the project from the amounts authorized under chapter 481 of this title (except sections 48102(e), 48106, 48107, and 48110). At the request of the sponsor, an offer of a grant for a project that will not be completed in one fiscal year shall provide for the obligation of amounts apportioned or to be apportioned to a sponsor under section 47114(c) of this title for the fiscal years necessary to pay the Government's share of the cost of the project. An offer that is accepted in writing by the sponsor is an agreement binding on the Government and the sponsor. The Government may pay or be obligated to pay a project cost only after a grant agreement for the project is signed.

(b) INCREASING GOVERNMENT'S SHARE UNDER THIS SUBCHAPTER OR CHAPTER 475.—(1) When an offer has been accepted in writing, the amount stated in the offer as the maximum amount the Government will pay may be increased only as provided in paragraphs (2) and (3) of this subsection.

(2)(A) For a project receiving assistance under a grant approved under the Airport and Airway Improvement Act of 1982 before October 1, 1987, the amount may be increased by not more than—

(i) 10 percent for an airport development project, except a project for acquiring an interest in land; and

(ii) 50 percent of the total increase in allowable project costs attributable to acquiring an interest in land, based on current creditable appraisals.

(B) An increase under subparagraph (A) of this paragraph may be paid only from amounts the Government recovers from other grants made under this subchapter.

(3) For a project receiving assistance under a grant approved under the Act, this subchapter, or chapter 475 of this title after September 30, 1987, the amount may be increased—

(A) for an airport development project, by not more than 15 percent; and

(B) for a grant after September 30, 1992, to acquire an interest in land for an airport (except a primary airport), by not more than the greater of the following, based on current creditable appraisals or a court award in a condemnation proceeding:

(i) 15 percent; or

(ii) 25 percent of the total increase in allowable project costs attributable to acquiring an interest in land.

(c) INCREASING GOVERNMENT'S SHARE UNDER AIRPORT AND AIRWAY DEVELOPMENT ACT OF 1970.—For a project receiving assistance under a grant made under the Airport and Airway Development Act of 1970, the maximum amount the Government will pay may be increased by not more than 10 percent. An increase under this subsection may be paid only from amounts the Government recovers from other grants made under the Act.

(d) CHANGING WORKSCOPE.—With the consent of the sponsor, the Secretary may amend a grant agreement made under this subchapter to change the workscope of a project financed under the grant if the amendment does not result in an increase in the maximum amount the Government may pay under subsection (b) of this section.

(e) CHANGE IN AIRPORT STATUS.—

(1) CHANGES TO NONPRIMARY AIRPORT STATUS.—If the status of a primary airport changes to a nonprimary airport at a time when a development project under a multiyear agreement under subsection (a) is not yet completed, the project shall remain eligible for funding from discretionary funds under section 47115 at the funding level and under the terms provided by the agreement, subject to the availability of funds.

(2) CHANGES TO NONCOMMERCIAL SERVICE AIRPORT STATUS.—If the status of a commercial service airport changes to a noncommercial service airport at a time when a terminal development project under a phased-funding arrangement is not yet completed, the project shall remain eligible for funding from discretionary funds under section 47115 at the funding level and under the terms provided by the arrangement subject to the availability of funds.

§ 47109. United States Government's share of project costs

(a) GENERAL.—Except as provided in subsection (b) of this section, the United States Government's share of allowable project costs is—

(1) 75 percent for a project at a primary airport having at least .25 percent of the total number of passenger boardings each year at all commercial service airports;

(2) not more than 90 percent for a project funded by a grant issued to and administered by a State under section 47128, relating to the State block grant program;

(3) 90 percent for a project at any other airport;

(4) 40 percent for a project funded by the Administrator from the discretionary fund under section 47115 at an airport receiving an exemption under section 47134; and

(5) for fiscal year 2002, 100 percent for a project described in section 47102(3)(J), 47102(3)(K), or 47102(3)(L).

(b) INCREASED GOVERNMENT SHARE.—If, under subsection (a) of this section, the Government's share of allowable costs of a project in a State containing unappropriated and unreserved public lands and nontaxable Indian lands (individual and tribal) of more than 5 percent of the total area of all lands in the State, is less than the share applied on June 30, 1975, under section 17(b) of the Airport and Airway Development Act of 1970, the Government's share under subsection (a) of this section shall be increased by the lesser of—

(1) 25 percent;

(2) one-half of the percentage that the area of unappropriated and unreserved public lands and nontaxable Indian lands in the State is of the total area of the State; or

(3) the percentage necessary to increase the Government's share to the percentage that applied on June 30, 1975, under section 17(b) of the Act.

(c) SPECIAL RULE FOR PRIVATELY OWNED RELIEVER AIRPORTS.—If a privately owned reliever airport contributes any lands, easements, or rights-of-way to carry out a project under this subchapter, the current fair market value of such lands, easements, or rights-of-way shall be credited toward the non-Federal share of allowable project costs.

§ 47110. Allowable project costs

(a) GENERAL AUTHORITY.—Except as provided in section 47111 of this title, the United States Government may pay or be obligated to pay, from amounts appropriated to carry out this subchapter, a cost incurred in carrying out a project under this subchapter only if the Secretary of Transportation decides the cost is allowable.

(b) ALLOWABLE COST STANDARDS.—A project cost is allowable—

(1) if the cost necessarily is incurred in carrying out the project in compliance with the grant agreement made for the project under this subchapter, including any cost a sponsor incurs related to an audit the Secretary requires under section 47121(b) or (d) of this title;

(2)(A) if the cost is incurred after the grant agreement is executed and is for airport development or airport planning carried out after the grant agreement is executed;

(B) if the cost is incurred after June 1, 1989, by the airport operator (regardless of when the grant agreement is executed) as part of a Government-approved noise compatibility program (including project formulation costs) and is consistent with all applicable statutory and administrative requirements;

(C) if the Government's share is paid only with amounts apportioned under paragraphs (1) and (2) of section 47114(c) of this title and if the cost is incurred—

(i) after September 30, 1996;

(ii) before a grant agreement is executed for the project; and

(iii) in accordance with an airport layout plan approved by the Secretary and with all statutory and administrative requirements that would have been applicable to the project if the project had been carried out after the grant agreement had been executed; or

(D)¹ if the cost is incurred after September 11, 2001, for a project described in section 47102(3)(J), 47102(3)(K), or 47102(3)(L) and shall not depend upon the date of execution of a grant agreement made under this subchapter; (3) to the extent the cost is reasonable in amount;

(4) if the cost is not incurred in a project for airport development or airport planning for which other Government assistance has been granted; and

(5) if the total costs allowed for the project are not more than the amount stated in the grant agreement as the maximum the Government will pay (except as provided in section 47108(b) of this title).

(c) CERTAIN PRIOR COSTS AS ALLOWABLE COSTS.—The Secretary may decide that a project cost under subsection (b)(2)(A) of this section incurred after May 13, 1946, and before the date the grant agreement is executed is allowable if it is—

(1) necessarily incurred in formulating an airport development project, including costs incurred for field surveys, plans and specifications, property interests in land or airspace, and administration or other incidental items that would not have been incurred except for the project; or

(2) necessarily and directly incurred in developing the work scope of an airport planning project.

(d) TERMINAL DEVELOPMENT COSTS.—(1) The Secretary may decide that the cost of terminal development (including multimodal terminal development) in a nonrevenue-producing public-use area of a commercial service airport is allowable for an airport development project at the airport—

(A) if the sponsor certifies that the airport, on the date the grant application is submitted to the Secretary, has—

(i) all the safety equipment required for certification of the airport under section 44706 of this title;

(ii) all the security equipment required by regulation; and

(iii) provided for access, to the area of the airport for passengers for boarding or exiting aircraft, to those passengers boarding or exiting aircraft, except air carrier aircraft;

(B) if the cost is directly related to moving passengers and baggage in air commerce within the airport, including vehicles for moving passengers between terminal facilities and between terminal facilities and aircraft; and

(C) under terms necessary to protect the interests of the Government.

(2) In making a decision under paragraph (1) of this subsection, the Secretary may approve as allowable costs the expenses of terminal development in a revenue-producing area and construc-

¹ Margin so in law.

tion, reconstruction, repair, and improvement in a nonrevenue-producing parking lot if—

(A) the airport does not have more than .05 percent of the total annual passenger boardings in the United States; and

(B) the sponsor certifies that any needed airport development project affecting safety, security, or capacity will not be deferred because of the Secretary's approval.

(e) LETTERS OF INTENT.—(1) The Secretary may issue a letter of intent to the sponsor stating an intention to obligate from future budget authority an amount, not more than the Government's share of allowable project costs, for an airport development project (including costs of formulating the project) at a primary or reliever airport. The letter shall establish a schedule under which the Secretary will reimburse the sponsor for the Government's share of allowable project costs, as amounts become available, if the sponsor, after the Secretary issues the letter, carries out the project without receiving amounts under this subchapter.

(2) Paragraph (1) of this subsection applies to a project—

(A) about which the sponsor notifies the Secretary, before the project begins, of the sponsor's intent to carry out the project;

(B) that will comply with all statutory and administrative requirements that would apply to the project if it were carried out with amounts made available under this subchapter; and

(C) that meets the criteria of section 47115(d) and, if for a project at a commercial service airport having at least 0.25 percent of the boardings each year at all such airports, the Secretary decides will enhance system-wide airport capacity significantly.

(3) A letter of intent issued under paragraph (1) of this subsection is not an obligation of the Government under section 1501 of title 31, and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorization and appropriation laws.

(4) The total estimated amount of future Government obligations covered by all outstanding letters of intent under paragraph (1) of this subsection may not be more than the amount authorized to carry out section 48103 of this title, less an amount reasonably estimated by the Secretary to be needed for grants under section 48103 that are not covered by a letter.

(5) LETTERS OF INTENT.—The Secretary may not require an eligible agency to impose a passenger facility fee under section 40117 in order to obtain a letter of intent under this section.

(6)¹ LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this subsection in the same fiscal year as the letter of intent is issued.

(f) NONALLOWABLE COSTS.—Except as provided in subsection (d) of this section and section 47118(f) of this title, a cost is not an allowable airport development project cost if it is for—

(1) constructing a public parking facility for passenger automobiles;

¹ Margin so in law.

(2) constructing, altering, or repairing part of an airport building, except to the extent the building will be used for facilities or activities directly related to the safety of individuals at the airport;

(3) decorative landscaping; or

(4) providing or installing sculpture or art works.

(g) **USE OF DISCRETIONARY FUNDS.**—A project for which cost reimbursement is provided under subsection (b)(2)(C) shall not receive priority consideration with respect to the use of discretionary funds made available under section 47115 of this title even if the amounts made available under paragraphs (1) and (2) of section 47114(c) are not sufficient to cover the Government's share of the cost of project¹.

§ 47111. Payments under project grant agreements

(a) **GENERAL AUTHORITY.**—After making a project grant agreement under this subchapter and consulting with the sponsor, the Secretary of Transportation may decide when and in what amounts payments under the agreement will be made. Payments totaling not more than 90 percent of the United States Government's share of the project's estimated allowable costs may be made before the project is completed if the sponsor certifies to the Secretary that the total amount expended from the advance payments at any time will not be more than the cost of the airport development work completed on the project at that time.

(b) **RECOVERING PAYMENTS.**—If the Secretary determines that the total amount of payments made under a grant agreement under this subchapter is more than the Government's share of the total allowable project costs, the Government may recover the excess amount. If the Secretary finds that a project for which an advance payment was made has not been completed within a reasonable time, the Government may recover any part of the advance payment for which the Government received no benefit.

(c) **PAYMENT DEPOSITS.**—A payment under a project grant agreement under this subchapter may be made only to an official or depository designated by the sponsor and authorized by law to receive public money.

(d) **WITHHOLDING PAYMENTS.**—(1) The Secretary may withhold a payment under a grant agreement under this subchapter for more than 180 days after the payment is due only if the Secretary—

(A) notifies the sponsor and provides an opportunity for a hearing; and

(B) finds that the sponsor has violated the agreement.

(2) The 180-day period may be extended by—

(A) agreement of the Secretary and the sponsor; or

(B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding a payment may apply for review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for

¹ So in original. The word "the" probably should appear before the word "project".

the circuit in which the project is located. The petition must be filed not later than 60 days after the order is served on the petitioner.

(e) ACTION ON GRANT ASSURANCES CONCERNING AIRPORT REVENUES.—If, after notice and opportunity for a hearing, the Secretary finds a violation of section 47107(b) of this title, as further defined by the Secretary under section 47107(l) of this title, or a violation of an assurance made under section 47107(b) of this title, and the Secretary has provided an opportunity for the airport sponsor to take corrective action to cure such violation, and such corrective action has not been taken within the period of time set by the Secretary, the Secretary shall withhold approval of any new grant application for funds under this chapter, or any proposed modification to an existing grant that would increase the amount of funds made available under this chapter to the airport sponsor, and withhold approval of any new application to impose a fee under section 40117 of this title. Such applications may thereafter be approved only upon a finding by the Secretary that such corrective action as the Secretary requires has been taken to address the violation and that the violation no longer exists.

(f) JUDICIAL ENFORCEMENT.—For any violation of this chapter or any grant assurance made under this chapter, the Secretary may apply to the district court of the United States for any district in which the violation occurred for enforcement. Such court shall have jurisdiction to enforce obedience thereto by a writ of injunction or other process, mandatory or otherwise, restraining any person from further violation.

§ 47112. Carrying out airport development projects

(a) CONSTRUCTION WORK.—The Secretary of Transportation may inspect and approve construction work for an airport development project carried out under a grant agreement under this subchapter. The construction work must be carried out in compliance with regulations the Secretary prescribes. The regulations shall require the sponsor to make necessary cost and progress reports on the project. The regulations may amend or modify a contract related to the project only if the contract was made with actual notice of the regulations.

(b) PREVAILING WAGES.—A contract for more than \$2,000 involving labor for an airport development project carried out under a grant agreement under this subchapter must require contractors to pay labor minimum wage rates as determined by the Secretary of Labor under sections 3141–3144, 3146, and 3147 of title 40. The minimum rates must be included in the bids for the work and in the invitation for those bids.

(c) VETERANS' PREFERENCE.—(1) In this subsection—

(A) “disabled veteran” has the same meaning given that term in section 2108 of title 5.

(B) “Vietnam-era veteran” means an individual who served on active duty (as defined in section 101 of title 38) in the armed forces for more than 180 consecutive days, any part of which occurred after August 4, 1964, and before May 8, 1975, and who was separated from the armed forces under honorable conditions.

(2) A contract involving labor for carrying out an airport development project under a grant agreement under this subchapter must require that preference in the employment of labor (except in executive, administrative, and supervisory positions) be given to Vietnam-era veterans and disabled veterans when they are available and qualified for the employment.

§ 47113. Minority and disadvantaged business participation

(a) DEFINITIONS.—In this section—

(1) “small business concern”—

(A) has the same meaning given that term in section 3 of the Small Business Act (15 U.S.C. 632); but

(B) does not include a concern, or group of concerns controlled by the same socially and economically disadvantaged individual, that has average annual gross receipts over the prior 3 fiscal years of more than \$16,015,000, as adjusted by the Secretary of Transportation for inflation;

(2) “socially and economically disadvantaged individual” has the same meaning given that term in section 8(d) of the Act (15 U.S.C. 637(d)) and relevant subcontracting regulations prescribed under section 8(d), except that women are presumed to be socially and economically disadvantaged; and

(3) the term “qualified HUBZone small business concern” has the meaning given that term in section 3(p) of the Small Business Act (15 U.S.C. 632(o)¹).

(b) GENERAL REQUIREMENT.—Except to the extent the Secretary decides otherwise, at least 10 percent of amounts available in a fiscal year under section 48103 of this title shall be expended with small business concerns owned and controlled by socially and economically disadvantaged individuals or qualified HUBZone small business concerns.

(c) UNIFORM CRITERIA.—The Secretary shall establish minimum uniform criteria for State governments and airport sponsors to use in certifying whether a small business concern qualifies under this section. The criteria shall include on-site visits, personal interviews, licenses, analyses of stock ownership and bonding capacity, listings of equipment and work completed, resumes of principal owners, financial capacity, and type of work preferred.

(d) SURVEYS AND LISTS.—Each State or airport sponsor annually shall survey and compile a list of small business concerns referred to in subsection (b) of this section and the location of each concern in the State.

§ 47114. Apportionments

(a) DEFINITION.—In this section, “amount subject to apportionment” means the amount newly made available under section 48103 of this title for a fiscal year.

(b) APPORTIONMENT DATE.—On the first day of each fiscal year, the Secretary of Transportation shall apportion the amount subject to apportionment for that fiscal year as provided in this section.

(c) AMOUNTS APPORTIONED TO SPONSORS.—

(1) PRIMARY AIRPORTS.—

¹ So in law. Reference should be made to 15 U.S.C. 632(p).

(A) APPORTIONMENT.—The Secretary shall apportion to the sponsor of each primary airport for each fiscal year an amount equal to—

(i) \$7.80 for each of the first 50,000 passenger boardings at the airport during the prior calendar year;

(ii) \$5.20 for each of the next 50,000 passenger boardings at the airport during the prior calendar year;

(iii) \$2.60 for each of the next 400,000 passenger boardings at the airport during the prior calendar year;

(iv) \$.65 for each of the next 500,000 passenger boardings at the airport during the prior calendar year; and

(v) \$.50 for each additional passenger boarding at the airport during the prior calendar year.

(B) MINIMUM AND MAXIMUM APPORTIONMENTS.—Not less than \$650,000 nor more than \$22,000,000 may be apportioned under subparagraph (A) of this paragraph to an airport sponsor for a primary airport for each fiscal year.

(C) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more—

(i) the amount to be apportioned to a sponsor under subparagraph (A) shall be increased by doubling the amount that would otherwise be apportioned;

(ii) the minimum apportionment to a sponsor under subparagraph (B) shall be \$1,000,000 rather than \$650,000; and

(iii) the maximum apportionment to a sponsor under subparagraph (B) shall be \$26,000,000 rather than \$22,000,000.

(D) NEW AIRPORTS.—Notwithstanding subparagraph (A), the Secretary shall apportion on the first day of the first fiscal year following the official opening of a new airport with scheduled passenger air transportation an amount equal to the minimum amount set forth in subparagraph (B) or (C), as appropriate, to the sponsor of such airport.

(E) USE OF PREVIOUS FISCAL YEAR'S APPORTIONMENT.—Notwithstanding subparagraph (A), the Secretary may apportion to an airport sponsor in a fiscal year an amount equal to the amount apportioned to that sponsor in the previous fiscal year if the Secretary finds that—

(i) passenger boardings at the airport fell below 10,000 in the calendar year used to calculate the apportionment;

(ii) the airport had at least 10,000 passenger boardings in the calendar year prior to the calendar year used to calculate apportionments to airport sponsors in a fiscal year; and

(iii) the cause of the shortfall in passenger boardings was a temporary but significant interruption in service by an air carrier to that airport due to

an employment action, natural disaster, or other event unrelated to the demand for air transportation at the affected airport.

(2) CARGO ONLY AIRPORTS.—

(A) APPORTIONMENT.—Subject to subparagraph (D), the Secretary shall apportion an amount equal to 3 percent of the amount subject to apportionment each fiscal year to the sponsors of airports served by aircraft providing air transportation of only cargo with a total annual landed weight of more than 100,000,000 pounds.

(B) SUBALLOCATION FORMULA.—Any funds apportioned under subparagraph (A) to sponsors of airports described in subparagraph (A) shall be allocated among those airports in the proportion that the total annual landed weight of aircraft described in subparagraph (A) landing at each of those airports bears to the total annual landed weight of those aircraft landing at all those airports.

(C) LIMITATION.—In any fiscal year in which the total amount made available under section 48103 is less than \$3,200,000,000, not more than 8 percent of the amount apportioned under subparagraph (A) may be apportioned for any one airport.

(D) DISTRIBUTION TO OTHER AIRPORTS.—Before apportioning amounts to the sponsors of airports under subparagraph (A) for a fiscal year, the Secretary may set-aside a portion of such amounts for distribution to the sponsors of other airports, selected by the Secretary, that the Secretary finds will be served primarily by aircraft providing air transportation of only cargo.

(E) DETERMINATION OF LANDED WEIGHT.—Landed weight under this paragraph is the landed weight of aircraft landing at each airport described in subparagraph (A) during the prior calendar year.

(d) AMOUNTS APPORTIONED FOR GENERAL AVIATION AIRPORTS.—

(1) DEFINITIONS.—In this subsection, the following definitions apply:

(A) AREA.—The term “area” includes land and water.

(B) POPULATION.—The term “population” means the population stated in the latest decennial census of the United States.

(2) APPORTIONMENT.—Except as provided in paragraph (3), the Secretary shall apportion to the States 18.5 percent of the amount subject to apportionment for each fiscal year as follows:

(A) 0.66 percent of the apportioned amount to Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands.

(B) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the population of each of those States bears to the total population of all of those States.

(C) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the area of each of those States bears to the total area of all of those States.

(3) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, rather than making an apportionment under paragraph (2), the Secretary shall apportion 20 percent of the amount subject to apportionment for each fiscal year as follows:

(A) To each airport, excluding primary airports but including reliever and nonprimary commercial service airports, in States the lesser of—

(i) \$150,000; or

(ii) $\frac{1}{5}$ of the most recently published estimate of the 5-year costs for airport improvement for the airport, as listed in the national plan of integrated airport systems developed by the Federal Aviation Administration under section 47103.

(B) Any remaining amount to States as follows:

(i) 0.62 percent of the remaining amount to Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands.

(ii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the population of each of those States bears to the total population of all of those States.

(iii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the area of each of those States bears to the total area of all of those States.

(4) AIRPORTS IN ALASKA, PUERTO RICO, AND HAWAII.—An amount apportioned under paragraph (2) or (3) to Alaska, Puerto Rico, or Hawaii for airports in such State may be made available by the Secretary for any public airport in those respective jurisdictions.

(5) USE OF STATE HIGHWAY SPECIFICATIONS.—

(A) IN GENERAL.—The Secretary may permit the use of State highway specifications for airfield pavement construction using funds made available under this subsection at nonprimary airports with runways of 5,000 feet or shorter serving aircraft that do not exceed 60,000 pounds gross weight if the Secretary determines that—

(i) safety will not be negatively affected; and

(ii) the life of the pavement will not be shorter than it would be if constructed using Administration standards.

(B) LIMITATION.—An airport may not seek funds under this subchapter for runway rehabilitation or reconstruction of any such airfield pavement constructed using State highway specifications for a period of 10 years after construction is completed unless the Secretary determines that the rehabilitation or reconstruction is required for safety reasons.

(6) INTEGRATED AIRPORT SYSTEM PLANNING.—Notwithstanding any other provision of this subsection, funds made available under this subsection may be used for integrated airport system planning that encompasses one or more primary airports.

(e) SUPPLEMENTAL APPORTIONMENT FOR ALASKA.—

(1) IN GENERAL.—Notwithstanding subsections (c) and (d) of this section, the Secretary may apportion amounts for airports in Alaska in the way in which amounts were apportioned in the fiscal year ending September 30, 1980, under section 15(a) of the Act. However, in apportioning amounts for a fiscal year under this subsection, the Secretary shall apportion—

(A) for each primary airport at least as much as would be apportioned for the airport under subsection (c)(1) of this section; and

(B) a total amount at least equal to the minimum amount required to be apportioned to airports in Alaska in the fiscal year ending September 30, 1980, under section 15(a)(3)(A) of the Act.

(2) AUTHORITY FOR DISCRETIONARY GRANTS.—This subsection does not prohibit the Secretary from making project grants for airports in Alaska from the discretionary fund under section 47115 of this title.

(3) AIRPORTS ELIGIBLE FOR FUNDS.—An amount apportioned under this subsection may be used for any public airport in Alaska.

(4) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, the amount that may be apportioned for airports in Alaska under paragraph (1) shall be increased by doubling the amount that would otherwise be apportioned.

(f) REDUCING APPORTIONMENTS.—

(1) IN GENERAL.—Subject to paragraph (3), an amount that would be apportioned under this section (except subsection (c)(2)) in a fiscal year to the sponsor of an airport having at least .25 percent of the total number of boardings each year in the United States and for which a fee is imposed in the fiscal year under section 40117 of this title shall be reduced by an amount equal to—

(A) in the case of a fee of \$3.00 or less, 50 percent of the projected revenues from the fee in the fiscal year but not by more than 50 percent of the amount that otherwise would be apportioned under this section; and

(B) in the case of a fee of more than \$3.00, 75 percent of the projected revenues from the fee in the fiscal year but not by more than 75 percent of the amount that otherwise would be apportioned under this section.

(2) EFFECTIVE DATE OF REDUCTION.—A reduction in an apportionment required by paragraph (1) shall not take effect until the first fiscal year following the year in which the collection of the fee imposed under section 40117 is begun.

(3) SPECIAL RULE FOR TRANSITIONING AIRPORTS¹.—

(A) IN GENERAL.—Beginning with the fiscal year following the first calendar year in which the sponsor of an airport has more than .25 percent of the total number of boardings in the United States, the sum of the amount that would be apportioned under this section after application of paragraph (1) in a fiscal year to such sponsor and the projected revenues to be derived from the fee in such fiscal year shall not be less than the sum of the apportionment to such airport for the preceding fiscal year and the revenues derived from such fee in the preceding fiscal year.

(B) EFFECTIVE PERIOD.—Subparagraph (A) shall be in effect for fiscal years 2000 through 2003.

§ 47115. Discretionary fund

(a) EXISTENCE AND AMOUNTS IN FUND.—The Secretary of Transportation has a discretionary fund. The fund consists of—

(1) amounts subject to apportionment for a fiscal year that are not apportioned under section 47114(c)–(e) of this title; and

(2) 12.5 percent of amounts not apportioned under section 47114 of this title because of section 47114(f).

(b) AVAILABILITY OF AMOUNTS.—Subject to subsection (c) of this section and section 47117(e) of this title, the fund is available for making grants for any purpose for which amounts are made available under section 48103 of this title that the Secretary considers most appropriate to carry out this subchapter.

(c) MINIMUM PERCENTAGE FOR PRIMARY AND RELIEVER AIRPORTS.—At least 75 percent of the amount in the fund and distributed by the Secretary in a fiscal year shall be used for making grants—

(1) to preserve and enhance capacity, safety, and security at primary and reliever airports; and

(2) to carry out airport noise compatibility planning and programs at primary and reliever airports.

(d) CONSIDERATIONS.—In selecting a project for a grant to preserve and enhance capacity as described in subsection (c)(1) of this section, the Secretary shall consider—

(1) the effect the project will have on the overall national air transportation system capacity;

(2) the project benefit and cost, including, in the case of a project at a reliever airport, the number of operations projected to be diverted from a primary airport to the reliever airport as a result of the project, as well as the cost savings projected to be realized by users of the local airport system;

(3) the financial commitment from non-United States Government sources to preserve or enhance airport capacity;

¹ So in law. Should read “AIRPORTS”.

(4) the airport improvement priorities of the States, and regional offices of the Administration, to the extent such priorities are not in conflict with paragraphs (1) and (2);

(5) the projected growth in the number of passengers that will be using the airport at which the project will be carried out; and

(6) any increase in the number of passenger boardings in the preceding 12-month period at the airport at which the project will be carried out, with priority consideration to be given to projects at airports at which the number of passenger boardings increased by at least 20 percent as compared to the number of passenger boardings in the 12-month period preceding such period.

(e) **WAIVING PERCENTAGE REQUIREMENT.**—If the Secretary decides the Secretary cannot comply with the percentage requirement of subsection (c) of this section in a fiscal year because there are insufficient qualified grant applications to meet that percentage, the amount the Secretary determines will not be distributed as required by subsection (c) is available for obligation during the fiscal year without regard to the requirement.

(f) **CONSIDERATION OF DIVERSION OF REVENUES IN AWARDING DISCRETIONARY GRANTS.**—

(1) **GENERAL RULE.**—Subject to paragraph (2), in deciding whether or not to distribute funds to an airport from the discretionary funds established by subsection (a) of this section and section 47116 of this title, the Secretary shall consider as a factor militating against the distribution of such funds to the airport the fact that the airport is using revenues generated by the airport or by local taxes on aviation fuel for purposes other than capital or operating costs of the airport or the local airports system or other local facilities which are owned or operated by the owner or operator of the airport and directly and substantially related to the actual air transportation of passengers or property.

(2) **REQUIRED FINDING.**—Paragraph (1) shall apply only when the Secretary finds that the amount of revenues used by the airport for purposes other than capital or operating costs in the airport's fiscal year preceding the date of the application for discretionary funds exceeds the amount of such revenues in the airport's first fiscal year ending after August 23, 1994, adjusted by the Secretary for changes in the Consumer Price Index of All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(g) **MINIMUM AMOUNT TO BE CREDITED.**—

(1) **GENERAL RULE.**—In a fiscal year, there shall be credited to the fund, out of amounts made available under section 48103 of this title, an amount that is at least equal to the sum of—

(A) \$148,000,000; plus

(B) the total amount required from the fund to carry out in the fiscal year letters of intent issued before January 1, 1996, under section 47110(e) of this title or the Airport and Airway Improvement Act of 1982.

The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) REDUCTION OF APPORTIONMENTS.—In a fiscal year in which the amount credited under subsection (a) is less than the minimum amount to be credited under paragraph (1), the total amount calculated under paragraph (3) shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals such minimum amount.

(3) AMOUNT OF REDUCTION.—For a fiscal year, the total amount available to make a reduction to carry out paragraph (2) is the total of the amounts determined under sections 47114(c)(1)(A), 47114(c)(2), 47114(d), and 47117(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(h) PRIORITY FOR LETTERS OF INTENT.—In making grants in a fiscal year with funds made available under this section, the Secretary shall fulfill intentions to obligate under section 47110(e).

(i) CONSIDERATIONS FOR PROJECT UNDER EXPANDED SECURITY ELIGIBILITY.—In order to assure that funding under this subchapter is provided to the greatest needs, the Secretary, in selecting a project described in section 47102(3)(J) for a grant, shall consider the non-federal resources available to sponsor, the use of such non-federal resources, and the degree to which the sponsor is providing increased funding for the project.

§ 47116. Small airport fund

(a) EXISTENCE AND AMOUNTS IN FUND.—The Secretary of Transportation has a small airport fund. The fund consists of 87.5 percent of amounts not apportioned under section 47114 of this title because of section 47114(f).

(b) DISTRIBUTION OF AMOUNTS.—The Secretary may distribute amounts in the fund in each fiscal year for any purpose for which amounts are made available under section 48103 of this title as follows:

(1) one-seventh for grants for projects at small hub airports (as defined in section 41731 of this title); and

(2) the remaining amounts based on the following:

(A) one-third for grants to sponsors of public-use airports (except commercial service airports).

(B) two-thirds for grants to sponsors of each commercial service airport that each year has less than .05 percent of the total boardings in the United States in that year.

(c) AUTHORITY TO RECEIVE GRANT NOT DEPENDENT ON PARTICIPATION IN BLOCK GRANT PILOT PROGRAM.—An airport in a State participating in the State block grant pilot program under section 47128 of this title may receive a grant under this section to the same extent the airport may receive a grant if the State were not participating in the program.

(d) PRIORITY CONSIDERATION FOR CERTAIN PROJECTS.—

(1) CONSTRUCTION OF NEW RUNWAYS.—In making grants to sponsors described in subsection (b)(2), the Secretary shall give priority consideration to multi-year projects for construction of

new runways that the Secretary finds are cost beneficial and would increase capacity in a region of the United States.

(2) AIRPORT DEVELOPMENT FOR TURBINE POWERED AIRCRAFT.—In making grants to sponsors described in subsection (b)(1), the Secretary shall give priority consideration to airport development projects to support operations by turbine powered aircraft if the non-Federal share of the project is at least 40 percent.

(e) SET-ASIDE FOR MEETING SAFETY TERMS IN AIRPORT OPERATING CERTIFICATES.—In the first fiscal year beginning after the effective date of regulations issued to carry out section 44706(b) with respect to airports described in section 44706(a)(2), and in each of the next 4 fiscal years, the lesser of \$15,000,000 or 20 percent of the amounts that would otherwise be distributed to sponsors of airports under subsection (b)(2) shall be used to assist the airports in meeting the terms established by the regulations. If the Secretary publishes in the Federal Register a finding that all the terms established by the regulations have been met, this subsection shall cease to be effective as of the date of such publication.

(f) NOTIFICATION OF SOURCE OF GRANT.—Whenever the Secretary makes a grant under this section, the Secretary shall notify the recipient of the grant, in writing, that the source of the grant is from the small airport fund.

§ 47117. Use of apportioned amounts

(a) GRANT PURPOSE.—Except as provided in this section, an amount apportioned under section 47114(c)(1) or (d)(2) of this title is available for making grants for any purpose for which amounts are made available under section 48103 of this title.

(b) PERIOD OF AVAILABILITY.—An amount apportioned under section 47114 of this title is available to be obligated for grants under the apportionment only during the fiscal year for which the amount was apportioned and the 2 fiscal years immediately after that year or the 3 fiscal years immediately following that year in the case of a primary airport that had less than .05 percent of the total boardings in the United States in the preceding calendar year. If the amount is not obligated under the apportionment within that time, it shall be added to the discretionary fund.

(c) PRIMARY AIRPORTS.—(1) An amount apportioned to a sponsor of a primary airport under section 47114(c)(1) of this title is available for grants for any public-use airport of the sponsor included in the national plan of integrated airport systems.

(2) A sponsor of a primary airport may make an agreement with the Secretary of Transportation waiving any part of the amount apportioned for the airport under section 47114(c)(1) of this title if the Secretary makes the waived amount available for a grant for another public-use airport in the same State or geographical area as the primary airport.

(d) STATE USE.—An amount apportioned to a State under—

(1) section 47114(d)(2)(A) of this title is available for grants for airports located in the State; and

(2) section 47114(d)(2)(B) or (C) of this title is available for grants for airports described in section 47114(d)(2)(B) or (C) and located in the State.

(e) SPECIAL APPORTIONMENT CATEGORIES.—(1) The Secretary shall use amounts available to the discretionary fund under section 47115 of this title for each fiscal year as follows:

(A) At least 34 percent for grants for airport noise compatibility planning under section 47505(a)(2) of this title and for carrying out noise compatibility programs under section 47504(c) of this title. The Secretary may count the amount of grants made for such planning and programs with funds apportioned under section 47114 in that fiscal year in determining whether or not such 34 percent requirement is being met in that fiscal year.

(B) At least 4 percent to sponsors of current or former military airports designated by the Secretary under section 47118(a) of this title for grants for developing current and former military airports to improve the capacity of the national air transportation system and to sponsors of noncommercial service airports for grants for operational and maintenance expenses at any such airport if the amount of such grants to the sponsor of the airport does not exceed \$30,000 in that fiscal year, if the Secretary determines that the airport is adversely affected by the closure or realignment of a military base, and if the sponsor of the airport certifies that the airport would otherwise close if the airport does not receive the grant.

(C) In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, at least two-thirds of 1 percent for grants to sponsors of reliever airports which have—

- (i) more than 75,000 annual operations;
- (ii) a runway with a minimum usable landing distance of 5,000 feet;
- (iii) a precision instrument landing procedure;
- (iv) a minimum number of aircraft, to be determined by the Secretary, based at the airport; and
- (v) been designated by the Secretary as a reliever airport to an airport with 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.

(2) If the Secretary decides that an amount required to be used for grants under paragraph (1) of this subsection cannot be used for a fiscal year because there are insufficient qualified grant applications, the amount the Secretary determines cannot be used is available during the fiscal year for grants for other airports or for other purposes for which amounts are authorized for grants under section 48103 of this title.

(3)¹ PRIORITY.—The Secretary shall give priority in making grants under paragraph (1)(A) to applications for airport noise compatibility planning and programs at and around—

- (A) Chicago O'Hare International Airport;
- (B) LaGuardia Airport;
- (C) John F. Kennedy International Airport; and
- (D) Ronald Reagan Washington National Airport.

(f) DISCRETIONARY USE OF APPORTIONMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), if the Secretary finds that all or part of an amount of an apportionment under

¹ Margin so in law.

section 47114 is not required during a fiscal year to fund a grant for which the apportionment may be used, the Secretary may use during such fiscal year the amount not so required to make grants for any purpose for which grants may be made under section 48103. The finding may be based on the notifications that the Secretary receives under section 47105(f) or on other information received from airport sponsors.

(2) RESTORATION OF APPORTIONMENTS.—

(A) IN GENERAL.—If the fiscal year for which a finding is made under paragraph (1) with respect to an apportionment is not the last fiscal year of availability of the apportionment under subsection (b), the Secretary shall restore to the apportionment an amount equal to the amount of the apportionment used under paragraph (1) for a discretionary grant whenever a sufficient amount is made available under section 48103.

(B) PERIOD OF AVAILABILITY.—If restoration under this paragraph is made in the fiscal year for which the finding is made or the succeeding fiscal year, the amount restored shall be subject to the original period of availability of the apportionment under subsection (b). If the restoration is made thereafter, the amount restored shall remain available in accordance with subsection (b) for the original period of availability of the apportionment plus the number of fiscal years during which a sufficient amount was not available for the restoration.

(3) NEWLY AVAILABLE AMOUNTS.—

(A) RESTORED AMOUNTS TO BE UNAVAILABLE FOR DISCRETIONARY GRANTS.—Of an amount newly available under section 48103 of this title, an amount equal to the amounts restored under paragraph (2) shall not be available for discretionary grant obligations under section 47115.

(B) USE OF REMAINING AMOUNTS.—Subparagraph (A) does not impair the Secretary's authority under paragraph (1), after a restoration under paragraph (2), to apply all or part of a restored amount that is not required to fund a grant under an apportionment to fund discretionary grants.

(4) LIMITATIONS ON OBLIGATIONS APPLY.—Nothing in this subsection shall be construed to authorize the Secretary to incur grant obligations under section 47104 for a fiscal year in an amount greater than the amount made available under section 48103 for such obligations for such fiscal year.

(g) LIMITING AUTHORITY OF SECRETARY.—The authority of the Secretary to make grants during a fiscal year from amounts that were apportioned for a prior fiscal year and remain available for approved airport development project grants under subsection (b) of this section may be impaired only by a law enacted after September 3, 1982, that expressly limits that authority.

§ 47118. Designating current and former military airports

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall designate current or former military airports for which grants may be made under section 47117(e)(1)(B) of this title. The max-

imum number of airports bearing such designation at any time is 15. The Secretary may only so designate an airport (other than an airport so designated before August 24, 1994) if—

(1) the airport is a former military installation closed or realigned under—

(A) section 2687 of title 10;

(B) section 201 of the Defense Authorization Amendments and Base Closure and Realignment Act (10 U.S.C. 2687 note); or

(C) section 2905 of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note); or

(2) the airport is a military installation with both military and civil aircraft operations.

(b) SURVEY.—Not later than September 30, 1991, the Secretary shall complete a survey of current and former military airports to identify which airports have the greatest potential to improve the capacity of the national air transportation system. The survey shall identify the capital development needs of those airports to make them part of the system and which of those qualify for grants under section 47104 of this title.

(c) CONSIDERATIONS.—In carrying out this section, the Secretary shall consider only current or former military airports for designation under this section if a grant under section 47117(e)(1)(B) would—

(1) reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft take-offs and landings; or

(2) enhance airport and air traffic control system capacity in a metropolitan area or reduce current and projected flight delays.

(d) GRANTS.—Grants under section 47117(e)(1)(B) of this title may be made for an airport designated under subsection (a) of this section for the 5 fiscal years following the designation, and for subsequent periods, each not to exceed 5 fiscal years, if the Secretary determines that the airport satisfies the designation criteria under subsection (a) at the beginning of each such subsequent period.

(e) TERMINAL BUILDING FACILITIES.—Not more than \$7,000,000 for each airport from amounts the Secretary distributes under section 47115 of this title for a fiscal year is available to the sponsor of a current or former military airport the Secretary designates under this section to construct, improve, or repair a terminal building facility, including terminal gates used for revenue passengers getting on or off aircraft. (a) REPAYING BORROWED MONEY.—An amount apportioned under section 47114 of this title and made available to the sponsor of an air carrier airport at which terminal development was carried out after June 30, 1970, and before July 12, 1976, or, in the case of a commercial service airport which annually had less than 0.05 percent of the total enplanements in the United States, between January 1, 1992, and October 31, 1992, is available to repay immediately money borrowed and used to pay the costs for terminal development at the airport, if those costs would be allowable project costs under section 47110(d) of this title if they had been incurred after September 3, 1982. An amount is available for a grant under this subsection—

(1) only if—

(A) the sponsor submits the certification required under section 47110(d) of this title;

(B) the Secretary of Transportation decides that using the amount to repay the borrowed money will not defer an airport development project outside the terminal area at that airport; and

(C) amounts available for airport development under this subchapter will not be used for additional terminal development projects at the airport for at least 3 years beginning on the date the grant is used to repay the borrowed money; and

(3) for use by a primary airport that each year does not have more than .05 percent of the total boardings in the United States, any part of amounts that may be distributed for the fiscal year from the discretionary fund and small airport

fund to pay project costs allowable under section 47110(d) of this title; or

(4) not more than \$25,000,000 to pay project costs allowable for the fiscal year under section 47110(d) of this title for projects at commercial service airports that were not eligible for assistance for terminal development during the fiscal year ending September 30, 1980, under section 20(b) of the Airport and Airway Development Act of 1970.

(c) NONHUB AIRPORTS.—With respect to a project at a commercial service airport which annually has less than 0.05 percent of the total enplanements in the United States, the Secretary may approve the use of the amounts described in subsection (a) notwithstanding the requirements of sections 47107(a)(17), 47112, and 47113.

(d) DETERMINATION OF PASSENGER BOARDING AT COMMERCIAL SERVICE AIRPORTS.—For the purpose of determining whether an amount may be distributed for a fiscal year from the discretionary fund in accordance with subsection (b)(2)(A) to a commercial service airport, the Secretary shall make the determination of whether or not a public airport is a commercial service airport on the basis of the number of passenger boardings and type of air service at the public airport in the calendar year that includes the first day of such fiscal year or the preceding calendar year, whichever is more beneficial to the airport.

§ 47120. Grant priority

(a) IN GENERAL.—In making a grant under this subchapter, the Secretary of Transportation may give priority to a project that is consistent with an integrated airport system plan.

(b) DISCRETIONARY FUNDING TO BE USED FOR HIGHER PRIORITY PROJECTS.—The Administrator of the Federal Aviation Administration shall discourage airport sponsors and airports from using entitlement funds for lower priority projects by giving lower priority to discretionary projects submitted by airport sponsors and airports that have used entitlement funds for projects that have a lower priority than the projects for which discretionary funds are being requested.

§ 47121. Records and audits

(a) RECORDS.—A sponsor shall keep the records the Secretary of Transportation requires. The Secretary may require records—

(1) that disclose—

(A) the amount and disposition by the sponsor of the proceeds of the grant;

The Comptroller General may report to Congress describing the results of each audit conducted or reviewed by the Comptroller General under this section during the prior fiscal year.

(d) **AUDIT REQUIREMENT.**—The Secretary may require a sponsor to conduct an appropriate audit as a condition for receiving a grant under this subchapter.

(e) **ANNUAL REVIEW.**—The Secretary shall review annually the recordkeeping and reporting requirements under this subchapter to ensure that they are the minimum necessary to carry out this subchapter.

(f) **WITHHOLDING INFORMATION FROM CONGRESS.**—This section does not authorize the Secretary or the Comptroller General to withhold information from a committee of Congress authorized to have the information.

An action of the Secretary in exercising that authority is governed by the procedures specified in section 46104 and shall be enforced as provided in section 46104.

§ 47123. Nondiscrimination

The Secretary of Transportation shall take affirmative action to ensure that an individual is not excluded because of race, creed, color, national origin, or sex from participating in an activity carried out with money received under a grant under this subchapter. The Secretary shall prescribe regulations necessary to carry out this section. The regulations shall be similar to those in effect under title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.). This section is in addition to title VI of the Act.

§ 47124. Agreements for State and local operation of airport facilities

(a) **GOVERNMENT RELIEF FROM LIABILITY.**—The Secretary of Transportation shall ensure that an agreement under this subchapter with a State or a political subdivision of a State to allow the State or subdivision to operate an airport facility in the State or subdivision relieves the United States Government from any liability arising out of, or related to, acts or omissions of employees of the State or subdivision in operating the airport facility.

(b) **AIR TRAFFIC CONTROL CONTRACT PROGRAM.**—(1) The Secretary shall continue the low activity (Visual Flight Rules) level I air traffic control tower contract program established under subsection (a) of this section for towers existing on December 30, 1987, and extend the program to other towers as practicable.

(2) The Secretary may make a contract, on a sole source basis, with a State or a political subdivision of a State to allow the State or subdivision to operate an airport traffic control tower classified as a level I (Visual Flight Rules) tower if the Secretary decides that the State or subdivision has the capability to comply with the requirements of this paragraph. The contract shall require that the State or subdivision comply with applicable safety regulations in operating the facility and with applicable competition requirements in making a subcontract to perform work to carry out the contract.

(3)¹ CONTRACT AIR TRAFFIC CONTROL TOWER PILOT PROGRAM.—

(A) IN GENERAL.—The Secretary shall establish a pilot program to contract for air traffic control services at non-approach control towers, as defined by the Secretary, that do not qualify for the contract tower program established under subsection (a) and continued under paragraph (1) (in this paragraph referred to as the “Contract Tower Program”).

(B) PROGRAM COMPONENTS.—In carrying out the pilot program, the Secretary shall—

(i) utilize for purposes of cost-benefit analyses, current, actual, site-specific data, forecast estimates, or airport master plan data provided by a facility owner or operator and verified by the Secretary; and

(ii) approve for participation only facilities willing to fund a pro rata share of the operating costs of the air traffic control tower to achieve a 1-to-1 benefit-to-cost ratio using actual site-specific contract tower operating costs in any case in which there is an operating air traffic control tower, as required for eligibility under the Contract Tower Program.

(C) PRIORITY.—In selecting facilities to participate in the pilot program, the Secretary shall give priority to the following facilities:

(i) Air traffic control towers that are participating in the Contract Tower Program but have been notified that they will be terminated from such program because the Secretary has determined that the benefit-to-cost ratio for their continuation in such program is less than 1.0.

(ii) Air traffic control towers that the Secretary determines have a benefit-to-cost ratio of at least .50.

(iii) Air traffic control towers of the Federal Aviation Administration that are closed as a result of the air traffic controllers strike in 1981.

(II) from amounts made available under sections 47114(c)(1) and 47114(c)(2) for reimbursement for the cost of construction or improvement of a nonapproach control tower, as defined by the Secretary, incurred after October 1, 1996, if the sponsor complied with the requirements of sections 47107(e), 47112(b), and 47112(c) in constructing or improving that tower; and

(III) from amounts made available under sections 47114(c)(1) and 47114(c)(2) for reimbursement for the cost of acquiring and installing in that tower air traffic control, communications, and related equipment that was acquired or installed after October 1, 1996; and

Secretary, incurred after October 1, 1996, if the sponsor complied with the requirements of sections 47107(e), 47112(b), and 47112(c) in constructing or improving that tower; and

(III) from amounts made available under sections 47114(c)(2) and 47114(d)(3)(A) for reimbursement for the cost of acquiring and installing in that tower air traffic control, communications, and related equipment that was acquired or installed after October 1, 1996.

(B) ELIGIBILITY.—An airport sponsor shall be eligible for a grant under this paragraph only if—

(i)(I) the sponsor is a participant in the Federal Aviation Administration contract tower program established under subsection (a) and continued under paragraph (1) or the pilot program established under paragraph (3); or

(II) construction of a nonapproach control tower would qualify the sponsor to be eligible to participate in such program;

(ii) the sponsor certifies that it will pay not less than 10 percent of the cost of the activities for which the sponsor is receiving assistance under this paragraph;

(iv) the sponsor certifies that it will pay its share of the cost of the contract to operate the tower to be constructed under this paragraph; and

(v) in the case of a tower to be constructed under this paragraph from amounts made available under section 47114(d)(2) or 47114(d)(3)(B), the Secretary certifies that—

(I) the Federal Aviation Administration has consulted the State within the borders of which the tower is to be constructed and the State supports the construction of the tower as part of its State airport capital plan; and

(II) the selection of the tower for funding is based on objective criteria.

(C) LIMITATION ON FEDERAL SHARE.—The Federal share of the cost of construction of a nonapproach control tower under this paragraph may not exceed \$1,100,000.

§ 47125. Conveyances of United States Government land

(a) CONVEYANCES TO PUBLIC AGENCIES.—Except as provided in subsection (b) of this section, the Secretary of Transportation shall request the head of the department, agency, or instrumentality of the United States Government owning or controlling land or airspace to convey a property interest in the land or airspace to the public agency sponsoring the project or owning or controlling the

airport when necessary to carry out a project under this subchapter at a public airport, to operate a public airport, or for the future development of an airport under the national plan of integrated airport systems. The head of the department, agency, or instrumentality shall decide whether the requested conveyance is consistent with the needs of the department, agency, or instrumentality and shall notify the Secretary of that decision not later than 4 months after receiving the request. If the head of the department, agency, or instrumentality decides that the requested conveyance is consistent with its needs, the head of the department, agency, or instrumentality, with the approval of the Attorney General and without cost to the Government, shall make the conveyance. A conveyance may be made only on the condition that the property interest conveyed reverts to the Government, at the option of the Secretary, to the extent it is not developed for an airport purpose or used consistently with the conveyance. Before waiving a condition that property be used for an aeronautical purpose under the preceding sentence, the Secretary must provide notice to the public not less than 30 days before waiving such condition.

(b) NONAPPLICATION.—Except as specifically provided by law, subsection (a) of this section does not apply to land or airspace owned or controlled by the Government within—

(2) deciding the State uses a satisfactory airport system planning process;

(3) deciding the State uses a programming process acceptable to the Secretary;

(4) finding that the State has agreed to comply with United States Government standard requirements for administering the block grant; and

(5) finding that the State has agreed to provide the Secretary with program information the Secretary requires.

In carrying out this subsection, the Secretary shall permit a State to use the priority system of the State if such system is not inconsistent with the national priority system.

§ 47129. Resolution of airport-air carrier disputes concerning airport fees

(3) **SECRETARY NOT TO SET FEE.**—In determining whether a fee is reasonable under this section, the Secretary may only determine whether the fee is reasonable or unreasonable and shall not set the level of the fee.

(4) **FEES IMPOSED BY PRIVATELY-OWNED AIRPORTS.**—In evaluating the reasonableness of a fee imposed by an airport receiving an exemption under section 47134 of this title, the Secretary shall consider whether the airport has complied with section 47134(c)(4).

(b) **PROCEDURAL REGULATIONS.**—Not later than 90 days after August 23, 1994, the Secretary shall publish in the Federal Register final regulations, policy statements, or guidelines establishing—

(1) the procedures for acting upon any written request or complaint filed under subsection (a)(1); and

(6) Any findings of fact in a final order of the Secretary under this subsection, if supported by substantial evidence, shall be conclusive if challenged in a court pursuant to this subsection. No objection to such a final order shall be considered by the court unless objection was urged before an administrative law judge or the Secretary at a proceeding under this subsection or, if not so urged, unless there were reasonable grounds for failure to do so.

[§ 47132. Repealed by P.L. 106–181 (114 Stat. 74)]

§ 47133. Restriction on use of revenues

(c) RULE OF CONSTRUCTION.—Nothing in this section may be construed to prevent the use of a State tax on aviation fuel to support a State aviation program or the use of airport revenue on or off the airport for a noise mitigation purpose.

§ 47134. Pilot program on private ownership of airports

(a) SUBMISSION OF APPLICATIONS.—If a sponsor intends to sell or lease a general aviation airport or lease any other type of airport for a long term to a person (other than a public agency), the sponsor and purchaser or lessee may apply to the Secretary of Transportation for exemptions under this section.

(A) IN GENERAL.—The Secretary may grant an exemption to a sponsor from the provisions of sections 47107(b) and 47133 of this title (and any other law, regulation, or grant assurance) to the extent necessary to permit the sponsor to recover from the sale or lease of the airport such amount as may be approved—

(i) by at least 65 percent of the air carriers serving the airport; and

(ii) by air carriers whose aircraft landing at the airport during the preceding calendar year had a total landed weight during the preceding calendar year of at least 65 percent of the total landed weight of all aircraft landing at the airport during such year.

(B) LANDED WEIGHT DEFINED.—In this paragraph, the term “landed weight” means the weight of aircraft transporting passengers or cargo, or both, in intrastate, interstate, and foreign air transportation, as the Secretary determines under regulations the Secretary prescribes.

(i) REVOCATION OF EXEMPTIONS.—The Secretary may revoke an exemption issued to a purchaser or lessee of an airport under subsection (b)(3) if, after providing the purchaser or lessee with notice and an opportunity to be heard, the Secretary determines that the purchaser or lessee has knowingly violated any of the terms specified in subsection (c) for the sale or lease of the airport.

(j) NONAPPLICATION OF PROVISIONS TO AIRPORTS OWNED BY PUBLIC AGENCIES.—The provisions of this section requiring the approval of air carriers in determinations concerning the use of revenues, and imposition of fees, at an airport shall not be extended so as to apply to any airport owned by a public agency that is not participating in the program established by this section.

§47135. Innovative financing techniques

(a) IN GENERAL.—The Secretary of Transportation may approve applications for not more than 20 airport development projects for which grants received under this subchapter may be

used for innovative financing techniques. Such projects shall be located at airports that each year have less than .25 percent of the total number of passenger boardings each year at all commercial service airports in the most recent calendar year for which data is available.

(b) PURPOSE.—The purpose of grants made under this section shall be to provide information on the benefits and difficulties of using innovative financing techniques for airport development projects.

(c) LIMITATIONS.—

(1) NO GUARANTEES.—In no case shall the implementation of an innovative financing technique under this section be used in a manner giving rise to a direct or indirect guarantee of any airport debt instrument by the United States Government.

(2) TYPES OF TECHNIQUES.—In this section, innovative financing techniques are limited to—

(A) payment of interest;

(B) commercial bond insurance and other credit enhancement associated with airport bonds for eligible airport development;

(C) flexible non-Federal matching requirements; and

§47136. Inherently low-emission airport vehicle pilot program

(a) IN GENERAL.—The Secretary of Transportation shall carry out a pilot program at not more than 10 public-use airports under which the sponsors of such airports may use funds made available under section 48103 for use at such airports to carry out inherently low-emission vehicle activities. Notwithstanding any other provision of this subchapter, inherently low-emission vehicle activities shall for purposes of the pilot program be treated as eligible for assistance under this subchapter.

(b) LOCATION IN AIR QUALITY NONATTAINMENT AREAS.—

(1) IN GENERAL.—A public-use airport shall be eligible for participation in the pilot program only if the airport is located in an air quality nonattainment area (as defined in section 171(2) of the Clean Air Act (42 U.S.C. 7501(2))).

(2) SHORTAGE OF CANDIDATES.—If the Secretary receives an insufficient number of applications from public-use airports located in such areas, then the Secretary may consider applications from public-use airports that are not located in such areas.

(c) SELECTION CRITERIA.—In selecting from among applicants for participation in the pilot program, the Secretary shall give priority consideration to applicants that will achieve the greatest air quality benefits measured by the amount of emissions reduced per dollar of funds expended under the pilot program.

(d) UNITED STATES GOVERNMENT'S SHARE.—Notwithstanding any other provision of this subchapter, the United States Government's share of the costs of a project carried out under the pilot program shall be 50 percent.

(e) MAXIMUM AMOUNT.—Not more than \$2,000,000 may be expended under the pilot program at any single public-use airport.

(f) TECHNICAL ASSISTANCE.—

(2) ELIGIBLE CONSORTIUM.—To the maximum extent practicable, participants in the pilot program shall use an eligible consortium (as defined in section 5506 of this title) in the region of the airport to receive technical assistance described in paragraph (1).

(g) MATERIALS IDENTIFYING BEST PRACTICES.—The Administrator may develop and make available materials identifying best practices for carrying out low-emission vehicle activities based on the projects carried out under the pilot program and other sources.

(h) REPORT TO CONGRESS.—Not later than 18 months after the date of the enactment of this section, the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(1) an evaluation of the effectiveness of the pilot program;

(2) an identification of other public-use airports that expressed an interest in participating in the pilot program; and

(3) a description of the mechanisms used by the Secretary to ensure that the information and know-how gained by participants in the pilot program is transferred among the participants and to other interested parties, including other public-use airports.

(i) INHERENTLY LOW-EMISSION VEHICLE ACTIVITY DEFINED.—In this section, the term “inherently low-emission vehicle activity” means—

(1) the construction of infrastructure or modifications at public-use airports to enable the delivery of fuel and services necessary for the use of vehicles that are certified as inherently low-emission vehicles under title 40 of the Code of Federal Regulations and that—

(A) operate exclusively on compressed natural gas, liquefied natural gas, liquefied petroleum gas, electricity, hydrogen, or a blend at least 85 percent of which is methanol;

(C) are located or primarily used at public-use airports;

(2) the construction of infrastructure or modifications at public-use airports to enable the delivery of fuel and services necessary for the use of nonroad vehicles that—

(A) operate exclusively on compressed natural gas, liquefied natural gas, liquefied petroleum gas, electricity, hydrogen, or a blend at least 85 percent of which is methanol;

(B) meet or exceed the standards set forth in section 86.1708–99 of such title or the standards set forth in section 89.112(a) of such title, and are in compliance with the requirements of section 89.112(b) of such title; and

(C) are located or primarily used at public-use airports;

(3) the payment of that portion of the cost of acquiring vehicles described in this subsection that exceeds the cost of acquiring other vehicles or engines that would be used for the same purpose; or

(4) the acquisition of technological capital equipment to enable the delivery of fuel and services necessary for the use of vehicles described in paragraph (1).

§47137. Airport security program

(a) GENERAL AUTHORITY.—To improve security at public airports in the United States, the Secretary of Transportation shall carry out not less than one project to test and evaluate innovative aviation security systems and related technology.

(b) PRIORITY.—In carrying out this section, the Secretary shall give the highest priority to a request from an eligible sponsor for a grant to undertake a project that—

(1) evaluates and tests the benefits of innovative aviation security systems or related technology, including explosives detection systems, for the purpose of improving aviation and aircraft physical security, access control, and passenger and baggage screening; and

(2) provides testing and evaluation of airport security systems and technology in an operational, testbed environment.

(c) MATCHING SHARE.—Notwithstanding section 47109, the United States Government's share of allowable project costs for a project under this section shall be 100 percent.

SUBCHAPTER II—SURPLUS PROPERTY FOR PUBLIC AIRPORTS

§47151. Authority to transfer an interest in surplus property

(a) GENERAL AUTHORITY.—Subject to sections 47152 and 47153 of this title, a department, agency, or instrumentality of the execu-

tive branch of the United States Government or a wholly owned Government corporation may convey to a State, political subdivision of a State, or tax-supported organization any interest in surplus property—

(1) that the Secretary of Transportation decides is—

(A) desirable for developing, improving, operating, or maintaining a public airport (as defined in section 47102 of this title);

(B) reasonably necessary to fulfill the immediate and foreseeable future requirements for developing, improving, operating, or maintaining a public airport; or

(C) needed for developing sources of revenue from non-aviation businesses at a public airport; and

(2) if the Administrator of General Services approves the conveyance and decides the interest is not best suited for industrial use.

(b) ENSURING COMPLIANCE.—Only the Secretary may ensure compliance with an instrument conveying an interest in surplus property under this subchapter. The Secretary may amend the instrument to correct the instrument or to make the conveyance comply with law.

(c) DISPOSING OF INTERESTS NOT CONVEYED UNDER THIS SUBCHAPTER.—An interest in surplus property that could be used at a public airport but that is not conveyed under this subchapter shall be disposed of under other applicable law.

(d) WAIVER OF CONDITION.—Before the Secretary may waive any condition imposed on an interest in surplus property conveyed under subsection (a) that such interest be used for an aeronautical purpose, the Secretary must provide notice to the public not less than 30 days before waiving such condition.

(e) REQUESTS BY PUBLIC AGENCIES.—Except with respect to a request made by another department, agency, or instrumentality of the executive branch of the United States Government, such a department, agency, or instrumentality shall give priority consideration to a request made by a public agency (as defined in section 47102) for surplus property described in subsection (a) (other than real property that is subject to section 2687 of title 10, section 201 of the Defense Authorization Amendments and Base Closure and Realignment Act (10 U.S.C. 2687 note), or section 2905 of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note)) for use at a public airport.

§ 47152. Terms of conveyances

Except as provided in section 47153 of this title, the following terms apply to a conveyance of an interest in surplus property under this subchapter:

(1) A State, political subdivision of a State, or tax-supported organization receiving the interest may use, lease, salvage, or dispose of the interest for other than airport purposes only after the Secretary of Transportation gives written consent that the interest can be used, leased, salvaged, or disposed of without materially and adversely affecting the development, improvement, operation, or maintenance of the airport at which the property is located.

(2) The interest shall be used and maintained for public use and benefit without unreasonable discrimination.

(3) A right may not be vested in a person, excluding others in the same class from using the airport at which the property is located—

(A) to conduct an aeronautical activity requiring the operation of aircraft; or

(B) to engage in selling or supplying aircraft, aircraft accessories, equipment, or supplies (except gasoline and oil), or aircraft services necessary to operate aircraft (including maintaining and repairing aircraft, aircraft engines, propellers, and appliances).

(4) The State, political subdivision, or tax-supported organization accepting the interest shall clear and protect the aerial approaches to the airport by mitigating existing, and preventing future, airport hazards.

(5) During a national emergency declared by the President or Congress, the United States Government is entitled to use, control, or possess, without charge, any part of the public airport at which the property is located. However, the Government shall—

(A) pay the entire cost of maintaining the part of the airport it exclusively uses, controls, or possesses during the emergency;

(B) contribute a reasonable share, consistent with the Government's use, of the cost of maintaining the property it uses nonexclusively, or over which the Government has nonexclusive control or possession, during the emergency; and

(C) pay a fair rental for use, control, or possession of improvements to the airport made without Government assistance.

(6) The Government is entitled to the nonexclusive use, without charge, of the landing area of an airport at which the property is located. The Secretary may limit the use of the landing area if necessary to prevent unreasonable interference with use by other authorized aircraft. However, the Government shall—

(A) contribute a reasonable share, consistent with the Government's use, of the cost of maintaining and operating the landing area; and

(B) pay for damages caused by its use of the landing area if its use of the landing area is substantial.

(7) The State, political subdivision, or tax-supported organization accepting the interest shall release the Government from all liability for damages arising under an agreement that provides for Government use of any part of an airport owned, controlled, or operated by the State, political subdivision, or tax-supported organization on which, adjacent to which, or in connection with which, the property is located.

(8) When a term under this section is not satisfied, any part of the interest in the property reverts to the Government, at the option of the Government, as the property then exists.

§ 47153. Waiving and adding terms

(a) GENERAL AUTHORITY.—(1) The Secretary of Transportation may waive, without charge, a term of a conveyance of an interest in property under this subchapter if the Secretary decides that—

(A) the property no longer serves the purpose for which it was conveyed; or

(B) the waiver will not prevent carrying out the purpose for which the conveyance was made and is necessary to advance the civil aviation interests of the United States.

(2) The Secretary of Transportation shall waive a term under paragraph (1) of this subsection on terms the Secretary considers necessary to protect or advance the civil aviation interests of the United States.

(b) WAIVERS AND INCLUSION OF ADDITIONAL TERMS ON REQUEST.—On request of the Secretary of Transportation or the Secretary of a military department, a department, agency, or instrumentality of the executive branch of the United States Government or a wholly owned Government corporation may waive a term required by section 47152 of this title or add another term if the appropriate Secretary decides it is necessary to protect or advance the interests of the United States in civil aviation or for national defense.

(c) PUBLIC NOTICE BEFORE WAIVER.—Notwithstanding subsections (a) and (b), before the Secretary may waive any term imposed under this section that an interest in land be used for an aeronautical purpose, the Secretary must provide notice to the public not less than 30 days before waiving such term.

SUBCHAPTER I—NOISE ABATEMENT

§ 47501. Definitions

In this subchapter—

(1) “airport” means a public-use airport as defined in section 47102 of this title.

(2) “airport operator” means—

(A) for an airport serving air carriers that have certificates from the Secretary of Transportation, any person holding an airport operating certificate issued under section 44706 of this title; and

(B) for any other airport, the person operating the airport.

§ 47502. Noise measurement and exposure systems and identifying land use compatible with noise exposure

After consultation with the Administrator of the Environmental Protection Agency and United States Government, State, and interstate agencies that the Secretary of Transportation considers appropriate, the Secretary shall by regulation—

(1) establish a single system of measuring noise that—

(A) has a highly reliable relationship between projected noise exposure and surveyed reactions of individuals to noise; and

(B) is applied uniformly in measuring noise at airports and the surrounding area;

(2) establish a single system for determining the exposure of individuals to noise resulting from airport operations, including noise intensity, duration, frequency, and time of occurrence; and

(3) identify land uses normally compatible with various exposures of individuals to noise.

§ 47503. Noise exposure maps

(a) SUBMISSION AND PREPARATION.—An airport operator may submit to the Secretary of Transportation a noise exposure map showing the noncompatible uses in each area of the map on the date the map is submitted, a description of estimated aircraft operations during 1985, and how those operations will affect the map. The map shall—

(1) be prepared in consultation with public agencies and planning authorities in the area surrounding the airport; and

(2) comply with regulations prescribed under section 47502 of this title.

(b) REVISED MAPS.—If a change in the operation of an airport will establish a substantial new noncompatible use in an area surrounding the airport, the airport operator shall submit a revised noise exposure map to the Secretary showing the new noncompatible use.

§ 47504. Noise compatibility programs

(a) SUBMISSIONS.—(1) An airport operator that submitted a noise exposure map and related information under section 47503(a) of this title may submit a noise compatibility program to the Secretary of Transportation after—

(A) consulting with public agencies and planning authorities in the area surrounding the airport, United States Government officials having local responsibility for the airport, and air carriers using the airport; and

(B) notice and an opportunity for a public hearing.

(2) A program submitted under paragraph (1) of this subsection shall state the measures the operator has taken or proposes to take to reduce existing noncompatible uses and prevent introducing additional noncompatible uses in the area covered by the map. The measures may include—

(A) establishing a preferential runway system;

(B) restricting the use of the airport by a type or class of aircraft because of the noise characteristics of the aircraft;

(C) constructing barriers and acoustical shielding and soundproofing public buildings;

(D) using flight procedures to control the operation of aircraft to reduce exposure of individuals to noise in the area surrounding the airport; and

(E) acquiring land, air rights, easements, development rights, and other interests to ensure that the property will be used in ways compatible with airport operations.

(b) APPROVALS.—(1) The Secretary shall approve or disapprove a program submitted under subsection (a) of this section (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) not later than 180 days after receiving it. The Secretary shall approve the program (except as the program is related to flight procedures referred to in subsection (a)(2)(D)) if the program—

(A) does not place an unreasonable burden on interstate or foreign commerce;

(B) is reasonably consistent with achieving the goal of reducing noncompatible uses and preventing the introduction of additional noncompatible uses; and

(C) provides for necessary revisions because of a revised map submitted under section 47503(b) of this title.

(2) A program (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) is deemed to be approved if the Secretary does not act within the 180-day period.

(3) The Secretary shall submit any part of a program related to flight procedures referred to in subsection (a)(2)(D) of this section to the Administrator of the Federal Aviation Administration. The Administrator shall approve or disapprove that part of the program.

(c) GRANTS.—(1) The Secretary may incur obligations to make grants from amounts available under section 48103 of this title to carry out a project under a part of a noise compatibility program approved under subsection (b) of this section. A grant may be made to—

(A) an airport operator submitting the program; and
(B) a unit of local government in the area surrounding the airport, if the Secretary decides the unit is able to carry out the project.

(2)¹ SOUNDPROOFING AND ACQUISITION OF CERTAIN RESIDENTIAL BUILDINGS AND PROPERTIES.—The Secretary may incur obligations to make grants from amounts made available under section 48103 of this title—

(A) for projects to soundproof residential buildings—

(i) if the airport operator received approval for a grant for a project to soundproof residential buildings pursuant to section 301(d)(4)(B) of the Airport and Airway Safety and Capacity Expansion Act of 1987;

(ii) if the airport operator submits updated noise exposure contours, as required by the Secretary; and

(iii) if the Secretary determines that the proposed projects are compatible with the purposes of this chapter;

(B) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to soundproof residential buildings located on residential properties, and to acquire residential properties, at which noise levels are not compatible with normal operations of an airport—

(i) if the airport operator amended an existing local aircraft noise regulation during calendar year 1993 to increase the maximum permitted noise levels for scheduled air carrier aircraft as a direct result of implementation of revised aircraft noise departure procedures mandated for aircraft safety purposes by the Administrator of the Federal Aviation Administration for standardized application at airports served by scheduled air carriers;

(ii) if the airport operator submits updated noise exposure contours, as required by the Secretary; and

(iii) if the Secretary determines that the proposed projects are compatible with the purposes of this chapter;

(C) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to carry out any part of a program developed before February 18, 1980, or before implementing regulations were prescribed, if the Secretary decides the program is substantially consistent with reducing existing noncompatible uses and preventing the introduction of additional noncompatible uses and the purposes of this chapter will be furthered by promptly carrying out the program; and

(D) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to soundproof a building in the noise impact area surrounding the airport that is used primarily for educational or medical purposes and that the Secretary decides is adversely affected by airport noise.

¹ Margin so in law.

(3) An airport operator may agree to make a grant made under paragraph (1)(A) of this subsection available to a public agency in the area surrounding the airport if the Secretary decides the agency is able to carry out the project.

(4) The Government's share of a project for which a grant is made under this subsection is the greater of—

(A) 80 percent of the cost of the project; or

(B) the Government's share that would apply if the amounts available for the project were made available under subchapter I of chapter 471 of this title for a project at the airport.

(5) The provisions of subchapter I of chapter 471 of this title related to grants apply to a grant made under this chapter, except—

(A) section 47109(a) and (b) of this title; and

(B) any provision that the Secretary decides is inconsistent with, or unnecessary to carry out, this chapter.

(6)¹ AIRCRAFT NOISE PRIMARILY CAUSED BY MILITARY AIRCRAFT.—The Secretary may make a grant under this subsection for a project even if the purpose of the project is to mitigate the effect of noise primarily caused by military aircraft at an airport.

(d) GOVERNMENT RELIEF FROM LIABILITY.—The Government is not liable for damages from aviation noise because of action taken under this section.

§ 47505. Airport noise compatibility planning grants

(a) GENERAL AUTHORITY.—The Secretary of Transportation may make a grant to a sponsor of an airport to develop, for planning purposes, information necessary to prepare and submit—

(1) a noise exposure map and related information under section 47503 of this title, including the cost of obtaining the information; or

(2) a noise compatibility program under section 47504 of this title.

(b) AVAILABILITY OF AMOUNTS AND GOVERNMENT'S SHARE OF COSTS.—A grant under subsection (a) of this section may be made from amounts available under section 48103 of this title. The United States Government's share of the grant is the percent for which a project for airport development at an airport would be eligible under section 47109(a) and (b) of this title.

§ 47506. Limitations on recovering damages for noise

(a) GENERAL LIMITATIONS.—A person acquiring an interest in property after February 18, 1980, in an area surrounding an airport for which a noise exposure map has been submitted under section 47503 of this title and having actual or constructive knowledge of the existence of the map may recover damages for noise attributable to the airport only if, in addition to any other elements for recovery of damages, the person shows that—

(1) after acquiring the interest, there was a significant—

(A) change in the type or frequency of aircraft operations at the airport;

¹ Margin so in law.

- (B) change in the airport layout;
 - (C) change in flight patterns; or
 - (D) increase in nighttime operations; and
 - (2) the damages resulted from the change or increase.
- (b) **CONSTRUCTIVE KNOWLEDGE.**—Constructive knowledge of the existence of a map under subsection (a) of this section shall be imputed, at a minimum, to a person if—
- (1) before the person acquired the interest, notice of the existence of the map was published at least 3 times in a newspaper of general circulation in the county in which the property is located; or
 - (2) the person is given a copy of the map when acquiring the interest.

§ 47507. Nonadmissibility of noise exposure map and related information as evidence

No part of a noise exposure map or related information described in section 47503 of this title that is submitted to, or prepared by, the Secretary of Transportation and no part of a list of land uses the Secretary identifies as normally compatible with various exposures of individuals to noise may be admitted into evidence or used for any other purpose in a civil action asking for relief for noise resulting from the operation of an airport.

§ 47508. Noise standards for air carriers and foreign air carriers providing foreign air transportation

(a) **GENERAL REQUIREMENTS.**—The Secretary of Transportation shall require each air carrier and foreign air carrier providing foreign air transportation to comply with noise standards—

(1) the Secretary prescribed for new subsonic aircraft in regulations of the Secretary in effect on January 1, 1977; or

(2) of the International Civil Aviation Organization that are substantially compatible with standards of the Secretary for new subsonic aircraft in regulations of the Secretary at parts 36 and 91 of title 14, Code of Federal Regulations, prescribed between January 2, 1977, and January 1, 1982.

(b) **COMPLIANCE AT PHASED RATE.**—The Secretary shall require each air carrier and foreign air carrier providing foreign air transportation to comply with the noise standards at a phased rate similar to the rate for aircraft registered in the United States.

(c) **NONDISCRIMINATION.**—The requirement for air carriers providing foreign air transportation may not be more stringent than the requirement for foreign air carriers.

§ 47509. Research program on quiet aircraft technology for propeller and rotor driven aircraft

(a) **ESTABLISHMENT.**—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall conduct a study to identify technologies for noise reduction of propeller driven aircraft and rotorcraft.

(b) **GOAL.**—The goal of the study conducted under subsection (a) is to determine the status of research and development now underway in the area of quiet technology for propeller driven aircraft and rotorcraft, including technology that is cost beneficial, and to

determine whether a research program to supplement existing research activities is necessary.

(c) PARTICIPATION.—In conducting the study required under subsection (a), the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall encourage the participation of the Department of Defense, the Department of the Interior, the airtour industry, the aviation industry, academia and other appropriate groups.

(d) REPORT.—Not less than 280 days after August 23, 1994, the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall transmit to Congress a report on the results of the study required under subsection (a).

(e) RESEARCH AND DEVELOPMENT PROGRAM.—If the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration determine that additional research and development is necessary and would substantially contribute to the development of quiet aircraft technology, then the agencies shall conduct an appropriate research program in consultation with the entities listed in subsection (c) to develop safe, effective, and economical noise reduction technology (including technology that can be applied to existing propeller driven aircraft and rotorcraft) that would result in aircraft that operate at substantially reduced levels of noise to reduce the impact of such aircraft and rotorcraft on the resources of national parks and other areas.

§ 47510. Tradeoff allowance

Notwithstanding another law or a regulation prescribed or order issued under that law, the tradeoff provisions contained in appendix C of part 36 of title 14, Code of Federal Regulations, apply in deciding whether an aircraft complies with subpart I of part 91 of title 14.

SUBCHAPTER II—NATIONAL AVIATION NOISE POLICY

§ 47521. Findings

Congress finds that—

(1) aviation noise management is crucial to the continued increase in airport capacity;

(2) community noise concerns have led to uncoordinated and inconsistent restrictions on aviation that could impede the national air transportation system;

(3) a noise policy must be carried out at the national level;

(4) local interest in aviation noise management shall be considered in determining the national interest;

(5) community concerns can be alleviated through the use of new technology aircraft and the use of revenues, including those available from passenger facility fees, for noise management;

(6) revenues controlled by the United States Government can help resolve noise problems and carry with them a responsibility to the national airport system;

(7) revenues derived from a passenger facility fee may be applied to noise management and increased airport capacity; and

(8) a precondition to the establishment and collection of a passenger facility fee is the prescribing by the Secretary of Transportation of a regulation establishing procedures for reviewing airport noise and access restrictions on operations of stage 2 and stage 3 aircraft.

§ 47522. Definitions

In this subchapter—

(1) “air carrier”, “air transportation”, and “United States” have the same meanings given those terms in section 40102(a) of this title.

(2) “stage 3 noise levels” means the stage 3 noise levels in part 36 of title 14, Code of Federal Regulations, in effect on November 5, 1990.

§ 47523. National aviation noise policy

(a) GENERAL REQUIREMENTS.—Not later than July 1, 1991, the Secretary of Transportation shall establish by regulation a national aviation noise policy that considers this subchapter, including the phaseout and nonaddition of stage 2 aircraft as provided in this subchapter and dates for carrying out that policy and reporting requirements consistent with this subchapter and law existing as of November 5, 1990.

(b) DETAILED ECONOMIC ANALYSIS.—The policy shall be based on a detailed economic analysis of the impact of the phaseout date for stage 2 aircraft on competition in the airline industry, including—

(1) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;

(2) the impact of competition in the airline and air cargo industries;

(3) the impact on nonhub and small community air service; and

(4) the impact on new entry into the airline industry.

§ 47524. Airport noise and access restriction review program

(a) GENERAL REQUIREMENTS.—The national aviation noise policy established under section 47523 of this title shall provide for establishing by regulation a national program for reviewing airport noise and access restrictions on the operation of stage 2 and stage 3 aircraft. The program shall provide for adequate public notice and opportunity for comment on the restrictions.

(b) STAGE 2 AIRCRAFT.—Except as provided in subsection (d) of this section, an airport noise or access restriction may include a restriction on the operation of stage 2 aircraft proposed after October 1, 1990, only if the airport operator publishes the proposed restriction and prepares and makes available for public comment at least 180 days before the effective date of the proposed restriction—

(1) an analysis of the anticipated or actual costs and benefits of the existing or proposed restriction;

- (2) a description of alternative restrictions;
- (3) a description of the alternative measures considered that do not involve aircraft restrictions; and
- (4) a comparison of the costs and benefits of the alternative measures to the costs and benefits of the proposed restriction.

(c) STAGE 3 AIRCRAFT.—(1) Except as provided in subsection (d) of this section, an airport noise or access restriction on the operation of stage 3 aircraft not in effect on October 1, 1990, may become effective only if the restriction has been agreed to by the airport proprietor and all aircraft operators or has been submitted to and approved by the Secretary of Transportation after an airport or aircraft operator's request for approval as provided by the program established under this section. Restrictions to which this paragraph applies include—

- (A) a restriction on noise levels generated on either a single event or cumulative basis;
- (B) a restriction on the total number of stage 3 aircraft operations;
- (C) a noise budget or noise allocation program that would include stage 3 aircraft;
- (D) a restriction on hours of operations; and
- (E) any other restriction on stage 3 aircraft.

(2) Not later than 180 days after the Secretary receives an airport or aircraft operator's request for approval of an airport noise or access restriction on the operation of a stage 3 aircraft, the Secretary shall approve or disapprove the restriction. The Secretary may approve the restriction only if the Secretary finds on the basis of substantial evidence that—

- (A) the restriction is reasonable, nonarbitrary, and non-discriminatory;
- (B) the restriction does not create an unreasonable burden on interstate or foreign commerce;
- (C) the restriction is not inconsistent with maintaining the safe and efficient use of the navigable airspace;
- (D) the restriction does not conflict with a law or regulation of the United States;
- (E) an adequate opportunity has been provided for public comment on the restriction; and
- (F) the restriction does not create an unreasonable burden on the national aviation system.

(3) Paragraphs (1) and (2) of this subsection do not apply if the Administrator of the Federal Aviation Administration, before November 5, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign air carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(4) The Secretary may reevaluate an airport noise or access restriction previously agreed to or approved under this subsection on request of an aircraft operator able to demonstrate to the satisfac-

tion of the Secretary that there has been a change in the noise environment of the affected airport that justifies a reevaluation. The Secretary shall establish by regulation procedures for conducting a reevaluation. A reevaluation—

(A) shall be based on the criteria in paragraph (2) of this subsection; and

(B) may be conducted only after 2 years after a decision under paragraph (2) of this subsection has been made.

(d) NONAPPLICATION.—Subsections (b) and (c) of this section do not apply to—

(1) a local action to enforce a negotiated or executed airport noise or access agreement between the airport operator and the aircraft operators in effect on November 5, 1990;

(2) a local action to enforce a negotiated or executed airport noise or access restriction agreed to by the airport operator and the aircraft operators before November 5, 1990;

(3) an intergovernmental agreement including an airport noise or access restriction in effect on November 5, 1990;

(4) a subsequent amendment to an airport noise or access agreement or restriction in effect on November 5, 1990, that does not reduce or limit aircraft operations or affect aircraft safety;

(5)(A) an airport noise or access restriction adopted by an airport operator not later than October 1, 1990, and stayed as of October 1, 1990, by a court order or as a result of litigation, if any part of the restriction is subsequently allowed by a court to take effect; or

(B) a new restriction imposed by an airport operator to replace any part of a restriction described in subclause (A) of this clause that is disallowed by a court, if the new restriction would not prohibit aircraft operations in effect on November 5, 1990; or

(6) a local action that represents the adoption of the final part of a program of a staged airport noise or access restriction if the initial part of the program was adopted during 1988 and was in effect on November 5, 1990.

(e) GRANT LIMITATIONS.—Beginning on the 91st day after the Secretary prescribes a regulation under subsection (a) of this section, a sponsor of a facility operating under an airport noise or access restriction on the operation of stage 3 aircraft that first became effective after October 1, 1990, is eligible for a grant under section 47104 of this title and is eligible to impose a passenger facility fee under section 40117 of this title only if the restriction has been—

(1) agreed to by the airport proprietor and aircraft operators;

(2) approved by the Secretary as required by subsection

(c)(1) of this section; or

(3) rescinded.

§ 47525. Decision about airport noise and access restrictions on certain stage 2 aircraft

The Secretary of Transportation shall conduct a study and decide on the application of section 47524(a)–(d) of this title to airport noise and access restrictions on the operation of stage 2 aircraft

with a maximum weight of not more than 75,000 pounds. In making the decision, the Secretary shall consider—

- (1) noise levels produced by those aircraft relative to other aircraft;
- (2) the benefits to general aviation and the need for efficiency in the national air transportation system;
- (3) the differences in the nature of operations at airports and the areas immediately surrounding the airports;
- (4) international standards and agreements on aircraft noise; and
- (5) other factors the Secretary considers necessary.

§ 47526. Limitations for noncomplying airport noise and access restrictions

Unless the Secretary of Transportation is satisfied that an airport is not imposing an airport noise or access restriction not in compliance with this subchapter, the airport may not—

- (1) receive money under subchapter I of chapter 471 of this title; or
- (2) impose a passenger facility fee under section 40117 of this title.

§ 47527. Liability of the United States Government for noise damages

When a proposed airport noise or access restriction is disapproved under this subchapter, the United States Government shall assume liability for noise damages only to the extent that a taking has occurred as a direct result of the disapproval. The United States Court of Federal Claims has exclusive jurisdiction of a civil action under this section.

§ 47528. Prohibition on operating certain aircraft not complying with stage 3 noise levels

(a) PROHIBITION.—Except as provided in subsection (b) or (f) of this section and section 47530 of this title, a person may operate after December 31, 1999, a civil subsonic turbojet (for which an airworthiness certificate other than an experimental certificate has been issued by the Administrator) with a maximum weight of more than 75,000 pounds to or from an airport in the United States only if the Secretary of Transportation finds that the aircraft complies with the stage 3 noise levels.

(b) WAIVERS.—(1) If, not later than July 1, 1999, at least 85 percent of the aircraft used by an air carrier or foreign air carrier to provide air transportation comply with the stage 3 noise levels, the carrier may apply for a waiver of subsection (a) of this section for the remaining aircraft used by the carrier to provide air transportation. The application must be filed with the Secretary not later than January 1, 1999, or, in the case of a foreign air carrier, the 15th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century and must include a plan with firm orders for making all aircraft used by the carrier to provide air transportation comply with the noise levels not later than December 31, 2003.

(2) The Secretary may grant a waiver under this subsection if the Secretary finds it would be in the public interest. In making

the finding, the Secretary shall consider the effect of granting the waiver on competition in the air carrier industry and on small community air service.

(3) A waiver granted under this subsection may not permit the operation of stage 2 aircraft in the United States after December 31, 2003.

(c) SCHEDULE FOR PHASED-IN COMPLIANCE.—The Secretary shall establish by regulation a schedule for phased-in compliance with subsection (a) of this section. The phase-in period shall begin on November 5, 1990, and end before December 31, 1999. The regulations shall establish interim compliance dates. The schedule for phased-in compliance shall be based on—

(1) a detailed economic analysis of the impact of the phase-out date for stage 2 aircraft on competition in the airline industry, including—

(A) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;

(B) the impact of competition in the airline and air cargo industries;

(C) the impact on nonhub and small community air service; and

(D) the impact on new entry into the airline industry; and

(2) an analysis of the impact of aircraft noise on individuals residing near airports.

(d) ANNUAL REPORT.—Beginning with calendar year 1992—

(1) each air carrier shall submit to the Secretary an annual report on the progress the carrier is making toward complying with the requirements of this section and regulations prescribed under this section; and

(2) the Secretary shall submit to Congress an annual report on the progress being made toward that compliance.

(e) HAWAIIAN OPERATIONS.—(1) In this subsection, “turnaround service” means a flight between places only in Hawaii.

(2)(A) An air carrier or foreign air carrier may not operate in Hawaii, or between a place in Hawaii and a place outside the 48 contiguous States, a greater number of stage 2 aircraft with a maximum weight of more than 75,000 pounds than it operated in Hawaii, or between a place in Hawaii and a place outside the 48 contiguous States, on November 5, 1990.

(B) An air carrier that provided turnaround service in Hawaii on November 5, 1990, using stage 2 aircraft with a maximum weight of more than 75,000 pounds may include in the number of aircraft authorized under subparagraph (A) of this paragraph all stage 2 aircraft with a maximum weight of more than 75,000 pounds that were owned or leased by that carrier on that date, whether or not the aircraft were operated by the carrier on that date.

(3) An air carrier may provide turnaround service in Hawaii using stage 2 aircraft with a maximum weight of more than 75,000 pounds only if the carrier provided the service on November 5, 1990.

(4)¹ An air carrier operating Stage 2 aircraft under this subsection may transport Stage 2 aircraft to or from the 48 contiguous States on a non-revenue basis in order—

(A) to perform maintenance (including major alterations) or preventative maintenance on aircraft operated, or to be operated, within the limitations of paragraph (2)(B); or

(B) conduct operations within the limitations of paragraph (2)(B).

(f)² AIRCRAFT MODIFICATION, DISPOSAL, SCHEDULED HEAVY MAINTENANCE, OR LEASING.—

(1) IN GENERAL.—The Secretary shall permit a person to operate after December 31, 1999, a Stage 2 aircraft in nonrevenue service through the airspace of the United States or to or from an airport in the contiguous 48 States in order to—

(A) sell, lease, or use the aircraft outside the contiguous 48 States;

(B) scrap the aircraft;

(C) obtain modifications to the aircraft to meet Stage 3 noise levels;

(D) perform scheduled heavy maintenance or significant modifications on the aircraft at a maintenance facility located in the contiguous 48 States;

(E) deliver the aircraft to an operator leasing the aircraft from the owner or return the aircraft to the lessor;

(F) prepare or park or store the aircraft in anticipation of any of the activities described in subparagraphs (A) through (E); or

(G) divert the aircraft to an alternative airport in the contiguous 48 States on account of weather, mechanical, fuel, air traffic control, or other safety reasons while conducting a flight in order to perform any of the activities described in subparagraphs (A) through (F).

(2) PROCEDURE TO BE PUBLISHED.—The Secretary shall establish and publish, not later than 30 days after the date of enactment of this Act a procedure to implement paragraph (1) of this subsection through the use of categorical waivers, ferry permits, or other means.

(g) STATUTORY CONSTRUCTION.—Nothing in this section may be construed as interfering with, nullifying, or otherwise affecting determinations made by the Federal Aviation Administration, or to be made by the Administration with respect to applications under part 161 of title 14, Code of Federal Regulations, that were pending on November 1, 1999.

§ 47529. Nonaddition rule

(a) GENERAL LIMITATIONS.—Except as provided in subsection (b) of this section and section 47530 of this title, a person may operate a civil subsonic turbojet aircraft with a maximum weight of

¹ Section 721(b)(2) of P.L. 106–181 (114 Stat. 164) added a paragraph (4) which has been omitted because it is substantially similar to this paragraph, as added by P.L. 106–113 (113 Stat. 1501A–300).

² Section 721(b)(3) of P.L. 106–181 (114 Stat. 164) added a subsection (f) which has been omitted because it is substantially similar to this subsection, as added by P.L. 106–113 (113 Stat. 1501A–300).

more than 75,000 pounds that is imported into the United States after November 4, 1990, only if the aircraft—

- (1) complies with the stage 3 noise levels; or
- (2) was purchased by the person importing the aircraft into the United States under a legally binding contract made before November 5, 1990.

(b) EXEMPTIONS.—The Secretary of Transportation may provide an exemption from subsection (a) of this section to permit a person to obtain modifications to an aircraft to meet the stage 3 noise levels.

(c) AIRCRAFT DEEMED NOT IMPORTED.—In this section, an aircraft is deemed not to have been imported into the United States if the aircraft—

- (1) was owned on November 5, 1990, by—
 - (A) a corporation, trust, or partnership organized under the laws of the United States or a State (including the District of Columbia);
 - (B) an individual who is a citizen of the United States;or
- (C) an entity that is owned or controlled by a corporation, trust, partnership, or individual described in subclause (A) or (B) of this clause; and
- (2) enters the United States not later than 6 months after the expiration of a lease agreement (including any extension) between an owner described in clause (1) of this subsection and a foreign carrier.

§ 47530. Nonapplication of sections 47528(a)–(d) and 47529 to aircraft outside the 48 contiguous States

Sections 47528(a)–(d) and 47529 of this title do not apply to aircraft used only to provide air transportation outside the 48 contiguous States. A civil subsonic turbojet aircraft with a maximum weight of more than 75,000 pounds that is imported into a non-contiguous State or a territory or possession of the United States after November 4, 1990, may be used to provide air transportation in the 48 contiguous States only if the aircraft complies with the stage 3 noise levels.

§ 47531. Penalties for violating sections 47528–47530

A person violating section 47528, 47529, or 47530 of this title or a regulation prescribed under any of those sections is subject to the same civil penalties and procedures under chapter 463 of this title as a person violating section 44701(a) or (b) or any of sections 44702–44716 of this title.

§ 47532. Judicial review

An action taken by the Secretary of Transportation under any of sections 47528–47531 of this title is subject to judicial review as provided under section 46110 of this title.

§ 47533. Relationship to other laws

Except as provided by section 47524 of this title, this subchapter does not affect—

- (1) law in effect on November 5, 1990, on airport noise or access restrictions by local authorities;

(2) any proposed airport noise or access restriction at a general aviation airport if the airport proprietor has formally initiated a regulatory or legislative process before October 2, 1990; or

(3) the authority of the Secretary of Transportation to seek and obtain legal remedies the Secretary considers appropriate, including injunctive relief.

49101. Findings.

49102. Purpose.

49110. Use of Dulles Airport Access Highway.

49111. Relationship to and effect of other laws.

49112. Separability and effect of judicial order.

§ 49101. Findings

Congress finds that—

(1) the 2 federally owned airports in the metropolitan area of the District of Columbia constitute an important and growing part of the commerce, transportation, and economic patterns of Virginia, the District of Columbia, and the surrounding region;

(2) Baltimore/Washington International Airport, owned and operated by Maryland, is an air transportation facility that provides service to the greater Metropolitan Washington region together with the 2 federally owned airports, and timely Federal-aid grants to Baltimore/Washington International Airport will provide additional capacity to meet the growing air traffic needs and to compete with other airports on a fair basis;

(3) the United States Government has a continuing but limited interest in the operation of the 2 federally owned airports, which serve the travel and cargo needs of the entire Metropolitan Washington region as well as the District of Columbia as the national seat of government;

(4) operation of the Metropolitan Washington Airports by an independent local authority will facilitate timely improvements at both airports to meet the growing demand of interstate air transportation occasioned by the Airline Deregulation Act of 1978 (Public Law 95–504; 92 Stat. 1705);

(5) all other major air carrier airports in the United States are operated by public entities at the State, regional, or local level;

(6) any change in status of the 2 airports must take into account the interest of nearby communities, the traveling public, air carriers, general aviation, airport employees, and other

interested groups, as well as the interests of the United States Government and State governments involved;

(7) in recognition of a perceived limited need for a Federal role in the management of these airports and the growing local interest, the Secretary of Transportation has recommended a transfer of authority from the Federal to the local/State level that is consistent with the management of major airports elsewhere in the United States;

(8) an operating authority with representation from local jurisdictions, similar to authorities at all major airports in the United States, will improve communications with local officials and concerned residents regarding noise at the Metropolitan Washington Airports;

(9) a commission of congressional, State, and local officials and aviation representatives has recommended to the Secretary that transfer of the federally owned airports be as a unit to an independent authority to be created by Virginia and the District of Columbia; and

(10) the Federal interest in these airports can be provided through a lease mechanism which provides for local control and operation.

§ 49102. Purpose

(a) GENERAL.—The purpose of this chapter is to authorize the transfer of operating responsibility under long-term lease of the 2 Metropolitan Washington Airport properties as a unit, including access highways and other related facilities, to a properly constituted independent airport authority created by Virginia and the District of Columbia, in order to achieve local control, management, operation, and development of these important transportation assets.

(b) INCLUSION OF BALTIMORE/WASHINGTON INTERNATIONAL AIRPORT NOT PRECLUDED.—This chapter does not prohibit the Airports Authority and Maryland from making an agreement to make Baltimore/Washington International Airport part of a regional airports authority, subject to terms agreed to by the Airports Authority, the Secretary of Transportation, Virginia, the District of Columbia, and Maryland.

§ 49103. Definitions

In this chapter—

(1) “Airports Authority” means the Metropolitan Washington Airports Authority, a public authority created by Virginia and the District of Columbia consistent with the requirements of section 49106 of this title.

(2) “employee” means any permanent Federal Aviation Administration personnel employed by the Metropolitan Washington Airports on June 7, 1987.

(3) “Metropolitan Washington Airports” means Ronald Reagan Washington National Airport and Washington Dulles International Airport.

(4) “Washington Dulles International Airport” means the airport constructed under the Act of September 7, 1950 (ch. 905, 64 Stat. 770), and includes the Dulles Airport Access Highway and Right-of-way, including the extension between Interstate Routes I-495 and I-66.

(5) “Ronald Reagan Washington National Airport” means the airport described in the Act of June 29, 1940 (ch. 444, 54 Stat. 686).

§ 49104. Lease of Metropolitan Washington Airports

(a) GENERAL.—The lease between the Secretary of Transportation and the Metropolitan Washington Airports Authority under section 6005(a) of the Metropolitan Washington Airports Act of 1986 (Public Law 99–500; 100 Stat. 1783–375; Public Law 99–591; 100 Stat. 3341–378), for the Metropolitan Washington Airports must provide during its 50-year term at least the following:

(1) The Airports Authority shall operate, maintain, protect, promote, and develop the Metropolitan Washington Airports as a unit and as primary airports serving the Metropolitan Washington area.

(2)(A) In this paragraph, “airport purposes” means a use of property interests (except a sale) for—

(i) aviation business or activities;

(ii) activities necessary or appropriate to serve passengers or cargo in air commerce; or

(iii) nonprofit, public use facilities that are not inconsistent with the needs of aviation.

(B) During the period of the lease, the real property constituting the Metropolitan Washington Airports shall be used only for airport purposes.

(C) If the Secretary decides that any part of the real property leased to the Airports Authority under this chapter is used for other than airport purposes, the Secretary shall—

(i) direct that the Airports Authority take appropriate measures to have that part of the property be used for airport purposes; and

(ii) retake possession of the property if the Airports Authority fails to have that part of the property be used for airport purposes within a reasonable period of time, as the Secretary decides.

(3) The Airports Authority is subject to section 47107(a)–(c) and (e) of this title and to the assurances and conditions required of grant recipients under the Airport and Airway Improvement Act of 1982 (Public Law 97–248; 96 Stat. 671) as in effect on June 7, 1987. Notwithstanding section 47107(b) of this title, all revenues generated by the Metropolitan Washington Airports shall be expended for the capital and operating costs of the Metropolitan Washington Airports.

(4) In acquiring by contract supplies or services for an amount estimated to be more than \$200,000, or awarding concession contracts, the Airports Authority to the maximum extent practicable shall obtain complete and open competition through the use of published competitive procedures. By a vote of 7 members, the Airports Authority may grant exceptions to the requirements of this paragraph.

(5)(A) Except as provided in subparagraph (B) of this paragraph, all regulations of the Metropolitan Washington Airports (14 CFR part 159) become regulations of the Airports Authority as of June 7, 1987, and remain in effect until modified or

revoked by the Airports Authority under procedures of the Airports Authority.

(B) Sections 159.59(a) and 159.191 of title 14, Code of Federal Regulations, do not become regulations of the Airports Authority.

(C) The Airports Authority may not increase or decrease the number of instrument flight rule takeoffs and landings authorized by the High Density Rule (14 CFR 93.121 et seq.) at Ronald Reagan Washington National Airport on October 18, 1986, and may not impose a limitation on the number of passengers taking off or landing at Ronald Reagan Washington National Airport.

(6)(A) Except as specified in subparagraph (B) of this paragraph, the Airports Authority shall assume all rights, liabilities, and obligations of the Metropolitan Washington Airports on June 7, 1987, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, accounts payable, and litigation related to those rights and obligations, regardless whether judgment has been entered, damages awarded, or appeal taken. The Airports Authority must cooperate in allowing representatives of the Attorney General and the Secretary adequate access to employees and records when needed for the performance of duties and powers related to the period before June 7, 1987. The Airports Authority shall assume responsibility for the Federal Aviation Administration's Master Plans for the Metropolitan Washington Airports.

(B) The procedure for disputes resolution contained in any contract entered into on behalf of the United States Government before June 7, 1987, continues to govern the performance of the contract unless otherwise agreed to by the parties to the contract. Claims for monetary damages founded in tort, by or against the Government as the owner and operator of the Metropolitan Washington Airports, arising before June 7, 1987, shall be adjudicated as if the lease had not been entered into.

(C) The Administration is responsible for reimbursing the Employees' Compensation Fund, as provided in section 8147 of title 5, for compensation paid or payable after June 7, 1987, in accordance with chapter 81 of title 5 for any injury, disability, or death due to events arising before June 7, 1987, whether or not a claim was filed or was final on that date.

(D) The Airports Authority shall continue all collective bargaining rights enjoyed by employees of the Metropolitan Washington Airports before June 7, 1987.

(7) The Comptroller General may conduct periodic audits of the activities and transactions of the Airports Authority in accordance with generally accepted management principles, and under regulations the Comptroller General may prescribe. An audit shall be conducted where the Comptroller General considers it appropriate. All records and property of the Airports Authority shall remain in possession and custody of the Airports Authority.

(8) The Airports Authority shall develop a code of ethics and financial disclosure to ensure the integrity of all decisions made by its board of directors and employees. The code shall include standards by which members of the board will decide,

for purposes of section 49106(d) of this title, what constitutes a substantial financial interest and the circumstances under which an exception to the conflict of interest prohibition may be granted.

(9) A landing fee imposed for operating an aircraft or revenues derived from parking automobiles—

(A) at Washington Dulles International Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Ronald Reagan Washington National Airport; and

(B) at Ronald Reagan Washington National Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Washington Dulles International Airport.

(10) The Airports Authority shall compute the fees and charges for landing general aviation aircraft at the Metropolitan Washington Airports on the same basis as the landing fees for air carrier aircraft, except that the Airports Authority may require a minimum landing fee that is not more than the landing fee for aircraft weighing 12,500 pounds.

(11) The Secretary shall include other terms applicable to the parties to the lease that are consistent with, and carry out, this chapter.

(b) PAYMENTS.—Under the lease, the Airports Authority must pay to the general fund of the Treasury annually an amount, computed using the GNP Price Deflator, equal to \$3,000,000 in 1987 dollars. The Secretary and the Airports Authority may renegotiate the level of lease payments attributable to inflation costs every 10 years.

(c) ENFORCEMENT OF LEASE PROVISIONS.—The district courts of the United States have jurisdiction to compel the Airports Authority and its officers and employees to comply with the terms of the lease. The Attorney General or an aggrieved party may bring an action on behalf of the Government.

(d) EXTENSION OF LEASE.—The Secretary and the Airports Authority may at any time negotiate an extension of the lease.

§ 49105. Capital improvements, construction, and rehabilitation

(a) SENSE OF CONGRESS.—It is the sense of Congress that the Metropolitan Washington Airports Authority—

(1) should pursue the improvement, construction, and rehabilitation of the facilities at Washington Dulles International Airport and Ronald Reagan Washington National Airport simultaneously; and

(b) SECRETARY'S ASSISTANCE.—The Secretary shall assist the 3 airports serving the District of Columbia metropolitan area in planning for operational and capital improvements at those airports and shall accelerate consideration of applications for United States

Government financial assistance by whichever of the 3 airports is most in need of increasing airside capacity.

§ 49106. Metropolitan Washington Airports Authority

(a) STATUS.—The Metropolitan Washington Airports Authority shall be—

(1) a public body corporate and politic with the powers and jurisdiction—

(A) conferred upon it jointly by the legislative authority of Virginia and the District of Columbia or by either of them and concurred in by the legislative authority of the other jurisdiction; and

(B) that at least meet the specifications of this section and section 49108 of this title;

(2) independent of Virginia and its local governments, the District of Columbia, and the United States Government; and

(1) by helicopter, or

OTHER SANCTIONS AGAINST, UNCOOPERATIVE
MAJOR DRUG PRODUCING OR DRUG-TRANSIT
COUNTRIES**

SEC. 801. SHORT TITLE.

This title may be cited as the “Narcotics Control Trade Act”.
[19 U.S.C. 2491]

**SEC. 802. TARIFF TREATMENT OF PRODUCTS OF UNCOOPERATIVE
MAJOR DRUG PRODUCING OR DRUG-TRANSIT COUNTRIES.**

(a) **REQUIRED ACTION BY PRESIDENT.**—Subject to subsection (b), for every major drug producing country and every major drug-transit country, the President shall, on or after March 1, 1987, and March 1 of each succeeding year, to the extent considered necessary by the President to achieve the purposes of this title—

(1) deny to any or all of the products of that country tariff treatment under the Generalized System of Preferences, the Caribbean Basin Economic Recovery Act, or any other law providing preferential tariff treatment.

(2) apply to any or all of the dutiable products of that country an additional duty at a rate not to exceed 50 percent ad valorem or the specific rate equivalent;

(3) apply to one or more duty-free products of that country a duty at a rate not to exceed 50 percent a valorem;

(4) take the steps described in subsection (d)(1) or (d)(2), or both, to curtail air transportation between the United States and that country;

(5) withdraw the personnel and resources of the United States from participation in any arrangement with that country for the pre-clearance of customs by visitors between the United States and that country; or

(6) take any combination of the actions described in paragraphs (1) through (5).

(b)(1)(A) Subject to paragraph (3), subsection (a) shall not apply with respect to a country if the President determines and certifies to the Congress, at the time of the submission of the report required by section 489 of the Foreign Assistance Act of 1961 (22 U.S.C. 2291h), that—

(i) during the previous year the country has cooperated fully with the United States, or has taken adequate steps on its own—

(I) in satisfying the goals agreed to in an applicable bilateral narcotics agreement with the United States (as

described in paragraph (B)) or a multilateral agreement which achieves the objectives of paragraph (B),

(II) in preventing narcotic and psychotropic drugs and other controlled substances produced or processed, in whole or in part, in such country or transported through such country, from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents or from being transported, directly or indirectly, into the United States,

(III) in preventing and punishing the laundering in that country of drug-related profits or drug-related moneys, and

(IV) in preventing and punishing bribery and other forms of public corruption which facilitate the illicit production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or which discourage the investigation and prosecution of such acts; or

(ii) for a country that would not otherwise qualify for certification under clause (i), the vital national interests of the United States require that subsection (a) not be applied with respect to that country.

(B) A bilateral narcotics agreement referred to in subparagraph (A)(i)(I) is an agreement between the United States and a foreign country in which the foreign country agrees to take specific activities, including, where applicable, efforts to—

(i) reduce drug production, drug consumption, and drug trafficking within its territory, including activities to address illicit crop eradication and crop substitution;

(ii) increase drug interdiction and enforcement;

(iii) increase drug education and treatment programs;

(iv) increase the identification of and elimination of illicit drug laboratories;

(v) increase the identification and elimination of the trafficking of essential precursor chemicals for the use in production of illegal drugs;

(vi) increase cooperation with United States drug enforcement officials; and

(vii) where applicable, increase participation in extradition treaties, mutual legal assistance provisions directed at money laundering, sharing of evidence, and other initiatives for cooperative drug enforcement.

(C) A country which in the previous year was designated as a major drug producing country or a major drug-transit country may not be determined to be cooperating fully under subparagraph (A)(i) unless it has in place a bilateral narcotics agreement with the United States or a multilateral agreement which achieves the objectives of subparagraph (B).

(D) If the President makes a certification with respect to a country pursuant to subparagraph (A)(ii), he shall include in such certification—

(i) a full and complete description of the vital national interests placed at risk if action is taken pursuant to subsection (a) with respect to that country; and

(ii) a statement weighing the risk described in clause (i) against the risks posed to the vital national interests of the United States by the failure of such country to cooperate fully

with the United States in combating narcotics or to take adequate steps to combat narcotics on its own.

(E) The President may make a certification under subparagraph (A)(i) with respect to a major drug producing country or drug-transit country which is also a producer of licit opium only if the President determines that such country has taken steps to prevent significant diversion of its licit cultivation and production into the illicit market, maintains production and stockpiles at levels no higher than those consistent with licit market demand, and prevents illicit cultivation and production.

(2) In determining whether to make the certification required by paragraph (1) with respect to a country, the President shall consider the following:

(A) Have the actions of the government of that country resulted in the maximum reductions in illicit drug production which were determined to be achievable pursuant to section 481(e)(4) of the Foreign Assistance Act of 1961. In the case of a major drug producing country, the President shall give foremost consideration, in determining whether to make the certification required by paragraph (1), to whether the government of that country has taken actions which have resulted in such reductions.

(B) Has that government taken the legal and law enforcement measures to enforce in its territory, to the maximum extent possible, the elimination of illicit cultivation and the suppression of illicit manufacturing of and trafficking in narcotic and psychotropic drugs and other controlled substances, as evidenced by seizures of such drugs and substances and of illicit laboratories and the arrest and prosecution of violators involved in the traffic in such drugs and substances significantly affecting the United States.

(C) Has that government taken the legal and law enforcement steps necessary to eliminate, to the maximum extent possible, the laundering in that country of drug-related profits or drug-related moneys, as evidenced by—

(i) the enactment and enforcement by that government of laws prohibiting such conduct,

(ii) that government entering into, and cooperating under the terms of, mutual legal assistance agreements with the United States governing (but not limited to) money laundering, and

(iii) the degree to which that government otherwise cooperates with United States law enforcement authorities on anti-money laundering efforts.

(D) Has that government taken the legal and law enforcement steps necessary to eliminate, to the maximum extent possible, bribery and other forms of public corruption which facilitate the illicit production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or which discourage the investigation and prosecution of such acts, as evidenced by the enactment and enforcement of laws prohibiting such conduct.

(E) Has that government, as a matter of government policy, encouraged or facilitated the production or distribution of illicit

narcotic and psychotropic drugs and other controlled substances.

(F) Does any senior official of that government engage in, encourage, or facilitate the production or distribution of illicit narcotic and psychotropic drugs and other controlled substances.

(G) Has that government investigated aggressively all cases in which any member of an agency of the United States Government engaged in drug enforcement activities since January 1, 1985, has been the victim of acts or threats of violence, inflicted by or with the complicity of any law enforcement or other officer of such country or any political subdivision thereof, and has energetically sought to bring the perpetrators of such offense or offenses to justice.

(H) Having been requested to do so by the United States Government, does that government fail to provide reasonable cooperation to lawful activities of United States drug enforcement agents, including the refusal of permission to such agents engaged in interdiction of aerial smuggling into the United States to pursue suspected aerial smugglers a reasonable distance into the airspace of the requested country.

(I) Has that government made necessary changes in legal codes in order to enable law enforcement officials to move more effectively against narcotics traffickers, such as new conspiracy laws and new asset seizure laws.

(J) Has that government expeditiously processed United States extradition requests relating to narcotics trafficking.

(K) Has that government refused to protect or give haven to any known drug traffickers, and has it expeditiously processed extradition requests relating to narcotics trafficking made by other countries.

(3) Subsection (a) shall apply to a country without regard to paragraph (1) of this subsection if the Congress enacts, within 45 days of continuous session after receipt of a certification under paragraph (1), a joint resolution disapproving the determination of the President contained in that certification.

(4) If the President takes action under subsection (a), that action shall remain in effect until—

(A) the President makes the certification under paragraph (1), a period of 45 days of continuous session of Congress elapses, and during that period the Congress does not enact a joint resolution of disapproval; or

(B) the President submits at any other time a certification of the matters described in paragraph (1) with respect to that country, a period of 45 days of continuous session of Congress elapses, and during that period the Congress does not enact a joint resolution of disapproving the determination contained in that certification.

(5) For the purpose of expediting the consideration and enactment of joint resolutions under paragraphs (3) and (4)—

(A) a motion to proceed to the consideration of any such joint resolution after it has been reported by the Committee on Ways and Means shall be treated as highly privileged in the House of Representatives; and

(B) a motion to proceed to the consideration of any such joint resolution after it has been reported by the Committee on Finance shall be treated as privileged in the Senate.

(c) DURATION OF ACTION.—The action taken by the President under paragraph (1), (2), or (3) of subsection (a) shall apply to the products of a foreign country that are entered, or withdrawn from warehouse for consumption, during the period that such action is in effect.

(d) PRESIDENTIAL ACTION REGARDING AVIATION.—

(1)(A) The President is authorized to notify the government of a country against which is imposed the sanction described in subsection (a)(4) of his intention to suspend the authority of foreign air carriers owned or controlled by the government or nationals of that country to engage in foreign air transportation to or from the United States.

(B) Within 10 days after the date of notification of a government under subparagraph (A), the Secretary of Transportation shall take all steps necessary to suspend at the earliest possible date the authority of any foreign air carrier owned or controlled, directly or indirectly, by the government or nationals of that country to engage in foreign air transportation to or from the United States, notwithstanding any agreement relating to air services.

(C) The President may also direct the Secretary of Transportation to take such steps as may be necessary to suspend the authority of any air carrier to engage in foreign air transportation between the United States and that country.

(2)(A) The President may direct the Secretary of State to terminate any air service agreement between the United States and a country against which the sanction described in subsection (a)(4) is imposed in accordance with the provisions of that agreement.

(B) Upon termination of an agreement under this paragraph, the Secretary of Transportation shall take such steps as may be necessary to revoke at the earliest possible date the right of any foreign air carrier owned, or controlled, directly or indirectly, by the government or nationals of that country to engage in foreign air transportation to or from the United States.

(C) Upon termination of an agreement under this paragraph, the Secretary of Transportation may also revoke the authority of any air carrier to engage in foreign air transportation between the United States and that country.

(3) The Secretary of Transportation may provide for such exceptions from paragraphs (1) and (2) as the Secretary considers necessary to provide for emergencies in which the safety of an aircraft or its crew or passengers is threatened.

(4) For purposes of this subsection, the terms “air transportation”, “air carrier”, “foreign air carrier” and “foreign air transportation” have the meanings such terms have under section 101 of the Federal Aviation Act of 1958 (49 U.S.C. App. 1301).

(e) For each calendar year, the Secretary of State, after consultation with the appropriate committees of the Congress, shall establish numerical standards and other guidelines for determining

which countries will be considered to be major drug-transit countries under section 805(3)(A) and (B).

(45 U.S.C. 151)

GENERAL PURPOSES

SEC. 2. The purposes of the Act are: (1) To avoid any interruption to commerce or to the operation of any carrier engaged therein; (2) to forbid any limitation upon freedom of association among employees or any denial, as a condition of employment or otherwise, of the right of employees to join a labor organization; (3) to provide for the complete independence of carriers and of employees in the matter of self-organization to carry out the purposes of this Act; (4) to provide for the prompt and orderly settlement of all disputes concerning rates of pay, rules, or working conditions; (5) to provide for the prompt and orderly settlement of all disputes growing out of grievances or out of the interpretation or application of agreements covering rates of pay, rules, or working conditions.

(45 U.S.C. 151a)

GENERAL DUTIES

First. It shall be the duty of all carriers, their officers, agents, and employees to exert every reasonable effort to make and maintain agreements concerning rates of pay, rules, and working condi-

tions, and to settle all disputes, whether arising out of the application of such agreements or otherwise, in order to avoid any interruption to commerce or to the operation of any carrier growing out of any dispute between the carrier and the employees thereof:

Second. All disputes between a carrier or carriers and its or their employees shall be considered, and, if possible, decided, with all expedition, in conference between representatives designated and authorized so to confer, respectively, by the carrier or carriers and by the employees thereof interested in the dispute.

Third. Representatives, for the purposes of this Act, shall be designated by the respective parties without interference, influence, or coercion by either party over the designation of representatives by the other; and neither party shall in any way interfere with, influence, or coerce the other in its choice of representatives. Representatives of employees for the purposes of this Act need not be persons in the employ of the carrier, and no carrier shall, by interference, influence, or coercion seek in any manner to prevent the designation by its employees as their representatives of those who or which are not employees of the carrier.

Fourth. Employees shall have the right to organize and bargain collectively through representatives of their own choosing. The majority of any craft or class of employees shall have the right to determine who shall be the representative of the craft or class for the purposes of this Act. No carrier, its officers or agents, shall deny or in any way question the right of its employees to join, organize, or assist in organizing the labor organization of their choice, and it shall be unlawful for any carrier to interfere in any way with the organization of its employees, or to use the funds of the carrier in maintaining or assisting or contributing to any labor organization, labor representative, or other agency of collective bargaining, or in performing any work therefor, or to influence or coerce employees in an effort to induce them to join or remain or not to join or remain members of any labor organization, or to deduct from the wages of employees any dues, fees, assessments, or other contributions payable to labor organizations, or to collect or to assist in the collection of any such dues, fees, assessments, or other contributions: *Provided*, That nothing in this Act shall be construed to prohibit a carrier from permitting an employee, individually, or local representatives of employees from conferring with management during working hours without loss of time, or to prohibit a carrier from furnishing free transportation to its employees while engaged in the business of a labor organization.

Fifth. No carrier, its officers, or agents shall require any person seeking employment to sign any contract or agreement promising to join or not to join a labor organization; and if any such contract has been enforced prior to the effective date of this Act, then such carrier shall notify the employees by an appropriate order that such contract has been discarded and is no longer binding on them in any way.

Sixth. In case of a dispute between a carrier or carriers and its or their employees, arising out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions, it shall be the duty of the designated representative or representatives of such carrier or carriers and of such employees, within ten days after the receipt of notice of a de-

sire on the part of either party to confer in respect to such dispute, to specify a time and place at which such conference shall be held: *Provided*, (1) That the place so specified shall be situated upon the line of the carrier involved or as otherwise mutually agreed upon; and (2) that the time so specified shall allow the designated conferees reasonable opportunity to reach such place of conference, but shall not exceed twenty days from the receipt of such notice: *And provided further*, That nothing in this Act shall be construed to supersede the provisions of any agreement (as to conferences) then in effect between the parties.

Seventh. No carrier, its officers or agents shall change the rates of pay, rules, or working conditions of its employees, as a class as embodied in agreements except in the manner prescribed in such agreements or in section 6 of this Act.

Eighth. Every carrier shall notify its employees by printed notices in such form and posted at such times and places as shall be specified by the Mediation Board that all disputes between the carrier and its employees will be handled in accordance with the requirements of this Act, and in such notices there shall be printed verbatim, in large type, the third, fourth, and fifth paragraphs of this section. The provisions of said paragraphs are hereby made a part of the contract of employment between the carrier and each employee, and shall be held binding upon the parties, regardless of any other express or implied agreements between them.

Ninth. If any dispute shall arise among a carrier's employees as to who are the representatives of such employees designated and authorized in accordance with the requirements of this Act, it shall be the duty of the Mediation Board, upon request of either party to the dispute, to investigate such dispute and to certify to both parties, in writing, within thirty days after the receipt of the invocation of its services, the name or names of the individuals or organizations that have been designated and authorized to represent the employees involved in the dispute, and certify the same to the carrier. Upon receipt of such certification the carrier shall treat with the representative so certified as the representative of the craft or class for the purposes of this Act. In such an investigation, the Mediation Board shall be authorized to take a secret ballot of the employees involved, or to utilize any other appropriate method of ascertaining the names of their duly designated and authorized representatives in such manner as shall insure the choice of representatives by the employees without interference, influence, or coercion exercised by the carrier. In the conduct of any election for the purposes herein indicated the Board shall designate who may participate in the election and establish the rules to govern the election, or may appoint a committee of three neutral persons who after hearing shall within ten days designate the employees who may participate in the election. The Board shall have access to and have power to make copies of the books and records of the carriers to obtain and utilize such information as may be deemed necessary by it to carry out the purposes and provisions of this paragraph.

Tenth. The willful failure or refusal of any carrier, its officers or agents to comply with the terms of the third, fourth, fifth, seventh, or eighth paragraph of this section shall be a misdemeanor, and upon conviction thereof the carrier, officer, or agent offending shall be subject to a fine of not less than \$1,000 nor more than

\$20,000 or imprisonment for not more than six months, or both fine and imprisonment, for each offense, and each day during which such carrier, officer, or agent shall willfully fail or refuse to comply with the terms of the said paragraphs of this section shall constitute a separate offense. It shall be the duty of any district attorney of the United States to whom any duly designated representative of a carriers' employees may apply to institute in the proper court and to prosecute under the direction of the Attorney General of the United States, all necessary proceedings for the enforcement of the provisions of this section, and for the punishment of all violations thereof and the costs and expenses of such prosecution shall be paid out of the appropriation for the expenses of the courts of the United States: *Provided*, That nothing in this Act shall be construed to require an individual employee to render labor or service without his consent, nor shall anything in this Act be construed to make the quitting of his labor by an individual employee an illegal act; nor shall any court issue any process to compel the performance by an individual employee of such labor or service, without his consent.

Eleventh. Notwithstanding any other provisions of this Act, or of any other statute or law of the United States, or Territory thereof, or of any State, any carrier or carriers as defined in this Act and a labor organization or labor organizations duly designated and authorized to represent employees in accordance with the requirements of this Act shall be permitted—

(a) to make agreements, requiring, as a condition of continued employment, that within sixty days following the beginning of such employment, or the effective date of such agreements, whichever is the later, all employees shall become members of the labor organization representing their craft or class: *Provided*, That no such agreement shall require such condition of employment with respect to employees to whom membership is not available upon the same terms and conditions as are generally applicable to any other member or with respect to employees to whom membership was denied or terminated for any reason other than the failure of the employee to tender the periodic dues, initiation fees, and assessments (not including fines and penalties) uniformly required as a condition of acquiring or retaining membership.

(b) to make agreements providing for the deduction by such carrier or carriers from the wages of its or their employees in a craft or class and payment to the labor organization representing the craft or class of such employees, of any periodic dues, initiation fees, and assessments (not including fines and penalties) uniformly required as a condition of acquiring or retaining membership: *Provided*, That no such agreement shall be effective with respect to any individual employee until he shall have furnished the employer with a written assignment to the labor organization of such membership dues, initiation fees, and assessments, which shall be revocable in writing after the expiration of one year or upon the termination date of the applicable collective agreement, whichever occurs sooner.

(c) The requirement of membership in a labor organization in an agreement made pursuant to subparagraph (a) shall be satisfied, as to both a present or future employee in engine, train, yard, or hostling service, that is, an employee engaged in any of the serv-

ices or capacities covered in section 3, First (h) of this Act defining the jurisdictional scope of the First Division of the National Railroad Adjustment Board, if said employee shall hold or acquire membership in any one of the labor organizations, national in scope, organized in accordance with this Act and admitting to membership employees of a craft or class in any of said services; and no agreement made pursuant to subparagraph (b) shall provide for deductions from his wages for periodic dues, initiation fees, or assessments payable to any labor organization other than that in which he holds membership: *Provided, however*, That as to an employee in any of said services on a particular carrier at the effective date of any such agreement on a carrier, who is not a member of any one of the labor organizations, national in scope, organized in accordance with this Act and admitting to membership employees of a craft or class in any of said services, such employee, as a condition of continuing his employment, may be required to become a member of the organization representing the craft in which he is employed on the effective date of the first agreement applicable to him: *Provided, further*, That nothing herein or in any such agreement or agreements shall prevent an employee from changing membership from one organization to another organization admitting to membership employees of a craft or class in any of said services.

(d) Any provisions in paragraphs Fourth and Fifth of section 2 of this Act in conflict herewith are to the extent of such conflict amended.

(45 U.S.C. 152)

NATIONAL BOARD OF ADJUSTMENT—GRIEVANCES—INTERPRETATION
OF AGREEMENTS

SEC. 3. First. There is hereby established a Board, to be known as the "National Railroad Adjustment Board", the members of which shall be selected within thirty days after approval of this Act, and it is hereby provided—

(a) That the said Adjustment Board shall consist of thirty-four members, seventeen of whom shall be selected by the carriers and seventeen by such labor organizations of the employees, national in scope, as have been or may be organized in accordance with the provisions of section 2 of this Act.

(b) The carriers, acting each through its board of directors or its receiver or receivers, trustee or trustees or through an officer or officers designated for that purpose by such board, trustee or trustees or receiver or receivers, shall prescribe the rules under which its representatives shall be selected and shall select the representatives of the carriers on the Adjustment Board and designate the division on which each such representative shall serve, but no carrier or system of carriers shall have more than one voting representative on any division of the Board.

(c) Except as provided in the second paragraph of subsection (h) of this section, the national labor organizations, as defined in paragraph (a) of this section, acting each through the chief executive or other medium designated by the organization or association thereof, shall prescribe the rules under which the labor members of the Adjustment Board shall be selected and shall select such

members and designate the division on which each member shall serve; but no labor organization shall have more than one voting representative on any division of the Board.

(d) In case of a permanent or temporary vacancy on the Adjustment Board, the vacancy shall be filled by selection in the same manner as in the original selection.

(e) If either the carriers or the labor organizations of the employees fail to select and designate representatives to the Adjustment Board, as provided in paragraphs (b) and (c) of this section, respectively, within sixty days after the passage of this Act, in case of any original appointment to office of a member of the Adjustment Board, or in a case of a vacancy in any such office within thirty days after such vacancy occurs, the Mediation Board shall thereupon directly make the appointment and shall select an individual associated in interest with the carriers or the group of labor organizations of employees, whichever he is to represent.

(f) In the event a dispute arises as to the right of any national labor organization to participate as per paragraph (c) of this section in the selection and designation of the labor members of the Adjustment Board, the Secretary of Labor shall investigate the claim of such labor organization to participate, and if such claim in the judgment of the Secretary of Labor has merit, the Secretary shall notify the Mediation Board accordingly, and within ten days after receipt of such advice the Mediation Board shall request those national labor organizations duly qualified as per paragraph (c) of this section to participate in the selection and designation of the labor members of the Adjustment Board to select a representative. Such representative, together with a representative likewise designated by the claimant, and a third or neutral party designated by the Mediation Board, constituting a board of three, shall within thirty days after the appointment of the neutral member, investigate the claims of the labor organization desiring participation and decide whether or not it was organized in accordance with section 2 hereof and is otherwise properly qualified to participate in the selection of the labor members of the Adjustment Board, and the findings of such boards of three shall be final and binding.

(g) Each member of the Adjustment Board shall be compensated by the party or parties he is to represent. Each third or neutral party selected under the provisions of (f) of this section shall receive from the Mediation Board such compensation as the Mediation Board may fix, together with his necessary traveling expenses and expenses actually incurred for subsistence, or per diem allowance in lieu thereof, subject to the provisions of law applicable thereto, while serving as such third or neutral party.

(h) The said Adjustment Board shall be composed of four divisions, whose proceedings shall be independent of one another, and the said divisions as well as the number of their members shall be as follows:

First division: To have jurisdiction over disputes involving train- and yard-service employees of carriers; that is, engineers, firemen, hostlers, and outside hostler helpers, conductors, trainmen, and yard-service employees. This division shall consist of eight members, four of whom shall be selected and designated by the carriers and four of whom shall be selected and designated by the labor organizations, national in scope and organized in accord-

ance with section 2 hereof and which represent employees in engine, train, yard, or hostling service: *Provided, however,* That each labor organization shall select and designate two members on the First Division and that no labor organization shall have more than one vote in any proceedings of the First Division or in the adoption of any award with respect to any dispute submitted to the First Division: *Provided further, however,* That the carrier members of the First Division shall cast no more than two votes in any proceedings of the division or in the adoption of any award with respect to any dispute submitted to the First Division.

Second division: To have jurisdiction over disputes involving machinists, boilermakers, blacksmiths, sheet-metal workers, electrical workers, car men, the helpers and apprentices of all the foregoing, coach cleaners, power-house employees, and railroad-shop laborers. This division shall consist of ten members, five of whom shall be selected by the carriers and five by the national labor organizations of the employees.

Third division: To have jurisdiction over disputes involving station, tower, and telegraph employees, train dispatchers, maintenance-of-way men, clerical employees, freight handlers, express, station, and store employees, signal men, sleeping-car conductors, sleeping-car porters, and maids and dining-car employees. This division shall consist of ten members, five of whom shall be selected by the carriers and five by the national labor organizations of employees.

Fourth division: To have jurisdiction over disputes involving employees of carriers directly or indirectly engaged in transportation of passengers or property by water, and all other employees of carriers over which jurisdiction is not given to the first, second, and third divisions. This division shall consist of six members, three of whom shall be selected by the carriers and three by the national labor organizations of the employees.

(i) The disputes between an employee or group of employees and a carrier or carriers growing out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions, including cases pending and unadjusted on the date of approval of this Act, shall be handled in the usual manner up to and including the chief operating officer of the carrier designated to handle such disputes; but, failing to reach an adjustment in this manner, the disputes may be referred by petition of the parties or by either party to the appropriate division of the Adjustment Board with a full statement of the facts and all supporting data bearing upon the disputes.

(j) Parties may be heard either in person, by counsel, or by other representatives, as they may respectively elect, and the several divisions of the Adjustment Board shall give due notice of all hearings to the employee or employees and the carrier or carriers involved in any disputes submitted to them.

(k) Any division of the Adjustment Board shall have authority to empower two or more of its members to conduct hearings and make findings upon disputes, when properly submitted, at any place designated by the division: *Provided, however,* That except as provided in paragraph (h) of this section, final awards as to any such dispute must be made by the entire division as hereinafter provided.

(l) Upon failure of any division to agree upon an award because of a deadlock or inability to secure a majority vote of the division members, as provided in paragraph (n) of this section, then such division shall forthwith agree upon and select a neutral person, to be known as "referee", to sit with the division as a member thereof and make an award. Should the division fail to agree upon and select a referee within ten days of the date of the deadlock or inability to secure a majority vote, then the division, or any member thereof, or the parties or either party to the dispute may certify that fact to the Mediation Board, which Board shall, within ten days from the date of receiving such certificate, select and name the referee to sit with the division as a member thereof and make an award. The Mediation Board shall be bound by the same provisions in the appointment of these neutral referees as are provided elsewhere in this Act for the appointment of arbitrators and shall fix and pay the compensation of such referees.

(m) The awards of the several divisions of the Adjustment Board shall be stated in writing. A copy of the awards shall be furnished to the respective parties to the controversy, and the awards shall be final and binding upon both parties to the dispute. In case a dispute arises involving an interpretation of the award the division of the Board upon request of either party shall interpret the award in the light of the dispute.

(n) A majority vote of all members of the division of the Adjustment Board eligible to vote shall be competent to make an award with respect to any dispute submitted to it.

(o) In case of an award by any division of the Adjustment Board in favor of petitioner, the division of the Board shall make an order, directed to the carrier, to make the award effective and, if the award includes a requirement for the payment of money, to pay the employee the sum to which he is entitled under the award on or before a day named. In the event any division determines that an award favorable to the petitioner should not be made in any dispute referred to it, the division shall make an order to the petitioner stating such determination.

(p) If a carrier does not comply with an order of a division of the Adjustment Board within the time limit in such order, the petitioner, or any person for whose benefit such order was made, may file in the District Court of the United States for the district in which he resides or in which is located the principal operating office of the carrier, or through which the carrier operates, a petition setting forth briefly the causes for which he claims relief, and the order of the division of the Adjustment Board in the premises. Such suit in the District Court of the United States shall proceed in all respects as other civil suits, except that on the trial of such suit the findings and order of the division of the Adjustment Board shall be conclusive on the parties, and except that the petitioner shall not be liable for costs in the district court nor for costs at any subsequent stage of the proceedings, unless they accrue upon his appeal, and such costs shall be paid out of the appropriation for the expenses of the courts of the United States. If the petitioner shall finally prevail he shall be allowed a reasonable attorney's fee, to be taxed and collected as a part of the costs of the suit. The district courts are empowered, under the rules of the court governing actions at law, to make such order and enter such judgment, by writ

of mandamus or otherwise, as may be appropriate to enforce or set aside the order of the division of the Adjustment Board: *Provided, however,* That such order may not be set aside except for failure of the division to comply with the requirements of this Act, for failure of the order to conform, or confine itself, to matters within the scope of the division's jurisdiction, or for fraud or corruption by a member of the division making the order.

(q) If any employee or group of employees, or any carrier, is aggrieved by the failure of any division of the Adjustment Board to make an award in a dispute referred to it, or is aggrieved by any of the terms of an award or by the failure of the division to include certain terms in such award, then such employee or group of employees or carrier may file in any United States district court in which a petition under paragraph (p) could be filed, a petition for review of the division's order. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Adjustment Board. The Adjustment Board shall file in the court the record of the proceedings on which it based its action. The court shall have jurisdiction to affirm the order of the division or to set it aside, in whole or in part, or it may remand the proceeding to the division for such further action as it may direct. On such review, the findings and order of the division shall be conclusive on the parties, except that the order of the division may be set aside, in whole or in part, or remanded to the division, for failure of the division to comply with the requirements of this Act, for failure of the order to conform, or confine itself, to matters within the scope of the division's jurisdiction, or for fraud or corruption by a member of the division making the order. The judgment of the court shall be subject to review as provided in sections 1291 and 1254 of title 28, United States Code.

(r) All actions at law based upon the provisions of this section shall be begun within two years from the time the cause of action accrues under the award of the division of the Adjustment Board, and not after.

(s) The several divisions of the Adjustment Board shall maintain headquarters in Chicago, Illinois, meet regularly, and continue in session so long as there is pending before the division any matter within its jurisdiction which has been submitted for its consideration and which has not been disposed of.

(t) Whenever practicable, the several divisions or subdivisions of the Adjustment Board shall be supplied with suitable quarters in any Federal building located at its place of meeting.

(u) The Adjustment Board may, subject to the approval of the Mediation Board, employ and fix the compensation of such assistants as it deems necessary in carrying on its proceedings. The compensation of such employees shall be paid by the Mediation Board.

(v) The Adjustment Board shall meet within forty days after the approval of this Act and adopt such rules as it deems necessary to control proceedings before the respective divisions and not in conflict with the provisions of this section. Immediately following the meeting of the entire Board and the adoption of such rules, the respective divisions shall meet and organize by the selection of a chairman, a vice chairman, and a secretary. Thereafter each division shall annually designate one of its members to act as chairman and one of its members to act as vice chairman: *Provided, however,* That the chairmanship and vice chairmanship of any divi-

sion shall alternate as between the groups, so that both the chairmanship and vice chairmanship shall be held alternately by a representative of the carriers and a representative of the employees. In case of a vacancy, such vacancy shall be filled for the unexpired term by the selection of a successor from the same group.

(w) Each division of the Adjustment Board shall annually prepare and submit a report of its activities to the Mediation Board, and the substance of such report shall be included in the annual report of the Mediation Board to the Congress of the United States. The reports of each division of the Adjustment Board and the annual report of the Mediation Board shall state in detail all cases heard, all actions taken, the names, salaries, and duties of all agencies, employees, and officers receiving compensation from the United States under the authority of this Act, and an account of all moneys appropriated by Congress pursuant to the authority conferred by this Act and disbursed by such agencies, employees, and officers.

(x) Any division of the Adjustment Board shall have authority, in its discretion, to establish regional adjustment boards to act in its place and stead for such limited period as such division may determine to be necessary. Carrier members of such regional boards shall be designated in keeping with rules devised for this purpose by the carrier members of the Adjustment Board and the labor members shall be designated in keeping with rules devised for this purpose by the labor members of the Adjustment Board. Any such regional board shall, during the time for which it is appointed, have the same authority to conduct hearings, make findings upon disputes and adopt the same procedure as the division of the Adjustment Board appointing it, and its decisions shall be enforceable to the same extent and under the same processes. A neutral person, as referee, shall be appointed for service in connection with any such regional adjustment board in the same circumstances and manner as provided in paragraph (1) hereof, with respect to a division of the Adjustment Board.

Second. Nothing in this section shall be construed to prevent any individual carrier, system, or group of carriers and any class or classes of its or their employees, all acting through their representatives, selected in accordance with the provisions of this Act, from mutually agreeing to the establishment of system, group, or regional boards of adjustment for the purpose of adjusting and deciding disputes of the character specified in this section. In the event that either party to such a system, group, or regional board of adjustment is dissatisfied with such arrangement, it may upon ninety days' notice to the other party elect to come under the jurisdiction of the Adjustment Board.

If written request is made upon any individual carrier by the representative of any craft or class of employees of such carrier for the establishment of a special board of adjustment to resolve disputes otherwise referable to the Adjustment Board, or any dispute which has been pending before the Adjustment Board for twelve months from the date the dispute (claim) is received by the Board, or if any carrier makes such a request upon any such representative, the carrier or the representative upon whom such request is made shall join in an agreement establishing such a board within thirty days from the date such request is made. The cases which

may be considered by such board shall be defined in the agreement establishing it. Such board shall consist of one person designated by the carrier and one person designated by the representative of the employees. If such carrier or such representative fails to agree upon the establishment of such a board as provided herein, or to exercise its rights to designate a member of the board, the carrier or representative making the request for the establishment of the special board may request the Mediation Board to designate a member of the special board on behalf of the carrier or representative upon whom such request was made. Upon receipt of a request for such designation the Mediation Board shall promptly make such designation and shall select an individual associated in interest with the carrier or representative he is to represent, who, with the member appointed by the carrier or representative requesting the establishment of the special board, shall constitute the board. Each member of the board shall be compensated by the party he is to represent. The members of the board so designated shall determine all matters not previously agreed upon by the carrier and the representative of the employees with respect to the establishment and jurisdiction of the board. If they are unable to agree such matters shall be determined by a neutral member of the board selected or appointed and compensated in the same manner as is hereinafter provided with respect to situations where the members of the board are unable to agree upon an award. Such neutral member shall cease to be a member of the board when he has determined such matters. If with respect to any dispute or group of disputes the members of the board designated by the carrier and the representative are unable to agree upon an award disposing of the dispute or group of disputes they shall by mutual agreement select a neutral person to be a member of the board for the consideration and disposition of such dispute or group of disputes. In the event the members of the board designated by the parties are unable, within ten days after their failure to agree upon an award, to agree upon the selection of such neutral person, either member of the board may request the Mediation Board to appoint such neutral person and upon receipt of such request the Mediation Board shall promptly make such appointment. The neutral person so selected or appointed shall be compensated and reimbursed for expenses by the Mediation Board. Any two members of the board shall be competent to render an award. Such awards shall be final and binding upon both parties to the dispute and if in favor of the petitioner, shall direct the other party to comply therewith on or before the day named. Compliance with such awards shall be enforceable by proceedings in the United States district courts in the same manner and subject to the same provisions that apply to proceedings for enforcement of compliance with awards of the Adjustment Board.

NATIONAL MEDIATION BOARD

SEC. 4. First. The Board of Mediation is hereby abolished, effective thirty days from the approval of this Act and the members, secretary, officers, assistants, employees, and agents thereof, in office upon the date of the approval of this Act, shall continue to

function and receive their salaries for a period of thirty days from such date in the same manner as though this Act had not been passed. There is hereby established, as an independent agency in the executive branch of the Government, a board to be known as the "National Mediation Board", to be composed of three members appointed by the President, by and with the advice and consent of the Senate, not more than two of whom shall be of the same political party. Each member of the Mediation Board in office on January 1, 1965, shall be deemed to have been appointed for a term of office which shall expire on July 1 of the year his term would have otherwise expired. The terms of office of all successors shall expire three years after expiration of the terms for which their predecessors were appointed; but any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the unexpired term of his predecessor. Vacancies in the Board shall not impair the powers nor affect the duties of the Board nor of the remaining members of the Board. Two of the members in office shall constitute a quorum for the transaction of the business of the Board. Each member of the Board shall receive a salary at the rate of \$10,000¹ per annum, together with necessary traveling and subsistence expenses, or per diem allowance in lieu thereof, subject to the provisions of law applicable thereto, while away from the principal office of the Board on business required by this Act. No person in the employment of or who is pecuniarily or otherwise interested in any organization of employees or any carrier shall enter upon the duties of or continue to be a member of the Board. Upon the expiration of his term of office a member shall continue to serve until his successor is appointed and shall have qualified.

All cases referred to the Board of Mediation and unsettled on the date of the approval of this Act shall be handled to conclusion by the Mediation Board.

A member of the Board may be removed by the President for inefficiency, neglect of duty, malfeasance in office, or ineligibility, but for no other cause.

Second. The Mediation Board shall annually designate a member to act as chairman. The Board shall maintain its principal office in the District of Columbia, but it may meet at any other place whenever it deems it necessary so to do. The Board may designate one or more of its members to exercise the functions of the Board in mediation proceedings. Each member of the Board shall have power to administer oaths and affirmations. The Board shall have a seal which shall be judicially noticed. The Board shall make an annual report to Congress.

Third. The Mediation Board may (1) appoint such experts and assistants to act in a confidential capacity and, subject to the provisions of the civil-service laws, such other officers and employees as are essential to the effective transaction of the work of the Board; (2) in accordance with the Classification Act of 1923,² fix the salaries of such experts, assistants, officers, and employees; and (3) make such expenditures (including expenditures for rent and personal services at the seat of government and elsewhere, for law

books, periodicals, and books of reference, and for printing and binding, and including expenditures for salaries and compensation, necessary traveling expenses and expenses actually incurred for subsistence, and other necessary expenses of the Mediation Board, Adjustment Board, Regional Adjustment Boards established under paragraph (w) of section 3, and boards of arbitration, in accordance with the provisions of this section and sections 3 and 7, respectively), as may be necessary for the execution of the functions vested in the Board, in the Adjustment Board and in the boards of arbitration, and as may be provided for by the Congress from time to time. All expenditures of the Board shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman.

Fourth. The Mediation Board is hereby authorized by its order to assign, or refer, any portion of its work, business, or functions arising under this or any other Act of Congress, or referred to it by Congress or either branch thereof, to an individual member of the Board or to an employee or employees of the Board to be designated by such order for action thereon, and by its order at any time to amend, modify, supplement, or rescind any such assignment or reference. All such orders shall take effect forthwith and remain in effect until otherwise ordered by the Board. In conformity with and subject to the order or orders of the Mediation Board in the premises, and¹ such individual member of the Board or employee designated shall have power and authority to act as to any of said work, business, or functions so assigned or referred to him for action by the Board.

Fifth. All officers and employees of the Board of Mediation (except the members thereof, whose offices are hereby abolished) whose services in the judgment of the Mediation Board are necessary to the efficient operation of the Board are hereby transferred to the Board, without change in classification or compensation; except that the Board may provide for the adjustment of such classification or compensation to conform to the duties to which such officers and employees may be assigned.

All unexpended appropriations for the operation of the Board of Mediation that are available at the time of the abolition of the Board of Mediation shall be transferred to the Mediation Board and shall be available for its use for salaries and other authorized expenditures.

(45 U.S.C. 154)

FUNCTIONS OF MEDIATION BOARD

SEC. 5. First. The parties, or either party, to a dispute between an employee or group of employees and a carrier may invoke the services of the Mediation Board in any of the following cases:

(a) A dispute concerning changes in rates of pay, rules, or working conditions not adjusted by the parties in conference.

(b) Any other dispute not referable to the National Railroad Adjustment Board and not adjusted in conference between the parties or where conferences are refused.

¹ Probably should be "any".

The Mediation Board may proffer its services in case any labor emergency is found by it to exist at any time.

In either event the said Board shall promptly put itself in communication with the parties to such controversy, and shall use its best efforts, by mediation, to bring them to agreement. If such efforts to bring about an amicable settlement through mediation shall be unsuccessful, the said Board shall at once endeavor as its final required action (except as provided in paragraph third of this section and in section 10 of this Act) to induce the parties to submit their controversy to arbitration, in accordance with the provisions of this Act.

If arbitration at the request of the Board shall be refused by one or both parties, the Board shall at once notify both parties in writing that its mediatory efforts have failed and for thirty days thereafter, unless in the intervening period the parties agree to arbitration, or an emergency board shall be created under section 10 of this Act, no change shall be made in the rates of pay, rules, or working conditions or established practices in effect prior to the time the dispute arose.

Second. In any case in which a controversy arises over the meaning or the application of any agreement reached through mediation under the provisions of this Act, either party to the said agreement, or both, may apply to the Mediation Board for an interpretation of the meaning or application of such agreement. The said Board shall upon receipt of such request notify the parties to the controversy, and after a hearing of both sides give its interpretation within thirty days.

Third. The Mediation Board shall have the following duties with respect to the arbitration of disputes under section 7 of this Act:

(a) On failure of the arbitrators named by the parties to agree on the remaining arbitrator or arbitrators within the time set by section 7 of this Act, it shall be the duty of the Mediation Board to name such remaining arbitrator or arbitrators. It shall be the duty of the Board in naming such arbitrator or arbitrators to appoint only those whom the Board shall deem wholly disinterested in the controversy to be arbitrated and impartial and without bias as between the parties to such arbitration. Should, however, the Board name an arbitrator or arbitrators not so disinterested and impartial, then, upon proper investigation and presentation of the facts, the Board shall promptly remove such arbitrator.

If an arbitrator named by the Mediation Board, in accordance with the provisions of this Act, shall be removed by such Board as provided by this Act, or if such an arbitrator refuses or is unable to serve, it shall be the duty of the Mediation Board, promptly, to select another arbitrator, in the same manner as provided in this Act for an original appointment by the Mediation Board.

(b) Any member of the Mediation Board is authorized to take the acknowledgement of an agreement to arbitrate under this Act. When so acknowledged, or when acknowledged by the parties before a notary public or the clerk of a district court or a court of appeals of the United States, such agreement to arbitrate shall be delivered to a member of said Board or transmitted to said Board, to be filed in its office.

(c) When an agreement to arbitrate has been filed with the Mediation Board, or with one of its members, as provided by this section, and when the said Board has been furnished the names of the arbitrators chosen by the parties to the controversy it shall be the duty of the Board to cause a notice in writing to be served upon said arbitrators, notifying them of their appointment, requesting them to meet promptly to name the remaining arbitrator or arbitrators necessary to complete the Board of Arbitration, and advising them of the period within which, as provided by the agreement to arbitrate, they are empowered to name such arbitrator or arbitrators.

(d) Either party to an arbitration desiring the reconvening of a board of arbitration to pass upon any controversy arising over the meaning or application of an award may so notify the Mediation Board in writing, stating in such notice the question or questions to be submitted to such reconvened Board. The Mediation Board shall thereupon promptly communicate with the members of the Board of Arbitration, or a subcommittee of such Board appointed for such purpose pursuant to a provision in the agreement to arbitrate, and arrange for the reconvening of said Board of Arbitration or subcommittee, and shall notify the respective parties to the controversy of the time and place at which the Board, or the subcommittee, will meet for hearings upon the matters in controversy to be submitted to it. No evidence other than that contained in the record filed with the original award shall be received or considered by such reconvened Board or subcommittee, except such evidence as may be necessary to illustrate the interpretations suggested by the parties. If any member of the original Board is unable or unwilling to serve on such reconvened Board or subcommittee thereof, another arbitrator shall be named in the same manner and with the same powers and duties as such original arbitrator.

(e) Within sixty days after the approval of this Act every carrier shall file with the Mediation Board a copy of each contract with its employees in effect on the 1st day of April 1934, covering rates of pay, rules, and working conditions. If no contract with any craft or class of its employees has been entered into, the carrier shall file with the Mediation Board a statement of that fact including also a statement of the rates of pay, rules, and working conditions applicable in dealing with such craft or class. When any new contract is executed or change is made in an existing contract with any class or craft of its employees covering rates of pay, rules, or working conditions, or in those rates of pay, rules, and working conditions of employees not covered by contract, the carrier shall file the same with the Mediation Board within thirty days after such new contract or change in existing contract has been executed or rates of pay, rules, and working conditions have been made effective.

(f) The Mediation Board shall be the custodian of all papers and documents heretofore filed with or transferred to the Board of Mediation bearing upon the settlement, adjustment, or determination of disputes between carriers and their employees or upon mediation or arbitration proceedings held under or pursuant to the provisions of any Act of Congress in respect thereto; and the President is authorized to designate a custodian of the records and property of the Board of Mediation until the transfer and delivery of

such records to the Mediation Board and to require the transfer and delivery to the Mediation Board of any and all such papers and documents filed with it or in its possession.

(45 U.S.C. 155)

SEC. 6. Carriers and representatives of the employees shall give at least thirty days' written notice of an intended change in agreements affecting rates of pay, rules, or working conditions, and the time and place for the beginning of conference between the representatives of the parties interested in such intended changes shall be agreed upon within ten days after the receipt of said notice, and said time shall be within the thirty days provided in the notice. In every case where such notice of intended change has been given, or conferences are being held with reference thereto, or the services of the Mediation Board have been requested by either party, or said Board has proffered its services, rates of pay, rules, or working conditions shall not be altered by the carrier until the controversy has been finally acted upon as required by section 5 of this Act, by the Mediation Board, unless a period of ten days has elapsed after termination of conferences without request for or proffer of the services of the Mediation Board.

(45 U.S.C. 156)

ARBITRATION

SEC. 7. First. Whenever a controversy shall arise between a carrier or carriers and its or their employees which is not settled either in conference between representatives of the parties or by the appropriate adjustment board or through mediation, in the manner provided in the preceding sections, such controversy may, by agreement of the parties to such controversy, be submitted to the arbitration of a board of three (or, if the parties to the controversy so stipulate, of six) persons: *Provided, however,* That the failure or refusal of either party to submit a controversy to arbitration shall not be construed as a violation of any legal obligation imposed upon such party by the terms of this Act or otherwise.

Second. Such board of arbitration shall be chosen in the following manner:

(a) In the case of a board of three the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name one arbitrator; the two arbitrators thus chosen shall select a third arbitrator. If the arbitrators chosen by the parties shall fail to name the third arbitrator within five days after their first meeting, such third arbitrator shall be named by the Mediation Board.

(b) In the case of a board of six the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name two arbitrators; the four arbitrators thus chosen shall, by a majority vote, select the remaining two arbitrators. If the arbitrators chosen by the parties shall fail to name the two arbitrators within fifteen days after their first meeting, the said two arbitrators, or as many of them as have not been named, shall be named by the Mediation Board.

Third. (a) When the arbitrators selected by the respective parties have agreed upon the remaining arbitrator or arbitrators, they shall notify the Mediation Board; and, in the event of their failure

to agree upon any or upon all of the necessary arbitrators within the period fixed by this Act, they shall, at the expiration of such period, notify the Mediation Board of the arbitrators selected, if any, or of their failure to make or to complete such selection.

(b) The board of arbitration shall organize and select its own chairman and make all necessary rules for conducting its hearings: *Provided, however,* That the board of arbitration shall be bound to give the parties to the controversy a full and fair hearing, which shall include an opportunity to present evidence in support of their claims, and an opportunity to present their case in person, by counsel, or by other representative as they may respectively elect.

(c) Upon notice from the Mediation Board that the parties, or either party, to an arbitration desire the reconvening of the board of arbitration (or a subcommittee of such board of arbitration appointed for such purpose pursuant to the agreement to arbitrate) to pass upon any controversy over the meaning or application of their award, the board, or its subcommittee, shall at once reconvene. No question other than, or in addition to, the questions relating to the meaning or application of the award, submitted by the party or parties in writing, shall be considered by the reconvened board of arbitration or its subcommittee.

Such rulings shall be acknowledged by such board or subcommittee thereof in the same manner, and filed in the same district court clerk's office, as the original award and become a part thereof.

(d) No arbitrator, except those chosen by the Mediation Board, shall be incompetent to act as an arbitrator because of his interest in the controversy to be arbitrated, or because of his connection with or partiality to either of the parties to the arbitration.

(e) Each member of any board of arbitration created under the provisions of this Act named by either party to the arbitration shall be compensated by the party naming him. Each arbitrator selected by the arbitrators or named by the Mediation Board shall receive from the Mediation Board such compensation as the Mediation Board may fix, together with his necessary traveling expenses and expenses actually incurred for subsistence, while serving as an arbitrator.

(f) The board of arbitration shall furnish a certified copy of its award to the respective parties to the controversy, and shall transmit the original, together with the papers and proceedings and a transcript of the evidence taken at the hearings, certified under the hands of at least a majority of the arbitrators, to the clerk of the district court of the United States for the district wherein the controversy arose or the arbitration is entered into, to be filed in said clerk's office as hereinafter provided. The said board shall also furnish a certified copy of its award, and the papers and proceedings, including testimony relating thereto, to the Mediation Board, to be filed in its office; and in addition a certified copy of its award shall be filed in the office of the Interstate Commerce Commission¹: *Provided, however,* That such award shall not be construed to diminish or extinguish any of the powers or duties of the Interstate Com-

¹The Interstate Commerce Commission was abolished and the functions of the Commission were transferred to the Surface Transportation Board (49 U.S.C. 702). See sections 101 and 202 of P.L. 104-88 set out as a note to section 701 of title 49, U.S.C.

merce Commission¹, under the Interstate Commerce Act, as amended.

(g) A board of arbitration may, subject to the approval of the Mediation Board, employ and fix the compensation of such assistants as it deems necessary in carrying on the arbitration proceedings. The compensation of such employees, together with their necessary traveling expenses and expenses actually incurred for subsistence, while so employed, and the necessary expenses of boards of arbitration, shall be paid by the Mediation Board.

Whenever practicable, the board shall be supplied with suitable quarters in any Federal building located at its place of meeting or at any place where the board may conduct its proceedings or deliberations.

(h) All testimony before said board shall be given under oath or affirmation, and any member of the board shall have the power to administer oaths or affirmations. The board of arbitration, or any member thereof, shall have the power to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the board of arbitration material to a just determination of the matters submitted to its arbitration, and may for that purpose request the clerk of the district court of the United States for the district wherein said arbitration is being conducted to issue the necessary subpoenas, and upon such request the said clerk or his duly authorized deputy shall be, and he hereby is, authorized, and it shall be his duty, to issue such subpoenas.

Any witness appearing before a board of arbitration shall receive the same fees and mileage as witnesses in courts of the United States, to be paid by the party securing the subpoena.

(45 U.S.C. 157)

SEC. 8.¹ The agreement to arbitrate—

- (a) Shall be in writing;
- (b) Shall stipulate that the arbitration is had under the provisions of this Act;
- (c) Shall state whether the board of arbitration is to consist of three or of six members;
- (d) Shall be signed by the duly accredited representatives of the carrier or carriers and the employees, parties respectively to the agreement to arbitrate, and shall be acknowledged by said parties before a notary public, the clerk of a district court or court of appeals of the United States, or before a member of the Mediation Board and, when so acknowledged, shall be filed in the office of the Mediation Board;
- (e) Shall state specifically the questions to be submitted to the said board for decision; and that, in its award or awards, the said board shall confine itself strictly to decisions as to the questions so specifically submitted to it;
- (f) Shall provide that the questions, or any one or more of them, submitted by the parties to the board of arbitration may be withdrawn from arbitration on notice to that effect signed by the duly accredited representatives of all the parties and served on the board of arbitration;

¹ Section 8 as contained in Railway Labor Act, approved May 20, 1926.

(g) Shall stipulate that the signatures of a majority of said board of arbitration affixed to their award shall be competent to constitute a valid and binding award;

(h) Shall fix a period from the date of the appointment of the arbitrator or arbitrators necessary to complete the board (as provided for in the agreement) within which the said board shall commence its hearings;

(i) Shall fix a period from the beginning of the hearings within which the said board shall make and file its award; *Provided*, That the parties may agree at any time upon an extension of this period;

(j) Shall provide for the date from which the award shall become effective and shall fix the period during which the award shall continue in force;

(k) Shall provide that the award of the board of arbitration and the evidence of the proceedings before the board relating thereto, when certified under the hands of at least a majority of the arbitrators, shall be filed in the clerk's office of the district court of the United States for the district wherein the controversy arose or the arbitration was entered into, which district shall be designated in the agreement; and, when so filed, such award and proceedings shall constitute the full and complete record of the arbitration;

(l) Shall provide that the award, when so filed, shall be final and conclusive upon the parties as to the facts determined by said award and as to the merits of the controversy decided;

(m) Shall provide that any difference arising as to the meaning, or the application of the provisions, of an award made by a board of arbitration shall be referred back for a ruling to the same board, or, by agreement, to a subcommittee of such board; and that such ruling, when acknowledged in the same manner, and filed in the same district court clerk's office, as the original award, shall be a part of and shall have the same force and effect as such original award; and

(n) Shall provide that the respective parties to the award will each faithfully execute the same.

The said agreement to arbitrate, when properly signed and acknowledged as herein provided, shall not be revoked by a party to such agreement: *Provided, however*, That such agreement to arbitrate may at any time be revoked and canceled by the written agreement of both parties, signed by their duly accredited representatives, and (if no board of arbitration has yet been constituted under the agreement) delivered to the Mediation Board or any member thereof; or, if the board of arbitration has been constituted as provided by this Act, delivered to such board of arbitration.

(45 U.S.C. 158)

SEC. 8.¹ If any section, subsection, sentence, clause, or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. All Acts or parts of Acts inconsistent with the provisions of this Act are hereby repealed.

¹Section 8 as contained in Public Law No. 442, amendment to Railway Labor Act, approved June 21, 1934.

SEC. 9. First, The award of a board of arbitration, having been acknowledged as herein provided, shall be filed in the clerk's office of the district court designated in the agreement to arbitrate.

Second. An award acknowledged and filed as herein provided shall be conclusive on the parties as to the merits and facts of the controversy submitted to arbitration, and unless, within ten days after the filing of the award, a petition to impeach the award, on the grounds hereinafter set forth, shall be filed in the clerk's office of the court in which the award has been filed, the court shall enter judgment on the award, which judgment shall be final and conclusive on the parties.

Third. Such petition for the impeachment or contesting of any award so filed shall be entertained by the court only on one or more of the following grounds:

(a) That the award plainly does not conform to the substantive requirements laid down by this Act for such awards, or that the proceedings were not substantially in conformity with this Act;

(b) That the award does not conform, nor confine itself, to the stipulations of the agreement to arbitrate; or

(c) That a member of the board of arbitration rendering the award was guilty of fraud or corruption; or that a party to the arbitration practiced fraud or corruption which fraud or corruption affected the result of the arbitration: *Provided, however,* That no court shall entertain any such petition on the ground that an award is invalid for uncertainty; in such case the proper remedy shall be a submission of such award to a reconvened board, or subcommittee thereof, for interpretation, as provided by this Act: *Provided, further,* That an award contested as herein provided shall be construed liberally by the court, with a view to favoring its validity, and that no award shall be set aside for trivial irregularity or clerical error, going only to form and not to substance.

Fourth. If the court shall determine that a part of the award is invalid on some ground or grounds designated in this section as a ground of invalidity, but shall determine that a part of the award is valid, the court shall set aside the entire award: *Provided, however,* That, if the parties shall agree thereto, and if such valid and invalid parts are separable, the court shall set aside the invalid part, and order judgment to stand as to the valid part.

Fifth. At the expiration of ten days from the decision of the district court upon the petition filed as aforesaid, final judgment shall be entered in accordance with said decision, unless during said ten days either party shall appeal therefrom to the court of appeals. In such case only such portion of the record shall be transmitted to the appellate court as is necessary to the proper understanding and consideration of the questions of law presented by said petition and to be decided.

Sixth. The determination of said court of appeals upon said questions shall be final, and being certified by the clerk thereof to said district court, judgment pursuant thereto shall thereupon be entered by said district court.

Seventh. If the petitioner's contentions are finally sustained, judgment shall be entered setting aside the award in whole or, if the parties so agree, in part; but in such case the parties may agree upon a judgment to be entered disposing of the subject mat-

ter of the controversy, which judgment when entered shall have the same force and effect as judgment entered upon an award.

Eighth. Nothing in this Act shall be construed to require an individual employee to render labor or service without his consent, nor shall anything in this Act be construed to make the quitting of his labor or service by an individual employee an illegal act; nor shall any court issue any process to compel the performance by an individual employee of such labor or service, without his consent.

SPECIAL PROCEDURE FOR COMMUTER SERVICE

SEC. 9A. (a) Except as provided in section 510(h) of the Rail Passenger Service Act, the provisions of this section shall apply to any dispute subject to this Act between a publicly funded and publicly operated carrier providing rail commuter service (including the Amtrak Commuter Services Corporation) and its employees.

(b) If a dispute between the parties described in subsection (a) is not adjusted under the foregoing provisions of this Act and the President does not, under section 10 of this Act, create an emergency board to investigate and report on such dispute, then any party to the dispute or the Governor of any State through which the service that is the subject of the dispute is operated may request the President to establish such an emergency board.

(c)(1) Upon the request of a party or a Governor under subsection (b), the President shall create an emergency board to investigate and report on the dispute in accordance with section 10 of this Act. For purposes of this subsection, the period during which no change, except by agreement, shall be made by the parties in the conditions out of which the dispute arose shall be 120 days from the date of the creation of such emergency board.

(2) If the President, in his discretion, creates a board to investigate and report on a dispute between the parties described in subsection (a), the provisions of this section shall apply to the same extent as if such board had been created pursuant to paragraph (1) of this subsection.

(d) Within 60 days after the creation of an emergency board under this section, if there has been no settlement between the parties, the National Mediation Board shall conduct a public hearing on the dispute at which each party shall appear and provide testimony setting forth the reasons it has not accepted the recommendations of the emergency board for settlement of the dispute.

(e) If no settlement in the dispute is reached at the end of the 120-day period beginning on the date of the creation of the emergency board, any party to the dispute or the Governor of any State through which the service that is the subject of the dispute is operated may request the President to establish another emergency board, in which case the President shall establish such emergency board.

(f) Within 30 days after creation of a board under subsection (e), the parties to the dispute shall submit to the board final offers for settlement of the dispute.

(g) Within 30 days after the submission of final offers under subsection (f), the emergency board shall submit a report to the President setting forth its selection of the most reasonable offer.

(h) From the time a request to establish a board is made under subsection (e) until 60 days after such board makes its report under subsection (g), no change, except by agreement, shall be made by the parties in the conditions out of which the dispute arose.

(i) If the emergency board selects the final offer submitted by the carrier and, after the expiration of the 60-day period described in subsection (h), the employees of such carrier engage in any work stoppage arising out of the dispute, such employees shall not be eligible during the period of such work stoppage for benefits under the Railroad Unemployment Insurance Act.

(j) If the emergency board selects the final offer submitted by the employees and, after the expiration of the 60-day period described in subsection (h), the carrier refuses to accept the final offer submitted by the employees and the employees of such carrier engage in any work stoppage arising out of the dispute, the carrier shall not participate in any benefits of any agreement between carriers which is designed to provide benefits to such carriers during a work stoppage.

(45 U.S.C. 159a)

EMERGENCY BOARD

SEC. 10. If a dispute between a carrier and its employees be not adjusted under the foregoing provisions of this Act and should, in the judgment of the Mediation Board, threaten substantially to interrupt interstate commerce to a degree such as to deprive any section of the country of essential transportation service, the Mediation Board shall notify the President, who may thereupon, in his discretion, create a board to investigate and report respecting such dispute. Such board shall be composed of such number of persons as to the President may seem desirable: *Provided, however,* That no member appointed shall be pecuniarily or otherwise interested in any organization of employees or any carrier. The compensation of the members of any such board shall be fixed by the President. Such board shall be created separately in each instance and it shall investigate promptly the facts as to the dispute and make a report thereon to the President within thirty days from the date of its creation.

There is hereby authorized to be appropriated such sums as may be necessary for the expenses of such board, including the compensation and the necessary traveling expenses and expenses actually incurred for subsistence, of the members of the board. All expenditures of the board shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman.

After the creation of such board and for thirty days after such board has made its report to the President, no change, except by agreement, shall be made by the parties to the controversy in the conditions out of which the dispute arose.

All of the provisions of title I of this Act, except the provisions of section 3 thereof, are extended to and shall cover every common carrier by air engaged in interstate or foreign commerce, and every carrier by air transporting mail for or under contract with the United States Government, and every air pilot or other person who performs any work as an employee or subordinate official of such carrier or carriers, subject to its or their continuing authority to supervise and direct the manner of rendition of his service.

(45 U.S.C. 181)

SEC. 202. The duties, requirements, penalties, benefits, and privileges prescribed and established by the provisions of title I of this Act, except section 3 thereof, shall apply to said carriers by air and their employees in the same manner and to the same extent as though such carriers and their employees were specifically in-

cluded within the definition of "carrier" and "employee", respectively, in section 1 thereof.

(45 U.S.C. 182)

SEC. 203. The parties or either party to a dispute between an employee or a group of employees and a carrier or carriers by air may invoke the services of the National Mediation Board and the jurisdiction of said Mediation Board is extended to any of the following cases:

(a) A dispute concerning changes in rates of pay, rules, or working conditions not adjusted by the parties in conference.

(b) Any other dispute not referable to an adjustment board, as hereinafter provided, and not adjusted in conference between the parties, or where conferences are refused.

The National Mediation Board may proffer its services in case any labor emergency is found by it to exist at any time.

The services of the Mediation Board may be invoked in a case under this title in the same manner and to the same extent as are the disputes covered by section 5 of title I of this Act.

(45 U.S.C. 183)

SEC. 204. The disputes between an employee or group of employees and a carrier or carriers by air growing out of grievances, or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions, including cases pending and unadjusted on the date of approval of this Act before the National Labor Relations Board, shall be handled in the usual manner up to and including the chief operating officer of the carrier designated to handle such disputes; but, failing to reach an adjustment in this manner, the disputes may be referred by petition of the parties or by either party to an appropriate adjustment board, as hereinafter provided, with a full statement of the facts and supporting data bearing upon the disputes.

It shall be the duty of every carrier and of its employees, acting through their representatives, selected in accordance with the provisions of this title, to establish a board of adjustment of jurisdiction not exceeding the jurisdiction which may be lawfully exercised by system, group, or regional boards of adjustment, under the authority of section 3, title I, of this Act.

Such boards of adjustment may be established by agreement between employees and carriers either on any individual carrier, or system, or group of carriers by air and any class or classes of its or their employees; or pending the establishment of a permanent National Board of Adjustment as hereinafter provided. Nothing in this Act shall prevent said carriers by air, or any class or classes of their employees, both acting through their representatives selected in accordance with provisions of this title, from mutually agreeing to the establishment of a National Board of Adjustment of temporary duration and of similarly limited jurisdiction.

(45 U.S.C. 184)

SEC. 205. When, in the judgment of the National Mediation Board, it shall be necessary to have a permanent national board of adjustment in order to provide for the prompt and orderly settlement of disputes between said carriers by air, or any of them, and its or their employees, growing out of grievances or out of the interpretation or application of agreements between said carriers by air

or any of them, and any class or classes of its or their employees, covering rates of pay, rules, or working conditions, the National Mediation Board is hereby empowered and directed, by its order duly made, published, and served, to direct the said carriers by air and such labor organizations of their employees, national in scope, as have been or may be recognized in accordance with the provisions of this Act, to select and designate four representatives who shall constitute a board which shall be known as the "National Air Transport Adjustment Board". Two members of said National Air Transport Adjustment Board shall be selected by said carriers by air and two members by the said labor organizations of the employees, within thirty days after the date of the order of the National Mediation Board, in the manner and by the procedure prescribed by title I of this Act for the selection and designation of members of the National Railroad Adjustment Board. The National Air Transport Adjustment Board shall meet within forty days after the date of the order of the National Mediation Board directing the selection and designation of its members and shall organize and adopt rules for conducting its proceedings, in the manner prescribed in section 3 of title I of this Act. Vacancies in membership or office shall be filled, members shall be appointed in case of failure of the carriers or of labor organizations of the employees to select and designate representatives, members of the National Air Transport Adjustment Board shall be compensated, hearings shall be held, findings and awards made, stated, served, and enforced, and the number and compensation of any necessary assistants shall be determined and the compensation of such employees shall be paid, all in the same manner and to the same extent as provided with reference to the National Railroad Adjustment Board by section 3 of title I of this Act. The powers and duties prescribed and established by the provisions of section 3 of title I of this Act with reference to the National Railroad Adjustment Board and the several divisions thereof are hereby conferred upon and shall be exercised and performed in like manner and to the same extent by the said National Air Transport Adjustment Board, not exceeding, however, the jurisdiction conferred upon said National Air Transport Adjustment Board by the provisions of this title. From and after the organization of the National Air Transport Adjustment Board, if any system, group, or regional board of adjustment established by any carrier or carriers by air and any class or classes of its or their employees is not satisfactory to either party thereto, the said party, upon ninety days' notice to the other party, may elect to come under the jurisdiction of the National Air Transport Adjustment Board.

(45 U.S.C. 185)

SEC. 206. All cases referred to the National Labor Relations Board, or over which the National Labor Relations Board shall have taken jurisdiction, involving any dispute arising from any cause between any common carrier by air engaged in interstate or foreign commerce or any carrier by air transporting mail for or under contract with the United States Government, and employees of such carrier or carriers, and unsettled on the date of approval of this Act, shall be handled to conclusion by the Mediation Board. The books, records, and papers of the National Labor Relations Board and of the National Labor Board pertinent to such case or

cases, whether settled or unsettled, shall be transferred to the custody of the National Mediation Board.

SEC. 207. If any provision of this title or application thereof to any person or circumstance is held invalid, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby.

(45 U.S.C. 187)

SEC. 208. There is hereby authorized to be appropriated such sums as may be necessary for expenditure by the Mediation Board in carrying out the provisions of this Act.

* * * * *

(4) TRANSFER OF OWNERSHIP.—In recognition of the assumption of the financial costs of security screening of passengers and property at airports, and as soon as practical after the date of enactment of this Act, air carriers may enter into agreements with the Under Secretary to transfer the ownership, at no cost to the United States Government, of any personal property, equipment, supplies, or other material associated with such screening, regardless of the source of funds used to acquire the property, that the Secretary determines to be useful for the performance of security screening of passengers and property at airports.

(a) IN GENERAL.—As soon as possible after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall—

(1) issue an order (without regard to the provisions of chapter 5 of title 5, United States Code)—

(A) prohibiting access to the flight deck of aircraft engaged in passenger air transportation or intrastate air transportation that are required to have a door between the passenger and pilot compartments under title 14, Code of Federal Regulations, except to authorized persons;

(B) requiring the strengthening of the flight deck door and locks on any such aircraft operating in air transportation or intrastate air transportation that has a rigid door in a bulkhead between the flight deck and the passenger area to ensure that the door cannot be forced open from the passenger compartment;

(C) requiring that such flight deck doors remain locked while any such aircraft is in flight except when necessary to permit access and egress by authorized persons; and

(D) prohibiting the possession of a key to any such flight deck door by any member of the flight crew who is not assigned to the flight deck; and

(2) take such other action, including modification of safety and security procedures and flight deck redesign, as may be necessary to ensure the safety and security of the aircraft.

(b) IMPLEMENTATION OF OTHER METHODS.—As soon as possible after such date of enactment, the Administrator of the Federal Aviation Administration may develop and implement methods—

(b) [49 U.S.C. 44903 note] SMALL AND MEDIUM AIRPORTS.—

(1) TECHNICAL SUPPORT AND FINANCIAL ASSISTANCE.—The Under Secretary of Transportation for Security shall develop a plan to—

(A) provide technical support to airports, each of which had less than 1 percent of the total annual enplanements in the United States for the most recent calendar year for which data is available, to enhance security operations; and

(B) provide financial assistance to those airports to defray the costs of enhancing security.

(2) REMOVAL OF CERTAIN RESTRICTIONS.—

(A) CERTIFICATION BY OPERATOR.—If the operator of an airport described in paragraph (1), after consultation with the appropriate State and local law enforcement authorities, determines that safeguards are in place to sufficiently protect public safety, and so certifies in writing to the Under Secretary, then any security rule, order, or other directive restricting the parking of passenger vehicles shall not apply at that airport after the applicable time period specified in subparagraph (B), unless the Under Secretary, taking into account individual airport circumstances, notifies the airport operator that the safeguards in place do not adequately respond to specific security risks and that the restriction must be continued in order to ensure public safety.

(B) COUNTERMAND PERIOD.—The time period within which the Secretary may notify an airport operator, after receiving a certification under subparagraph (A), that a restriction must be continued in order to ensure public safety at the airport is—

- (3) Establish requirements to implement trusted passenger programs and use available technologies to expedite the secu-

rity screening of passengers who participate in such programs, thereby allowing security screening personnel to focus on those passengers who should be subject to more extensive screening.

(4) In consultation with the Commissioner of the Food and Drug Administration, develop alternative security procedures under which a medical product to be transported on a flight of an air carrier would not be subject to an inspection that would irreversibly damage the product.

(5) Provide for the use of technologies, including wireless and wire line data technologies, to enable the private and secure communication of threats to aid in the screening of passengers and other individuals on airport property who are identified on any State or Federal security-related data base for the purpose of having an integrated response coordination of various authorized airport security forces.

(6) In consultation with the Administrator of the Federal Aviation Administration, consider whether to require all pilot licenses to incorporate a photograph of the license holder and appropriate biometric imprints.

(7) Provide for the use of voice stress analysis, biometric, or other technologies to prevent a person who might pose a danger to air safety or security from boarding the aircraft of an air carrier or foreign air carrier in air transportation or intrastate air transportation.

(8) Provide for the use of technology that will permit enhanced instant communications and information between airborne passenger aircraft and appropriate individuals or facilities on the ground.

(b) REPORT.—Not later than 6 months after the date of enactment of this Act, and annually thereafter until the Under Secretary has implemented or decided not to take each of the actions specified in subsection (a), the Under Secretary shall transmit to Congress a report on the progress of the Under Secretary in evaluating and taking such actions, including any legislative recommendations that the Under Secretary may have for enhancing transportation security.

(d) A letter of intent issued under this section is not an obligation of the Government under section 1501 of title 31, and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorization and appropriations laws.

The Secretary of Defense shall make such indemnification—

(A) in the case of a claim for the loss of an aircraft hull, not later than 30 days after the date on which the Secretary of Transportation determines the claim to be payable or that amounts are due under the policy that provided the defense-related aviation insurance; and

(B) in the case of any other claim, not later than 180 days after the date on which the Secretary of Transportation determines the claim to be payable.

(2) When there is a loss of an aircraft hull that is (or may be) covered by defense-related aviation insurance, the Secretary of Transportation may make, during the period when a claim for such loss is pending with the Secretary of Transportation, any required periodic payments owed by the insured party to a lessor or mortgagee of such aircraft. Such payments shall commence not later than 30 days following the date of the presentment of the claim for the loss of the aircraft hull to the Secretary of Transportation. If the Secretary of Transportation determines that the claim is payable, any amount paid under this paragraph arising from such claim shall be credited against the amount payable under the aviation insurance. If the Secretary of Transportation determines that the claim is not payable, any amount paid under this paragraph arising from such claim shall constitute a debt to the United States, payable to the insurance fund. Any such amounts so returned to the United States shall be promptly credited to the fund or account from which the payments were made under this paragraph.

(b) **SOURCE OF FUNDS FOR PAYMENT OF INDEMNITY.**—The Secretary of Defense may pay an indemnity described in subsection (a) from any funds available to the Department of Defense for operation and maintenance, and such sums as may be necessary for payment of such indemnity are hereby authorized to be transferred to the Secretary of Transportation for such purpose.

(c) **NOTICE TO CONGRESS.**—In the event of a loss that is covered by defense-related aviation insurance in the case of an incident in which the covered loss is (or is expected to be) in an

amount in excess of \$1,000,000, the Secretary of Defense shall submit to Congress—

(1) notification of the loss as soon after the occurrence of the loss as possible and in no event more than 30 days after the date of the loss; and

(2) semiannual reports thereafter updating the information submitted under paragraph (1) and showing with respect to losses arising from such incident the total amount expended to cover such losses, the source of those funds, pending litigation, and estimated total cost to the Government.

(d) IMPLEMENTING MATTERS.—(1) Payment of indemnification under this section is not subject to section 2214 or 2215 of this title or any other provision of law requiring notification to Congress before funds may be transferred.

(2) Consolidation of claims arising from the same incident is not required before indemnification of the Secretary of Transportation for payment of a claim may be made under this section.

(e) CONSTRUCTION WITH OTHER TRANSFER AUTHORITY.—Authority to transfer funds under this section is in addition to any other authority provided by law to transfer funds (whether enacted before, on, or after the date of the enactment of this section) and is not subject to any dollar limitation or notification requirement contained in any other such authority to transfer funds.

(f) ANNUAL REPORT ON CONTINGENT LIABILITIES.—Not later than March 1 of each year, the Secretary of Defense shall submit to Congress a report setting forth the current amount of the contingent outstanding liability of the United States under the insurance program under chapter 443 of title 49.
